END OF TABLE OF CONTENTS
SECTION I. PURPOSE

1.1 General Overview

The Ohio Department of Medicaid (ODM) releases this Request for Proposals (RFP) to obtain a qualified supplier to perform independent external quality review (EQR) services, related to Administrative Compliance, that consist of mandatory and optional activities (e.g., administrative compliance assessments, validation of network adequacy, and readiness reviews) for Medicaid health plans that are contracted with ODM. Information obtained from the independent EQR is used to assess the quality, accessibility, and timeliness of services that Medicaid health plans provide to their enrolled members. The results of the annual independent EQR are also used to ensure ODM’s compliance with federal requirements to arrange for an external, independent evaluation of contracted health plans and to adhere to reporting requirements as specified in the Code of Federal Regulations (CFR) Title 42 § 438 Subpart E. The selected supplier will also provide ODM and its contracted health plans with technical assistance, national expertise, and other support to improve the overall performance of the managed care delivery system.

Supplier proposals must clearly demonstrate the supplier’s capability of providing services as described in this RFP. If the supplier is proposing the use of subcontractor(s), the supplier must identify the subcontractor(s) and provide evidence of the subcontractor(s)’ certification(s) and qualifications (See Section 4.2).

For this RFP’s purpose, the term “supplier” shall be defined as an organization interested in this opportunity. The terms “bid” and “proposal” may be used interchangeably to indicate materials submitted to ODM by a supplier to be considered by ODM for award of a contract for services described in this RFP. The terms “Contractor” and “selected supplier” may be used interchangeably referring to a supplier selected by ODM through this RFP for a contract award.

ODM has simultaneously issued RFP ODMR-1819-1021 for EQR Performance Evaluation and Improvement. ODM recognizes that Administrative Compliance requires different expertise in methodology, assessment, analysis, etc. than Performance Evaluation and Improvement activities. Therefore, ODM has separated EQR activities into two separate RFPs.

1.2 Background

ODM is the single state agency responsible for the implementation and administration of the Ohio Medical Assistance Program authorized under Title XIX of the Social Security Act (also referred to as Medicaid) and Title XXI of the Social Security Act (also referred to as the State Children’s Health Insurance Program (SCHIP)) implemented in Ohio as a Medicaid expansion program. Medicaid and SCHIP are federal and
state funded assistance programs that provide health care coverage to certain low-income and medically complex individuals. Ohio operates a combined Medicaid and SCHIP program.

Medicaid provides healthcare coverage to low income children and adults, pregnant women, and children and adults with disabilities throughout the state of Ohio. Ohio purchases and delivers most health care services through a managed care model. The traditional fee-for-service model is also used to service a small portion of the Medicaid population.

ODM has incorporated the use of managed care for the provision of primary and acute care services to Medicaid individuals since 1978. The managed care model was implemented as a means to improve access, quality, and continuity of care; enhance provider accountability; and achieve greater cost predictability in the state Medicaid program. Through risk-based contracts, managed care plans (MCPs) are reimbursed on a per-member, per-month capitated basis and assume the risk for all medical benefits and administrative costs (e.g., care management, call centers). Participating health plans must be licensed as Health Insuring Corporations through the Ohio Department of Insurance. Requirements for the Medicaid Managed Care Program are found within the ODM-MCP Provider Agreement, the Ohio Administrative Code (OAC), the Ohio Revised Code (ORC), and the CFR.

Beginning in July 2005, Ohio was permitted by the Centers for Medicare and Medicaid Services (CMS) to operate the Medicaid Managed Care program as a 1932(a) state plan option. This laid the groundwork for a major expansion of the program beginning in 2006. In an attempt to reduce the growth of Medicaid spending while improving the delivery of health care services, the Ohio legislature (in Ohio’s State Fiscal Year (SFY) 2006-2007 budget bill) mandated a statewide expansion of the program, mandatory enrollment (with some exceptions), and coverage of a portion of the Aged, Blind, Disabled (ABD) population. Under this expansion, managed care enrollment increased by roughly 700,000 consumers (500,000 Covered Families and Children (CFC) and 120,000 ABD). Upon completion of the expansion in 2007, approximately 1.2 million ABD and CFC consumers were being served by seven MCPs across all of Ohio’s 88 counties.

In January 2012, ODM announced its intention to redesign the Medicaid Managed Care Program and released a Request for Applications (RFA) to select a limited number of MCPs to serve Medicaid individuals under the new program. Changes to the program reduced the state’s administrative service regions from eight to three, and combined coverage for the CFC and ABD populations, covered a portion of the children with disabilities population, required plans to meet higher standards on national performance measures, and required plans to develop provider incentives aimed at improving quality of care and health outcomes. This redesigned Medicaid Managed Care Program aims to improve health outcomes and care coordination, simplify program administration, encourage market stability, preserve current utilization patterns and offer consumers more choice. As of July 1, 2017, five MCPs provide services to all three regions.

In December 2012, Ohio announced that it reached an agreement with CMS on a new initiative to better coordinate care for individuals eligible for both Medicare and Medicaid. This new initiative is named MyCare Ohio. Ohio uses a managed care approach to comprehensively manage a full continuum of benefits, including behavioral, primary/acute, and long-term services and supports. MyCare Ohio launched as a three-year demonstration project covering 29 counties and approximately 114,000 individuals. It was later approved for five years and is slated to end in 2019. ODM is exploring opportunities to extend MyCare Ohio. Five health plans (also referred to as MCOPs) were competitively selected to participate in the MyCare Ohio Program and help to manage and coordinate the care for these individuals.
In January 2014, ODM expanded Medicaid coverage to individuals making up to 138 percent of the federal poverty level. As of August 2016, these adult extension members, including those eligible for home and community-based services waivers, receive services from one of the five MCPs serving Ohio. Beginning in January 2017, all individuals enrolled in the Bureau of Children with Medical Handicaps (BCMH) program, Children in Custody and Children Receiving Adoption Assistance, and Breast and Cervical Cancer Project recipients began receiving Medicaid benefits through one of the five MCPs. As of March 2018, there were 2,488,643 individuals enrolled in Medicaid and SCHIP – an increase of about 20 percent since 2013. ODM anticipates the managed care population will continue to grow with the implementation of reforms (e.g. moving additional populations into managed care).

ODM developed a statewide Ohio Medicaid Quality Strategy (Quality Strategy) to serve as a framework to communicate Ohio’s approach for ensuring that timely access to high quality health care services is provided in a cost-effective, coordinated manner for all individuals served by Ohio Medicaid. The Quality Strategy, which is based on the U.S. Department of Health and Human Services’ (HHS) “National Quality Strategy for Quality Improvement in Health Care,” aligns with the State Health Improvement Plan, and is implemented across all of Ohio’s Medicaid programs. The Quality Strategy takes a population health management approach, which customizes outcome improvement strategies depending on risk level and population stream.

Medicaid members are divided into the following population streams:

1. Healthy Children and Adults;
2. Women’s Health;
3. Behavioral Health; and
4. Chronic Conditions.

Each of these streams takes into account the unique characteristics of that population and stratifies the members within it by risk level to help focus care, quality, and improvement. Furthermore, priorities have been established within these streams, based on the latest research, to rapidly improve health outcomes and increase effectiveness of care. Goals have been selected in each of the priority areas that will focus Ohio’s efforts in the next three to five years. These priorities are outlined below:

1. Maintain health among members with preventive screenings and well care;
2. Improve pre-term birth and decrease infant mortality rates;
3. Integrate behavioral and physical health care;
4. Use appropriate prescribing for behavioral health conditions; and
5. Promote good management of chronic conditions including asthma, diabetes, and hypertension.
1.3 Overview of Project

States that operate Medicaid managed care programs are required by the Social Security Act to arrange for an independent, external evaluation of contracted health plans. Given this, ODM is required to contract with one or more independent organizations to conduct annual external quality reviews of the quality, accessibility, and timeliness of services provided to Medicaid individuals served by health plans. ODM recognizes that Administrative Compliance requires different expertise in methodology, assessment, analysis, etc. than Performance Evaluation and Improvement activities. Therefore, ODM has separated EQR activities into two separate RFPs, this one being for Administrative Compliance and the other for Performance Evaluation and Improvement.

Ohio’s external quality review (EQR) process will include mandatory activities and optional activities specified in 42 CFR § 438.358. Information from Ohio’s EQR process will be used to produce the federally required annual detailed technical report that aggregates and analyzes data to draw conclusions about the timeliness, accessibility, and quality of services furnished by the MCPs and MCOPs; an assessment of the plans’ performance with respect to the three aforementioned areas; comparative information about plans when appropriate; recommendations for improving the quality of health care furnished to Ohio’s Medicaid enrollees; and an assessment of the degree to which each plan has effectively addressed the prior years’ EQR recommendations. Results from the EQR will be used to monitor plans’ compliance with state and federal regulations, to evaluate the effectiveness and impact of the Quality Strategy and to enhance the administration of the Medicaid Managed Care Program and the MyCare Ohio Program.

1.4 Objectives

There are two main objectives of this project: 1) to perform external quality review activities (mandatory and optional) and produce associated deliverables to assure Ohio Medicaid’s compliance with CMS requirements; and 2) to provide ODM and health plans with technical assistance and national expertise to efficiently and effectively administer the Medicaid managed care programs.

1.5 Program Resource Library

ODM recognizes that interested suppliers may not be familiar with some of the documents referenced in this RFP, and has therefore created a Resource Library which may be accessed on the ODM website at http://medicaid.ohio.gov/RESOURCES/LegalandContracts/RFPs.aspx.

SECTION II. PROCUREMENT PROCESS INFORMATION

2.1 Anticipated Procurement Timetable

<table>
<thead>
<tr>

<td>- RFP becomes active; suppliers may submit inquiries for RFP clarification.</td>
</tr>
<tr>
<td>January 2, 2019</td>
<td>Q&amp;A period for supplier questions closes at 8 a.m. on this date.</td>
</tr>
<tr>
<td></td>
<td>- No further inquiries for RFP clarification will be accepted.</td>
</tr>
</tbody>
</table>
|     | Deadline for suppliers to submit proposals to ODM (4 p.m.).  
|     | This begins the ODM process of proposal review.  
|     | LATE BIDS WILL NOT BE CONSIDERED.  NO EXCEPTIONS WILL  
|     | BE MADE.  
| March 15, 2019 | ODM issues contract award notification letter (estimated).  
|     | Suppliers that submitted proposals in response to this RFP will be sent  
|     | letters stating whether their proposal was selected for award of the  
|     | contract.  
| May 6, 2019 | Controlling Board review of contract (estimated).  
|     | Contract with the selected supplier may require review and approval.  
| June 1, 2019 | Implementation of Transition period (estimated - following notification of all  
|     | contractual and funding approvals).  
|     | ODM contracts are not valid and effective until the Ohio Office of  
|     | Budget & Management approves the purchase order.  
| July 1, 2019 through June 30, 2021 | Initial Contract Period (first biennium) (estimated - following notification of all  
|     | contractual and funding approvals).  
|     | ODM contracts are not valid and effective until the Ohio Office of  
|     | Budget & Management approves the purchase order.  
| July 1, 2021 through June 30, 2023 and July 1, 2023 through June 30, 2025 | Possible contract renewal period.  

ODM reserves the right to revise this schedule if needed and/or to comply with the State of Ohio procurement procedures and regulations.

In accordance with ORC § 126.07, ODM contracts are not valid and enforceable until the Office of Budget and Management (OBM) certifies the availability of appropriate funding, as indicated by the approval of the Purchase Order (PO). The selected supplier may neither perform work nor submit an invoice for payment for work performed for this project for any time period prior to the PO dispatch date. ODM will notify the selected supplier when the requirements of ORC § 126.07 have been met and send them a copy of the PO.

Subject to Controlling Board approval, the contract period(s) are expected to run from approximately June 1, 2019 through June 30, 2019, July 1, 2019 through June 30, 2021, with the possibility for two renewal contracts that would be in effect from July 1, 2021 through June 30, 2023, and July 1, 2023 through June 30, 2025, contingent upon satisfactory performance, continued availability of funding, and all required approvals. Renewal contracts may be subject to approval by the Controlling Board.

**2.2 Internet Question and Answer Period; RFP Clarification Opportunity**

Potential suppliers or other interested parties may submit clarifying questions regarding this RFP during the Q&A Period as outlined in Section II, Anticipated Procurement Timetable, by using the following Internet process:
1. Access the ODM Web Page at http://medicaid.ohio.gov;
2. Go to the “Resources” tab and select “Legal and Contracts”;
3. Select “RFPs”, then under “Current Opportunities” select the appropriate posting;
4. Provides access to the posting on the DAS website;
5. Select the “Submit Inquiry” option button; and
6. Provide requested information and submit question.

Questions about this RFP must reference the relevant section of the RFP, the heading for the provision under question, and the page number where the provision can be found. The name of a representative of the potential supplier (or other interested party), the company name, phone number, and e-mail address must be provided to submit an inquiry. ODM may, at its option, disregard any questions which do not appropriately reference a RFP provision or location within the RFP, or which do not include identification of the originator of the question. Questions submitted after 8:00 a.m. on the date the Q&A period closes will not be answered.

ODM’s responses to all questions asked via the Internet will be posted on the Internet website dedicated to this RFP for public reference by any interested party. ODM will not provide answers directly to the suppliers (or any interested party) that submitted questions. ODM is under no obligation to acknowledge questions submitted through the Q&A process if those questions are not in accordance with these instructions.

Questions submitted may be no more than 4,000 characters in length, but there is no limit on the number of questions that may be submitted. ODM’s answers may be accessed by following the instructions above, but rather than selecting “Submit Inquiry,” suppliers and others should select “View Q and A.” ODM strongly encourages suppliers to ask questions early in the Q&A period so that answers can be posted with sufficient time for follow-up questions.

Supplier proposals in response to this RFP are to take into account any information communicated by ODM in the Q&A process for the RFP. It is the responsibility of all potential suppliers to check this site on a regular basis for responses to questions, as well as for any amendments, alerts, or other pertinent information regarding this RFP. Once submitted questions have been answered, responses are clearly identified on the website dedicated to this RFP.

Requests for copies of any previous RFPs, Request for Letterhead Bids (RLBs), etc. or for past supplier proposals, score sheets or contracts for this or similar past projects are not clarification questions regarding the present RFP, but are Public Records Requests (PRRs), and should be submitted to: medlegal@medicaid.ohio.gov.

If suppliers experience technical difficulties accessing the DAS website where the RFP and its related documents are published, they may contact the ODM Office of Contracts and Procurement (OCP), RFP/RLB Unit, at (614) 502-7117 for guidance.

2.3 Communication Prohibitions

From the date this RFP is issued until a contract is awarded, there may be no communications concerning the RFP between any supplier and any employee, contractor, or subcontractor of ODM, who is in any way involved in the development of the RFP or the selection of the contractor.
The only exceptions to this prohibition are as follows:

1. Communications conducted pursuant to Section 2.2, Internet Question & Answer (Q&A) Period; RFP Clarification Opportunity;

2. As necessary in any pre-existing or on-going business relationship between ODM and any supplier that could submit a proposal in response to this RFP; and

3. As part of any supplier interview process or proposal clarification process initiated by ODM, which ODM deems necessary in order to make a final selection.

ODM is not responsible for the accuracy of any information regarding this RFP that is obtained or gathered through a source other than the Q&A process described in this RFP. Any attempts at prohibited communications by suppliers may result in the disqualification of those suppliers’ proposals.

If interested suppliers need to communicate regarding this RFP, they must contact ODM using one of the mechanisms above. Suppliers are cautioned that communication attempts which do not comply with these instructions will not be answered, and that ODM will not consider any proposals submitted to any address other than the one provided in this RFP. Any communication considered prohibited, or proposals not submitted to the proper address, may disqualify suppliers from participation in this RFP.

2.4 Amendments to the RFP

If it becomes necessary to revise any part of this RFP, ODM will post those revisions, amendments, etc., to the website dedicated to this RFP. All interested suppliers must refer to the DAS website regularly for amendments or other announcements. ODM will not specifically notify suppliers of changes or announcements related to this RFP except through the website posting. It is the sole responsibility of suppliers to be aware of, and to fully respond to, all updated information posted on the original website.

SECTION III. SUPPLIER QUALIFICATIONS AND EXPERIENCE:

Administrative Compliance

3.1 Mandatory Supplier Qualifications

To be considered for the contract expected to result from this RFP, ODM requires that interested suppliers MUST meet, at minimum, ALL the following qualification requirements:

A. Demonstrate at least three years of experience in the following areas:

1. Medicaid beneficiaries, policies, data systems and processes;

2. Managed care delivery systems, organizations, and financing;

3. Quality assessment and performance improvement methods;

4. Research design, methods and statistical analysis;
5. Health systems reform;

6. Compliance evaluation;

7. Value-based purchasing; and

8. Care coordination/management strategies.

B. Must demonstrate information technology systems that are capable of receiving, storing, transferring, protecting, organizing, managing, manipulating, and analyzing large data sets that cover a population of approximately three million individuals;

C. Must demonstrate the capacity to support the volume and type of data as demonstrated in Section 5.4 of this RFP with the ability to accommodate 20 percent annual growth;

D. Must demonstrate how the supplier will support the administrative, technical, and physical safeguards required by Health Insurance Portability and Accessibility Act (HIPAA);

E. Must demonstrate independence from the state Medicaid Agency and health plans under review, as required by 42 CFR § 438.354;

F. Meet the requirements in Attachment A: A1- Required Supplier Information, A2- Supplier and Grantee Ethics Certification, A3- Location of Business and Offshore Declaration Form, A4- Affidavit of Non-Collusion, A5 – Certifications and Assurances and affirm the following:

1. The review and understanding of Ohio ethics and conflict of interest laws, as found in Chapter 102 and §§ 2921.42 and 2921.43 of the ORC;

2. Confirmation of not being excluded from executing a contract with ODM due to restrictions related to the federal debarment list, unresolved findings under ORC § 9.24 and unfair labor findings pursuant to ORC §121.23;

3. Compliance with the requirement to maintain a complete affirmative action plan, or accept the State’s plan, and be in compliance with ORC § 125.111 prior to being awarded a contract. Suppliers should review these requirements at the following DAS website: http://das.ohio.gov/Divisions/EqualOpportunity/AffirmativeActionEqualEmploymentOpportunity.aspx; and

4. Acknowledgement that, pursuant to ORC 9.76, a state agency may not enter into or renew a contract for supplies, equipment or services with a company that operates to earn a profit unless that company certifies that it is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade. Supplier agrees to notify ODM immediately if it boycotts a jurisdiction with whom the State of Ohio can enjoy open trade.

G. Submission with proposal of a selected Ohio certified Minority Business Enterprise (MBE) subcontractor, along with a copy of their Ohio MBE certification letter, assigned, at a
minimum, job duties that will equate to 15 percent of the total dollar amount of the contract per state fiscal year (SFY). This requirement is further described in Section X; and

H. If the submitting organization is a State of Ohio Minority Business Enterprise (MBE), Encouraging Diversity, Growth and Equity (EDGE) supplier, or Veteran Business Enterprise (VBE), provide copy of current certification from DAS.

Suppliers who do not meet ALL the above requirements may be disqualified from further consideration for contract award. Additionally, the Technical Proposal Score Sheet (Attachment B) identifies mandatory criteria, all of which must be met in Phase I of the evaluation process for the proposal to be accepted for full scoring.

3.2 Organizational Experience and Capabilities – Proposals should demonstrate significant organizational expertise. Proposals must include, at a minimum, the following demonstrated experience as detailed below. As part of the evaluation process, suppliers are to provide the following information to be scored by ODM:

A. A brief description (i.e., no more than five, single-spaced pages) of the organization’s history and current operations in Ohio and the United States, including an identification of the states (i.e., state Medicaid agencies) with which the supplier contracted or currently contracts to conduct external quality review activities for Medicaid managed care. Include any subcontractors in the response.

B. The total number of corporate years and the total number of staff years, separately, that the organization and staff have been performing external quality review activities (as specified in 42 CFR § 438.358) for each state contract identified in response to Section 3.2., A.

This Activity section requires a response from suppliers within their technical proposal submission and is an evaluated section of the Technical Proposal scoresheet (Attachment B). Suppliers may submit a description of a project completed for a non-EQR contract. In the response, the supplier should provide all applicable information for the contract for which the service was performed. The response for each Activity (a. through g.) below shall not exceed two, single-spaced pages.

C. A description of the supplier’s experience in performing activities that are congruous with activities and deliverables that ODM will require under the contract expected to result from this RFP. For each activity listed below (Activities a. through g.), the supplier shall select the state as identified in 3.2., A., and at a minimum, address each of the following components (1 through 3) for each Activity below:

1. Effective dates of the state contract (i.e., current/prior);

2. Total years that the activity is/was performed for the state; and

3. A brief description of the activity conducted including the list of deliverables produced for the state.

Please provide a response for the following Activity:
Activity:

a. Evaluation of health plan compliance with state and federal Medicaid managed care regulations using a standardized data collection tool and multiple data collection methods (e.g., staff interviews, on-site reviews, desk reviews), aggregating and analyzing findings, and presenting health plan level findings regarding compliance with the administrative standards to the State.

b. Comparison of two different sources of data/information in order to generate a rate of agreement between the two data sources (e.g., health plan care management clinical documentation and data reported by the plan to a state care management database, health plan’s provider directory versus contact information reported on a provider survey) using a standardized data collection tool and presenting the findings to the State;

c. Assessment of health plans’ information systems capabilities with respect to data collection, analysis, integration, management, and reporting using a standardized assessment tool and multiple data collection methods (e.g., staff interviews, desk reviews, on-site reviews), and identification of any problems that may impact the state’s ability to monitor health plan performance;

d. Abstraction of data from electronic/paper medical records, care management files, grievances, provider contracts, etc. at the provider or health plan level that involves using a standardized data collection tool, development of abstractor training materials, and calculation of inter-rater reliability;

e. Completion of an external quality review technical report as specified in 42 CFR Part 438.364;

f. Completion of a 1915(b) independent waiver assessment per Section 2111(B) of the State Medicaid Manual, following guidance set forth in “Section 1915(b) Waiver Program Independent Assessments: Guidance to States” (US Dept. of Health and Human Services, 1998) (https://www.medicaid.gov/Federal-Policy-Guidance/downloads/smd122298.pdf); and

g. Provider monitoring – developing evaluation methodologies, structured questionnaires, and other tools for conducting desk and on-site reviews of healthcare providers, generating reports that include scoring/ranking criteria, compliance determinations, identification of areas for improvement, and the development of recommendations for improvement.

D. If the organization is an Encouraging Diversity, Growth and Equity (EDGE), Minority Business Enterprise (MBE) business, or Veteran-friendly business enterprise (VBE), provide a photocopy (or other independently verifiable evidence) of the current certification. Additional consideration will be given to suppliers that are certified in the State of Ohio as EDGE, MBE, or VBE.

E. Provide a written, signed affirmation that clinical review teams will be formulated for the purpose of conducting comprehensive care management reviews as part of Component Two Deliverable E and will be comprised of at least one registered nurse and one social worker. Furthermore, the signed affirmation must also state that when conducting care management
reviews for the Integrated Care Delivery System (ICDS) demonstration project, the clinical review team will include a staff person who has at least five years of experience with Medicaid long term care services and supports. Prior to initiation of reviews, the selected supplier will be required to provide ODM with the credentials of the persons who will perform this work and present them for ODM approval.

3.3 **Staff Experience and Capabilities**

Suppliers will be expected to allocate specific positions to support this project and demonstrate that individuals assigned to these positions have the expertise, experience and knowledge as required by ODM. Suppliers must provide resumes or curriculum vitae for individuals the supplier will assign to the positions specified below. Resumes or curriculum vitae’s must be submitted for the following positions (A through D):

A. **Project Director (PD)** who has at least:
   
   1. A Master’s degree (e.g., Business Administration, Public Administration, Health Services Administration), commensurate experience may be considered;
   
   2. A Project Management Professional (PMP) Certification, preferred;
   
   3. Five years of health-care related experience;
   
   4. Five years of project/contract management experience; and
   
   5. Demonstrated knowledge of programs similar to Ohio Medicaid managed care.

B. **Statistician** who has at least:
   
   1. A Master’s degree preferred, in a related field (e.g., Statistics, Mathematics, Bio-Statistics), commensurate experience may be considered;
   
   2. Three years of health care related experience; and
   
   3. Five years of experience with complex statistical analyses, statistical programming, sampling methodologies, etc.

C. **Information Technology Director** who has at least:
   
   1. A Bachelor’s degree preferred, in a related field (e.g., Computer Science, Database Administration), commensurate experience may be considered; and
   
   2. Five years of experience with the following activities: 1) managing a health care data warehouse for a large data set covering a population of 1,000,000 or more individuals; 2) providing role based access to multiple users for the receipt and exchange of data, ensuring system security and performance conform to industry standards; 3) performing information systems reviews; 4) providing technical assistance to users; and 5) designing, building, and maintaining complex business intelligence solutions (e.g., databases, scorecards, dashboards); 6) experience
working with Tableau; 7) must demonstrate experience to drive data quality and accuracy checks; and 8) the ability to provide privacy and protection of data provided by ODM.

D. Healthcare Data Analyst who has at least:

1. A Master’s degree in a related field (e.g., Health Services Administration, Public Health, Public Administration, or Business Administration), commensurate experience may be considered with approval by ODM; and

2. Five years of experience with healthcare claims data, HEDIS (or equivalent national measurement sets) quality measures and explaining performance variation and trends in metrics.

3.4 Engagement:

This Engagement section requires a response from suppliers within their proposal submission and is an evaluated section of the Technical Proposal scoresheet (Attachment B). ODM considers active, collaborative engagement at all levels to be important. As such, ODM expects the following:

A. Supplier must submit a staffing plan that focuses on staffing consistency and includes a staff retention plan as well as the assignment of long-term project leads.

B. A Project Lead with project management responsibility shall be assigned for each Deliverable.

C. During all phases of the project life cycle (e.g., initiation, planning, execution, monitoring and control, and closure), including key decision-making points fundamental to project execution and the presentation of key finds and recommendations, assigned project leads, the Project Director, and other relevant supplier staff will participate in-person, as-needed, with ODM. Additional in-person collaboration may be required and will be determined as needed.

D. The Project Director will take an active role in overseeing all aspects of the Scopes of Work and Deliverables. The Project Director will also identify overlaps/dependencies in Scopes of Work to assure effective execution. This will include attending (in person or by phone) most meetings that occur between ODM project staff and supplier project staff.

E. The Project Director will meet weekly (in person or by phone) with the ODM Contract Manager.

F. A Project Lead with project management responsibility shall be assigned for each Scope of Work.

G. In the first 6 months after Contract execution, the Project Director will be required to spend significant time on-site (in Columbus, Ohio), based on operational need. After that time, on-site time may be adjusted as deemed appropriate by ODM. Key project leads may also be required to have a consistent on-site presence during startup of activities to accommodate specific project needs. ODM will provide limited work space on-site at 50 W. Town Street, Columbus, Ohio, for key project personnel.
SECTION IV. CONDITIONS AND OTHER REQUIREMENTS:

4.1 Replacement of Key Personnel

1. Upon execution of a Contract, ODM must approve any replacement of the personnel in positions detailed in Section 3.3 key personnel. ODM reserves the right to disapprove a key staff member’s replacement if it determines the minimum education and experience requirements are not met. The Contractor must use all commercially reasonable efforts to ensure the continued availability of the key personnel. Also, the Contractor may not remove key personnel from the project without the prior written consent of ODM, except if doing so is necessary for legal or disciplinary reasons. However, the Contractor must make a reasonable effort to give ODM 30 calendar days’ prior, written notice of the removal. Contractor’s notice to ODM to remove or replace key personnel must include two qualified replacement candidates’ resumes with detailed documentation of the proposed candidate’s experience with projects of similar size and scope to the subject of this RFP.

2. If the Contractor removes a key personnel from this project for any reason other than those specified above, ODM may assess liquidated damages in the amount of $1,500.00 for every day between the date on which the individual was removed and the date that the Contract is terminated, or the individual’s qualified replacement, selected in accordance with the process identified in this Section, starts performing on the project.

4.2 Subcontractor Identification and Participation Information

Suppliers must clearly identify the subcontractor(s) and their tasks in their proposals. The proposal must include a letter from the proposed subcontractor(s), signed by a person authorized to legally bind the subcontractor, indicating the following:

1. Subcontractor’s legal status, federal tax ID number, and principal business address;

2. Name, phone number, and email address of a person who is authorized to legally bind the subcontractor to contractual obligations;

3. A complete description of the work the subcontractor will perform;

4. A commitment to do the work, if the supplier is selected;

5. A statement that the subcontractor has read and understands the RFP, the nature of the work, and the requirements of the RFP;

6. The MBE certification number and, if applicable, a copy of their current MBE Certification letter must be included; and

7. During the contract period, this same information applies to any additional or replacement subcontractors and will be subject to approval by ODM.
4.3 **Sensitive Personal Information**

It is the sole responsibility of the Contractor submitting a proposal to remove all personal sensitive/confidential information (such as home addresses and social security numbers) of supplier staff and/or of any subcontractor and subcontractor staff from resumes or any other part of the proposal package.

Following submission to ODM, all proposals submitted may become part of the public record. **ODM reserves the right to disqualify any supplier whose proposal is found to contain such prohibited personal information.**

4.4 **Ownership of Deliverables**

1. All Deliverables provided by suppliers under this RFP, including any documents, data, photographs and negatives, electronic reports/records, or other media, are the property of ODM, which has an unrestricted right to reproduce, distribute, modify, maintain, and use the Deliverables. Suppliers will not obtain copyright, patent, or other proprietary protection for the Deliverables. Suppliers will not include in any Deliverable any copyrighted matter, unless the copyright owner gives prior written approval for ODM and suppliers to use such copyrighted matter in the manner provided herein. Suppliers will agree to make all Deliverables freely available to the public unless ODM determines that, pursuant to state or federal law, such materials are confidential or otherwise exempted from disclosure.

2. All Deliverables provided or produced pursuant to this RFP will be considered “works made for hire” within the meaning of copyright laws of the United States and the State of Ohio. ODM is and will be deemed sole author of the Deliverables and sole owner of all rights therein. If any portion of the Deliverables are deemed not a “work made for hire,” or if there are any rights in the Deliverables not conveyed to ODM, suppliers agree to, and by executing a Contract, assign ODM all worldwide rights, title, and interest in and to the Deliverables. ODM acknowledges that its sole ownership of the Deliverables under a contract does not affect a supplier’s right to use general concepts, algorithms, programming techniques, methodologies, or technology that suppliers developed prior to or as a result of this RFP or that are generally known and available.

3. Upon award of a Contract from this RFP, the selected supplier understands that it must submit a written request to ODM and receive express written permission from ODM to include any of its own pre-existing, proprietary materials in any of the Deliverables under the executed Contract. Upon award, ODM’s approval of the inclusion of pre-existing, proprietary materials is predicated on the selected supplier granting to ODM and the State of Ohio a worldwide, non-exclusive, perpetual, royalty-free license to use, modify, sell, and otherwise distribute all such materials that are included in the Deliverables under the executed Contract. Upon award, the selected supplier may request ODM to incorporate into any future copies of the Deliverables under the executed Contract any proprietary notice(s) the selected supplier may reasonably require for any pre-existing, proprietary materials included in the Deliverables of the executed Contract. Upon award of a Contract from this RFP, any proprietary notices will be the minimum required by law
so as not to be seen as an endorsement by ODM of or advertisement for the selected supplier.

4.5 **Transition Period**

To assist in the transition of the existing EQR contract activities into the new Contract that will be implemented on July 1, 2019, this RFP includes a transition contract that will go into effect on approximately June 1, 2019, unless otherwise specified by ODM, and will be compensated at an amount to be determined by ODM, comparable to the compensation paid under the current contract for these type of services.

During this transition period, the selected supplier will perform the following services:

1. Establish a method to transfer files from ODM that complies with the security and technology provisions of the RFP;

2. During the transition contract, supplier will receive and process a complete set of ODM-generated supplier data set files from ODM and will be required to provide a progress report to ODM per ODM's specifications; and

3. Establish a secure site that will secure, organize, and retain Deliverables associated with the applicable Component along with appropriate role-based access established for supplier’s staff, ODM staff, Managed Care Plans personnel, and other ODM suppliers no later than June 30, 2019. The secure site must comply with all technology and security provisions of the RFP.

Complete new Contractor orientation activities as follows:

1. Attend meetings on-site at ODM, for at least two full business days to learn about Ohio Medicaid, managed care delivery systems, quality strategy, agency priorities, contracted health plans, etc. within 30 days of contract award, as directed by ODM;

2. Attend meetings on-site at ODM, for at least two full business days to meet with the Contract Manager and ODM staff to learn about Ohio’s EQR contract activities (e.g., project scope, timeline, and current status) within 45 days of contract award, as directed by ODM;

3. Attend meetings on-site at ODM, for at least one business day to meet with ODM and the incumbent supplier, if applicable, to review the incumbent supplier’s transition plan (i.e., scheduled after the initial meeting referenced in paragraph 1 above) within 45 days of contract award, as directed by ODM; and

4. Review the methodology, analysis plan, final report and other Deliverables for each activity cited in the Components; suppliers shall submit a signed confirmation that this was completed no later than 30 days after contract award, as directed by ODM, but in advance of the meetings cited in the above paragraphs.

**SECTION V. SCOPE OF WORK & SPECIFICATIONS OF DELIVERABLES**

This Section provides general Scope of Work and Deliverable requirements.
5.1 General Scope of Work

The selected supplier for this project will be required to perform the external quality review activities as outlined in 42 CFR §§ 438.358 and 438.360 for the Medicaid managed care program and the MyCare Ohio Program. Specifically, the supplier will be required to: 1) develop evaluation methodologies for the EQR Administrative Compliance activities; 2) perform data collection and analysis; 3) prepare reports presenting evaluation findings and recommendations; and 4) provide technical assistance to ODM and its contracting health plans. Supplier will need to complete the Deliverables in accordance with the frequencies and expectations specified in this RFP for the state to comply with federal requirements and to assure adequate oversight of Ohio’s Medicaid managed care program and the MyCare Ohio Program.

Additionally, supplier proposals submitted must reflect the supplier’s understanding of, and commitment to, perform this Scope of Work fully. The selected supplier will be responsible for the Deliverables as described in this Section V., including all preparatory and intervening steps, even if ODM has not explicitly specified or delineated them within the RFP. In developing their proposals, all suppliers must fully and appropriately plan and cost out their proposed projects, including all necessary preparatory and intervening steps.

5.2 Number of Participants

ODM contracts with five Managed Care Plans for the provision of services to consumers enrolled in the Medicaid Managed Care Program, and with five plans for the provision of services to Medicare and Medicaid consumers enrolled in the MyCare Ohio Program. Four health plans serve both programs. Across both programs, there are over 2.4 million individuals served by a health plan. This number is subject to change at any time during this contract. Suppliers should take this information into consideration in the development of the technical approach and work plan.

At any time, per ODM’s discretion, the number of participating plans, covered lines (e.g., Managed Care population, Behavioral Health population, MyCare population, and MLTSS population), and/or lines of business are subject to change.

5.3 Administrative Structures

Suppliers are to include, at minimum, the following administrative structures for this RFP project. The supplier shall:

A. Submit a proposed table of organization that identifies the positions and the proposed locations of those positions, the positions that will be in the corporate office (if applicable), and the reporting relationship between remote locations and corporate office; and

B. Submit a table of organization that identifies all the positions and the number of staff members that will be assigned to support each project, such as project managers, health data analysts, programmers/developers, communications staff, etc. This must include the percentage of staff time or full-time equivalents (FTEs) that will be dedicated to each Deliverable. Suppliers must demonstrate in their proposal the capability to correlate the hours worked by the employee with the designated FTE allocation for that employee by Deliverable.
5.4 Specifications for Data Management and Information Systems Capacity/Compatibility, Security Procedures, Data Collection, Project Management and Report Specifications

A. Data Management, Information Systems Capacity and Compatibility with ODM’s Operating System.

1. Suppliers must have information systems capacity that is adequate for receiving, organizing, managing, manipulating, securing, storing, analyzing, and transferring large data sets that cover a population of 3 million individuals. The information system must comply with State of Ohio information technology policies and standards in addition to HIPAA requirements and the NIST 800.53 Rev. 4 standard. The State of Ohio information technology policies can be located at the following website: [http://www.das.ohio.gov/Divisions/Information-Technology/State-of-Ohio-IT-Policies](http://www.das.ohio.gov/Divisions/Information-Technology/State-of-Ohio-IT-Policies), and the information technology standards can be located at the following website: [http://www.das.ohio.gov/Divisions/Information-Technology/State-of-Ohio-IT-Standards](http://www.das.ohio.gov/Divisions/Information-Technology/State-of-Ohio-IT-Standards).

Suppliers must be able to accept all file layouts for data sets required by ODM to accomplish Deliverables specified in this RFP. Suppliers must have the capacity to maintain and process these large data files efficiently and accurately, as well as to accommodate changes to file formats as specified by ODM.

Suppliers must be able to accept files from multiple sources, including ODM, ODM’s suppliers, and state agencies. The table below lists some sample data sets including the data description, classification of data included, current size of the data set, and the anticipated annual growth:

<table>
<thead>
<tr>
<th>Data Description</th>
<th>Data Types</th>
<th>Current Size (in GB)</th>
<th>Growth</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ohio Medicaid fee-for-service (FFS) claims files</td>
<td>PHI, PII, CPI</td>
<td>15</td>
<td>20%</td>
</tr>
<tr>
<td>Ohio MCP encounter data</td>
<td>PHI, PII, CPI</td>
<td>45</td>
<td>20%</td>
</tr>
<tr>
<td>Ohio Medicaid Eligibility and enrollment data</td>
<td>PHI, PII, CPI</td>
<td>9</td>
<td>20%</td>
</tr>
<tr>
<td>Ohio Medicaid Care Management System File</td>
<td>PHI, PII, CPI</td>
<td>4.5</td>
<td>20%</td>
</tr>
<tr>
<td>Ohio Medicaid MCP Network database</td>
<td>PII</td>
<td>.01</td>
<td>20%</td>
</tr>
<tr>
<td>Ohio Department of Health (ODH) Vital Statistics file</td>
<td>PII, CPI</td>
<td>.003</td>
<td>20%</td>
</tr>
<tr>
<td>Medicare claims and enrollments</td>
<td>PHI, PII, CPI</td>
<td>Unknown</td>
<td></td>
</tr>
<tr>
<td>Electronic health records</td>
<td>PHI, PII, CPI</td>
<td>Unknown</td>
<td></td>
</tr>
</tbody>
</table>

Suppliers may refer to the Program Resource Library for available ODM file specifications.

2. Suppliers must be able to link to the following: 1) ODH vital statistics file with Medicaid eligibility and claims files through a methodology approved by ODM, 2) Medicare claims and enrollments with Medicaid consumer data through a methodology approved by ODM, integrating the sets of data to calculate performance measures, and 3) electronic health records (EHR) with Medicaid eligibility and enrollment data through a methodology approved by ODM, and integrate all data sources with Medicaid and Medicare claims data.

3. ODM anticipates that changes to current and future state and federal-level policies (e.g., extending Medicaid coverage to more low-income Ohioans) will occur throughout the duration of the contract. These changes may have an impact on the format, content,
and size of data sets that are provided to suppliers. New data sets may also be created to support the implementation of state and federal policies. In all instances, suppliers must accept and accommodate these changes at no additional cost to ODM to complete the deliverables required by the contract.

4. Suppliers must provide electronic files for all Deliverables and supporting documents requested by ODM. If the standard software used by ODM should change during the term of the contract (including any renewals), suppliers will be required to accommodate that change. ODM currently uses Microsoft Windows 10 Enterprise operating system, Microsoft Office 2016, Internet Explorer 11, and Google Chrome. Licensing must be provided at the supplier’s cost if the supplier proposes software that is not currently supported by ODM. The State must approve all non-standard software products.

B. Security Compliance

The selected supplier shall operate at a NIST 800-53 Rev. 4 moderate baseline and demonstrate compliance with the HIPAA security and privacy rules and (if applicable) IRS Publication 1075 standards for federal tax information (FTI). Suppliers must demonstrate compliance with a third-party certification by an accredited source for NIST 800-53 Rev. 4 and HIPAA. In the alternative, suppliers may provide a third-party HITRUST certification from an accredited source which shall be considered to meet the NIST 800-53 Rev. 4 and HIPAA certification requirements. Suppliers must maintain the certification throughout the life of the Contract and provide documentation of the certification every two years. If the supplier fails to have the assessment completed, or fails to maintain certification, the supplier will be in breach of the Contract and the State may proceed accordingly. See Supplement N for State of Ohio data security requirements, attached herein.

As a selected supplier under this RFP, suppliers will be required to enter into a separate Data Sharing Agreement with ODM to have access to the significant amount of records regarding the access and use of medical services in Ohio by individual consumers. Suppliers must adhere to Health Insurance Portability and Accountability Act (HIPAA) requirements, as further explained in Section 10.8 of this RFP.

The selected supplier must:

1. Implement security measures as required in Supplement N as well as demonstrate how electronic and paper files of a confidential nature will be protected from unauthorized access. The security measures must specify who has access rights to the information and what process is to be followed to screen individuals who have access to the information;

2. Ensure that all personnel having access to this information sign a standard ODM security agreement (Code of Responsibility – ODM 07078) indicating understanding of, and consent to, maintaining the confidentiality of the files. This form may be separate from a Business Associate Agreement that the supplier may execute; and

3. Establish a secure file transfer protocol site to allow for data exchange between the
plans, ODM and the supplier. The selected supplier must provide role-based access to multiple ODM staff, health plans staff, and state partners, as specified by ODM.

C.  Data Collection

1. Sampling

The selected supplier must have the capability to design and use complex sampling methods, including the use of appropriate statistics and statistical software. In developing a sampling strategy, and unless otherwise specified, the selected supplier must:

   a. Use a representative sample;

   b. Perform over-sampling, when indicated, to obtain a sufficient number of records for analysis; and

   c. Allow for data to be analyzed per plan and program using a 95 percent confidence interval level with a 5 percent margin of error.

2. Clinical documentation reviews: Data Collection and Abstraction Requirements

   In conducting clinical documentation reviews, the selected supplier must:

   a. Formulate review teams that are comprised of qualified surveyors and/or certified coders who have the appropriate experience, expertise, and credentials to review the records as needed for the applicable EQR activities;

   b. Establish data collection/abstraction protocols and tools for each applicable EQR activity for ODM review and approval;

   c. Develop training materials for training the staff in approved data collection and abstraction protocols; and

   d. Measure inter-rater reliability which measures the degree to which different data collectors/abstractors give consistent estimates of the same phenomenon. The selected supplier must recommend a statistical method for ODM consideration and approval for determining inter-rater reliability.

3. Data Collection/Procurement and Calculation of Record Submission Rate

   Multiple sources of information will be used to conduct the EQR activities established in this RFP. These data sources may include, but not be limited to, the following: 1) electronic or paper medical/health records; 2) care management records; 3) administrative data (e.g., MCP encounter data) 4) consumer and provider surveys; and 5) state registries, etc. The selected supplier must:

   a. Adhere to the sampling methodology, including data sources, when identifying the documentation that will be requested to perform the applicable EQR
activities;

b. Request records from MCPs, providers, etc., and abstract the data needed. Depending on the number and type of records requested from a provider or an MCP, the selected supplier may review the medical records at the provider’s site and/or the plans’ site, or receive the records via U.S.P.S. certified mail, fax, email or secure file transfer protocol site; and

c. Calculate a record submission rate for applicable EQR activities as specified by ODM.

D. Project Management

The Contractor must perform all project management tasks, including maintaining a detailed project work plan which outlines how and when the Contractor will effectively complete each project. Contractor must perform the required tasks and produce the required Deliverables by the due dates established in the Contractor work plan and approved by the ODM Contract Manager. Any adjustments to the due dates must be approved in advance by the ODM Contract Manager. The Deliverable documents must be submitted along with a submittal letter.

The Contractor must follow the requirements set forth in this RFP, this includes facilitating and attending project meetings with ODM personnel on a regular basis to provide status updates on project activities and solicit feedback on supplier performance. Electronic copies of all project management documents (e.g., work plans, meeting agendas, and timelines) must be provided to the ODM Contract Manager in Microsoft® Word format.

The Contractor must conduct or provide the following tasks:

1. **A Kick-off Meeting:** Plan, facilitate, and attend the contract “kick-off” meeting, which will formally announce project initiation and must be held within ten business days of contract execution and project start date. The meeting will focus specifically on the responsibilities of the supplier and working relationships and interactions among the supplier and ODM staff;

2. **Project Work Plan:** Provide an initial/revised project work plan along with a weekly status update for each Deliverable described in this RFP. The work plan will include required tasks, responsible parties, and timeframes for the activity. Suppliers must also develop a reporting procedure that includes the identification and resolution of unanticipated problems;

3. **Weekly Meetings:** Attend and facilitate a weekly update meeting, in person or via conference call, with the ODM Contract Manager throughout the duration of the project;

4. **Communication Plan:** Develop and update, as needed, a communication plan which includes the supplier’s Project Director and team members and ODM’s project lead and team members for each Scope of Work;
5. **Engagement:** As needed, relative to work project development and production, work with ODM to establish office hours held on-site at ODM in which relevant supplier staff will be able to engage with ODM staff to facilitate project work. Suppliers and ODM will collaborate on the schedule;

6. **Client Satisfaction Meetings:** The Program Director, Project Lead, and supplier’s senior leadership shall participate in quarterly meetings with the ODM Contract Manager to discuss ODM’s satisfaction with the quality and timeliness of Deliverables, communication, and staff assigned to projects. This may be in the form of a combination of in-person and remote participation. In addition, the selected supplier must provide an update on supplier’s performance issues, if applicable, that were raised during the prior client satisfaction meeting, until such issues are resolved to the ODM Contract Manager’s satisfaction; and

7. **Collaboration with ODM Suppliers:** Conduct studies, share developed data tools, and coordinate analysis with other ODM external suppliers, as specified by ODM.

E. **Report Specifications**

Supplier’s proposals must include a statement that if awarded a contract resulting from this RFP process that the supplier will comply with EQR report specifications as required by ODM. **Suppliers who do not include this statement may be disqualified from consideration for award of the resulting contract.**

The selected supplier must produce an outline for each report requested by ODM.

Reports are used as a tool to assist with ODM’s goals of improving performance of the Medicaid delivery system and the health outcomes of Ohioans. The selected supplier must provide reports as specified per Deliverable. Reports may be provided in color and/or black/white and must be in the quantities as specified by ODM in hardcopy and electronic formats. Reports are considered confidential and shall not be shared outside of ODM without the express written consent of the ODM Director.

The reports submitted by the selected supplier must at a minimum:

1. Summarize and analyze the findings of survey results, and present findings, conclusions, and recommendations to assist ODM in assessing quality and access to care as specified by ODM. In addition, each report must include information about the topic under review, sampling, indicators, methods, results and limitations of the study, when applicable;

2. Include tables or graphs that analyze results by indicator and each health plan’s compliance with program requirements, when applicable;

3. Provide recommendations that are actionable, reasonable, research-driven, relevant for Ohio, and align with ODM’s Quality Strategy and other State of Ohio initiatives as specified by ODM;

4. Identify and incorporate best practices and improvement strategies that have
demonstrated success (clinical and administrative) in other states, national organizations, etc., when applicable;

5. Analyze and compare program and health-plan level study findings with national benchmarks, when applicable;

6. Analyze and perform trending of program and health-plan level study findings with previous year’s data, when applicable; and

7. Provide draft reports for review and approval to ODM and health plans prior to finalization and distribution, according to the project work plan.

For each Deliverable, as appropriate, the selected supplier must provide upon request by ODM:

1. Copies of the sampling plan, data abstraction tool, analysis plans, and reports in formats specified by ODM;

2. Copies of all analytical data files;

3. Copies of all programs written to analyze the data;

4. Results of each record review must be provided in a ready-to-print format as requested by ODM; and

5. Reports that are 508 compliant (https://www.hhs.gov/web/section-508/index.html) as specified by ODM.

5.5 Specifications of Scopes of Work and Deliverables

This Section sets forth the Scopes of Work and Deliverables which will be required of the selected supplier under the contract expected to result from this RFP. All aspects of the services described in this Section must be addressed in the supplier’s technical proposal. Supplier must provide a detailed technical approach that describes how it will define and perform each of the Scopes of Work and will develop and manage services performed under any, and all subcontracting arrangements. Supplier must also provide a work plan for each Scope of Work, including a timeline. Supplier’s responses should correspond to the appropriate Scope of Work. Any report submitted by supplier to meet a required Deliverable must comply with the specifications in this Section. The contracted services shall include, but are not be limited to, the Scope of Work and Deliverable specified in this Section V.

Note: The detailed technical approach provided for each Scope of Work shall not exceed 10 single-spaced pages. Each alpha-numeric scope of work is a separate deliverable for which each can have up to 10 pages. For example, A1A may be 10 pages; A1B may be 10 pages; A2 may be 10 pages.

Scope of Work: Administrative Compliance

Table of Contents:

Scope of Work (SOW) A. Validation of Managed Care Plan Provider Network Adequacy and Availability
SOW A: Validation of Managed Care Plan Provider Network Adequacy and Availability.

All Lines of Business (LOB) (e.g., MCP, MCOP) must meet all applicable provider panel requirements established by ODM for each of their entire designated service areas in order to ensure access to medically necessary Medicaid covered services. All LOB are required to submit provider information in a manner specified by ODM to ensure all LOB meet the minimum provider panel requirements. All LOB may submit files on a daily, weekly, or monthly basis to the appropriate system as specified by ODM. Validation of this information is necessary to ensure accuracy of provider information listed in directories that are used by consumers. The validation activities will be completed for all LOB and the EQR will validate according to CMS protocols when applicable. Additional requirements will be added related to Network Adequacy Standards when CMS releases new protocols related to 42 CFR § 438.358, section (b)(iv).

SOW A1 —Evaluation of Provider Panel Accuracy: Tasks 1 and 2

Evaluate the accuracy of the provider panel information submitted by MCPs and MCOPs (future lines of business may be added) against other sources of information. This evaluation must include, but may not be limited to, the following:

1. An audit of the Model Medicaid Addenda (i.e., contract between providers and the health plans) to validate that the data elements under review match the data contained within the
2. An audit of online provider directories to validate that the data elements under review match the data contained within the ODM specified system (including items such as the provider type being listed in the appropriate category).

For the audits described above, the supplier must do the following:

1. Develop a study methodology that describes the evaluation approach;
2. Develop a standardized data collection tool;
3. Develop a sampling methodology;
4. Collect and analyze data; and
5. Prepare a report for each plan for each line of business, containing plan-specific findings, an overall roll-up report by line of business, and flat files of all data.

**Frequency Deliverable A1:** The Medicaid Addenda audit must be conducted in SFY’s 2021, 2023, and 2025; The Provider Directory audit must be conducted in SFY’s 2020, 2022, and 2024.

**Deliverable A1:** For each evaluation conducted, the selected supplier must create plan specific reports for each LOB.

**SOW A2– Provider Access Surveys:** To ensure MCP and MyCare Ohio members (future populations may be added) are able to appropriately access providers, ODM employs the use of quarterly telephone surveys among a sample of providers to determine appointment availability information for new and existing members.

**SOW A2A: Telephone Surveys—Tasks 1 through 5**

The supplier must conduct the following:

1. Develop and/or update a study methodology describing the evaluation approach;
2. Develop and/or update a standardized data collection tool;
3. Develop a sampling methodology. Use the most recent monthly managed care plan provided provider data files for drawing a sample of providers and develop a standard protocol for sampling;
   a. A single statewide survey with proportional distribution of sampled cases shall be used.
   b. An appropriate oversample will be used to account for unreachable providers.
   c. Sample will ensure a 95 percent confidence level and minimum margin of error of plus 5 percent.
4. Develop a script in collaboration with ODM; and
5. Conduct telephone surveys among sampled provider locations.

**Frequency Deliverable A2A:** Twice per year, once in spring and once in fall, the phone surveys will focus on primary care providers. The remaining two surveys will focus on specialty providers selected by ODM (e.g., dentists, ob-gyn, home health, etc.) providers.

**Deliverable A2A:** After each survey, supplier will provide ODM with:
   a. A report that includes data tables with aggregate and plan-specific results.
   b. Plan-specific workbooks (flat files) containing provider-level survey data results.

**SOW A2B: Performance Measure Calculation and Reporting – Tasks 1 through 4**

The supplier will be required to calculate, for each plan in each LOB, a performance measure that uses results from the telephone surveys. This must include:

1. Developing and updating a measure methodology document with ODM’s input;
2. Recommending a strategy for setting and adjusting a performance standard;
3. Producing a report of plan-specific rates in a format specified by ODM; and
4. Providing technical assistance to each plan in each line of business and ODM related to the measure.

**Frequency Deliverable A2B:** Annually. This SOW is expected to start in SFY 2020 and ODM realizes results would not be available until midway through SFY 2020.

**Deliverable A2B:** The supplier must create one statewide report with results listed by each plan for each LOB.

**SOW B: Readiness Review for New Populations or Lines of Business.**

As new populations or LOB are added, a readiness review process will be conducted to determine if there is the ability to enroll members and provide the necessary level of access to and quality of Medicaid services.

**SOW B — Tasks 1 through 3**

1. Collaborate with ODM to determine the scope of and dates for the readiness review;
2. Readiness reviews may be conducted either by desk reviews or on-site reviews – format to be determined based on population or line of business; and
3. Collaborate with ODM on developing an electronic tool based on readiness review standards and requirements that shall be a means of gathering information and documentation.

**Frequency Deliverable B:** As needed.
**Deliverable B:** Assist ODM in developing a readiness review plan and associated tools for conducting the review; perform readiness review activities and provide ODM with completed tools, assessments, and a report for each plan which includes a statement of findings (“pass or fail”) with identification of any deficiencies that must be corrected prior to service or population expansion.

**SOW C: EXTERNAL QUALITY REVIEW TECHNICAL REPORT**

The selected supplier must produce a detailed technical report to ensure ODM’s compliance with 42 CFR § 438.364, and to ensure that a finalized annual technical report is both submitted to CMS and posted on ODM’s website by April 30th of each year. The most recent report can be viewed at [http://medicaid.ohio.gov/MEDICAID-101/-Quality-Strategy-and-Measures](http://medicaid.ohio.gov/MEDICAID-101/-Quality-Strategy-and-Measures).

**SOW C—Tasks 1 through 6**

The supplier must produce a report that includes the following Deliverables:

1. A description of the manner in which the data from all EQR activities conducted in accordance with 42 CFR § 438.358 were aggregated and analyzed, and conclusions that were drawn with regard to the quality, timeliness and access to health care services furnished to health plans’ members;

2. A description of the objectives; technical methods of data collection and analysis; description of data obtained, including validated performance data for each activity conducted in accordance with 42 CFR § 438.358(b) and (c); and conclusions that were drawn from the data for each activity included in the report;

3. An assessment of each plan’s strengths and weaknesses for the quality, timeliness and access to health care services furnished to Medicaid managed care members;

4. Recommendations for improving the quality of services furnished by each MCP including how the State can target goals and objectives in the quality strategy to better support improvement in the quality, timeliness, and access to health care services furnished to Medicaid managed care members;

5. Methodologically appropriate comparative information about all participating plans by program (e.g., Medicaid Managed Care Program and MyCare Ohio Program); and

6. An assessment of the plans’ effectiveness in addressing recommendations from the prior year’s technical report.

The EQR Annual Technical Report encompasses activities in both the Performance Evaluation and Improvement EQRO RFP# ODMR-1819-1021 and this RFP. The selected supplier for this RFP must collaborate in a positive, timely, and professional manner with ODM’s other supplier that works on EQR-related activities to develop the EQR Annual Technical Report.

**Frequency Deliverable C:** Annually, beginning SFY 2020.

**Deliverable C:** The selected supplier must produce one comprehensive technical report that contains findings for the Medicaid Managed Care Program, the MyCare Ohio Program, and any other lines of business that may be added. The report must meet compliance standards set by Section 508 of the

**SOW D: DEEMING CROSSWALK**

To avoid duplication of efforts and as allowed by 42 CFR § 438.360, ODM may use results from a plan's private accreditation and/or Medicare reviews instead of conducting one or more of the following EQR activities: validation of Performance Improvement Plans (PIPs), validation of performance measures, and compliance reviews. This is also known as deeming. The standards that may be eligible for exemption, or deeming, must be at least as stringent as Medicaid standards and comparable to standards established by the State. As of March 2018, six health plans are accredited by National Committee for Quality Assurance (NCQA). ODM has deemed plans from certain portions of the administrative review and may explore how this option can be extended to other activities as permitted by CMS – e.g., validation of PIPs and validation of performance measures.

**SOW D — Tasks 1 through 3**

The selected supplier must conduct the following tasks:

1. Develop a methodology to produce a crosswalk of federal and state program requirements with NCQA accreditation standards and Medicare standards that will assure plans meet the standards outlined as part of the evaluation of administrative compliance;

2. Complete and/or update, as appropriate, a crosswalk of federal and state program requirements with national accreditation and Medicare standards; and

3. Provide ODM with assistance in implementing the results of the deeming crosswalk and submitting required documents to CMS for review/approval.

**Frequency Deliverable D:** SFYs 2020 and 2023

**Deliverable D:** The selected supplier must produce one deeming crosswalk and one summary report of the findings.

**SOW E: VALIDATION OF MCP COMPLIANCE WITH STATE AND FEDERAL PROGRAM REQUIREMENTS – TARGETED REVIEWS**

MCPs and MCOPs are required to comply with federal and state program requirements specified in the Code of Federal Regulations, the Ohio Administrative Code, the Ohio Revised Code, the OMA Provider Agreements, and 1915 (b) and (c) waivers. The selected supplier must conduct an assessment of each plan’s compliance with the requirements that are in effect during the time period under review. The assessment must include, but not be limited to, a review of the following areas: 1) availability of services, 2) assurance of adequate capacity and services; 3) coordination and continuity of care; 4) coverage and authorization of services; 5) credentialing and re-credentialing of services; 6) sub-contracted relationships and delegation; 7) enrollee information and enrollee rights; 8) confidentiality of health information; 9) enrollment and disenrollment; 10) the grievance and complaint process; 11) practice guidelines; 12) quality assessment and performance improvement program; 13) health information systems; and 14) fraud and abuse.
Clinical review teams will be formulated for the purpose of conducting comprehensive care management reviews and will be comprised of at least one registered nurse and one social worker. When conducting care management reviews for the Integrated Care Delivery System (ICDS) demonstration project, the clinical review team will include a staff person who has at least five years of experience with Medicaid long-term care services and supports. Prior to initiation of reviews, the selected supplier will be required to provide ODM with the credentials of the persons who will perform this work and present them for ODM approval.

**SOW E—Tasks 1 through 8**

The selected supplier must conduct each of the following tasks:

1. In consultation with ODM, identify the topic areas and administrative standards that will be reviewed;

2. Develop an evaluation methodology that includes, but is not limited to, a review of policies and procedures, staff interviews, and file reviews;

3. Develop a standardized data collection tool that is used for each MCP and/or MCOP;

4. Use a MCP’s or MCOP’s private accreditation results or Medicare reviews, as appropriate and as approved by ODM, to identify compliance with the administrative standards (Deliverable D: Deeming Crosswalk);

5. Conduct a desk review and/or on-site review;

6. Aggregate and analyze the data and information collected in order to communicate findings of compliance with the administrative standards;

7. Prepare plan-specific reports of findings that include the completed data collection tool with cited references, as appropriate; and

8. Prepare program-specific reports if needed, as requested by ODM.

**Frequency Deliverable E:**

The selected supplier must conduct each of the following:

1. A comprehensive review of MCP’s and MCOP’s compliance with federal regulations described in 42 CFR § 438, conducted in SFYs 2020 and 2023; and

2. Targeted reviews must be conducted per the following:

   a. Care Management (MyCare Plans only), four times a year per SFY. All five MCOPs are included in this review;
      i. The sample size (N) for the targeted reviews will be approximately 380 per MCOP per CY providing a statistically representative sample for each plan.
b. Select additional operational topics (e.g., cultural competency, care management, call centers, grievances and appeals) to be reviewed on a schedule/frequency to be determined by ODM. The number of plans subject to a review will vary depending on the topic selected;

c. ODM will utilize a time-based reimbursement methodology for the targeted reviews; and

d. ODM will allocate a total of 10,000 hours per SFY to support targeted reviews. Supplier can assume that 50% of the hours will be used for 2.a above and the balance can be allocated for 2.b. above. Supplier will need to submit a budget for each activity requested. If it appears it will be necessary to exceed the maximum allowed upon hours, prior authorization will be required from ODM. Request for additional hours must include detailed description of work done to date, justification for need of additional hours, and estimate of total additional hours needed to complete work.

**Deliverable E:** The supplier must provide evaluation results to ODM in plan-specific reports and program-specific reports, as requested. The reports must include an executive summary, introduction, methodology, summary of findings, conclusion and recommendations for improvement. The completed data collection tool and the information sources used must be made available to ODM.

**SOW F: INDEPENDENT ASSESSMENT REPORT OF 1915(b) WAIVERS.**

**SOW F –Tasks 1 through 7**

1. Collaborate with ODM to develop a methodology for completing the Independent Assessment;

2. Collaborate with ODM, determine a timeline for the Scope of Work which, to meet waiver requirements, assures the report is finalized and submitted on or before a date specified by CMS;

4. Ensure the methodology will evaluate domains identified in the waiver, including, but not limited to, access to care, quality of care, and cost effectiveness;

5. Collaborate with ODM to determine the “look-back” period for the assessment;

6. Work with ODM’s contracted actuary in evaluating the cost-effectiveness of the waiver and consider this information in the assessment and resulting report; and

7. Determine information sources required for conducting the assessment (for example, Ohio Medicaid Quality Strategy; documents from ODM and MCPs; federal and/or state statutes and administrative codes; provider agreements; etc.).

**Frequency Deliverable F:** Two independent assessments are needed: the first assessment shall be initiated in SFY 2023 and be completed in SFY 2024; and the second assessment has not been scheduled at the time of this RFP release but will likely be between SFY 2024 and SFY 2025.
**Deliverable F:** Provide a complete waiver assessment report. Unless otherwise agreed upon by supplier and ODM, the report shall include and Executive Summary Background, Assessment Methodology, Access to Services Assessment, Quality of Care Assessment, Cost Effectiveness Assessment, and any Appendices.

**SOW G: INFORMATION SYSTEM REVIEW**

This Scope of Work focuses on assessing health plans’ information system capabilities.

**SOW G – Tasks 1 and 2**

1. Use criteria and tools approved by ODM to conduct on-site information systems reviews assessing each health plan’s:
   a. Data management processes.
   b. Procedures for collecting and integrating member and provider characteristics and services furnished to members from multiple sources.
   c. Data integration and control procedures, including:
      i. Reviewing completed assessment tools and supporting documentation; and interviewing staff responsible for leading certain operational/functional aspects of the plans’ information systems.
      ii. Assessing the ability to link data from multiple sources.
      iii. Examining processes for data transfers.
      iv. Evaluating data warehouse structures and reporting capabilities.
      v. Reviewing processes, documentation and data files to ensure compliance with state specifications for encounter data submissions.
      vi. Assessing the claims adjudication process and capabilities.

2. Evaluate the plans’ information systems capabilities and identify any potential problem areas that may impact ODM’s ability to monitor performance in key operational areas.

**Frequency Deliverable G:** As needed by ODM, but not to exceed one information system review per SFY.

**Deliverable G:** Conduct on-site audits and complete one plan-specific report for each on-site review conducted. Reports shall include results of audits, identified problems and potential problems, and recommendations.

**SOW H: COMPREHENSIVE PRIMARY CARE (CPC) MONITORING.**

The CPC program is an Ohio initiative aimed at transforming primary care infrastructure intended to support improved population health outcomes. It is based on the Patient-Centered Medical Home and uses concepts of team-based care, patient-centered care, patient satisfaction, and health information interoperability to help practices deliver the best possible care while lowering cost of care. CPC participants agree to implement required activities throughout the year, which should then be reflected in their quality and efficiency metrics. These activities include: same-day appointments, 24/7 access to care, risk stratification, population health, team-based care management, follow-up after hospital discharge, tests and specialist referrals, and patient experience. This program launched in 2017 and as of April 1, 2018, there were 161 CPC providers in the program. In 2018, ODM intends to expand the CPC program which could add up to 500 practices that could participate on/after January 1, 2019. For more information on the CPC program, please visit: [http://medicaid.ohio.gov/provider/PaymentInnovation/CPC](http://medicaid.ohio.gov/provider/PaymentInnovation/CPC).
ODM is interested in evaluating a CPC practice’s compliance with the aforementioned activity requirements, assess a practice’s initial strengths and weaknesses, and impact of the activity requirements on CPC quality and efficiency metrics.

**SOW H – CPC Monitoring: Tasks 1 through 7**

This process will consist of desk and on-site reviews, developing practice and summary level reports, issuing and tracking performance improvement plans, as needed, and providing technical assistance on an as needed basis.

The selected supplier must conduct each of the following tasks:

1. Develop an evaluation methodology, structured questionnaire, and any other tools ODM and supplier determine are necessary to conduct the review. Develop an electronic tool, in collaboration with ODM, that can be used as a means of gathering information and permits end users to perform ad hoc, end-user defined inquiries of the data.

2. Conduct desk and on-site reviews for CPCs. These sites will consist of new sites that have been added and not reviewed previously; sites who had poor performance in the most recent reviews, and the remainder may be sites of particular interest due to outstanding performance, random sample, or other criteria to be determined. On-site reviews will then be conducted for a selected number of sites that had previous desk reviews and will include phone interviews (estimate is three hours per practice). On-site reviews will take approximately one business day, including travel. Sites for on-site review will be based upon ODM direction. The scope of the review is to evaluate CPC practice’s performance on standards and requirements and observe and document innovative practices. Contractor is expected to interact with the practices to share ideas and provide technical assistance as follows:

   a. For SFY 2020, Contractor shall conduct a desk review for no more than fifty CPC practices who participated on/before December 31, 2018; and shall conduct desk reviews for no more than 250 CPC practices who were approved to participate on/after January 1, 2019. On-site reviews will be conducted for up to 1/3 of the CPC practices (maximum of 84 practices).

   b. For SFYs 2021 through 2025, Contractor shall conduct a desk review for all new practices and 1/3 of the practices that were reviewed in the prior state fiscal year. On-site reviews will be conducted for up to 1/3 of practices for which a desk review was conducted. Contractor can anticipate an additional 100 practices for each SFY. See below table:

<table>
<thead>
<tr>
<th>State Fiscal Year</th>
<th>Total Practices</th>

</table>
3. Generate a report of the desk and on-site reviews for each CPC that was evaluated (i.e., an individual report for each CPC). The report will include sections consisting of the following:

   a. A “heat map” identifying the extent to which a CPC met each area of the eight activity requirements (e.g., green = pass; yellow = concerns/issues; red = fail; and a flag calling out activity requirements that were met in a unique or innovative way);
   b. Detailed descriptions of how/why each activity requirement was scored, including the reason why any were marked with an innovation flag;
   c. A profile of the CPC practices, including, but not limited to, its affiliation (i.e., hospital-affiliated or independent), the number of sites within the practice, where the sites are located, CPC practices assigned peer groups, and the longest distance between two sites; and
   d. Comparison of CPC practices’ performance on quality metrics against results from the CPC monitoring activity e.g., how the ED visit rate measure is impacted by weak practice policies on extended hours. Include best practices for similar practices for activities needing improvement.

4. Prepare a statewide Summary Report that must include, but not be limited to, compliance determinations, difficulties encountered by the CPCs, as well as their strengths; recommendations for updating CPC program activity requirements, profiles of CPCs with good outcomes, and statewide results categorized by up to four peer groups (e.g. practice model, size, pediatric, school-based etc.). Include an analysis for each activity to find best practices by peer group that result in high performance on quality and efficiency metrics. The peer groups must align with the ones developed to complete Deliverable N Scope of Work: Ohio Comprehensive Primary Care (CPC) Evaluation of RFP# ODMR-1819-1021. ODM will provide this information.

5. In collaboration with ODM, take the following actions related to performance improvement:

   a. Notify CPC practices of any needed performance improvement plans (PIPs);
   b. Collect PIPs, assuring CPC practices submit them on a timely basis and assessing the PIP’s adequacy;
   c. Give CPC practices feedback on PIPs, providing them with any needed technical assistance, and determining when PIPs are final;
   d. Track PIPs over time and follow up with CPC practices as necessary; and
   e. Coordinate the CPC reconsideration rights process. (CPCs are allowed to contest the results of the assessment reports.) Contractor responsibilities shall include, but not be limited to, providing to ODM documentation and other evidence gathered from the review supporting its findings.

6. Conduct an annual assessment of the monitoring tool(s) used to monitor CPCs. Determine the level of performance of the tool(s) in identifying CPC activities:

   a. Needing improvement in order to perform better on clinical and efficiency measures;
   b. That serve as best practices; and
   c. Recommend changes to the tool for the following year’s reviews.

7. Provide up to 500 hours of technical assistance per SFY, as requested by ODM.
**Frequency Deliverable H:** Annually

**Deliverable H:** Assessments of each CPC, submitted to each CPC, statewide summary report, and production and administration of performance improvement plans as needed.

**SOW I: QUALIFIED BEHAVIORAL HEALTH ENTITY (QBHE) MONITORING.**

Behavioral Health Care Coordination is a model of comprehensive care coordination that connects qualified behavioral health entities (QBHE) with an assigned panel of members with high-need behavioral health conditions. A participating QBHE must perform the following activities, as needed, for their attributed members: initial outreach and engagement; comprehensive care planning; ongoing relationship maintenance; transitions of care; individual engagement and access to appropriate care; engaging supporting services, and population health management. QBHEs agree to perform required activities, which should then be reflected in their quality and efficiency metrics. To qualify, a provider must meet specific requirements as specified in Ohio Administrative Code, such as demonstrated commitment to integration of physical and behavioral health care for a minimum of six months prior to the date of application, implemented and actively uses an electronic health care record, etc.

For more information on the QBHE program, go to the following website located at: [http://bh.medicaid.ohio.gov/Portals/0/Providers/20180530%20BH%20Webinar%20Quality%20F.PDF?ver=2018-06-06-133010-427](http://bh.medicaid.ohio.gov/Portals/0/Providers/20180530%20BH%20Webinar%20Quality%20F.PDF?ver=2018-06-06-133010-427).

ODM is interested in evaluating a QBHE’s compliance with the aforementioned activity requirements, a practice’s initial strengths and weaknesses, and the impact of the activity requirements on QBHE quality and efficiency metrics.

**SOW I – Assessment of QBHE’s Performance on Activity Requirements: Tasks 1 through 6**

The focus will be on QBHEs’ ability to meet the ODM prescribed activities as well as confirming that the QBHE has capabilities that it attested to at the time of initial application (e.g., ability to submit prescriptions electronically, implements and actively uses an electronic health record). This process will consist of desk and on-site reviews, developing practice and summary level reports, issuing and tracking performance improvement plans, as needed, and providing technical assistance on an as needed basis.

The selected supplier must conduct each of the following tasks:

1. Develop an evaluation methodology, structured questionnaire, and any other tools ODM and vendor determine are necessary to conduct the review. Develop an electronic tool, in collaboration with ODM, that can be used as a means of gathering information and permits end users to perform ad hoc, end-user defined inquiries of the data (ODM defines end users as supplier staff who will perform ad-hoc analysis based on ODM generated requests).

2. Conduct a desk review and an on-site review for each QBHE (ODM expects no more than 120 QBHEs). Desk reviews will include phone interviews (estimate is three hours per practice). On-site reviews will take approximately one business day, including travel. The scope of the review is to evaluate QBHE practice’s performance on standards and requirements and to also observe and document innovative practices. Contractor is expected to interact with the practices to share ideas and provide technical assistance. The reviews will consist of the following expectancies:
a. For SFY 2020, ODM expects no more than 120 practices enrolled in 2019 to participate in a desk review and onsite review.

b. For SFYs 2021 through 2026, ODM expects that any new practice enrolled as of December 31 of that SFY will participate in a desk review and on-site review. Any QBHE previously reviewed in the prior state fiscal year that exhibits poor performance in the current state fiscal year will also be subject to a desk review and onsite review (no more than thirty QBHEs).

3. Generate a report of the desk and on-site reviews for each QBHE that was evaluated (i.e., an individual report for each BHCE). The report will include sections consisting of the following:

a. A “heat map” identifying the extent to which a QBHE met each of the seven activity requirements (i.e., green = pass; yellow = concerns/issues; red = fail; and a flag calling out activity requirements that were met in a unique way).

b. Detailed descriptions of how/why each activity requirement was scored, including the reason why any were marked with an innovation flag.

c. A profile of the QBHE practices, including, but not limited to, its affiliation (i.e., academic or independent); the number of sites within the billing ID; where the sites are located; QBHE practices assigned peer groups; and the longest distance between two sites.

d. Comparison of QBHE practices’ performance on quality metrics against results from any on-going QBHE monitoring activity.

4. Prepare a statewide Summary Report that shall include but not be limited to compliance determinations; difficulties encountered by the BHCEs, as well as their strengths; recommendations for updating activity requirements; profiles of BHCEs with good outcomes; and statewide results categorized by up to four peer groups; and

5. In collaboration with ODM, take the following actions related to performance improvement:

a. Notify QBHE practices of any needed PIPs.

b. Collect PIPs, assuring QBHE practices submit them on a timely basis and assessing the PIP’s adequacy.

c. Give QBHE practices feedback on PIPs, providing them with any needed technical assistance, including additional onsite visits, and determining when PIPs are final.

d. Track PIPs over time and follow up with QBHE practices, including additional onsite visits and further reviews, as necessary.

e. Coordinate the QBHE reconsideration rights process. (BHCEs are allowed to contest the results of the assessment reports.) Contractor responsibilities shall include, but not be limited to, providing documentation and other evidence gathered from the review to support its findings.
6. Provide up to 500 hours of technical assistance for each SFY, as requested by ODM.

**Frequency Deliverable 1:** Annually, beginning SFY 2020.

**Deliverables Deliverable 1:** Assessments of each QBHE, submitted to each QBHE; statewide summary report; production and administration of performance improvement plans as needed.

**SOW J: General Technical Assistance in Support of Administrative Compliance**

The selected supplier must provide up to 600 hours of technical assistance to ODM and to participating plans each SFY. The specific nature of the technical assistance will be defined by ODM on a case-by-case basis, but at a minimum, will include educational sessions to enhance the use of EQR results, identification of health care trends or best practices in performance measures or quality improvement activities, and providing clinical consultation and expertise.

**SECTION VI. BUSINESS CONTINUITY PLAN**

The Business Continuity Plan should clearly outline how the supplier will continue to provide the services that are expected to be a result of the procurement in the event of a disaster or other unexpected break in services. As used herein, a “Disaster” means an unanticipated incident or event, including, without limitation, force majeure events, technological accidents or human-caused events that (i) may cause a material service or critical application to be unavailable without any reasonable prediction for resumption, or (ii) causes data loss, property damage or other business interruption without any reasonable prediction for recovery within a commercially reasonable time period.

The Business Continuity Plan should address:

(a) Business continuity plans for the services and supporting facilities;

(b) Disaster recovery plans for critical technology and systems infrastructure; and

(c) Proper risk controls (collectively, the "Contingency Plans") to enable continued performance under the contract in the event of a disaster or other unexpected break in services.

The awarded supplier will update and test the operability of any applicable Business Continuity Plan at least annually and will implement such plan upon the occurrence of a Disaster.

**SECTION VII. PROPOSAL FORMAT AND STRUCTURE**

7.1 Complete Proposal Content Requirements

The supplier’s proposal package will consist of the following items in the following order:

1. Technical Proposal, including all responses to Mandatory Requirements (Section 3.1), Activities (Section 3.2), Engagement (Section 3.4), and the Scopes of Work and Deliverables (Section V). Suppliers should utilize the Technical Proposal Scoresheet, Attachment B, as a reference;

2. Attachments A1, A2, A3, A4, and A5 completed and signed by supplier; and
3. Signed and sealed Cost Proposal Form/Attachment C.

7.2 **Organizational Structure of the Proposal**

The supplier must provide **Six** paper copies (one signed original and five copies) **and** one electronic copy (CD-ROM or USB drive) of the technical proposal which must include:

Completed Technical Proposals may be organized by separating sections to correspond with the score sheet, but at minimum, must include the following:

1. Mandatory Supplier Requirements;
2. Organizational Experience and Capabilities;
3. Staff Experience and Capabilities;
4. Scope of Work;
5. Deliverables/Proposed Work Plan;
6. Business Continuity Plan;
7. MBE Plan and documentation; and
8. Attachment A requirements

Suppliers are prohibited from including project cost information (any dollar amounts which might be deemed indicative of the relative cost of the project), proprietary, personal, or confidential information in the technical proposals. Any supplier including such information may be disqualified from consideration.

Supplier attachments of appendices to include at minimum:

7.3 **Attachment A Requirements**

Attachment A documents must be completed, signed, and returned by the supplier with their technical proposal, which will include Attachments A1, A2, A3, A4, and A5 – Required Supplier Information Form, Supplier and Grantee Ethics Certification Form, Location of Business and Offshore Declaration, Affidavit of Non-Collusion, and Certifications and Assurances, respectively.

7.4 **Cost Proposal (Attachment C) Requirements**

The Cost Proposal(s) must contain one original and one electronic copy (on a separate CD-ROM or USB drive) **provided in a sealed, separate envelope labeled**: “DO NOT OPEN. COST PROPOSAL ENCLOSED FOR THE EXTERNAL QUALITY REVIEW SERVICES, ADMINISTRATIVE COMPLIANCE RFP#: ODMR-1819-1022 SUBMITTED BY [SUPPLIER’S NAME].”

Suppliers are to complete the Cost Proposal Form(s), provided as Attachment C to this RFP according to instructions, sign it, and submit it fully completed as the separate sealed cost proposal. The Cost Proposal Form requires interested suppliers to price those services defined in the Specifications of Deliverables,
and to offer ODM its flat, all-inclusive fee. The price offered in the supplier’s cost proposal(s) will be the prices in effect throughout the contract period.

Suppliers are to use the format in Attachment C, Cost Proposal Form, to submit their proposed fee for the entire project. At the supplier’s discretion, additional documentation may also be included with the completed Attachment C as explanatory information, but when making the supplier selections and when executing the contract, ODM will consider only the dollar amount displayed on the Cost Proposal Form.

In calculating their total proposed fee, suppliers must consider costs resulting from each Deliverable listed, as well as all program, preparatory, primary and incidental costs necessary to complete all program activities (whether explicitly identified by ODM in this RFP or not). ODM expects normal inflationary costs; however, it is the expectation that Deliverable extensions and continuations in contract renewals will benefit from cost efficiencies due to little or no need for start-up and activity development (e.g. care management surveys build off prior tools, etc.).

7.5 Proposal Submission

The supplier’s original technical and cost proposals must contain all the information and documents specified in this Section. The supplier’s total complete proposal submission (the original technical and cost proposals, all required copies, and CD-ROMs or USB drives) must be received by OCP no later than 4:00 p.m. EST on January 28, 2019. Faxed or e-mailed submissions will not be accepted. Proposals must be addressed, for hand delivery or delivery by a private delivery company, as described below:

Office of Contracts and Procurement, RFP/RLB Unit
Ohio Department of Medicaid
50 West Town Street
Columbus, Ohio 43215

Suppliers are STRONGLY encouraged to use a private delivery company (e.g., FedEx, UPS, etc.) to deliver their proposals, or to hand deliver them, to the above address, as these types of companies are capable of delivering directly to ODM’s security desk in the building, where it will be received and date and time stamped. While using the United States Postal Service (USPS) is an option, it can add several days to the delivery process and could result in a supplier’s proposal being late and removed from consideration. All proposals must be received by OCP by the posted submission deadline, date and time. No exceptions will be made.

The address for USPS deliveries is:

Ohio Department of Medicaid
Office of Contracts and Procurement
PO Box 182709
Columbus, Ohio 43218-2709

The entire technical proposal must be converted into one single .pdf document. If the proposal’s size necessitates more than a single .pdf document to contain the entire technical proposal, suppliers must still send the electronic copy of the proposal but use the fewest separate .pdf documents possible. The electronic copy of the cost proposal must include all cost proposal components, including any required or voluntary attachments. The CD-ROM or USB Drive containing the cost proposal must be submitted in the sealed envelope containing the original hardcopy cost proposal, and the two photocopies.
Both CD-ROMs/USB drives must be labeled with the supplier’s name, the RFP number, and the proposal submission date. The CD-ROMs/USB drives may be used in the formal ODM proposal review process and will be used by ODM for archiving purposes and for fulfillment of Public Records Requests. Failure to include or to properly label the CD-ROMs/USB drives may, at ODM discretion, result in the rejection of the supplier from any consideration.

It is the supplier’s responsibility to ensure that all copies and all formats of the proposal are identical. Any pages or documents omitted from any or all copies can negatively affect the supplier’s score and possibly result in disqualification. In the event of any discrepancies or variations between copies, ODM is under no obligation to resolve the inconsistencies and may make its scoring and supplier selection decisions accordingly, including the decision to disqualify the supplier.

ODM reserves the right not to review submitted appendices which include information or materials not required in the RFP. Failure by any supplier to complete, sign, and return the Attachments A and C documents with their proposal may result in rejection of the proposal as being non-responsive and disqualified from further consideration.

SECTION VIII. CRITERIA FOR PROPOSAL EVALUATION & SELECTION

8.1 Scoring of Proposals

Suppliers submitting responses will be evaluated based on the capacity and experience demonstrated in their technical and cost proposal. All qualifying proposals will be reviewed and scored by a Proposal Review Team (PRT), comprised of staff from ODM. Suppliers should not assume that the review team members are familiar with any current or past work activities with ODM. PRT members will be required to sign disclosure forms to establish that they have no personal or financial interest in the outcome of the proposal review and supplier selection process.

Selection of the supplier will be based upon the criteria described in this RFP. A significant portion of the scoring is based on the Technical Proposal. The PRT reserves the right to reject any and all proposals, in whole or in part, received in response to this request. The review team may waive minor defects that are not material when the intent is not unreasonably obscured. In scoring the proposals, ODM will score in three phases:

1. Phase I. Review—Initial Qualifying Criteria;
2. Phase II. Review—Technical Proposal; and

A. Phase I. Review—Initial Qualifying Criteria:

Proposals must pass Phase I. Review as required in the Technical Proposal Score Sheet provided as Attachment B to be considered for further scoring and possible award. Phase I criteria consists of, at a minimum, the Mandatory Requirements, stipulated in this RFP. Any “no” for the listed Phase I criteria will eliminate a proposal from further consideration. Please refer to Attachment B for a complete listing of initial disqualifiers.
B. Phase II. Review—Criteria for Scoring the Completed Technical Proposal for Administrative Compliance

The PRT will then evaluate and score those qualifying technical proposals not eliminated in Phase I. The PRT will review by assessing how well the supplier meets the requirements as specified in the RFP. Using the score sheet for Phase II scoring (see Attachment B), the PRT will read, review, discuss and reach consensus on the final technical score for each qualifying completed technical proposal.

Phase II of the technical proposal will be evaluated based upon the following criteria: 1) Supplier and Staff Experience (including Activities in Section 3.2); 2) Technical Work Plan (including Section V and Deliverables); 3) Administrative Structure, Specifications for Data Management, Security Procedures, Data Collection, Project Management, and Report Specifications; and 4) Engagement. Each section of the technical proposal is assigned a certain percentage of the overall total points as follows:

<table>
<thead>
<tr>
<th>Section</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Supplier and Staff Experience</td>
<td>20%</td>
</tr>
<tr>
<td>Engagement</td>
<td>20%</td>
</tr>
<tr>
<td>Administrative Structure, Specifications for Data Management and</td>
<td>15%</td>
</tr>
<tr>
<td>Information Systems Capacity/Compatibility, Security Procedures, Data Collection, Project Management, and Report Specifications</td>
<td></td>
</tr>
<tr>
<td>Technical Work Plan</td>
<td>45%</td>
</tr>
</tbody>
</table>

A maximum of 314,570 points will be awarded for the Technical Proposal as follows:

<table>
<thead>
<tr>
<th>Section</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Supplier and Staff Experience</td>
<td>62,660</td>
</tr>
<tr>
<td>Engagement</td>
<td>63,000</td>
</tr>
<tr>
<td>Administrative Structure, Specifications for Data Management and</td>
<td>48,510</td>
</tr>
<tr>
<td>Information Systems Capacity/Compatibility, Security Procedures, Data Collection, Project Management, and Report Specifications</td>
<td></td>
</tr>
<tr>
<td>Technical Work Plan</td>
<td>140,400</td>
</tr>
</tbody>
</table>

A technical proposal must achieve a total of at least 204,470 points (a score which represents that the supplier can successfully perform the resulting contractual duties) out of the possible 314,570 points to qualify for continued consideration. Any proposal that does not meet the minimum required technical proposal score as defined in Attachment B will be disqualified from further consideration and will not be considered for award of the contract, and its Cost Proposal will neither be opened nor considered. The total points of the Technical Proposal Score will be 80% of the final score. The Cost Proposal will comprise 15% of the final score. Any MBE set-aside percentage over 15%, if applicable, will comprise 5% of the final score.

Please refer to this Section and Attachment B for maximum and minimum allowable scoring thresholds and definitions of scoring values.

IMPORTANT: Before submitting proposals to ODM in response to this RFP, suppliers are strongly encouraged to use Attachment B to review their proposals for completeness, compliance and quality.
C. **Phase III. Review—Criteria for Considering the Cost Proposal**

ODM will calculate the supplier’s Cost Proposal(s) points after the supplier’s total technical points are determined, using the following method:

The lowest cost proposal will receive the maximum available cost points of **58,982**.

Other acceptable cost proposals will be scored as the ratio of the lowest price proposal to the proposal being scored, multiplied by the maximum available points possible for this criterion:

\[(a/b) \times c\]

\(a = \text{lowest proposal cost} \div \text{total}\)
\(b = \text{total of the proposal being reviewed}\)
\(c = \text{maximum available cost points (58,982)}\).

**An example for calculating cost points, where the maximum point value = 60 points:**

Supplier X has proposed a cost of $100.00. Supplier Y has proposed a cost of $110.00 and Supplier Z has proposed a cost of $120.00. Supplier X, having the lowest cost, would get the maximum available 60 cost points. Supplier Y’s cost points would be calculated as $100.00 (supplier X’s cost) divided by $110.00 (supplier Y’s cost) times 60 maximum points for a total of 54.5 points. Offeror Z’s cost points would be calculated as $100.00 (supplier X’s cost) divided by $120.00 (supplier Z’s cost) times 60 maximum available points for a total of 50 points.

**Cost Score:** ______________

**CALCULATION OF MBE POINTS:**

Over 40% = 19,661 (all of available MBE points)
Over 30% = 11,796 (60% of available MBE points)
Over 20% = 7,864 (40% of available MBE points)
Over 15% = 3,932 (20% of available MBE points)

**FINAL STAGES OF EVALUATION.** The supplier with the highest point total from all phases of the evaluation individually (Technical Points + Cost Points + MBE Points (if applicable)), will be recommended to the Director of ODM (or the Director’s designee) for review and award of the contract.

**Technical Score:** ___________ + Cost Score: ___________ + MBE Score: ___________ =
**Total Score:** ______________

**Travel Reimbursement**

Travel costs should be included in the overhead, per diem, or the hourly rates which are built into the cost of the Deliverables. Travel is not to be listed separately unless otherwise specified in this document.
8.2 Veteran-Friendly Business Enterprise Program

A “Veteran-friendly business enterprise" (VBE) means a sole proprietorship, association, partnership, corporation, limited liability company, or joint venture that meets veteran employment standards as defined in rule 123:5-1-01(JJ) of the Ohio Administrative Code (OAC). OAC rule 123:5-1-16(B)(3) provides procedures for applying preference for VBE submissions. ODM will follow these procedures for any certified VBE proposal submissions.

The Veteran-Friendly Business Enterprise Program (VBE) applies to all state agencies' purchases made by bid or proposal under chapter 125 of the ORC. Essentially, the Program allows for:

1. Prices on bids submitted by veteran-friendly businesses to exceed those prices on bids submitted by businesses not certified as veteran-friendly by up to five percent and still be eligible for winning the award;

2. Scores on proposals submitted by veteran-friendly businesses to be up to five percent lower than the proposal scores submitted by businesses not certified as veteran-friendly and still be eligible for winning the award; and

3. The enabling statutes for the VBE program is ORC § 9.318. The regulations that govern the program are found in OAC Chapter 123:5-1-01 and 123:5-1-16.

8.3 Review Process Exceptions

ODM reserves the right to request clarifications from suppliers regarding any information in their Technical and/or Cost Proposals or related forms as it deems necessary at any point in the proposal review process. Any such requests initiated by ODM, and suppliers’ verbal or written response, shall not be considered a violation of the communication prohibitions contained in Section 2.3 of this RFP.

ODM reserves the right to negotiate with suppliers for adjustments to their proposals should ODM determine, for any reason, to adjust the scope of the project for which this RFP is released. Such communications are not violations of any communications prohibition, and are expressly permitted when initiated by ODM, but are at the sole discretion of ODM.

SECTION IX. PROTEST PROCEDURE

9.1 Protests

A supplier objecting to any matter relating to this RFP may file a protest using the following guidelines:

A. Protests may be filed by a prospective or actual bidder in writing and shall contain the following information:

1. The name, address, and telephone number of the protestor;

2. The name and number of the RFP being protested;
3. A detailed statement of the legal and factual grounds for the protest, including copies of any relevant documents;

4. A request for a ruling by ODM;

5. A statement as to the form of relief requested from ODM; and

6. Any other information the protestor believes to be essential to the determination of the factual and legal questions at issue in the written protest.

**B.** A timely protest shall be considered by ODM if it is received by OCP as delineated below:

1. A protest based on alleged improprieties in the issuance of the RFP or any other event preceding the closing date for receipt of proposals, shall be filed no later than 3:00 p.m. on the closing date for receipt of proposals, as specified in Section 2.1, Anticipated Procurement Timetable, of this RFP.

2. A protest based upon the award selection shall be filed no later than 3:00 p.m. on the seventh (7th) business day after issuance of the award and denial letters. The date on these letters will be used to determine the timeliness of the protest.

**C.** An untimely protest may be considered by ODM if ODM determines that the protest raises issues significant to ODM’s procurement system. An untimely protest is one received by OCP after the time periods set forth in Item B of this Section.

**D.** All protests must be filed at the following location:

Deputy Legal Counsel, Office of Contracts and Procurement  
Ohio Department of Medicaid  
50 West Town Street  
Columbus, Ohio 43215

**E.** When a timely protest is filed, the selection or contract process may be suspended until a decision on the protest is issued or the matter is otherwise resolved, unless the Director of ODM determines that a delay will severely disadvantage ODM. The supplier who would have been awarded the contract shall be notified of the receipt of the protest.

**F.** ODM shall issue written decisions on all timely protests and shall notify any supplier who filed an untimely protest as to whether or not the protest will be considered.

**9.2 No Obligation to Award**

ODM is under no obligation to issue a contract(s) as a result of this or any solicitation if none of the proposals are responsive to the objectives and the needs of ODM. ODM reserves the right to not select any supplier as a result of this solicitation.
SECTION X. CONDITIONS AND OTHER REQUIREMENTS

This Section notifies suppliers seeking award of a contract of certain conditions and requirements which may affect their eligibility or willingness to participate in any procurement (RFP, RLB, etc.) process, their eligibility to be awarded a contract, and of requirements that would be in effect should they be awarded a contract.

10.1 Interview/Demonstration

Suppliers submitting proposals may be required to participate in an in-depth interview or demonstration as part of the evaluation process. ODM will determine which suppliers, if any, will participate in the interview/demonstration process. Suppliers shall bear all costs of any scheduled interview or demonstration.

If an interview or demonstration occurs, ODM will develop scoring criteria to be used for all participating suppliers. These scores may be added to those suppliers’ proposal scores, or will replace certain criteria scores, at the discretion of ODM.

10.2 Start Work Date

The selected supplier must be able to begin work no later than seven (7) working days after the issuance of a purchase order, or as directed by OCP. The selected supplier will be notified by ODM when work may begin. Any work begun by the supplier prior to notification by OCP will NOT be compensated.

10.3 Trade Secrets Prohibition; Public Information Disclaimer

Suppliers are prohibited from including any trade secret information, as defined in ORC § 1333.61, in their proposals. Any proposals submitted in response to an ODM procurement effort which make claims of trade secret information may be disqualified from consideration immediately upon the discovery of such unallowable claim. ODM shall consider all submissions to be free of trade secrets and shall treat them accordingly. These submissions shall become the property of ODM.

Proposals received are deemed to be public records pursuant to ORC § 149.43. For purposes of this Section, the term “proposal” shall mean both the technical proposal (or application or other response documentation) and the cost proposal submitted by suppliers/applicants and any attachments, addenda, appendices, or sample products. However, any cost proposals that are unopened at the conclusion of the procurement are not considered public record.

10.4 Contractual Requirements

A. Any contract resulting from the issuance of this RFP is subject to the terms and conditions as provided in the model contract, which is included in this RFP. The supplier may propose changes to the model contract by annotating the model and returning it with the supplier’s proposal submission. Any changes are subject to ODM review and approval. Extensive changes may result in the disqualification of the supplier; and

B. The contractor, and any subcontractor(s), will not use or disclose any information made available to them for any purpose other than to fulfill the contractual duties specified in the RFP. The contractor, and any subcontractor(s), agrees to be bound by the same standards
of confidentiality that apply to the employees of ODM and the State of Ohio. Any violation of confidentiality will result in an immediate termination of the contract and may result in legal action.

10.5 Public Release of Evaluations and/or Reports

Any release of data, evaluations and/or reports or data sharing shall be role-based and project specific, and in accordance with state and federal regulations. Any requests for access to data will be directed by ODM and decisions about providing data to any parties will be at the sole discretion of ODM.

10.6 Ethical & Conflict of Interest Requirements

A. No contractor or individual, company or organization seeking a contract shall promise or give to any ODM employee anything of value that is of such character as to manifest a substantial and improper influence upon the employee with respect to his or her duties;

B. No contractor or individual, company or organization seeking a contract shall solicit any ODM employee to violate any of the conduct requirements for employees;

C. Any contractor acting on behalf of ODM shall refrain from activities which could result in violations of ethics and/or conflicts of interest. Any contractor or potential contractor who violates the requirements and prohibitions defined here or of ORC § 102.04 is subject to termination of the contract or refusal by ODM to enter into a contract; and

D. ODM employees and contractors who violate ORC §§ 102.03, 102.04 2921.42 or 2921.43 may be prosecuted for criminal violations.

10.7 Americans with Disabilities Act (ADA)

The selected supplier, its officers, employees, members, and subcontractors will be required to meet the standards of current and ongoing compliance with all statutes and regulations pertaining to The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

10.8 Confidentiality and Health Insurance Portability & Accessibility Act (HIPAA) Requirements

The selected supplier must maintain the confidentiality of information and records in accordance with state and federal laws, rules, and regulations. As a condition of receiving a contract from ODM, the contractor, and any subcontractor(s), will be required to comply with Title 42 of the United States Code (USC) § 1320-d, and the implementing regulations found at 45 CFR § 160 and § 164 regarding disclosure of protected health information under the Health Insurance Portability and Accountability Act (HIPAA) of 1996. Protected Health Information (PHI) is information received by the contractor from or on behalf of ODM that meets the definition of PHI as defined by HIPAA and the regulations promulgated by HHS, specifically 45 CFR §164.501 and any amendments thereto.

10.9 Unresolved Findings for Recovery (ORC 9.24), Labor Practices, and Debarments

ORC § 9.24 prohibits ODM from awarding a contract to any entity against whom the Auditor of State has issued a finding for recovery, if the finding for recovery is “unresolved” at the time of award. By
submitting a proposal, the supplier warrants that it is not now, and will not become, subject to an “unresolved” finding for recovery under ORC § 9.24 prior to the award of any contract arising out of this RFP, without notifying ODM of such finding. ODM will review the Auditor of State’s website prior to completion of evaluations of proposals submitted pursuant to this RFP. ODM will not evaluate a proposal from any supplier whose name, or the name of any of the subcontractors proposed by the supplier, appears on the website of the Auditor of the State of Ohio as having an “unresolved” finding for recovery.

**Unfair Labor Practices.** Each response must affirm that neither the supplier nor its principals are on the most recent list established by the Ohio Secretary of State, pursuant to ORC § 121.23, which would identify the supplier as having more than one unfair labor practice contempt of court finding.

**Federal Debarment Requirements.** Each response must affirm that neither the supplier nor any of its principals or subcontractors, are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in transactions by any federal agency. Proposals also must affirm that within three years preceding their submission that neither the supplier nor any of its principals:

a. Have been convicted of, or had a civil judgment rendered against them for commission of fraud or other criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state, or local public transaction or contract under a public transaction; for violation of federal or state antitrust statutes; for commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements; or for receiving stolen property; or

b. Are presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State, or local) for the commission of any of the offenses listed in this paragraph and have not had any federal, state, or local, public transactions terminated for cause or default.

10.10 **Mandatory Contract Performance Disclosure**

Each response must disclose whether the supplier or any proposed subcontractor has received a formal claim for breach of contract. For purposes of this disclosure, “formal claims” means any claims for breach that have been filed as a lawsuit in any court, submitted for arbitration (whether voluntary or involuntary, binding or not), or assigned to mediation. If any such claims are disclosed, supplier shall fully explain the details of those claims, including the allegations regarding all alleged breaches, any written or legal action resulting from those allegations, and the results of any litigation, arbitration or mediation regarding those claims, including terms of any settlement. While disclosure of any formal claims in response to this section will not automatically disqualify a supplier from consideration, at the sole discretion of ODM, such claims and a review of the background details may result in a rejection of the supplier’s proposal. ODM will make this decision based on its determination of the seriousness of the claims, the potential impact that the behavior that led to the claims could have on the supplier’s performance of the work, and the best interests of ODM.

10.11 **Mandatory Disclosures of Governmental Investigations**

Each response must indicate whether the supplier and any of the proposed subcontractor(s) have been the subject of any adverse regulatory or administrative governmental action (federal, state, or local) with respect to supplier’s performance. If any such instances are disclosed, supplier must fully explain, in detail, the nature of the governmental action, the allegations that led to the governmental action, and the results of the governmental action including any legal action that was taken against supplier by the governmental
agency. While disclosure of any governmental action in response to this Section will not automatically disqualify a supplier from consideration, such governmental action and a review of the background details may result in a rejection of the supplier’s proposal at the sole discretion of ODM.

10.12 MBE Subcontracting Requirements

This RFP contains a sheltered solicitation requirement which requires the supplier to seek and set aside at least 15 percent of the cost of the work per fiscal year to be exclusively performed by Ohio certified MBE businesses. For more information regarding Ohio MBE certification requirements, including a list of Ohio certified MBE businesses, please visit the DAS Equal Opportunity Division web site at: Department of Administrative Services > Divisions > Equal Opportunity, or contact the ODM MBE Representative at 614-752-3305.

A. Sheltered Solicitation. In seeking solicitations from Ohio certified MBE subcontractors, the contractor must:

1. Utilize a competitive process to which only Ohio certified MBEs may respond;

2. Have established criteria by which prospective Ohio MBEs will be evaluated including business ability and specific experience related to the work requirements of this RFP; and

3. Require the Ohio certified MBE maintain a valid certification throughout the term of the contract, including any renewals.

B. MBE Subcontractor Percentage

The supplier’s submitted proposal must include a pre-selected Ohio certified MBE subcontractor supplier, or suppliers, that will be paid, at a minimum, 15 percent of the cost of the contract per state fiscal year. The proposal must provide the MBE supplier(s) name, DAS-MBE certification number, and a stated specific percentage of the cost of the work that it will set-aside for Ohio certified MBE subcontractors only. The proposal also must include a letter from the Ohio certified MBE subcontractors, on company letterhead, agreeing to the performance of work requested by the prime supplier.

Ohio certified MBE subcontractor and Contractor selected percentage. Suppliers will be awarded points for MBE subcontracting according to the formula detailed in Section VIII part C of this RFP. Suppliers who do not identify the minimum required percentage to be set aside for named Ohio certified MBE subcontractors or do not identify one or more Ohio certified MBE subcontractors will be considered nonresponsive to the RFP.

Tracking. Contractor’s shall indicate on all invoices submitted for payment, the dollar amount attributed to the work provided by the selected Ohio certified MBE subcontractors. Compliance with Contractor’s proposed cost set-aside percentage is a term of the awarded contract and failure to attain the proposed percentage each fiscal year may result in the Supplier being found in breach.

Remedies. Contractor may apply in writing to ODM for a waiver or modification of its proposed MBE set-aside cost percentage. However, a modification or waiver request may not be submitted before at least thirty percent (30%) of the work is completed or after eighty percent (80%) of the work is completed. Contractor shall submit evidence acceptable to ODM demonstrating that Contractor made a good faith
effort to seek Ohio certified MBE subcontractors, in order to justify the granting of a waiver or modification. ODM will determine whether Contractor’s good faith efforts and submitted documentation justify the granting of a waiver or modification. If a waiver or modification is denied, Contractor will have an opportunity to attain the percentage before the completion of the work. Compliance with any modified cost set-aside percentage will be a term of the contract and failure to attain the percentage by the expiration of the contract may result in the Contractor being found in breach of contract.

SECTION XI. ATTACHMENTS

1. Attachment A1 to A5 - Required Supplier Information and Certifications and Affirmations
2. Attachment B - Technical Proposal Score Sheet
3. Attachment C - Cost Proposal Form
4. Attachment D- ODM Contract Model
5. Supplement N

Thank you for your interest in this project.
Attachment A1
REQUIRED SUPPLIER INFORMATION

Purpose: ODM requires the following information from suppliers who submit proposals or bids in response to any ODM Requests for Proposals (RFPs) or Requests for Letterhead Bids (RLBs), in order to facilitate the development of the contract (or finalization of a purchase) with the selected supplier. ODM reserves the right to reject your proposal if you fail to provide this information fully, accurately, and by the deadline set by ODM. Failure to provide such required supplier information may result in immediate disqualification of your proposal.

Instructions: Provide the following information regarding the supplier submitting the proposal or bid. Suppliers may either print this attachment, complete and sign, or may provide the required information and certifications (each fully re-stated from this attachment) on their letterhead as the opening pages of their proposals. It is mandatory that the information provided is certified with an original signature (in blue ink, please) from a person with authority to represent the supplier. Suppliers are to provide the completed and signed information and certifications as the cover pages of their original proposal submitted to ODM.

IMPORTANT: If the RFP/RLB specified a maximum page limit for supplier proposals/bids, the attachment of any required certifications, other documents, or additional pages needed to fully provide the information requested here will NOT be counted against that page limit.

1. ODM RFP/RLB# and TITLE: ________________________________

2. Proposal Due Date: ____________________________

3. Supplier Name: (legal name of supplier to whom contract/purchase payments will be made):

   ____________________________________________

4. Supplier Corporate Address: ________________________________

5. Supplier Remittance Address: (or “same” if same as number 4. above): ________________________________

   ____________________________________________

6. Print or type the following information for the supplier’s representative/contact person authorized to answer questions on the proposal/bid:

   Supplier’s Representative Name and Title: ________________________________

   Supplier’s Representative Phone # and Email Address: ________________________________

7. Is this supplier an Ohio certified MBE? Yes ____ No ____. If yes, attach a copy of current certification to proposal/bid. If ODM has specified the RFP/RLB is an opportunity exclusively for MBEs, failure to attach a copy of current certification may result in disqualification.

8. Supplier agrees to comply with the requirements to maintain a complete affirmative action plan and affirm they will be in compliance with ORC § 125.111 prior to being awarded a contract.

9. Supplier Employee Information:
   Total Number of Employees Nationwide: _____ % of Women Employees in Ohio: _____
   Total Number of Employees in Ohio: _____ % of Minority Employees Nationwide: _____
   % of Women Employees Nationwide: _____ % of Minority Employees in Ohio: _____
Attachment A2 - Supplier and Grantee Ethics Certification

1. As a supplier or grantee doing business with* or receiving grants from the State of Ohio, I certify on behalf of ________________________________ (Name of supplier or grantee) that:

   (1) I have reviewed and understand Ohio ethics and conflict of interest laws, as found in Chapter 102 and Sections 2921.42 and 2921.43 of the Ohio Revised Code;

   (2) I acknowledge that our organization is not excluded from entering into a contract with ODM due to restrictions related to the federal debarment list, unresolved findings under ORC § 9.24 and unfair labor findings pursuant to ORC § 121.23; and

   (3) I acknowledge that failure to comply with this certification, is, by itself, grounds for termination of this contract or grant with the State of Ohio.

________________________________________  __________________________
Signature of authorized agent            Date

*"Doing business with” includes all contracts for goods and services, excluding purchases made using the State of Ohio’s Payment Card Program that cost less than $1,000.

2. I have read the ODM Model Contract attached to the RFP/RLB, and if awarded a contract, I will not_______ (or) I will______ request changes to the standard language, and have marked the requested changes and returned the model document with this proposal for consideration by ODM. (If changes are requested, ODM will review those changes if you are the selected supplier. All requested changes to model contract language are subject to ODM approval.)

NOTE: Item 3 below is not applicable and not required when the subject ODM procurement opportunity is offered only to State Term Schedule suppliers.

3. I ________________________________, (authorized supplier representative) hereby affirm that this proposal accurately represents the capabilities and qualifications of ________________________________ (vendor’s name), and I hereby affirm that the cost(s) bid to ODM for the performance of services and/or provision of goods covered in this proposal in response to the ODM RFP/RLB/other purchase opportunity is a firm fixed price, inclusive of all incidental as well as primary costs. (Failure to provide the proper affirming signature on this item may result in the disqualification of your proposal/bid.)

4. I ________________________________, (authorized supplier representative) hereby attest that I understand that any and all information included in this proposal is not confidential and/or trade secret information (as defined in the RFP or where found in an RLB document) and that the proposal submission may be posted in its entirety on the Internet for public viewing. Following submission to ODM, all proposals submitted may become part of the public record. ODM reserves the right to disqualify any supplier whose proposal is found to contain such prohibited personal information. The supplier affirms that they shall be solely responsible for any and all information disclosed in the proposal submission and any or all information released by ODM in a public records request(s).
Attachment A3 – Location of Business and Offshore Declaration Form

**Location of Business Declaration:** suppliers responding to any ODM RFP/RLB (etc.) must certify that no public funds shall be spent on services provided/performed offshore by completing, signing, and returning the “Location of Business Form,” which is the final section of this attachment. **FAILURE TO PROPERLY COMPLETE, SIGN AND RETURN THIS FORM MAY RESULT IN DISQUALIFICATION OF THE SUPPLIER FROM CONSIDERATION FOR AWARD OF THIS ODM CONTRACT.**

Pursuant to Governor’s Executive Order 2011-12K (www.governor.ohio.gov), no public funds shall be spent on services provided offshore. This form serves as a certification of compliance with this policy and required disclosures. Please answer the following questions about the project or service you are seeking to perform for or the funding for which you are applying from the Ohio Department of Medicaid:

1. **Principal location of business of Contractor:**
   - (Address) _______________________________ (City, State, Zip) _______________________________
   - Name/Principal location of business of subcontractor(s):
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________

2. **Location where services will be performed by Contractor:**
   - (Address) _______________________________ (City, State, Zip) _______________________________
   - Name/Location where services will be performed by subcontractor(s):
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________

3. **Location where state data will be stored, accessed, tested, maintained or backed-up, by Contractor:**
   - (Address) _______________________________ (Address, City, State, Zip) _______________________________
   - Name/Location(s) where state data will be stored, accessed, tested, maintained or backed-up by subcontractor(s):
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________
     - (Name) _______________________________ (Address, City, State, Zip) _______________________________
4. Location where services to be performed will be changed or shifted by Contractor:

(Name)  (Address, City, State, Zip)

Address(s) where services will be changed or shifted to be performed by subcontractor(s):

(Name)  (Address, City, State, Zip)

(Name)  (Address, City, State, Zip)

By signing below, I hereby certify and affirm that I have reviewed, understand, and will abide by the Governor’s Executive Order 2011-12K. I attest that no funds provided by ODM for this project or any other agreement will be used to purchase services provided outside the United States or to contract with a subcontractor who will use the funds to purchase services provided outside the United States. I will promptly notify ODM if there is a change in the location where any of the services relating to this project will be performed. If I am signing this on behalf of a company, business, or organization, I hereby acknowledge that I have the authority to make this certification on behalf of that entity.

Signature  Date

Entity Name  Address (Principal place of business)

Printed name of individual authorized to sign on behalf of entity  City, State, Zip
ATTACHMENT A4 - AFFIDAVIT OF NON-COLLUSION

I state that I am ______________________________________ (title) of ___________________________________________ (name of firm) and that I am authorized to make this affidavit on behalf of my firm, and its owners, directors, and officers. I am the person responsible in my firm for the price(s) and the amount of this Proposal.

I state that:

(1) The price(s) and amount of this Proposal have been arrived at independently and without consultation, communication or agreement with any other Proposer or potential Proposer, except as necessary to satisfy the requirement to subcontract a portion of the work under this contract with Minority Business Enterprise suppliers.

(2) That neither the price(s) nor the amount of this Proposal, and neither the approximate price(s) nor approximate amount of this Proposal, have been disclosed to any other firm or person who is a Proposer or potential Proposer, with the exception of Minority Business Enterprise suppliers that are serving as subcontractors or partners for the specific work that is being solicited, and they will not be disclosed before Solicitation opening.

(3) No attempt has been made or will be made to induce any firm or person to refrain from bidding on this contract, or to submit a Cost Proposal higher than this Cost Proposal, or to submit any intentionally high or noncompetitive Proposal or other form of complementary Proposal.

(4) The Proposal of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive Proposal.

(5) ___________________________________________ (name of firm), its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last four years been convicted of or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract, except as described in the attached appendix.

I state that ___________________________________________ (name of firm) understands and acknowledges that the above representations are material and important, and will be relied on by the ODM in awarding the contract(s) for which this Proposal is submitted. I understand and my firm understands that any misstatement in this affidavit is and shall be treated as fraudulent concealment from the ODM of the true facts relating to the submission of Proposals for this contract.

Attachment A5 – Certifications and Assurances

ODM Contract Model Provisions

The Terms and Conditions located in Attachment D – ODM Contract Model shall be included in any contract(s) resulting from this RFP.

Attachment D: Contract Template Language, including HIPAA Business Associate:

1. ODM’s Contract Model has been included as Appendix D. To be responsive, Suppliers must indicate a willingness to enter into a Contract substantially similar to Appendix D: ODM Contract Model by signing this Certifications and Assurances (Attachment A5). Any specific areas of dispute with the terms and conditions of Attachment D must be identified in Supplier’s Response and may, at the sole discretion of ODM, be grounds for disqualification from further consideration in the award of a Contract.

2. Suppliers are expected to closely read the Terms and Conditions of the Contract Model outlined in Attachment D. Suppliers shall note any exception to the Terms and Conditions. Any exception must include an explanation for the Supplier’s inability to comply with such term or condition and, if applicable, alternative language the Supplier would find acceptable. Rejection of the Terms and Conditions, in whole or in part, may be cause for ODM’s rejection of a Supplier’s proposal. If an exception concerning the Terms and Conditions is not noted, but is raised during contract negotiations, ODM reserves the right to cancel the negotiation, at its sole discretion.

3. Please list and clearly explain any exceptions to ODM Terms and Conditions located in Attachment D. If no proposed changes are listed, the Supplier is indicating that no changes to the Attachment D-ODM Model Contract are proposed, and that the Supplier intends to accept it as written if the Supplier’s Proposal is selected for award of a contract. Under no circumstances is a Supplier to submit its own standard contract terms and conditions in response to this solicitation. Instead, Supplier must review and identify the language in the ODM Contract Model that Supplier finds problematic, state the issue, and propose the language or contract modification Supplier is requesting. All of Supplier’s exceptions to the proposed contract terms and conditions must be submitted within their Response, attached to Appendix A5, Certifications and Assurances. ODM expects the final Contract signed by the Selected Supplier to be substantially the same as the ODM Contract Model.

- The Supplier may add rows as appropriate.
- ODM has no obligation to accept any exception(s).

4. A Supplier may be more favorably evaluated based on the degree of acceptance of the ODM Model Contract specified terms and conditions without exception, reservation, or limitation. Suppliers may, however, propose revisions to the proposed Contract terminology for clarification and procedural purposes, or revisions based upon specific elements of their offering.
5. The Selected Supplier is expected to execute the Contract within **five (5) Business Days** of its receipt of the final Contract. If the selected Supplier fails to sign the Contract within the allotted time frame, ODM may elect to cancel the award, and award the Contract to the next ranked Supplier, or cancel or reissue this solicitation. Supplier’s submission of a Response to this solicitation constitutes acceptance of these contract requirements.

## Technical Proposal Score Sheet for
RFP # ODMR-1819-1022

**PHASE I: Initial Qualifying Criteria**

The proposal must meet all of the following Phase I proposal acceptance criteria in order to be considered for further evaluation. Any proposal receiving a “no” response to any of the following qualifying criteria **shall be disqualified from consideration.**

<table>
<thead>

<td>Sect. III, 3.1E</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Has the supplier met the requirements in Attachment A: A1- Required Supplier Information, A2- Supplier and Grantee Ethics Certification, A3- Location of Business and Offshore Declaration Form, and A4- Affidavit of Non-Collusion and affirm the following?
1. The review and understanding of Ohio ethics and conflict of interest laws, as found in Chapter 102 and §§ 2921.42 and 2921.43 of the ORC;
2. Confirmation of not being excluded from entering into a contract with ODM due to restrictions related to the federal debarment list, unresolved findings under ORC §9.24 and unfair labor findings pursuant to ORC §121.23;
3. Compliance with the requirement to maintain a complete affirmative action plan, or accept the State’s plan, and be in compliance with ORC § 125.111 prior to being awarded a contract. Suppliers should review these requirements at the following DAS website: http://das.ohio.gov/Divisions/EqualOpportunity/AffirmativeActionEqualEmploymentOpportunity.aspx; and
4. Acknowledgement that, pursuant to ORC 9.76, a state agency may not enter into or renew a contract for supplies, equipment or services with a company that operates to earn a profit unless that company certifies that it is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade. Supplier agrees to notify ODM immediately if it boycotts a jurisdiction with whom the State of Ohio can enjoy open trade.

Did the supplier submit with their proposal a selected Ohio certified Minority Business Enterprise (MBE) subcontractor, along with a copy of their Ohio MBE certification letter, assigned, at a minimum, job duties that will equate to 15 percent of the total dollar amount of the contract per state fiscal year (SFY)?

Is the supplier an Ohio certified MBE, Encouraging Diversity, Growth and Equity (EDGE) or Veteran Business Enterprise (VBE)? Circle Yes or No here. If so, have they provided a copy of their current certification from DAS?

Has the supplier met all of the above Mandatory Supplier Qualifications in Phase I and can proceed to Phase II of the scoring criteria of the Technical Proposal?

**PHASE II: Criteria for Scoring of Technical Proposal**

Qualifying technical proposals will be collectively scored by a Proposal Review Team (PRT) appointed by ODM. For each of the evaluation criteria given in the following score sheet, reviewers will collectively judge whether the technical proposal exceeds, meets, partially meets or does not meet the requirements expressed in the RFP. The point values vary in each section and are defined, at the beginning of each section:

<table>
<thead>
<tr>
<th>0</th>
<th>XXX</th>
<th>XXX</th>
<th>XXX</th>
</tr>
</thead>
<tbody>
<tr>
<td>Does Not Meet Requirement</td>
<td>Partially Meets Requirement</td>
<td>Meets Requirement</td>
<td>Exceeds Requirement</td>
</tr>
</tbody>
</table>

**Technical Performance Scoring Definitions:**

“Does Not Meet Requirement”- A particular RFP requirement was not addressed in the vendor’s proposal.

“Partially Meets Requirement”- Supplier proposal demonstrates some attempt at meeting a particular RFP requirement, but that attempt falls below acceptable level.

“Meets Requirement”- Supplier proposal fulfills a particular RFP requirement in all material respects, potentially with only minor, non-substantial deviation.

“Exceeds Requirement”- Supplier proposal fulfills a particular RFP requirement in all material respects and offers some additional level of quality in excess of ODM expectations.

A technical proposal’s total PHASE II score will be the sum of the point value for all the evaluation criteria. The review team will collectively score each individual qualifying proposal. Technical proposals that do not meet or
exceed a total score of at least 204,470 points (a score which represents that the selected supplier has the capability to successfully perform the project/program services) out of a maximum of 314,570 points, will be disqualified from further consideration, and its cost proposal will neither be opened nor considered. Only those suppliers whose Technical Proposals meet or exceed the minimum required technical points will advance to PHASE III of the technical proposal score sheet.

The point values for the criteria under “Supplier Qualifications” are as follows:

</tr>
<tr>
<td>3</td>
<td><strong>Activity:</strong> Under this scoring criteria, the supplier will be scored on their response to the below Activities and will be required to provide a description of their experience in performing Activities a. through g. for each state identified in paragraph 3.2. A, and address, at a minimum, each of the following components for each Activity: 1. Effective dates of the state contract (i.e., current/prior); 2. Total years that the activity is/was performed for the state; and 3. A brief description of the activity conducted including the list of Deliverables produced for the state. Activities a. through g. listed in Section 3.2, and as shown below:</td>
<td>Sect. III, 3.2 C</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>4</td>
<td><strong>Activity:</strong> a. Evaluation of health plan compliance with state and federal Medicaid managed care regulations using a standardized data collection tool and multiple data collection methods (e.g., staff interviews, on-site reviews, desk reviews), aggregating and analyzing findings, and presenting health plan level findings regarding compliance with the administrative standards to the State.</td>
<td>Sect. III, 3.2 D.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

This is not scored – instruction for numbers 4-10:
| Activity | b. Comparison of two different sources of data/information in order to generate a rate of agreement between the two data sources (e.g., health plan care management clinical documentation and data reported by the plan to a state care management database, health plan’s provider directory versus contact information reported on a provider survey) using a standardized data collection tool and presenting the findings to the State. | Sect. III, 3.2 D. |
| Activity | c. Assessment of health plans’ information systems capabilities with respect to data collection, analysis, integration, management, and reporting using a standardized assessment tool and multiple data collection methods (e.g., staff interviews, desk reviews, on-site reviews), and identification of any problems that may impact the state’s ability to monitor health plan performance. | Sect. III, 3.2 D. |
| Activity | d. Abstraction of data from electronic/paper medical records, care management files, grievances, provider contracts, etc. at the provider or health plan level that involves using a standardized data collection tool, development of abstractor training materials, and calculation of inter-rater reliability. | Sect. III, 3.2 D. |
| Activity | e. Completion of an external quality review technical report as specified in 42 CFR Part 438.364. | Sect. III, 3.2 D. |
| Activity | g. Provider monitoring – developing evaluation methodologies, structured questionnaires, and other tools for conducting desk and on-site reviews of healthcare providers, generating reports that include scoring/ranking criteria, compliance determinations, identification of areas for improvement, and the development of recommendations for improvement. | Sect. III, 3.2 D. |

B. A Project Lead with project management responsibility shall be assigned for each Deliverable.
C. During all phases of the project life cycle (e.g., initiation, planning, execution, monitoring and control, and closure), including key decision-making points fundamental to project execution and the presentation of key findings and recommendations, assigned project leads, the Project Director, and other relevant supplier staff will participate in person with ODM. Other in-person collaboration may be required and will be determined as needed.
D. The Project Director will take an active role in overseeing all aspects of the Scopes of Work and Deliverables. The PD will also identify overlaps/dependencies in Scopes of Work to assure effective execution. This will include attending (in person or by phone) most meetings that occur between ODM project staff and supplier project staff.
E. The Project Director will meet weekly (in person or by phone) with the ODM Contract Manager.
F. A Project Lead with project management responsibility shall be assigned for each Scope of Work.
G. In the first 6 months – ODM expects the Project Director to spend a significant amount of time on-site, as needed, based on operational need. After that time, it may be adjusted as deemed appropriate by agreement between the supplier and ODM. Key project leads may also be required to have a consistent on-site presence during startup of activities to accommodate specific project needs.

The review team in its comprehensive review of the vendor’s proposal has determined that the proposal was free of trade secret/proprietary information as specified/restricted in the RFP. [A “no” response will disqualify the vendor’s proposal and will not advance to the consideration of the vendor’s Cost Proposal.]

|   |   | YES | NO |

**GRAND TOTAL SCORE:**

Based upon the Grand Total Technical Score earned, does the vendor’s proposal proceed to the Phase III evaluation of its Cost Proposal? (Supplier’s Grand Total Technical Score must be at least 204,470 points.)

Yes [ ] No [ ]

(If “No,” Vendor’s Cost Proposal will not be opened.)
OHIO DEPARTMENT OF MEDICAID
CONTRACT FOR SERVICES

C-1819-00-0000

RECITALS:

This Contract is entered into between the Ohio Department of Medicaid (ODM) and Vendor Name (CONTRACTOR).

A. ODM issued a Request for Proposal (RFP) titled _________________, numbered ____________, and dated ________________, which is hereby incorporated by reference.

B. The ODM proposal review team recommended for award the Proposal submitted by CONTRACTOR on [DATE] which is hereby incorporated by reference.

C. In the event of any inconsistency or ambiguity between the provisions of the RFP, the Proposal, or this Contract, the provisions of this Contract will determine the obligations of the parties. In the event that this Contract fails to clarify any inconsistency or ambiguity between the RFP and the Proposal, the RFP will determine the obligations of the parties. In the event of a disputed issue that is not addressed in any of the aforementioned documents, the parties hereby agree to make every reasonable effort to resolve this dispute in keeping with the objectives of this Contract and the budgetary and statutory constraints of ODM.

ARTICLE I. PURPOSE; DELIVERABLES

A. INSERT PURPOSE AND LEGAL AUTHORITY. CONTRACTOR will perform its responsibilities under this Contract [in accordance with the RFP and the Proposal] (Deliverables) as follows:

INSERT DELIVERABLES

B. The ODM Contract Manager is ODM Contract Manager or successor.

C. The ODM Contract Manager may periodically communicate specific requests and instructions to CONTRACTOR concerning the performance of the Deliverables described in this Contract. CONTRACTOR agrees to comply with any requests or instructions to the satisfaction of ODM within ten business days after CONTRACTOR’s receipt of the requests or instructions. ODM and CONTRACTOR expressly understand that any requests or instructions will be strictly construed to ensure the successful completion of the Deliverables described in this Contract, and are not intended to amend or alter this Contract in any way. If CONTRACTOR believes that any requests or instructions would materially alter the terms and conditions of this Contract or the compensation stated hereunder, CONTRACTOR will immediately notify ODM pursuant to the notice provision of this Contract. CONTRACTOR agrees to consult with the ODM Contract Manager as necessary to ensure understanding of the Deliverables and the successful completion thereof.

D. Ownership of Deliverables.

1. All Deliverables provided by CONTRACTOR under this Contract or with funds hereunder, including any documents, data, photographs and negatives, electronic reports/records, or other media, are the property of ODM, which has an unrestricted right to reproduce, distribute, modify, maintain, and use the Deliverables. CONTRACTOR will not obtain copyright, patent, or other proprietary protection for the Deliverables. CONTRACTOR will not include in any Deliverable any copyrighted matter, unless the copyright owner gives prior written approval for ODM and CONTRACTOR to use such copyrighted matter in the manner provided herein. CONTRACTOR agrees that all Deliverables will be made freely available to the public unless ODM determines that, pursuant to state or federal law, such materials are confidential or otherwise exempted from disclosure.

2. All Deliverables provided or produced pursuant to this Contract will be considered “works made for hire” within the meaning of copyright laws of the United States and the State of Ohio. ODM is and will be deemed sole author of the Deliverables and sole owner of all rights therein. If any portion of the Deliverables is deemed not a “work made for hire,” or if there are any rights in the Deliverables not conveyed to ODM, CONTRACTOR agrees to, and by executing this Contract does, assign ODM all worldwide rights, title, and interest in and to the Deliverables. ODM acknowledges that its sole
ownership of the Deliverables under this Contract does not affect CONTRACTOR’s right to use general concepts, algorithms, programming techniques, methodologies, or technology that CONTRACTOR developed prior to or as a result of this Contract or that are generally known and available.

3. CONTRACTOR understands that it must submit a written request to ODM and receive express written permission from ODM to include any of its own pre-existing, proprietary materials in any of the Deliverables under this Contract. ODM’s approval of the inclusion of pre-existing, proprietary materials is predicated on CONTRACTOR granting to ODM and the State of Ohio a worldwide, non-exclusive, perpetual, royalty-free license to use, modify, sell, and otherwise distribute all such materials that are included in the Deliverables under this Contract. Upon request by CONTRACTOR, ODM will incorporate into any future copies of the Deliverables under this Contract any proprietary notice(s) CONTRACTOR may reasonably require for any pre-existing, proprietary materials included in the Deliverables of this Contract. Any proprietary notices will be the minimum required by law so as not to be seen as an endorsement by ODM of or advertisement for CONTRACTOR.

D. [UNIVERSITY RESEARCH] The Deliverables produced by CONTRACTOR under this Contract will be copyrighted in the name of CONTRACTOR. However, CONTRACTOR is required to obtain prior approval from ODM for release of any results, including preliminary and/or final results, related to funded projects or funded data under this Contract, and any documents, reports, data, photographs (including negatives), electronic reports and records, and other media under this Contract. CONTRACTOR hereby grants to ODM a perpetual, royalty free, non-exclusive, and irrevocable license to use, reproduce, publish, modify, and distribute any Deliverable either in whole or in part, and to produce derivative works. CONTRACTOR will assure that all products contain appropriate copyright attribution and ODM will treat Deliverable products as the intellectual property of CONTRACTOR for purposes of ORC 149.43. CONTRACTOR further reserves the right to use the Deliverables produced under this Contract for research and academic purposes, including the right to publish the work in scholarly journals or other academic publications.]

ARTICLE II. CONFIDENTIALITY OF INFORMATION

A. CONTRACTOR agrees that it shall not use any information, systems, or records made available to it for any purpose other than to fulfill the obligations specified herein. CONTRACTOR specifically agrees to comply with state and federal confidentiality and information disclosure laws, rules, and regulations applicable to programs under which this Contract exists, including, but not limited to:

1. United States Code, 42 USC 1320d through 1320d-8 (HIPAA);
2. Code of Federal Regulations, 42 CFR 431.300, 431.302, 431.305, 431.306, 435.945, 45 CFR 164.502(e), 164.504(e), and 162.100;
3. Ohio Revised Code, ORC 173.20, 173.22, 1333.61, 2305.24, 2305.251, 2305.252, 3701.243, 3701.028, 4123.27, 5101.26, 5101.27, 5160.39, 5160.45, 5168.13, and 5165.88; and

B. CONTRACTOR agrees that any data created, received, maintained or transmitted on behalf of ODM by CONTRACTOR shall be returned to ODM not later than 90 calendar days following termination of this Contract and shall certify that no copies of source data were retained by CONTRACTOR, unless as may be otherwise provided for in this Contract or by law.

C. CONTRACTOR shall implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the paper and/or electronic protected personal data and health information that it creates, receives, maintains, or transmits on behalf of ODM against use or disclosure not provided for by this Contract.

D. CONTRACTOR agrees that access to the records and data provided by ODM for purposes of this Contract will be restricted to only those authorized employees, officials, subcontractors, and other persons who need it to perform duties related to this Contract. CONTRACTOR agrees to provide the ODM Contract Manager with a complete listing of any and all such persons who shall have access to the above referenced records and/or data.

E. CONTRACTOR agrees that the above records and/or data and any records, reports, databases, and/or other derivative documents created from the information provided under this Contract shall be stored in an area
that is physically safe from access from unauthorized persons during duty and non-duty hours. Information provided under this Contract shall be protected electronically to prevent unauthorized access by computer, remote access, or any other means. CONTRACTOR expressly agrees that no records will be accessed, tested, maintained, backed up or stored outside of the United States.

F. CONTRACTOR shall assure that all persons who have access to the above referenced information shall be fully apprised as to the confidential nature of the information, the safeguards required to protect the information, and the applicable civil and criminal sanctions and penalties associated with any intentional or non-intentional disclosure. No subcontractor shall receive any information without a written agreement with CONTRACTOR incorporating these assurances.

G. CONTRACTOR agrees that any information provided under this agreement that is proprietary shall be held to be strictly confidential by CONTRACTOR.

H. CONTRACTOR shall not share or otherwise disclose any of the above referenced information to any third party without the express written authorization of the Director of ODM.

I. CONTRACTOR shall permit onsite inspection by the State of Ohio (including but not limited to ODM, the Auditor of the State of Ohio, the Inspector General of Ohio, the Ohio Attorney General or any duly authorized law enforcement officials) and by agencies of the United States government.

J. ODM will prepare data pursuant to the security and encryption standards found in Ohio IT Standard ITS-SEC-01, Data Encryption and Cryptography; and NIST Special Publication 800-53. CONTRACTOR shall prepare, store, and transmit all sensitive data relating to the state of Ohio in accordance with Ohio IT Standard ITS-SEC-01, Data Encryption and Cryptography; State of Ohio Administrative Policy IT-14, Data Encryption and Securing Sensitive Data; and NIST Special Publication 800-53.

K. CONTRACTOR shall comply with Ohio Administrative Policy IT-04, Use of Internet, E-mail and Other IT Resources, as well as any associated agency policies prior to gaining access to statewide and ODM IT resources.

L. The express terms and conditions of this Article shall be included in all subcontracts executed by CONTRACTOR for any and all work under this Contract.

ARTICLE III. EFFECTIVE DATE OF THE CONTRACT

A. This Contract is in effect from July 1, 2017 or upon issuance of an approved State of Ohio purchase order, whichever is later, through June 30, 2019, unless this Contract is suspended or terminated prior to the expiration date. This Contract may be renewed through June 30, 2019, upon satisfactory completion of activities hereunder, appropriation of funds by the Ohio General Assembly, and at the sole discretion of ODM. ODM will issue a notice to CONTRACTOR if ODM decides to renew this Contract. CONTRACTOR will not obligate resources in anticipation of a renewal until notice is provided.

B. It is expressly understood by both ODM and CONTRACTOR that this Contract will not be valid and enforceable until the Director of the Ohio Office of Budget and Management, first certifies, pursuant to Section 126.07 of the Ohio Revised Code (ORC), that there is a balance in the appropriation not already allocated to pay existing obligations. ODM will notify CONTRACTOR when this certification is given.

ARTICLE IV. COMPENSATION

A. The total amount payable under this Contract is TOTAL AMT Dollars ($TOTAL). ODM will pay an amount up to _______ Dollars ($_____ ) for State Fiscal Year 2018 and up to _______ Dollars ($_____ ) for State Fiscal Year 2019 expressly for the completion of the Deliverables. CONTRACTOR understands that the terms of this Contract do not provide for compensation in excess of the total amount listed in this section. CONTRACTOR hereby waives the interest provisions of ORC 126.30.

It is further agreed that reimbursement of travel expenditures shall not exceed ____________ Dollars ($_____ Travel) for SFY 2018 and ____________ Dollars ($_____ ) for SFY 2019, which amounts are included in the total compensation figures above. Expense reimbursement authorized by this section is limited to actual and necessary expenses subject to the limits as established pursuant to ORC 126.31, which
are set forth in Section 126-1-02 of the Ohio Administrative Code (OAC), as well as any other laws, regulations, or Governor's Executive Orders limiting travel expenses. CONTRACTOR expressly agrees not to submit claims for expenses which do not meet the requirements of this section and further agrees to submit all claims to the ODM Contract Manager for approval prior to submitting a claim for reimbursement.

B. Compensation will be paid pursuant to CONTRACTOR’s accepted budget [or cost proposal] as incorporated below [or as attached].

C. CONTRACTOR shall only bill ODM for 85% of moneys due on each invoice, and the other 15% shall be designated as a holdback. The 15% holdback funds are payable to CONTRACTOR at the end of each fiscal year upon satisfying the 15% Minority Business Enterprise set-aside prescribed by Section 8.24 of the RFP and ARTICLE IV.I. and ARTICLE X.B.9 of this Agreement.

D. CONTRACTOR will submit detailed invoices on a ________________ basis in one of the following manners with a copy to the Contract Manager:

   E-Mail: invoices@ohio.gov (the preferred file type for email attachments is .pdf.).
   Mail: Ohio Shared Services
         P.O. Box 182880
         Columbus, Ohio 43218-2880
   Fax: 614.485.1039

CONTRACTOR agrees to use an invoice instrument to be prescribed by ODM and will include in each invoice:

1. CONTRACTOR’s name, complete address, and federal tax identification number;
2. Contract number and dates;
3. Purchase order number;
4. Amount and purpose of the invoice, including such detail as required per the compensation section of this Contract, deliverables completed, description of services rendered, hourly rates and numbers of hours (if applicable), amount of monthly fee (if applicable), and itemized travel and other expenses if permitted by this Contract;
5. Description of Deliverables performed during the billing period;
6. Receipt of other proof of cost; and
7. Other documentation requested by ODM.

E. CONTRACTOR expressly understands that ODM will not compensate CONTRACTOR for any work performed prior to CONTRACTOR’s receipt of notice from ODM that the provisions of ORC 126.07 have been met as set forth in ARTICLE III, nor for work performed after the ending date of this Contract.

F. CONTRACTOR expressly understands that ODM does not have the ability to compensate CONTRACTOR for invoices submitted after the State of Ohio purchase order has been closed. CONTRACTOR must submit final invoices for payment no later than 90 calendar days after the ending date of this Contract. Failure to do so will be deemed a forfeiture of the remaining compensation due hereunder.

G. CONTRACTOR understands that availability of funds is contingent on appropriations made by the Ohio General Assembly or by funding sources external to the State of Ohio, such as federal funding. If the Ohio General Assembly or the external funding source fails at any time to continue funding ODM for the payments due under this Contract, this Contract will be terminated as of the date funding expires without further obligation of ODM or the State of Ohio.
H. [DELETE IF PUBLIC ENTITY] CONTRACTOR and ODM understand that the terms of this Contract, when combined with any other payments made to or open encumbrances with CONTRACTOR during the same State Biennium, cannot establish compensation in excess of Fifty Thousand and 00/100 Dollars ($50,000.00) aggregate without prior approval from the State Controlling Board in accordance with ORC 127.16.

I. Minority Business Enterprise Set-Aside Percentage: Contractors doing business with all state-level agencies, including ODM, are required to identify and set aside a specific percentage of contract-related Work to be exclusively performed by Ohio-certified Minority Business Enterprise (MBE) businesses, and to actively seek and subcontract for these businesses’ services. MBE set-aside required percentages for SFY 2018 and SFY 2019 are established pursuant to ARTICLE X.B.9. of this Contract, while related determinations regarding payments shall be managed pursuant to this Section.

1. On invoices submitted to ODM, for each Deliverable, CONTRACTOR shall indicate the dollar amount attributed to Ohio certified MBE subcontractors, along with documentation demonstrating the MBE subcontractor activities.

2. If CONTRACTOR does not attain the MBE set-aside percentage prescribed by either ARTICLE X.B.9. or the percentage determined by ODM pursuant to an approved waiver or modification in accordance with ARTICLE X.B.9., CONTRACTOR shall forfeit any performance holdback in full.

3. In addition to any withholding due to CONTRACTOR for not meeting the MBE set-aside required percentages, ODM shall determine the difference between the required percentage and the attained percentage to determine the deficient percentage. CONTRACTOR shall reimburse ODM an amount equal to the total fiscal year payments paid by ODM multiplied by the deficient percentage. Payment shall be submitted by CONTRACTOR to ODM within 90 days of ODM notifying CONTRACTOR of the deficiency and the total amount due.

For example, if VENDOR A has a contract with ODM for $120,000.00 and is required to subcontract 10% ($12,000.00) of the cost of the contract with an MBE, and VENDOR A performs $10,000.00 worth of services each month, VENDOR A would invoice ODM $9,000.00 per month, holding back $1,000.00 from each invoice. If VENDOR A meets the 10% requirement and subcontracts at least $12,000.00 with MBE businesses, at the end of the fiscal year VENDOR A will receive the $12,000.00 in full. If VENDOR A only subcontracts $6,000.00 to MBE vendors, VENDOR A forfeits the $12,000.00 hold back and owes ODM $6,000.00 as the difference between the required set-aside and the actual set-aside.

If a modification or waiver request is submitted and approved, ODM may waive or modify the forfeiture and/or deficiency payment.

4. Determination of Final Holdback Payment. ODM shall consider CONTRACTOR’s ability to meet the MBE set-aside in determining the total MBE holdback amount that will be retained from CONTRACTOR’s final SFY 2018 and SFY 2019 invoices. At any time, if ODM determines to retain a portion the MBE holdback, ODM shall advise CONTRACTOR verbally and in writing (via email) of the reason(s) for the withholding, the total amount, and the condition(s) upon which it is based.

ARTICLE V. SUSPENSION AND TERMINATION, BREACH AND DEFAULT

A. This Contract will automatically terminate upon expiration of the time period in ARTICLE III, or upon completion of all Deliverables, or once all of the compensation has been paid.

B. Notwithstanding other provisions in this Article, either party may terminate this Contract at will by giving 90 calendar days written notice to the other party. Upon a 30 calendar day written notice to CONTRACTOR, ODM may suspend this Contract at ODM’s sole discretion.

C. Notwithstanding the provision of Section A, above, ODM may suspend or terminate this Contract immediately upon delivery of a written notice to CONTRACTOR if:

1. ODM loses funding as described in ARTICLE IV;

2. ODM discovers any illegal conduct by CONTRACTOR; or
3. CONTRACTOR has violated any provision of ARTICLE X.

D. Unless provided for in Sections A, B and C of this Article, CONTRACTOR will have 30 calendar days within which to cure any breach that is curable after receipt of written notice from ODM that CONTRACTOR is in breach of any of its obligations under this Contract. If CONTRACTOR fails to cure the breach within the 30 calendar days after written notice or if the breach is not curable, ODM may immediately suspend or terminate this Contract. ODM may also suspend or terminate this Contract when breaches are persistent, regardless of whether they are cured within 30 calendar days. For purposes of this Section, “persistent” means that ODM has notified CONTRACTOR three times in writing of CONTRACTOR’s failure to meet any of its contractual obligations. The three notices do not have to relate to the same obligation or type of failure. After the third notice, ODM may suspend or terminate this Contract without a cure period if CONTRACTOR again fails to meet any contractual obligation. At the sole discretion of ODM, certain instances of breach may require a shorter cure period than the 30 calendar days generally applicable in this Section. In such instances, ODM will include in its notice of breach the shorter cure period deemed appropriate.

E. CONTRACTOR, upon receiving notice of suspension or termination, will:
   1. Cease performance of the suspended or terminated Deliverables;
   2. Take all necessary steps to limit disbursements and minimize costs including, but not limited to, suspending or terminating all contracts and subgrants related to suspended or terminated Deliverables;
   3. Prepare and furnish a report to ODM, as of the date the notice of termination or suspension was received, that describes the status of all Deliverables and includes the results accomplished and the conclusions reached through Deliverables;
   4. Return all records in their native format relating to cost, work performed, supporting documentation for invoices submitted to ODM, and copies of all materials produced under or pertaining to this Contract; and
   5. Perform any other tasks ODM requires.

F. In the event of suspension or termination under this Article, ODM will, upon receipt of a proper invoice from CONTRACTOR, determine the amount of any unpaid Contract funds due to CONTRACTOR for Deliverables performed before CONTRACTOR received notice of termination or suspension. In order to determine the amount due to CONTRACTOR, ODM will base its calculations on the payment method described in ARTICLE IV and any funds previously paid by or on behalf of ODM. ODM will not be liable for any further claims submitted by CONTRACTOR.

G. If ODM terminates this Contract for any reason provided in this Article, except for termination at will pursuant to Section B or termination for loss of funding pursuant to Section C, ODM will be entitled to utilize another contractor to complete the Deliverables of this Contract on any commercially reasonable terms as ODM and the covering contractor may agree. In this event, CONTRACTOR will be liable to ODM for all costs related to covering the project to the extent that such costs, when combined with payments already made to CONTRACTOR prior to termination, exceed the costs that ODM would have incurred under this Contract. CONTRACTOR’s liability under this Section is in addition to any other remedies available to ODM pursuant to this Contract.

H. Upon CONTRACTOR’s breach or default of provisions, obligations, or duties embodied in this Contract or any term of an award, a federal statute or regulation, an assurance, a State plan or application, a notice of award, or other applicable rule, ODM reserves the right to exercise any administrative, contractual, equitable, or legal remedies available without limitation. Any waiver by ODM of an occurrence of breach or default is not a waiver of subsequent occurrences. If ODM or CONTRACTOR fails to perform any obligation under this Contract and the other party subsequently waives the failure, the waiver will be limited to that particular occurrence of a failure and will not be deemed to waive other failures that may occur. Waiver by ODM will not be effective unless it is in writing signed by the ODM Director.
ARTICLE VI. NOTICES

A. ODM and CONTRACTOR agree that communication regarding Deliverables, scope of work, invoice or billing questions, or other routine instructions will be between CONTRACTOR and the identified ODM Contract Manager.

B. Notices to ODM from CONTRACTOR that concern changes to CONTRACTOR’s principal place of operation, billing address, legal name, federal tax identification number, mergers or acquisitions, corporate form, excusable delay, termination, bankruptcy, assignment, any notice pursuant to ARTICLE X, and/or any other formal notice regarding this Contract will be sent to the ODM Chief Legal Counsel, Office of Chief Legal, 50 West Town Street, 5th floor, Columbus, Ohio 43215.

C. Notices to CONTRACTOR from ODM concerning termination, suspension, option to renew, breach, default, or other formal notices regarding this Contract will be sent to CONTRACTOR’s representative at the address appearing on the signature page of this Contract.

D. All notices will be in writing and will be deemed given when received. All notices must be sent using a delivery method that documents actual delivery to the appropriate address herein indicated (e.g., certified mail).

ARTICLE VII. RECORDS, DOCUMENTS AND INFORMATION

CONTRACTOR agrees that all records, documents, writings, and other information, created or used pursuant to this Contract will be treated according to the following terms, and that the terms will be included in any subcontracts executed for the performance of the Deliverables under this Contract:

A. CONTRACTOR agrees that any media produced pursuant to this Contract or acquired with Contract funds will become the property of ODM. This includes all documents, reports, data, photographs (including negatives), and electronic reports and records. ODM will maintain the unrestricted right to reproduce, distribute, modify, maintain, and use the media in any way ODM deems appropriate. CONTRACTOR further agrees not to seek or obtain copyright, patent or other proprietary protection for any materials or items produced under this Contract. CONTRACTOR understands that all materials and items produced under this Contract will be made freely available to the public unless ODM determines that certain materials are confidential under federal or state law.

B. All ODM information that is classified as public or private under Ohio law will be treated as such by CONTRACTOR. Should the nature of any information be in question, ODM will determine whether the information is public or private. CONTRACTOR will restrict the use of any information, systems, or records ODM provides to the specific Deliverables of this Contract. CONTRACTOR and its employees agree to be bound by the same standards and rules of confidentiality that apply to employees of ODM and the State of Ohio. CONTRACTOR agrees that the terms of this section will be included in any subcontract executed by CONTRACTOR for work under this Contract.

C. CONTRACTOR information that is proprietary and has been specifically identified by CONTRACTOR as proprietary will be held as confidential by ODM. Proprietary information is information that would put CONTRACTOR at a competitive disadvantage in CONTRACTOR’s market place and trade if it were made public. ODM reserves the right to require reasonable evidence of CONTRACTOR’s assertion of the proprietary nature of any information. The provisions of this Article are not self-executing. CONTRACTOR must demonstrate that any information claimed as proprietary meets the definition of “trade secrets” found at ORC 1333.61.
D. For audit purposes only, all records relating to cost, work performed, supporting documentation for invoices submitted to ODM, and copies of all materials produced under or pertaining to this Contract will be retained by CONTRACTOR and will be made available for audit by state and federal government entities that include, but are not limited to, ODM, the Ohio Auditor of State, the Ohio Inspector General and all duly authorized law enforcement officials. The records and materials will be retained and made available for a minimum of three years after CONTRACTOR receives the last payment pursuant to this Contract. If an audit or similar action is initiated during this time period, CONTRACTOR will retain the records until the action is concluded and all issues are resolved, or until the end of the three-year period if the action is resolved prior to the end of the three-year period, unless otherwise directed below in Section E. If applicable, CONTRACTOR must meet the requirements of the federal Office of Management and Budget (OMB) Omni-Circular, 2 CFR Part 200.104. CONTRACTOR acknowledges, in accordance with ORC 149.43, that financial records related to the performance of services under this Contract are presumptively deemed public records.

CONTRACTOR must, for each subcontract in excess of $2,500.00, require its subcontractors to agree to the same provisions of this Section. CONTRACTOR may not artificially divide contracts with its subcontractors to avoid requiring subcontractors to agree to this provision. This provision does not apply to contracts where federal funds are used and the federal government requires audits of all subcontracts regardless of the amount of the contract.

E. All records relating to cost, work performed, supporting documentation for invoices submitted to ODM, and copies of all materials produced under or pertaining to this Contract will be retained by CONTRACTOR in accordance to the appropriate records retention schedule. The appropriate records retention schedule for this Contract is [INSERT RECORDS SCHEDULE]. If any records are destroyed prior to the date as determined by the appropriate records retention schedule, CONTRACTOR agrees to pay all costs associated with any cause, action or litigation arising from such destruction.

F. CONTRACTOR agrees to retain all records in accordance to any litigation holds that are provided to them by ODM, and actively participate in the discovery process if required to do so, at no additional charge. Litigation holds may require CONTRACTOR to keep the records longer than the approved records retention schedule. CONTRACTOR will be notified by ODM when the litigation hold ends and retention can resume based on the approved records retention schedule. If CONTRACTOR fails to retain the pertinent records after receiving a litigation hold from ODM, CONTRACTOR agrees to pay all costs associated with any cause, action or litigation arising from such destruction.

G. CONTRACTOR hereby agrees to current and ongoing compliance with Title 42, Sections 1320d through 1320d-8 of the United States Code (USC) and the implementing regulations found at Title 45, Parts 164.502(e) and 164.504(e) of the Code of Federal Regulations (CFR) regarding disclosure of Protected Health Information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). CONTRACTOR further agrees to include the terms of this section in any subcontracts that may be executed pursuant to this Contract.

ARTICLE VIII. AMENDMENT AND ASSIGNMENT

A. This writing constitutes the entire agreement between ODM and CONTRACTOR with respect to all matters herein. Only a writing signed by both parties may amend this Contract. However, ODM and CONTRACTOR agree that any amendments to any laws or regulations cited herein will result in the correlative modification of this Contract without the necessity for executing written amendments. Any written amendment to this Contract will be prospective in nature.

B. CONTRACTOR agrees not to assign any interest in this Contract nor transfer any interest in the Contract without the prior written approval of ODM. CONTRACTOR will submit any requests for approval of assignments and transfers to the ODM Contract Manager at least ten business days prior to the desired effective date. CONTRACTOR understands that any assignments and transfers will be subject to any conditions ODM deems necessary and that no approval by ODM will be deemed to provide for any ODM obligation that exceeds the Contract amount specified in ARTICLE IV of this Contract.
ARTICLE IX. BUSINESS ASSOCIATE REQUIREMENTS UNDER HIPAA

A. The definitions contained in this section are derived from federal law. Should there be any conflict between the meanings assigned in this Contract and the meanings defined in applicable federal law (even in the event of future amendments to law that create such conflict), the definitions found in federal law will prevail.

1. **General Definitions.** The following terms used in this Contract shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Required by Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information and Use.

2. **Specific Definitions.**
   a. HIPAA means the Health Insurance Portability and Accountability Act of 1996, the American Recovery and Reinvestment Act of 2009 (ARRA) and any other applicable federal statute or regulation.
   c. Covered Entity means a health plan, a health care clearinghouse, or health care provider under 45 CFR 160.103.
   d. Business Associate means a person or entity that, on behalf of the Covered Entity, maintains, performs, or assists in the performance of a function or activity that involves the use or disclosure of “Protected Health Information” under 45 CFR 160.103.
   e. Protected Health Information (PHI) means individually identifiable information including but not limited to the past, present or future physical or mental health or condition of an individual, provision of health care to an individual, or the past, present or future payment for health care provided to an individual, as more fully defined under 45 CFR 164.501 and any amendments thereto, received or sent on behalf of the Department.

B. CONTRACTOR acknowledges that ODM is a Covered Entity under HIPAA. CONTRACTOR further acknowledges that it is a Business Associate of ODM, and, in carrying out the work described in this Contract, agrees to comply with all of the following provisions:

1. **Permitted Uses and Disclosures.** CONTRACTOR will not use or disclose PHI except as provided in this Contract or as otherwise required under HIPAA regulations or other applicable law.

2. **Safeguards.** CONTRACTOR will implement sufficient safeguards, and comply with Subpart C of 45 CFR Part 164 pertaining to electronic PHI to prevent the use or disclosure of PHI other than as provided for under this Contract. Safeguards will be implemented for all paper and electronic PHI created, received, maintained, or transmitted on behalf of ODM.

3. **Reporting of Disclosures.** CONTRACTOR agrees to promptly report to ODM any inappropriate use or disclosure of PHI that is not in accordance with this Contract or applicable law, including breaches of unsecured protected health information, as required at 45 CFR 164.410, and any security incident CONTRACTOR has knowledge of or reasonably should have knowledge of under the circumstances.

Further, CONTRACTOR shall report to ODM the following:
   a. Any use or disclosure of PHI which is not in compliance with the terms of this Agreement or applicable law of which it becomes aware; and
   b. Any security incident of which it becomes aware. For purposes of this Agreement, “security incident” means the unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system.

As soon as is practical following of discovery of a reportable security incident, CONTRACTOR shall notify ODM of the existence and nature of the incident as understood at that time. CONTRACTOR
shall immediately investigate the incident and within 24 hours of discovery shall provide ODM, in writing, a report describing the status and any results of CONTRACTOR’s investigation.

Reporting and other communications made to ODM under this section must be made to ODM’s HIPAA privacy officer and Office of Legal Counsel at: PrivacyOffice@medicaid.ohio.gov and Mcdlegal@medicaid.ohio.gov

4. **Mitigation Procedures.** CONTRACTOR agrees to coordinate with ODM to determine specific actions that will be required of the Business Associates for mitigation, to the extent practical, of the breach. These actions will include notification to the appropriate individuals, entities, or other authorities. Notification or communication to any media outlet must be approved, in writing, by ODM prior to any such communication being released. CONTRACTOR will report all of its mitigation activity to ODM and shall preserve all relevant records and evidence.

5. **Incidental Costs.** CONTRACTOR shall bear the sole expense of all costs to mitigate any harmful effect of any breaches or security incidents of which CONTRACTOR has knowledge which are directly caused by the use or disclosure of protected health information by CONTRACTOR in violation of the terms of this Contract. These costs will include, but are not limited to, the cost of investigation, remediation and assistance to the affected individuals, entities or other authorities.

6. **Agents and Subcontractors.** CONTRACTOR, in compliance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2) as applicable, will ensure that all its agents and subcontractors that create, receive, maintain, or transmit PHI from or on behalf of CONTRACTOR and/or ODM agree to have, in a written agreement, the same restrictions, conditions, and requirements that apply to CONTRACTOR with respect to the use or disclosure of PHI.

7. **Accessibility of Information.** CONTRACTOR will make available to ODM such information as ODM may require to fulfill its obligations to provide access to, provide a copy of any information or documents with respect to PHI pursuant to HIPAA and regulations promulgated by the United States Department of Health and Human Services, including, but not limited to, 45 CFR 164.524 and 164.528 and any amendments thereto.

8. **Amendment of Information.** CONTRACTOR shall make any amendment(s) to PHI as directed by, or agreed to by, ODM pursuant to 45 CFR 164.526, or take other steps as necessary to satisfy ODM’s obligations under 45 CFR 164.526. In the event that CONTRACTOR receives a request for amendment directly from an individual, agent, or subcontractor, CONTRACTOR will notify ODM prior to making any such amendment(s). CONTRACTOR’s authority to amend information is explicitly limited to information created by CONTRACTOR.

9. **Accounting for Disclosure.** CONTRACTOR shall maintain and make available to ODM or individuals requesting the information, as appropriate, records of all disclosures of PHI in a Designated Record Set as necessary to satisfy ODM’s obligations under 45 CFR 164.528. For every disclosure the record will include, at a minimum, the name of the individual who is the subject of the disclosure, the date of the disclosure, reason for the disclosure if any, and the name and address of the recipient to which the protected health information was disclosed.

10. **Obligations of Department.** When CONTRACTOR is to carry out an obligation of ODM under Subpart E of 45 CFR 164, CONTRACTOR agrees to comply with all applicable requirements of Subpart E that would apply to ODM in the performance of such obligation.

11. **Access to Books and Records.** CONTRACTOR shall make available to ODM and to the Secretary of the U.S. Department of Health and Human Services any and all internal practices, documentation, books, and records related to the use and disclosure of PHI received from ODM, or created or received on behalf of ODM. Such access is for the purposes of determining compliance with the HIPAA Rules.

12. **Material Breach.** In the event of material breach of CONTRACTOR’s obligations under this Article, ODM may immediately terminate this Contract as set forth in ARTICLE V, Section B. Termination of this Contract will not affect any provision of this Contract, which, by its wording or its nature, is intended to remain effective and to continue to operate after termination.
13. **Return or Destruction of Information.** Upon termination of this Contract and at the request of ODM, CONTRACTOR will return to ODM or destroy all PHI in CONTRACTOR’s possession stemming from this Contract as soon as possible but no later than 90 days, and will not keep copies of the PHI except as may be requested by ODM or required by law, or as otherwise allowed for under this Contract. If CONTRACTOR, its agent(s), or subcontractor(s) destroy any PHI, then CONTRACTOR will provide to ODM documentation evidencing such destruction. Any PHI retained by CONTRACTOR will continue to be extended the same protections set forth in this Section, HIPAA regulations and this Contract for as long as it is maintained.

14. **Survival.** These provisions shall survive the termination of this Contract.

**ARTICLE X. CONTRACTOR CERTIFICATION OF COMPLIANCE WITH SPECIAL CONDITIONS**

By executing this Contract, CONTRACTOR hereby affirms current and continued compliance with each condition listed in this Article. CONTRACTOR's certification of compliance with each of these conditions is considered a material representation of fact upon which ODM relied in entering into this Contract:

A. If at any time, CONTRACTOR is not in compliance with the conditions affirmed in this Section, ODM will consider this Contract **void ab initio** and will deliver written notice to CONTRACTOR. Any funds the State of Ohio paid CONTRACTOR for work performed before CONTRACTOR received notice that the Contract is **void ab initio** will be immediately repaid or the State of Ohio may commence an action for recovery against CONTRACTOR.

1. **Debarment Requirements.** CONTRACTOR affirms that neither CONTRACTOR nor any of its principals or subcontractors, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in transactions by any governmental agency. CONTRACTOR also affirms that within three years preceding this Contract neither CONTRACTOR nor any of its principals:
   a. Have been convicted of, or had a civil judgment rendered against them for commission of fraud or other criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state, or local public transaction or contract under a public transaction; for violation of federal or state antitrust statutes; for commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements; or for receiving stolen property; or
   b. Are presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State, or local) for the commission of any of the offenses listed in this paragraph and have not had any federal, state, or local, public transactions terminated for cause or default.

2. **Qualifications to Conduct Business.** CONTRACTOR affirms that it has all of the approvals, licenses, or other qualifications needed to conduct business in Ohio and all are current. If at any time during the Contract period CONTRACTOR, for any reason, becomes disqualified from conducting business in the State of Ohio, CONTRACTOR will immediately notify ODM in writing and will immediately cease performance of all Deliverables.

3. **Unfair Labor Practices.** CONTRACTOR affirms that neither CONTRACTOR nor its principals are on the most recent list established by the Ohio Secretary of State, pursuant to ORC 121.23, which would identify CONTRACTOR as having more than one unfair labor practice contempt of court finding.

4. **Finding for Recovery.** CONTRACTOR affirms that neither CONTRACTOR nor its principals or subcontractors, is subject to a finding for recovery under ORC 9.24, or it has taken the appropriate remedial steps required, or otherwise qualifies under ORC 9.24 to contract with the State of Ohio.

B. If at any time CONTRACTOR is not in compliance with the conditions affirmed in this Section, ODM may immediately suspend or terminate this Contract and will deliver written notice to CONTRACTOR. CONTRACTOR will be entitled to compensation, upon submission of a proper invoice per ARTICLE IV, only
for work performed during the time CONTRACTOR was in compliance with the provisions of this Section. Any funds paid by the State of Ohio for work performed during a period when CONTRACTOR was not in compliance with this Section will be immediately repaid or the State of Ohio may commence an action for recovery against CONTRACTOR.

1. **Fair Labor Standards and Employment Practices.** CONTRACTOR certifies that it is in compliance with all applicable federal and state laws, rules, and regulations governing fair labor and employment practices.

2. **Civil Rights Laws.**
   
   a. CONTRACTOR, its officers, employees, members, and subcontractors hereby affirm current and ongoing compliance with all federal civil rights laws including:
      
      (1) Title VII of the Civil Rights Act of 1964 (Pub. L. 88-352);
      
      (2) Title VI of the Civil Rights Act of 1964 (42 USC 2000d, et seq.);
      
      (3) The Americans with Disabilities Act of 1990 (42 USC 12101, et seq.) and Section 504 of the Rehabilitation Act of 1973; and
      
      (4) The Age Discrimination Act of 1975 (42 USC 6101, et seq.).
   
   b. In carrying out this Contract, CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, military status, disability, age, genetic information, or sexual orientation, in making any of the following employment decisions: hiring, layoff, termination, transfer, promotion, demotion, rate of compensation, and eligibility for in-service training programs.
   
   c. CONTRACTOR agrees that it will not participate in, condone or tolerate any form of sexual harassment against any employee, subcontractor, or other person or entity with which it is associated in performance of this Agreement, which is considered a form of sex discrimination prohibited by Title VII of the Civil Rights Act of 1964, the Ohio Revised Code 4112.02, Ohio Administrative Code 123:1-49, the Anti-Discrimination Policy in State Government Executive Order 2011-05K, or state agency policy.
   
   d. CONTRACTOR agrees to post notices affirming compliance with all applicable federal and state non-discrimination laws in conspicuous places accessible to all employees and applicants for employment.
   
   e. CONTRACTOR will incorporate the foregoing requirements of this Paragraph 2 in all of its subgrants or subcontracts for any of the work prescribed herein.

3. **Ethics and Conflicts of Interest Laws.**
   
   a. CONTRACTOR certifies that by executing this Contract, it has reviewed, knows and understands the State of Ohio’s ethics and conflict of interest laws. CONTRACTOR further agrees that it will not engage in any action(s) inconsistent with Ohio ethics laws or any Executive Orders.
   
   b. CONTRACTOR certifies, by executing this Contract, that no party who holds a position listed or described in ORC 3517.13 (I) or (J), has made, while in his/her current position, one or more personal monetary contributions in excess of One Thousand and 00/100 Dollars ($1,000.00) to the current Governor or to the Governor’s campaign committee when he was a candidate for office within the previous two calendar years. ORC 3517.13 does not apply to professional associations organized under ORC Chapter 1785.
   
   c. CONTRACTOR agrees to refrain from promising or giving to any ODM employee anything of value that could be construed as having a substantial and improper influence upon the employee with respect to the employee’s duties. CONTRACTOR further agrees that it will not solicit any ODM employee to violate ORC 102.03, 2921.42, or 2921.43.
d. CONTRACTOR agrees that CONTRACTOR, its officers, employees, and members have not nor will they acquire any interest, whether personal, business, direct or indirect, that is incompatible, in conflict with, or would compromise the discharge and fulfillment of CONTRACTOR’s functions and responsibilities under this Contract. If CONTRACTOR, its officers, employees, or members acquire any incompatible, conflicting, or compromising interest, CONTRACTOR agrees it will immediately disclose the interest in writing to the ODM Chief Legal Counsel at 50 West Town Street, Columbus, Ohio 43215-3414. CONTRACTOR further agrees that the person with the conflicting interest will not participate in any Deliverables until ODM determines that participation would not be contrary to public interest.

4. **Lobbying Restrictions.**

a. CONTRACTOR affirms that no federal funds paid to CONTRACTOR by ODM through this Contract or any other agreement have been or will be used to lobby Congress or any federal agency in connection with a particular contract, grant, cooperative agreement or loan. CONTRACTOR further affirms compliance with all federal lobbying restrictions, including 31 USC 1352. If this Contract exceeds One Hundred Thousand and 00/100 Dollars ($100,000.00), CONTRACTOR affirms that it has executed and filed the Disclosure of Lobbying Activities standard form LLL, if required by federal regulations.

b. CONTRACTOR certifies compliance with the Ohio executive agency lobbying restrictions contained in ORC 121.60 to 121.69.

c. CONTRACTOR, if a recipient of a federal award in excess of One Hundred Thousand and 00/100 Dollars ($100,000.00), certifies compliance with the Byrd Anti-Lobbying Amendment, which at a minimum, attests CONTRACTOR will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC Chapter 1352.

5. **Child Support Enforcement.** CONTRACTOR agrees to cooperate with ODM and any child support enforcement agency in ensuring that CONTRACTOR and its employees meet child support obligations established by state and federal law including present and future compliance with any court or valid administrative order for the withholding of support issued pursuant to the applicable sections of ORC Chapters 3119, 3121, 3123, and 3125.

6. **Pro-Child Act.** If any Deliverables call for services to minors, CONTRACTOR agrees to comply with the Pro-Children Act of 1994; Public Law 103-277, Part C – Environment Tobacco Smoke that requires smoking to be banned in any portion of any indoor facility owned, leased, or contracted by an entity that will routinely or regularly use the facility for the provision of health care services, day care, library services, or education to children under the age of 18.

7. **Drug-Free Workplace.** CONTRACTOR, its officers, employees, members, any subcontractors and/or any independent contractors (including all field staff) associated with this Contract agree to comply with all applicable state and federal laws, including, but not limited to, 41 USC Chapter 10, regarding a drug-free workplace. CONTRACTOR will make a good faith effort to ensure that none of CONTRACTOR’s officers, employees, members, or subgrantees will purchase, transfer, use, or possess illegal drugs or alcohol or abuse prescription drugs in any way while working or while on public property.

8. **Work Programs.** CONTRACTOR agrees not to discriminate against individuals who have or are participating in any work program administered by any county department of Job and Family Services under ORC Chapter 5101 or 5107.

9. **[Standard language for non-RFP] MBE Subcontracting Requirements.** Pursuant to the Governor’s Executive Order 2008-13S, ODM is committed to making more State contracts and opportunities available to Minority Business Enterprises (MBEs) certified by the Ohio Department of Administrative Services pursuant to ORC 123.151 and OAC 123:2-15-01. In order to fulfill this commitment, CONTRACTOR is required to use its best efforts to seek and set aside a portion of the work for this
Contract for qualified MBE businesses wherever possible. In seeking MBE subcontractors, CONTRACTOR must:

a. Utilize a competitive process to which only Ohio certified MBEs may respond;

b. Require the MBE to maintain its certification throughout the term of the Contract, including any renewals.

CONTRACTOR shall indicate on all invoices submitted to ODM the dollar amount attributed to the goods or services provided by MBE subcontractors along with documentation of the MBE subcontractor’s activities. CONTRACTOR shall report its monetary payments to the MBE subcontractor under this Contract monthly to the ODM Agreement Manager.

9. **MBE Subcontracting Requirement.** ODM is committed to making more contracts and opportunities available to MBEs certified by the Ohio Department of Administrative Services pursuant to Section 123.151 of the Ohio Revised Code and Rule 123:2-15-01 of the Ohio Administrative Code. This Contract is awarded pursuant to a RFP containing a sheltered solicitation requirement which requires CONTRACTOR to seek and set aside a portion of the Work to be exclusively performed by Ohio certified MBE businesses.

In seeking solicitations from Ohio certified MBE subcontractors, CONTRACTOR certifies that it:

a. Utilized a competitive process to which only Ohio certified MBEs may have responded;

b. Established criteria by which prospective Ohio MBEs would be evaluated including business ability and specific experience related to the Work requirements; and

c. Required that the Ohio certified MBE maintain a valid certification throughout the term of this Contract, including any renewals.

**MBE Subcontractor Plan.** CONTRACTOR certifies that it implemented an Ohio certified MBE subcontractor plan (Plan) as required by the RFP. The Plan (a) set aside for Ohio certified MBE subcontractors a minimum of 15% of the cost of this Contract; (b) used a competitive process for the selection of Ohio certified MBE subcontractors to which only Ohio certified MBEs were permitted to respond; and (c) identified proposed portions of Deliverables to be performed by Ohio certified MBE subcontractors. As a result of this process, CONTRACTOR selects ______________ to perform services under this Contract.

**Tracking.** CONTRACTOR acknowledges that it must indicate on all invoices submitted to ODM the dollar amount attributed to the Deliverables provided by any selected Ohio certified MBE subcontractor to which CONTRACTOR subcontracts a portion of the Work under this Contract, along with documentation of its activities, and shall report such payments monthly to ODM. Compliance with CONTRACTOR’s proposed cost set-aside percentage is a term of this Contract and failure to attain the proposed percentage each fiscal year may result in CONTRACTOR being found in breach of contract.

**Remedies.** CONTRACTOR may apply in writing to ODM for a waiver or modification of its proposed MBE set-aside cost percentage. However, no modification or waiver request may be submitted before at least 30% of the Deliverables are completed or after 80% of the Deliverables are completed. CONTRACTOR shall submit evidence acceptable to ODM demonstrating that CONTRACTOR made a good faith effort to seek Ohio certified MBE subcontractors in order to justify the granting of a waiver or modification. Within 30 days of receipt of the request, ODM will determine whether CONTRACTOR's good faith efforts and submitted documentation justify the granting of a waiver or modification. If a waiver or modification is denied, CONTRACTOR will have an opportunity to attain the percentage before the completion of the Deliverables. Compliance with any modified cost set-aside percentage is a term of this Contract and failure to attain the percentage may result in CONTRACTOR being found in breach of contract.
Fee at Risk. Compliance with the minimum cost MBE set-aside percentage is a term of this Contract. CONTRACTOR agrees to place 15% of its payment at risk for failure to attain the MBE set-aside percentage each fiscal year, in accordance with ARTICLE IV.I.

10. **Expenditure of Public Funds for Offshore Services—Executive Order Requirements.**

a. CONTRACTOR certifies that by executing this Contract and by completing the Affirmation and Disclosure form, it has reviewed, understands, and will abide by the Governor’s Executive Order 2011-12K and shall abide by those requirements in the performance of this Contract, and shall perform no services required under this Contract outside of the United States.

b. Prior to performing any services, and when there is a change in the location of any services provided under this Contract, CONTRACTOR must disclose:

   (1) The location(s) where all services will be performed by CONTRACTOR or any subcontractor;

   (2) The location(s) where any state data associated with any of the services through this Contract will be accessed, tested, maintained, backed-up, or stored; and

   (3) The principal location of business for the contractor and all subcontractors.

c. CONTRACTOR also affirms, understands, and agrees to immediately notify ODM of any change or shift in the location(s) of services performed by CONTRACTOR or its subcontractors under this Contract, and no services shall be changed or shifted to a location outside of the United States.

d. Termination, Sanction, Damages: ODM is not obligated and shall not pay for any services provided under this Contract that CONTRACTOR or any of its subcontractors performed outside of the United States. If services are performed outside of the United States, this will be treated as a material breach of the Contract, and CONTRACTOR shall immediately return to ODM all funds paid for those services.

   In addition, if CONTRACTOR or any of its subcontractors perform any such services outside of the United States, ODM may, at any time after the breach, terminate this Contract for such breach, upon written notice to CONTRACTOR. If ODM terminates the Contract, ODM may buy substitute services from a third party, and may recover the additional costs associated with acquiring the substitute services.

10. **[UNIVERSITY] Expenditure of Public Funds for Offshore Services—Executive Order Requirements.** CONTRACTOR, a public university, certifies that by executing this Contract, it has reviewed and understands ODM’s obligation under Governor’s Executive Order 2011-12K, and will perform no services required under this Contract outside of the United States.

11. **Combatting Trafficking in Persons.**

a. CONTRACTOR agrees that it is in compliance with the Federal Acquisition Regulation (FAR) for Combatting Trafficking in Persons, 48 CFR Subpart 22.17, in which "the United States Government has adopted a zero tolerance policy regarding trafficking in persons." The provisions found in 48 CFR Subpart 52.2, specifically Subpart 52.222-50 are hereby incorporated into this CONTRACT by reference.

b. CONTRACTOR, its employees, its subcontractors, or subcontractor’s employees are prohibited from the following activities:

   (1) Engaging in severe forms of trafficking in persons during the period of performance of the Contract;

   (2) Procuring commercial sex acts during the period of performance of the Contract; or
(3) Using forced labor in the performance of the Contract.

c. CONTRACTOR agrees that it shall notify its employees, and require all of its subcontractors to notify their employees, of the prohibited activities described in the preceding paragraph.

d. ODM has the right to immediately and unilaterally terminate this Contract if any provision in this Section is violated and ODM may implement section 106(g) of the Trafficking Victims Protection Act of 2000, as amended (22 USC 7104), see 2 CFR Part 175.

12. **Civil Rights Assurance.** CONTRACTOR hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (42 USC 2000d, et seq.) and the Age Discrimination Act of 1975 (42 USC 6101, et seq.).

13. **Clean Air Act.** CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 USC 7401, et seq.) and the Federal Water Pollution Control Act as amended (33 USC 1251, et seq.). Violations must be reported to the Regional Office of the United States Environmental Protection Agency (US EPA) and ODM.

14. **Energy Policy and Conservation Act.** CONTRACTOR agrees to comply with all applicable standards, orders or regulations issued pursuant to the state energy conservation plan issued in accordance with 42 USC 6201. Violations must be reported to the Regional Office of the US EPA and ODM.

15. **Solid Waste Disposal.** CONTRACTOR agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the US EPA at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000.00 or the value of the quantity acquired by the preceding federal fiscal year exceeded $10,000.00; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the US EPA guidelines.

16. **Experimental, Developmental, or Research Work.** When applicable, if CONTRACTOR enters into a subcontract or subgrant with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that funding agreement, the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any applicable federal and state regulations.

17. **Boycott.** CONTRACTOR acknowledges that, pursuant to ORC 9.76, a state agency may not enter into or renew a contract for supplies, equipment or services with a company that operates to earn a profit unless CONTRACTOR provides the following declaration. If applicable, CONTRACTOR certifies that it is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade and will not do so during the Contract period. CONTRACTOR will notify ODM immediately if it boycotts a jurisdiction with whom the State of Ohio can enjoy open trade. ODM reserves the right to terminate this Agreement immediately upon discovery of such a boycott.

18. **Certification of Compliance.** CONTRACTOR certifies that it is in compliance with all other applicable federal and state laws, regulations, and rules and will require the same certification from its subgrantees or subcontractors.

**ARTICLE XI. BUSINESS CONTINUITY PLAN**

A. CONTRACTOR recognizes that certain services under this Contract are vital to ODM and must be continued without interruption. CONTRACTOR shall be prepared to continue providing such services identified by ODM, during periods of disaster, crisis, or other unexpected break in services based upon a Business Continuity
Plan (Plan). CONTRACTOR is required to implement and maintain a sustainable Plan throughout the term of this Contract, and provide the Plan to ODM upon request. The Plan will, at a minimum:

1. Enable continued performance under this Contract in the event of a disaster or other unexpected break in services; and

2. Ensure the continuity for identified vital services and supporting facilities.

B. For purposes of this Article, the term “disaster” means an unanticipated incident or event, including, but not limited to, force majeure events, technological accidents or human-caused events that may cause a material service or critical application to be unavailable without any reasonable prediction for resumption; or causes data loss, property damage or other business interruption without any prediction for recovery within a commercially reasonable time period.

ARTICLE XII. MISCELLANEOUS PROVISIONS

A. Independent Contractor. CONTRACTOR agrees that no agency, employment, joint venture, or partnership has been or will be created between ODM and CONTRACTOR. CONTRACTOR further agrees that as an independent contractor, it assumes all responsibility for any federal, state, municipal or other tax liabilities along with workers compensation, unemployment compensation and insurance premiums that may accrue as a result of funds received pursuant to this Contract. CONTRACTOR agrees that it is an independent contractor for all purposes including, but not limited to, the application of the Fair Labor Standards Act, the Social Security Act, the Federal Unemployment Tax Act, the Federal Insurance Contribution Act, provisions of the Internal Revenue Code, Ohio tax law, Workers Compensation law, and Unemployment Insurance law. CONTRACTOR acknowledges and agrees any individual providing personal services under this Contract is not a public employee for the purposes of Chapter 145 of the Revised Code. Pursuant to ORC 145.038, ODM is required to provide individuals and business entities with fewer than five employees the Independent Contractor Acknowledgment (Form PEDACKN, Attachment A). This form requires CONTRACTOR to acknowledge that ODM has notified CONTRACTOR that he or she has not been classified as a public employee and no contributions to the Ohio Public Employees Retirement System will be made on his or her behalf for these services. If CONTRACTOR is a business entity with fewer than five employees, please have each employee complete the PEDACKN form, the first two pages of Attachment A. If CONTRACTOR is not an individual or a business entity with fewer than five employees, please complete page 3 of Attachment A.

B. Subcontracting. All subcontracts will be at the sole expense of CONTRACTOR and CONTRACTOR will be solely responsible for payments of its subcontractors. CONTRACTOR assumes responsibility for all subcontracting and third-party work performed under this Contract. In addition, all subcontractors agree to be bound by the terms and conditions of this Contract. CONTRACTOR will be the sole point of contact with regard to all contractual matters.

C. Limitation of Liability. To the extent allowable by law, CONTRACTOR agrees to defend, indemnify and hold ODM, its officials, employees and agents harmless from and against any and all liability, loss and expense (including reasonable attorneys’ fees) or claims for personal injury, property damage, patent and copyright infringement, or for any liability or claims under ARTICLE IX above (“Business Associate Requirements Under HIPAA”), and/or any other type of claim that arises from the performance of the Deliverables under this Contract. CONTRACTOR’s sole and exclusive remedy for any ODM failure to perform under this Contract will be an action in the Ohio Court of Claims pursuant to ORC Chapter 2743 that will be subject to the limitations set forth in this Article. In no event will ODM be liable for any indirect or consequential damages, including loss of profits, even if ODM knew or should have known of the possibility of such damages. To the extent that ODM is a party to any litigation arising out of or relating in any way to this Contract or the performance thereunder, such an action shall be brought only in a court of competent jurisdiction in Franklin County, Ohio. Subject to ORC 109.02, CONTRACTOR agrees to defend ODM against any such claims or legal actions if called upon by ODM to do so.

C. [PUBLIC ENTITY] Limitation of Liability. Each party agrees to be responsible for any of its own negligent acts or omissions or those of its agent, employees, or subcontractors. Each party further agrees to be responsible for its own defense and any judgments and costs that may arise from such negligent acts or omissions. Nothing in this Contract shall impute or transfer any such liability or responsibility from one party to the other. To the maximum extent permitted by law, the parties’ liability for damages, whether in contract or in tort, may not exceed the total amount of compensation payable to CONTRACTOR under ARTICLE IV
or the actual amount of direct damages incurred by any party—whichever is less. In no event will either party be liable for any indirect or consequential damages, including loss of profits, even if a party knew or should have known of the possibility of such damages.

D. **Infringement of Patent or Copyright.** To the extent allowable by law and subject to ORC 109.02, CONTRACTOR agrees to defend any suit or proceeding brought against ODM, any official or employee of ODM acting in his or her official capacity, or the State of Ohio due to any alleged infringement of patent or copyright arising out of the performance of this Contract, including all work, services, materials, reports, studies, and computer programs provided by CONTRACTOR. ODM will provide prompt notification in writing of such suit or proceeding; full right, authorization, and opportunity to conduct the defense thereof; and full disclosure of information along with all reasonable cooperation for the defense of the suit. ODM may participate in the defense of any such action. CONTRACTOR agrees to pay all damages and costs awarded against ODM, any official or employee of ODM in his or her official capacity, or the State of Ohio as a result of any suit or proceeding referred to in this Section C. If any information and/or assistance is furnished by ODM at CONTRACTOR’s written request, it is at CONTRACTOR’s expense. If any of the materials, reports, or studies provided by CONTRACTOR are found to be infringing items and the use or publication thereof is enjoined, CONTRACTOR agrees to, at its own expense and at its option, either procure the right to publish or continue use of such infringing materials, reports, or studies; replace them with non-infringing items of equivalent value; or modify them so that they are no longer infringing. The obligations of CONTRACTOR under this Section survive the termination of this Contract, without limitation.

D. **[PUBLIC ENTITY] Infringement of Patent or Copyright.** To the extent permitted by law, if any of the materials, reports, or studies provided by GRANTEE are found to be infringing items and the use or publication thereof is enjoined, GRANTEE agrees to, at its own expense and at its option, either procure the right to publish or continue use of such infringing materials, reports, or studies; replace them with non-infringing items of equivalent value; or modify them so that they are no longer infringing. The obligations of GRANTEE under this Section survive the termination of this Agreement, without limitation.

E. **General Representations and Warranties.** CONTRACTOR warrants that:

1. The recommendations, guidance, and performance of CONTRACTOR under this Contract will be in accordance with the industry’s professional standards, the requirements of this Contract and without material defect.
2. The Deliverables are merchantable and fit for the particular purpose described in this Contract and will perform substantially in accordance with its user manuals, technical materials, and related writings.
3. The Deliverables comply with all governmental, environmental and safety standards.
4. CONTRACTOR has the right to enter into this Contract.
5. CONTRACTOR has not entered into any other contracts or employment relationships that restrict CONTRACTOR’s ability to perform under this Contract.

F. **Liens.** CONTRACTOR will not permit any lien or claim to be filed or prosecuted against ODM or the State of Ohio because of any labor, services, or materials furnished. If CONTRACTOR fails, neglects, or refuses to make prompt payment of any claims for labor, services, or materials furnished to CONTRACTOR in connection with this Contract, ODM or the State of Ohio may, but is not obligated to, pay those claims and charge the amount of payment against the funds due or to become due to CONTRACTOR under this Contract.

G. **Delay.** Neither party will be liable for any delay in its performance that arises from causes beyond its control and without its negligence or fault. The delaying party will notify the other promptly of any material delay in performance and will specify in writing the proposed revised performance date as soon as practicable after notice of delay. The delaying party must also describe the cause of the delay and its proposal to remove or mitigate the delay. Notices will be sent pursuant to ARTICLE VI. In the event of excusable delay, the date of performance or delivery of products may be extended by amendment, if applicable, for a time period equal to that lost due to the excusable delay. Reliance on a claim of excusable delay may only be asserted if the delaying party has taken commercially reasonable steps to mitigate or avoid the delay. Items that are
controllable by CONTRACTOR’s subcontractor(s) will be considered controllable by CONTRACTOR, except for third-party manufacturers supplying commercial items and over whom CONTRACTOR has no legal control. The final determination of whether an instance of delay is excusable lies with ODM in its discretion.

H. **Severability.** If any provision of this Contract or the application of any provision is held by a court to be contrary to law, the remaining provisions of this Contract will remain in full force and effect.

I. **Counterpart.** This Contract may be executed in one, or more than one counterpart, and each executed counterpart shall be considered an original, provided that such counterpart is delivered to the other party by facsimile, mail courier or electronic mail, all of which together shall constitute one and the same contract.

**ARTICLE XIII. CONSTRUCTION**

This Contract will be governed, construed, and enforced in accordance with the laws of the State of Ohio. Should any portion of this Contract be found unenforceable by operation of statute or by administrative or judicial decision, the remaining portions of this Contract will not be affected as long as the absence of the illegal or unenforceable provision does not render the performance of the remainder of the Contract impossible.

1. Overview and Scope

This Supplement shall apply to any and all Work, Services, Locations and Computing Elements that the Contractor will perform, provide, occupy or utilize in conjunction with the delivery of work to the State and any access to State resources in conjunction with delivery of work.

This scope shall specifically apply to:

- Major and Minor Projects, Upgrades, Updates, Fixes, Patches and other Software and Systems inclusive of all State elements or elements under the Contractor’s responsibility utilized by the State;
- Any systems development, integration, operations and maintenance activities performed by the Contractor;
- Any authorized Change Orders, Change Requests, Statements of Work, extensions or Amendments to this contract;
- Contractor locations, equipment and personnel that access State systems, networks or data directly or indirectly; and
- Any Contractor personnel, or sub-Contracted personnel that have access to State confidential, personal, financial, infrastructure details or sensitive data.

The terms in this Supplement are additive to the Standard State Terms and Conditions contained elsewhere in this contract. In the event of a conflict for whatever reason, the highest standard contained in this contract shall prevail.

2. State IT Policy Requirements

The Contractor will comply with State of Ohio IT policies and standards. For the purposes of convenience, a compendium of IT policy and standard links is provided in the table below.

**State of Ohio IT Policies and Standards**

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>Medicaid Policies</td>
<td>Ohio Department of Medicaid policies available upon request.</td>
</tr>
</tbody>
</table>

3.1. Requirements Overview

Offerors responding to State issued RFQ/RFP requests, and as Contractors performing the work following an award, are required to propose solutions that comply with the standards outlined in this document. In the event Offeror finds it necessary to deviate from any of the standards, a variance may be requested, and the Offeror must show sufficient business justification for the variance request. The Enterprise IT Architecture Team will engage with the Contractor and appropriate State stakeholders to review and approve/deny the variance request.

3.1.1. State of Ohio Standards

The State has a published Core Technology Stack as well as Enterprise Design Standards as outlined in this document and, due to State preferences, each are subject to improvements, elaboration and replacement. The State also provides numerous IT Services in both the Infrastructure and Application categories, as outlined in the State’s IT Services Catalog at: [http://das.ohio.gov/Divisions/InformationTechnology/StateofOhioITServiceCatalog.aspx](http://das.ohio.gov/Divisions/InformationTechnology/StateofOhioITServiceCatalog.aspx)
3.1.2. Offeror Responsibilities

Offerors can propose on-premise or cloud-based solutions. When proposing on-premise solutions, Offerors and Contractors must comply with State requirements including using the State’s Virtualized Compute Platform. Offerors proposing on-premise solutions are required to install third party applications on State-provided compute platforms. Dedicated server platforms are not compliant with the State’s Virtualization Requirements.

In addition, Offerors are required to take advantage of all published IT Application Services where possible, (i.e., Enterprise Service Bus, Content Management, Enterprise Document Management, Data Warehousing, Data Analytics and Reporting and Business Intelligence). When dedicated Application components (i.e., Application Servers, Databases, etc.) are required, i.e. Application Servers, Databases, etc., they should comply with the Core Technology standards. In addition, Offerors are required to take advantage of all published IT Application Services where possible, i.e. Enterprise Service Bus, Content Management, Enterprise Document Management, Data Warehousing, Data Analytics and Reporting and Business Intelligence. When dedicated Application components are required, i.e. Application Servers, Databases, etc., they should comply with the Core Technology standards.

3.2. Compute Requirements: Client Computing

Offerors must not propose solutions that require custom PC’s, Laptops, Notebooks etc. The State will source its own Client computing hardware and the Offeror’s proposed solutions are required to be compatible with the State’s hardware.

3.2.1. Compute Requirements: Server / OS

Offerors must propose solutions that comply with the State’s supported Server / OS versions.

The following are the State’s Required Server and OS versions.

<table>
<thead>
<tr>
<th>Operating System</th>
<th>Version</th>
<th>Edition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Microsoft Windows Server</td>
<td>2012, 2012 R2</td>
<td>Standard, Enterprise, &amp; Datacenter</td>
</tr>
<tr>
<td>RedHat Linux</td>
<td>7</td>
<td>Enterprise</td>
</tr>
<tr>
<td>IBM AIX</td>
<td>7.1</td>
<td></td>
</tr>
<tr>
<td>Oracle Enterprise Linux</td>
<td></td>
<td>Enterprise</td>
</tr>
</tbody>
</table>

When Offerors are proposing on-premise solutions, these solutions must comply with the State’s supported Server Compute Platforms.

The State hosts and manages the Virtual Server hardware and Virtualization layer. The State is also responsible for managing the server’s Operating System (OS). This service includes 1 virtual CPU (vCPU), 1 GB of RAM and 50 GB of Capacity Disk Storage. Customers can request up to 8 vCPUs and 24GB of RAM.

For Ohio Benefits and the Ohio Administrative Knowledge System (OAKS) – Exalogic Version 2.0.6.0.2

3.2.2. Ohio Cloud: Hypervisor Environment

When Offerors are proposing on-premise solutions, these solutions must comply with the State’s supported VMware vSphere, and IBM Power Hypervisor environment.

For Ohio Benefits and OAKS – Oracle Virtual Manager Version 3.3.1, Xen

3.3. Storage and Backup Requirements

3.3.1. Storage Pools
The State provides three pools (tiers) of storage with the ability to use and allocate the appropriate storage type based on predetermined business criticality and requirements. Storage pools are designed to support different I/O workloads.

When Offerors are proposing on-premise solutions, these solutions must take advantage of the State’s Storage Service Offerings.

For Ohio Benefits and OAKS - HA (High Availability) storage used with Mirror configuration.

The pools and their standard use cases are below:

<table>
<thead>
<tr>
<th>Storage Pool</th>
<th>Availability</th>
<th>Performance</th>
<th>Typical Applications</th>
</tr>
</thead>
<tbody>
<tr>
<td>Performance</td>
<td>Highest</td>
<td>Fast</td>
<td>Performance pool suited for high availability applications, with high I/O (databases).</td>
</tr>
<tr>
<td>General</td>
<td>High</td>
<td>Fast</td>
<td>General pool suitable for file servers, etc.</td>
</tr>
<tr>
<td>Capacity</td>
<td>High</td>
<td>Average</td>
<td>Capacity pool suitable for file servers, images and backup / archive). Not suited for high random I/O.</td>
</tr>
</tbody>
</table>

### 3.3.2. Backup

When Offerors are proposing on-premise solutions, these solutions must take advantage of the State’s Backup Service Offering.

Backup service uses IBM Tivoli Storage Manager Software and provides for nightly backups of customer data. It also provides for necessary restores due to data loss or corruption. The option of performing additional backups, archiving, restoring or retrieving functions is available for customer data. OIT backup facilities provide a high degree of stability and recoverability as backups are duplicated to the alternate site.

For Ohio Benefits - Symantec NetBackup is the Enterprise backup solution.

### 3.4. Networking Requirements: Local Area Network (LAN) / Wide Area Network (WAN)

Offerors must propose solutions that work within the State's LAN / WAN infrastructure.

The State of Ohio’s One Network is a unified solution that brings together Design, Engineering, Operations, Service Delivery, Security, Mobility, Management, and Network Infrastructure to target and solve key Government challenges by focusing on processes, procedures, consistency and accountability across all aspects of State and local government.

Ohio One Network can deliver an enterprise network access experience for their customers regardless of location or device and deliver a consistent, reliable network access method.

The State provides a high bandwidth internal network for internal applications to communicate across the State’s LAN / WAN infrastructure. Normal traffic patterns at major sites should be supported.

Today, the State’s WAN (OARnet) consists of more than 1,850 miles of fiber-optic backbone, with more than 1,500 miles of it operating at ultrafast 100 Gbps speeds. The network blankets the state, providing connectivity to all State Government Agencies.

The State of Ohio Network infrastructure utilizes private addressing, reverse proxy technology and Network Address Translation (NAT). All applications that are to be deployed within the infrastructure must be tolerant of these technologies for both internal product interaction as well as external user access to the proposed system, infrastructure or application.

The State network team will review applications requirements involving excessive bandwidth (i.e. voice, video, telemetry, or applications) deployed at remote sites.

### 3.5. Application Requirements
3.5.1. Application Platforms

When Offerors are proposing on-premise solutions, these solutions must be developed in open or industry standard languages (e.g. Java, .NET, PHP, etc.)

3.5.2. Open API’s

Proposed vendor applications must be developed with standards-based Open API’s. An open API is an application program interface that provides programmatic access to software applications. Proposed vendor applications must describe in detail all available features and functionality accessible via APIs.

3.5.3. SOA (Service Oriented Architecture)

When Offerors are proposing on-premise solutions, these solutions must be developed using a standards-based Service Oriented Architecture (SOA) model.

3.6. Database Platforms

Proposed vendor application designs must run on databases that comply with the State’s supported Database Platforms.

- IBM DB2 Version 10
- Microsoft SQL Server 2012 or higher
- ORACLE 11G and 12C

3.7. Enterprise Application Services

The State of Ohio Office of Information Technology (OIT) provides a number of Enterprise Shared Services to State agencies as outline in the IT Services Catalog available at: http://das.ohio.gov/Divisions/InformationTechnology/StateofOhioITServiceCatalog.aspx

At a minimum, proposed vendor application designs that include the following Application Services must use the Application IT Services outlined in the IT Services Catalog.

3.7.1. Health and Human Services: Integrated Eligibility

The Integrated Eligibility Enterprise platform provides four key distinct technology domains / capabilities:

- Common Enterprise Portal – includes User Interface and User Experience Management, Access Control, Collaboration, Communications and Document Search capability
- Enterprise Information Exchange – includes Discovery Services (Application and Data Integration, Master Data Management (MDM) Master Person Index and Record Locator Service), Business Process Management, Consent Management, Master Provider Index and Security Management
- Analytics and Business Intelligence – Integration, Analysis and Delivery of analytics in the form of alerts, notifications and reports
- Integrated Eligibility – A common Enterprise Application framework and Rules Engine to determine eligibility and benefits for Ohio Public Benefit Programs

3.7.2. The Ohio Business Gateway (OBG)

The Ohio Business Gateway (OBG) offers Ohio’s businesses a time-and money-saving online filing and payment system that helps simplify business’ relationship with Government agencies.
- New Business Establishment – Provides a single, portal based web location for the establishment of new businesses in Ohio, file with the required State agencies and ensure that business compliance requirements of the State are met.
- Single Point Revenue and Fee Collection - Manage payments to State’s payment processor (CBOSS) and broker payment to multiple agencies while creating transaction logs and Business Customer “receipts”.
- Business One-Stop Filing and Forms - Provides guides and forms to Business Users through complex transactions that have multiple steps, forms and / or filing requirements for users on procedures to complete the process including Agencies and (if applicable) systems they will need to interact with.
- Scheduling and Reminders - Notify Business Customers of a particular event that is upcoming or past due (Filing due) using a “calendar” or “task list” metaphor.
- Collections and Confirmations – Provides a Payment Card Industry (PCI) certified web-based payment solution that supports a wide range of payment types: credit cards, debit cards, electronic checks, as well as recurring, and cash payments.

3.7.3. Ohio Administrative Knowledge System (OAKS)

OAKS is the State’s Enterprise Resource Planning (ERP) system, which provides central administrative business services such as Financial Management, Human Capital Management, Content Management via myOhio.gov, Enterprise Learning Management, and Customer Relationship Management. Core System Capabilities include (but are not limited to):

Content Management (myohio.gov)
- Centralized Communications to State Employees and State Contractors
- OAKS alerts, job aids, and news
- Statewide Top Stories
- Portal to OAKS applications
- Employee and Contractor Management

Enterprise Business Intelligence
- Key Financial and Human Resources Data, Trends and Analysis
- Cognos driven standardized and adhoc reporting

Financial Management (FIN)
- Accounts Payable
- Accounts Receivable
- Asset Management
- Billing
- eBid
- eCatalog (Ohio Marketplace)
- eInvoicing
- eSupplier/Offeror Maintenance
- Financial Reporting
- General Ledger
- Planning and Budgeting
- Procurement
- Travel & Expense

Customer Relationship Management (CRM)
- Contact / Call Center Management
Enterprise Learning Management (ELM)

- Training Curriculum Development
- Training Content Delivery

Human Capital Management (HCM)

- Benefits Administration
- Payroll
- Position Management
- Time and Labor
- Workforce Administration: Employee and Contingent Workers
- Employee Self-Service
- eBenefits
- ePerformance
- Payroll

3.7.4. Enterprise Business Intelligence

- Health and Human Services Information
  - Eligibility
    - Operational Metrics
    - County Caseworker Workload
  - Claims
  - Long Term Care
- Financial Information
  - General Ledger (Spend, Disbursement, Actual/Forecast)
  - Travel and Expense
  - Procure to Pay (AP/PO/Offeror/Spend)
  - Capital Improvements
  - Accounts Receivable
  - Asset Management
- Workforce and Human Resources
  - Workforce Profile
  - Compensation
  - MBE/EDGE

3.7.5. SharePoint

Microsoft SharePoint Server 2013 portal setup and hosting services for agencies interested in internal collaboration, external collaboration, organizational portals, business process workflow, and business intelligence. The service is designed to provision, operate and maintain the State’s enterprise Active Directory Accounts.

3.7.6. IT Service Management

ServiceNow, a cloud-based IT Service Management Tool that provides internal and external support through an automated service desk workflow based application which provides flexibility and ease of use. The IT Service Management Tool provides workflows aligning with ITIL processes such as Incident Management, Request Fulfillment, Problem Management, Change Management and Service Catalog.

3.7.7. Enterprise Geocoding Services
Enterprise Geocoding Services (EGS) combine address standardization, geocoding, and spatial analysis into a single service. Individual addresses can be processed in real time for online applications or large numbers of addresses can be processed in batch mode.

### 3.7.8. GIS Hosting

GIS Hosting delivers dynamic maps, spatial content, and spatial analysis via the Internet. User agencies can integrate enterprise-level Geographic Information Systems (GIS) with map capabilities and spatial content into new or existing websites and applications.

### 3.8. Productivity, Administrative and Communication Requirements

#### 3.8.1. Communication Services

The State of Ohio Office of Information Technology (OIT) provides a number of Enterprise Shared Services to State agencies as outlined in the IT Services Catalog available at: [http://das.ohio.gov/Divisions/InformationTechnology/StateofOhioITServiceCatalog.aspx](http://das.ohio.gov/Divisions/InformationTechnology/StateofOhioITServiceCatalog.aspx)

At a minimum, proposed vendor application designs that include the following Communication Services **must** use the Communication Services outlined in the IT Services Catalog.

**Exchange**

- Exchange Mail
- Office 365
- Skype for Business Instant Messaging & Presence
- Enterprise Vault
- Clearwell eDiscovery
- Exchange Web Services
- Bulk Mailing
- External Mail Encryption
- Outbound Fax
- Mobile devices

**EDI/Application Integration/Medicaid EDI**

**Lyris Listserv**

**On-premise application based FAX**

**eFAX**

- Fax2Mail is a “hosted” fax solution that allows agencies to seamlessly integrate inbound and outbound Fax with their existing desktop E-mail and back-office environments. Fax2Mail is a “cloud-based” solution.

**Voice over Internet Protocol (VoIP)**

**Audio Conference**

**Video Conference**

**Call Centers**
4. General State Security and Information Privacy Standards and Requirements

The selected Contractor will accept the security and privacy requirements outlined in this supplement in their entirety as they apply to the services being provided to the State. The Contractor will be responsible for maintaining information security in environments under the Contractor’s management and in accordance with State IT Security Policies. The Contractor will implement an information security policy and security capability as set forth in this Contract. The Contractor shall provide the State with contact information for a single point of contact for security incidents.

The Contractor’s responsibilities with respect to Security Services will include the following:

- Provide vulnerability management services for the Contractor’s internal secure network connection, including supporting remediation for identified vulnerabilities as agreed. As a minimum, the Contractor shall provide vulnerability scan results to the State monthly.
- Support the implementation and compliance monitoring for State IT Security Policies.
- Develop, maintain, update, and implement security procedures, with State review and approval, including physical access strategies and standards, ID approval procedures and a breach of security action plan.
- Manage and administer access to the systems, networks, System software, systems files and State Data, excluding end-users.
- Provide support in implementation of programs to educate State and Contractor end-users and staff on security policies and compliance.
- Install and update Systems software security, assign and reset passwords per established procedures, provide the State access to create User ID’s, suspend and delete inactive logon IDs, research system security problems, maintain network access authority, assist in processing State security requests, perform security reviews to confirm that adequate security procedures are in place on an ongoing basis, and provide environment and server security support and technical advice.
- Develop, implement, and maintain a set of automated and manual processes to ensure that data access rules are not compromised.
- Perform physical security functions (e.g., identification badge controls, alarm responses) at the facilities under the Contractor’s control.
- Prepare an Information Security Controls Document. This document is the security document that is used to capture the security policies and technical controls that the Contractor will implement, as requested by the State, on Contractor managed systems, supported servers and the LAN within the scope of this contract. The Contractor will submit a draft Information Security Controls document for State review and approval during the transition period.

The State will:

- Develop, maintain and update the State IT Security Policies, including applicable State information risk policies, standards and procedures.
- Provide the contractor with contact information for security and program personnel for incident reporting purposes.
- Provide a State Single Point of Contact with responsibility for account security audits.
- Support intrusion detection and prevention and vulnerability scanning pursuant to State IT Security Policies.
- Conduct a Security and Data Protection Audit, if deemed necessary, as part of the testing process.
- Provide the State security audit findings material for the Services based upon the security policies, standards and practices in effect as of the Effective Date and any subsequent updates.
- Assist the Contractor in performing a baseline inventory of access IDs for the systems for which the Contractor has security responsibility.
- Authorize User IDs and passwords for the State personnel for the Systems software, software tools and network infrastructure systems and devices under Contractor management.
4.1. State Provided Elements: Contractor Responsibility Considerations

The State is responsible for Network Layer (meaning the internet Protocol suite and the open systems interconnection model of computer networking protocols and methods to process communications across the IP network) system services and functions that build upon State infrastructure environment elements, the Contractor shall not be responsible for the implementation of Security Services of these systems as these shall be retained by the State.

To the extent that Contractor’s accesses or utilizes State- provided networks, the Contractor is responsible for adhering to State policies and use procedures and doing so in a manner that does not diminish established State capabilities and standards.

The Contractor will be responsible for maintaining the security of information in environment elements that it accesses, utilizes, develops or manages in accordance with the State Security Policy. The Contractor will implement information security policies and capabilities, upon review and contract by the State, based on the Contractors standard service center security processes that satisfy the State's requirements contained herein.

The Contractor’s responsibilities with respect to Security Services must also include the following:

- Support intrusion detection & prevention, including prompt agency notification of such events, reporting, monitoring and assessing security events. Notification is to be provided to the State for suspected as well as verified security events. For suspected events, the Contractor shall provide regular updates to the State on the status of efforts to verify the event as an actual security event.
- Provide vulnerability management services including supporting remediation for identified vulnerabilities as agreed.
- Support State IT Security Policy which includes the development, maintenance, updates, and implementation of security procedures with the agency’s review and approval, including physical access strategies and standards, ID approval procedures and a breach of security action plan.
- Support OIT in the implementation, maintenance and updating of statewide data security policies, including the State information risk policies, standards and procedures.
- Managing and administering access to the systems, networks, Operating Software or System Software, [including programs, device drivers, microcode and related code supporting documentation and media] that: 1) perform tasks basic to the functioning of data processing and network connectivity; and 2) are required to operate Applications Software), systems files and the State Data.
- Supporting the State in implementation of programs to raise the awareness of End Users and staff personnel to security risks and to the existence and importance of security policy compliance.
- Installing and updating State provided or approved system security Software, assigning and resetting passwords per established procedures, providing the agency access to create user ID's, suspend and delete inactive logon IDs, research system security problems, maintain network access authority, assisting in processing the agency requested security requests, performing security audits to confirm that adequate security procedures are in place on an ongoing basis, with the agency's assistance providing incident investigation support, and providing environment and server security support and technical advice.
- Developing, implementing, and maintaining a set of automated and manual processes so that the State Data access rules, as they are made known by the State, are not compromised.
- Performing physical security functions (e.g., identification badge controls, alarm responses) at the facilities under Contractor control.

4.2. Periodic Security and Privacy Audits

The State shall be responsible for conducting periodic security and privacy audits, and generally utilizes members of the OIT Chief Information Security Officer and Privacy teams, the OBM Office of Internal Audit and the Auditor of State, depending on the focus area of an audit. Should an audit issue or finding be discovered, the following resolution path shall apply:
If a security or privacy issue exists in any of the IT resources furnished to the Contractor by the State (e.g., code, systems, computer hardware and software), the State will have responsibility to address or resolve the issue. Dependent on the nature of the issue, the State may elect to contract with the Contractor under mutually agreeable terms for those specific resolution services at that time or elect to address the issue independent of the Contractor. The Contractor is responsible for resolving any security or privacy issues that exist in any of the IT resources they provide to the State.

For in-scope environments and services, all new systems implemented or deployed by the Contractor shall comply with State security and privacy policies.

4.2.1. State Penetration and Controls Testing

The state may, at its sole discretion, elect to perform a Security and Data Protection Audit, at any time, that includes a thorough review of contractor controls; security/privacy functions and procedures; data storage and encryption methods; backup/restoration processes; as well as security penetration testing and validation. The state may utilize a third party contractor to perform such activities as to demonstrate that all security, privacy and encryption requirements are met.

State Acceptance Testing will not proceed until the contractor cures all findings, gaps, errors or omissions pertaining to the audit to the state’s written satisfaction. Such testing will be scheduled with the contractor at a mutually convenient time during the development and finalization of the project plan, as required by the state.

4.3. Annual Security Plan: State and Contractor Obligations

The Contractor will develop, implement and thereafter maintain annually a Security Plan, that is in alignment with the National Institute of Standards and Technology ("NIST") Special Publication (SP) 800-53 (current, published version), for review, comment and approval by the State Information Security and Privacy Officers. As a minimum, the Security Plan must include and implement processes for the following items related to the system and services:

- Security policies
- Logical security controls (privacy, user access and authentication, user permissions, etc.)
- Technical security controls and security architecture (communications, hardware, data, physical access, software, operating system, encryption, etc.)
- Security processes (security assessments, risk assessments, incident response, etc.)
- Detail the technical specifics to satisfy the following:
  - Network segmentation
  - Perimeter security
  - Application security and data sensitivity classification
  - PHI and PII data elements
  - Intrusion management
  - Monitoring and reporting
  - Host hardening
  - Remote access
  - Encryption
  - State-wide active directory services for authentication
  - Interface security
  - Security test procedures
  - Managing network security devices
  - Security patch management
  - Detailed diagrams depicting all security-related devices and subsystems and their relationships with other systems for which they provide controls
  - Secure communications over the Internet
The Security Plan must detail how security will be controlled during the implementation of the System and Services and contain the following:

- High-level description of the program and projects
- Security risks and concerns
- Security roles and responsibilities
- Program and project security policies and guidelines
- Security-specific project deliverables and processes
- Security team review and approval process
- Security-Identity management and Access Control for Contractor and State joiners, movers, and leavers
- Data Protection Plan for personal/sensitive data within the projects
- Business continuity and disaster recovery plan for the projects
- Infrastructure architecture and security processes
- Application security and industry best practices for the projects
- Vulnerability and threat management plan (cyber security)

4.4. State Network Access (VPN)

Any remote access to State systems and networks, Contractor or otherwise, must employ secure data transmission protocols, including the secure sockets layer (SSL) protocol and public key authentication, signing and encryption. In addition, any remote access solution must use Secure Multipurpose Internet Mail Extensions (S/MIME) to provide encryption and non-repudiation services through digital certificates and the provided PKI. Multi-factor authentication is to be employed for users with privileged network access by leveraging the State of Ohio RSA or Duo Security solutions.

4.5. Security and Data Protection.

All Services must also operate at the [moderate level baseline] as defined in NIST (SP) 800-53 (current, published version) [moderate baseline requirements], be consistent with Federal Information Security Management Act (“FISMA”) requirements, and offer a customizable and extendable capability based on open-standards APIs that enable integration with third party applications. Services must provide the State’s systems administrators with 24x7 visibility into the services through a real-time, web-based “dashboard” capability that enables them to monitor, in real or near real time, the Services’ performance against the established SLAs and promised operational parameters.

4.6. State Information Technology Policies

The Contractor is responsible for maintaining the security of information in environment elements under direct management of the Contractor and in accordance with State Security policies and standards. The Contractor will implement information security policies and capabilities as set forth in Statements of Work and, upon review and contract by the State, based on the Offeror’s standard service center security processes that satisfy the State’s requirements contained herein. The Offeror’s responsibilities with respect to security services include the following:

- Support intrusion detection & prevention including prompt agency notification of such events, reporting, monitoring and assessing security events.
- Support State IT Security Policy which includes the development, maintenance, updates, and implementation of security procedures with the agency’s review and approval, including physical access strategies and standards, ID approval procedures and a breach of security action plan.
- Managing and administering access to the Operating Software, systems files and the State Data.
- Installing and updating State provided or approved system security Software, assigning and resetting administrative passwords per established procedures, providing the agency access to create administrative user ID’s, suspending and deleting inactive logon IDs, researching system security problems, maintaining network access authority, assist processing of the agency requested security requests, performing security
audits to confirm that adequate security procedures are in place on an ongoing basis, providing incident investigation support with the agency’s assistance, and providing environment and server security support and technical advice.

- Developing, implementing, and maintaining a set of automated and manual processes so that the State Data access rules are not compromised.
- Where the Contractor identifies a potential issue in maintaining an “as provided” State infrastructure element with the more stringent requirement of an agency security policy (which may be federally mandated or otherwise required by law), identifying to agencies the nature of the issue, and if possible, potential remedies for consideration by the State agency.
- The State shall be responsible for conducting periodic security and privacy audits and generally utilizes members of the OIT Chief Information Security Officer and Privacy teams, the OBM Office of Internal Audit and the Auditor of State, depending on the focus area of an audit. Should an audit issue be discovered the following resolution path shall apply:
  - If a security or privacy issue is determined to be pre-existing to this Contract, the State will have responsibility to address or resolve the issue. Dependent on the nature of the issue the State may elect to contract with the Contractor under mutually agreeable terms for those specific resolution services at that time or elect to address the issue independent of the Contractor.
  - If over the course of delivering services to the State under this Statement of Work for in-scope environments the Contractor becomes aware of an issue, or a potential issue that was not detected by security and privacy teams the Contractor is to notify the State within two (2) hours. This notification shall not minimize the more stringent Service Level Contracts pertaining to security scans and breaches contained herein, which due to the nature of an active breach shall take precedence over this notification. Dependent on the nature of the issue the State may elect to contract with the Contractor under mutually agreeable terms for those specific resolution services at that time or elect to address the issue independent of the Contractor.
  - For in-scope environments and services, all new systems implemented or deployed by the Contractor shall comply with State security and privacy policies.

The Contractor will comply with State of Ohio IT policies and standards. For the purposes of convenience, a compendium of IT policy and standard links is provided in Section 2, State IT Policy Requirements.

5. State and Federal Data Privacy Requirements

Because the privacy of individuals’ personally identifiable information (PII) and State Sensitive Information, generally information that is not subject to disclosures under Ohio Public Records law, (SSI) is a key element to maintaining the public’s trust in working with the State, all systems and services shall be designed and shall function according to the following fair information practices principles. To the extent that personally identifiable information in the system is “protected health information” under the HIPAA Privacy Rule, these principles shall be implemented in alignment with the HIPAA Privacy Rule. To the extent that there is PII in the system that is not “protected health information” under HIPAA, these principles shall still be implemented and, when applicable, aligned to other law or regulation.

The Contractor specifically agrees to comply with state and federal confidentiality and information disclosure laws, rules and regulations applicable to work associated with this RFP including but not limited to:

- United States Code 42 USC 1320d through 1320d-8 (HIPAA);
- Code of Federal Regulations, 42 CFR 431.300, 431.302, 431.305, 431.306, 435.945, 45 CFR164.502 (e) and 164.504 (e);
- Ohio Revised Code, ORC 173.20, 173.22, 1347.01 through 1347.99, 2305.24, 2305.251, 3701.243, 3701.028, 4123.27, 5101.26, 5101.27, 5101.572, 5112.21, and 5111.61; and
- Corresponding Ohio Administrative Code Rules and Updates.
- Systems and Services must support and comply with the State’s security operational support model, which is aligned to NIST SP 800-53 (current, published version).
- IRS Publication 1075, Tax Information Security Guidelines for Federal, State and Local Agencies
5.1. Protection of State Data

- **Protection of State Data.** “State Data” includes all data and information created by, created for, or related to the activities of the State and any information from, to, or related to all persons that conduct business or personal activities with the State, including, but not limited to, PII and SSI. To protect State Data as described in this Contract, in addition to its other duties regarding State Data, Contractor will: Maintain in confidence any personally identifiable information (“PI”) and State Sensitive Information (“SSI”) it may obtain, maintain, process, or otherwise receive from or through the State in the course of the Contract;
- Use and permit its employees, officers, agents, and independent contractors to use any PII/SSI received from the State solely for those purposes expressly contemplated by the Contract;
- Not sell, rent, lease or disclose, or permit its employees, officers, agents, and independent contractors to sell, rent, lease, or disclose, any such PII/SSI to any third party, except as permitted under this Contract or required by applicable law, regulation, or court order;
- Take all commercially reasonable steps to (a) protect the confidentiality of PII/SSI received from the State and (b) establish and maintain physical, technical and administrative safeguards to prevent unauthorized access by third parties to PII/SSI received by the Contractor from the State;
- Give access to PII/SSI of the State only to those individual employees, officers, agents, and independent contractors who reasonably require access to such information in connection with the performance of Contractor’s obligations under this Contract;
- Upon request by the State, promptly destroy or return to the State in a format designated by the State all PII/SSI received from the State;
- Cooperate with any attempt by the State to monitor Contractor’s compliance with the foregoing obligations as reasonably requested by the State from time to time. The State shall be responsible for all costs incurred by Contractor for compliance with this provision of this subsection;
- Establish and maintain data security policies and procedures designed to ensure the following:
  - Security and confidentiality of PII/SSI;
  - Protection against anticipated threats or hazards to the security or integrity of PII/SSI; and
  - Protection against the unauthorized access to, disclosure of or use of PII/SSI.

5.1.1. Disclosure

**Disclosure to Third Parties.** This Contract shall not be deemed to prohibit disclosures in the following cases:

- Required by applicable law, regulation, court order or subpoena; provided that, if the Contractor or any of its representatives are ordered or requested to disclose any information provided by the State, whether PII/SSI or otherwise, pursuant to court or administrative order, subpoena, summons, or other legal process or otherwise believes that disclosure is required by any law, ordinance, rule or regulation, Contractor will promptly notify the State in order that the State may have the opportunity to seek a protective order or take other appropriate action. Contractor will also cooperate in the State’s efforts to obtain a protective order or other reasonable assurance that confidential treatment will be accorded the information provided by the State. If, in the absence of a protective order, Contractor is compelled as a matter of law to disclose the information provided by the State, Contractor may disclose to the party compelling disclosure only the part of such information as is required by law to be disclosed (in which case, prior to such disclosure, Contractor will advise and consult with the State and its counsel as to the scope of such disclosure and the nature of wording of such disclosure) and Contractor will use commercially reasonable efforts to obtain confidential treatment for the information;
- To State auditors or regulators;
- To service providers and agents of either party as permitted by law, provided that such service providers and agents are subject to binding confidentiality obligations; or
- To the professional advisors of either party, provided that such advisors are obligated to maintain the confidentiality of the information they receive.
5.2. Handling the State’s Data

The Contractor must use due diligence to ensure computer and telecommunications systems and services involved in storing, using, or transmitting State Data are secure and to protect State Data from unauthorized disclosure, modification, use or destruction. To accomplish this, the Contractor must adhere to the following principles:

- Apply appropriate risk management techniques to balance the need for security measures against the sensitivity of the State Data.
- Ensure that its internal security policies, plans, and procedures address the basic security elements of confidentiality, integrity, and availability of State Data.
- Maintain plans and policies that include methods to protect against security and integrity threats and vulnerabilities, as well as detect and respond to those threats and vulnerabilities.
- Maintain appropriate identification and authentication processes for information systems and services associated with State Data.
- Maintain appropriate access control and authorization policies, plans, and procedures to protect system assets and other information resources associated with State Data.
- Implement and manage security audit logging on information systems, including computers and network devices.

5.3. Contractor Access to State Networks Systems and Data

The Contractor must maintain a robust boundary security capacity that incorporates generally recognized system hardening techniques. This includes determining which ports and services are required to support access to systems that hold State Data, limiting access to only these points, and disable all others.

To do this, the Contractor must:

- Use assets and techniques such as properly configured firewalls, a demilitarized zone for handling public traffic, host-to-host management, Internet protocol specification for source and destination, strong authentication, encryption, packet filtering, activity logging, and implementation of system security fixes and patches as they become available.
- Use two-factor authentication to limit access to systems that contain particularly sensitive State Data, such as personally identifiable information.
- Assume all State Data is both confidential and critical for State operations. The Contractor’s security policies, plans, and procedure for the handling, storage, backup, access, and, if appropriate, destruction of State Data must be commensurate to this level of sensitivity unless the State instructs the Contractor otherwise in writing.
- Employ appropriate intrusion and attack prevention and detection capabilities. Those capabilities must track unauthorized access and attempts to access State Data, as well as attacks on the Contractor’s infrastructure associated with the State Data. Further, the Contractor must monitor and appropriately address information from its system tools used to prevent and detect unauthorized access to and attacks on the infrastructure associated with the State Data.
- Use appropriate measures to ensure that State Data is secure before transferring control of any systems or media on which State Data is stored. The method of securing the State Data must be appropriate to the situation and may include secure overwriting, destruction, or encryption of the State Data before transfer of control. The transfer of any such system or media must be reasonably necessary for the performance of the Contractor’s obligations under this Contract.
- Have a business continuity plan in place that the Contractor tests and updates at least annually. The plan must address procedures for response to emergencies and other business interruptions. Part of the plan must address backing up and storing data at a location sufficiently remote from the facilities at which the Contractor maintains State Data in case of loss of State Data at the primary site. The Contractor’s backup
solution must include plans to recover from an intentional deletion attempt by a remote attacker with compromised administrator credentials (e.g., keeping periodic copies offline, or in write-only format). The plan also must address the rapid restoration, relocation, or replacement of resources associated with the State Data in the case of a disaster or other business interruption. The Contractor’s business continuity plan must address short- and long-term restoration, relocation, or replacement of resources that will ensure the smooth continuation of operations related to the State’s Data. Such resources may include, among others, communications, supplies, transportation, space, power and environmental controls, documentation, people, data, software, and hardware. The Contractor also must provide for reviewing, testing, and adjusting the plan on an annual basis.

- Not allow the State Data to be loaded onto portable computing devices or portable storage components or media unless necessary to perform its obligations under this Contract. If necessary for such performance, the Contractor may permit State Data to be loaded onto portable computing devices or portable storage components or media only if adequate security measures are in place to ensure the integrity and security of the State Data. Those measures must include a policy on physical security for such devices to minimize the risks of theft and unauthorized access that includes a prohibition against viewing sensitive or confidential data in public or common areas. In addition, all state data on portable media shall be encrypted.
- Ensure that portable computing devices have anti-virus software, personal firewalls, and system password protection. In addition, the State Data must be encrypted when stored on any portable computing or storage device or media or when transmitted from them across any data network.
- Maintain an accurate inventory of all such devices and the individuals to whom they are assigned.

### 5.4. Encryption, Portable Devices, Data Transfer and Media

Any sensitive State Data must be encrypted in transit and at rest. Any encryption requirement identified in this Supplement means encryption that complies with National Institute of Standards Federal Information Processing Standard 140-2 as demonstrated by a valid FIPS certificate number. Any sensitive State Data transmitted over a network, or taken off site via removable media must be encrypted pursuant to the State’s Data encryption standard ITS-SEC-01 Data Encryption and Cryptography.

The Contractor must have reporting requirements for lost or stolen portable computing devices authorized for use with State Data and must report any loss or theft of such devices to the State in writing as quickly as reasonably possible. The Contractor also must maintain an incident response capability for all security breaches involving State Data whether involving mobile devices or media or not. The Contractor must detail this capability in a written policy that defines procedures for how the Contractor will detect, evaluate, and respond to adverse events that may indicate a breach or attempt to attack or access State Data or the infrastructure associated with State Data.

To the extent the State requires the Contractor to adhere to specific processes or procedures in addition to those set forth above in order for the Contractor to comply with the managed services principles enumerated herein, those processes or procedures are set forth in this contract.

### 5.5. Limited Use; Survival of Obligations

Contractor may use PII/SSI only as expressly authorized by the Contract and for no other purpose. Contractor’s limited right to use PII/SSI expires upon conclusion, non-renewal or termination of this Agreement for any reason. Contractor’s obligations of confidentiality and non-disclosure survive termination or expiration for any reason of this Agreement.

### 5.6. Disposal of PII/SSI

Upon expiration of Contractor’s limited right to use PII/SSI, Contractor must return all physical embodiments to the State or, with the State’s permission; Contractor may destroy PII/SSI. Upon the State’s request, Contractor shall provide written certification to the State that Contractor has returned, or destroyed, all such PII/SSI in Contractor’s possession.
5.7. Remedies

If Contractor or any of its representatives or agents breaches the covenants set forth in these provisions, irreparable injury may result to the State or third parties entrusting PII/SSI to the State. Therefore, the State’s remedies at law may be inadequate and the State shall be entitled to seek an injunction to restrain any continuing breach. Notwithstanding any limitation on Contractor’s liability, the State shall further be entitled to any other rights or remedies that it may have in law or in equity.

5.8. Prohibition on Off-Shore and Unapproved Access

The Contractor shall comply in all respects with U.S. statutes, regulations, and administrative requirements regarding its relationships with non-U.S. governmental and quasi-governmental entities including, but not limited to the export control regulations of the International Traffic in Arms Regulations (“ITAR”) and the Export Administration Act (“EAA”); the anti-boycott and embargo regulations and guidelines issued under the EAA, and the regulations of the U.S. Department of the Treasury, Office of Foreign Assets Control, HIPAA Privacy Rules and other conventions as described and required in this Supplement.

The Contractor will provide resources for the work described herein with natural persons who are lawful permanent residents as defined in 8 U.S.C. 1101 (a)(20) or who are protected individuals as defined by 8 U.S.C. 1324b(a)(3). It also means any corporation, business association, partnership, society, trust, or any other entity, organization or group that is incorporated to do business in the U.S. It also includes any governmental (federal, state, local), entity.

The State specifically prohibits sending, taking or making available remotely (directly or indirectly) any State information including State Data, software, code, intellectual property, designs and specifications, system logs, system data, personal or identifying information and related materials out of the United States in any manner, except by mere travel outside of the U.S. by a person whose personal knowledge includes technical data; or transferring registration, control, or ownership to a foreign person, whether in the U.S. or abroad, or disclosing (including oral or visual disclosure) or transferring in the United States any State article to an embassy, any agency or subdivision of a foreign government (e.g., diplomatic missions); or disclosing (including oral or visual disclosure) or transferring data to a foreign person, whether in the U.S. or abroad.

The Contractor shall not use State data for any engagements outside of the scope of the contracted agreement. Using State of Ohio data to test or provide proof-of-concept for other engagements is expressly prohibited.

It is the responsibility of all individuals working at the State to understand and comply with the policy set forth in this document as it pertains to end-use export controls regarding State restricted information.

Where the Contractor is handling confidential employee or citizen data associated with Human Resources data, the Contractor will comply with data handling privacy requirements associated with HIPAA and as further defined by The United States Department of Health and Human Services Privacy Requirements and outlined in http://www.hhs.gov/ocr/privacysummary.pdf

It is the responsibility of all Contractor individuals working at the State to understand and comply with the policy set forth in this document as it pertains to end-use export controls regarding State restricted information.

Where the Contractor is handling confidential or sensitive State, employee, citizen or Ohio Business data associated with State Data, the Contractor will comply with data handling privacy requirements associated with HIPAA and as further defined by The United States Department of Health and Human Services Privacy Requirements and outlined in http://www.hhs.gov/ocr/privacysummary.pdf.

5.9. Background Check of Contractor Personnel

Contractor agrees that (1) it will conduct 3rd party criminal background checks on Contractor personnel who will perform Sensitive Services (as defined below), and (2) no Ineligible Personnel will perform Sensitive Services under this Contract. “Ineligible Personnel” means any person who (a) has been convicted at any time of any criminal offense involving dishonesty, a breach of trust, or money laundering, or who has entered into a pre-trial
diversion or similar program in connection with a prosecution for such offense, (b) is named by the Office of Foreign Asset Control (OFAC) as a Specially Designated National, or (c) has been convicted of a felony.

“Sensitive Services” means those services that (i) require access to Customer/Consumer Information, (ii) relate to the State’s computer networks, information systems, databases or secure facilities under circumstances that would permit modifications to such systems, or (iii) involve unsupervised access to secure facilities (“Sensitive Services”).

Upon request, Contractor will provide written evidence that all of Contractor’s personnel providing Sensitive Services have undergone a criminal background check and are eligible to provide Sensitive Services. In the event that Contractor does not comply with the terms of this section, the State may, in its sole and absolute discretion, terminate this Contract immediately without further liability.

5.10. Federal Tax Information

Contract Language for General Services. Required for systems or solutions which contain Federal Tax Information.

5.10.1. Performance

In performance of this Contract, the Contractor agrees to comply with and assume responsibility for compliance by its employees with the following requirements:

- All work will be done under the supervision of the Contractor or the Contractor's employees.
- Any return or return information made available in any format shall be used only for the purposes of performing this Contract. Information contained in such material will be treated as confidential and will not be divulged or made known in any manner to any person except as may be necessary in the performance of this Contract. Disclosure to anyone other than an officer or employee of the Contractor will be prohibited.
- All returns and return information will be accounted for upon receipt and properly stored before, during, and after processing. In addition, all related output will be given the same level of protection as required for the source material.
- The Contractor certifies that the data processed during the performance of this Contract will be completely purged from all data storage components of its computer facility, and no output will be retained by the Contractor after the work is completed. If immediate purging of all data storage components is not possible, the Contractor certifies that any IRS data remaining in any storage component will be safeguarded to prevent unauthorized disclosures.
- Any spoilage or any intermediate hard copy printout that may result during the processing of IRS data will be given to the agency or its designee. When this is not possible, the Contractor will be responsible for the destruction of the spoilage or any intermediate hard copy printouts, and will provide the agency or its designee with a statement containing the date of destruction, description of material destroyed, and the method used.
- All computer systems receiving, processing, storing, or transmitting Federal Tax Information must meet the requirements defined in IRS Publication 1075. To meet functional and assurance requirements, the security features of the environment must provide for the managerial, operations, and technical controls. All security features must be available and activated to protect against unauthorized use of and access to Federal Tax Information.
- No work involving Federal Tax Information furnished under this Contract will be subcontracted without prior written approval of the IRS.
- The Contractor will maintain a list of employees authorized access. Such list will be provided to the agency and, upon request, to the IRS reviewing office.
- The agency will have the right to void the Contract if the Contractor fails to provide the safeguards described above.
5.10.2. Criminal/Civil Sanctions

1. Each officer or employee of any person to whom returns or return information is or may be disclosed will be notified in writing by such person that returns or return information disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any such returns or return information for a purpose or to an extent unauthorized herein constitutes a felony punishable upon conviction by a fine of as much as $5,000 or imprisonment for as long as 5 years, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized further disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than $1,000 with respect to each instance of unauthorized disclosure. These penalties are prescribed by IRCs 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.

2. Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that any return or return information made available in any format shall be used only for the purpose of carrying out the provisions of this Contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of the Contract. Inspection by or disclosure to anyone without an official need-to-know constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as $1,000 or imprisonment for as long as 1 year, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized inspection or disclosure of the officer or employee (United States for Federal employees) in an amount equal to the sum of the greater of $1,000 for each act of unauthorized inspection or disclosure with respect to which such defendant is found liable or the sum of the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure plus in the case of a willful inspection or disclosure which is the result of gross negligence, punitive damages, plus the costs of the action. These penalties are prescribed by IRC 7213A and 7431.

3. Additionally, it is incumbent upon the Contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

The IRS and the Agency shall have the right to send its officers and employees into the offices and plants of the Contractor for inspection of the facilities and operations provided for the performance of any work under this Contract. On the basis of such inspection, specific measures may be required in cases where the contractor is found to be noncompliant with Contract safeguards.

6. Contractor Responsibilities Related to Reporting of Concerns, Issues and Security/Privacy Issues

6.1. General

If, over the course of the Contract a security or privacy issue arises, whether detected by the State, a State auditor or the Contractor, that was not existing within an in-scope environment or service prior to the commencement of any contracted service associated with this Contract, the Contractor must:

- notify the State of the issue or acknowledge receipt of the issue within two (2) hours;
- within forty-eight (48) hours from the initial detection or communication of the issue from the State, present an potential exposure or issue assessment document to the State Account Representative and the State Chief Information Security Officer with a high level assessment as to resolution actions and a plan;
- within four (4) calendar days, and upon direction from the State, implement to the extent commercially reasonable measures to minimize the State’s exposure to security or privacy until such time as the issue is resolved; and
6.2. Actual or Attempted Access or Disclosure

If the Contractor determines that there is any actual, attempted or suspected theft of, accidental disclosure of, loss of, or inability to account for any PII/SSI by Contractor or any of its subcontractors (collectively “Disclosure”) and/or any unauthorized intrusions into Contractor’s or any of its subcontractor’s facilities or secure systems (collectively “Intrusion”), Contractor must immediately:

- Notify the State within two (2) hours of the Contractor becoming aware of the unauthorized Disclosure or Intrusion;
- Investigate and determine if an Intrusion and/or Disclosure has occurred;
- Fully cooperate with the State in estimating the effect of the Disclosure or Intrusion’s effect on the State and fully cooperate to mitigate the consequences of the Disclosure or Intrusion;
- Specify corrective action to be taken; and
- Take corrective action to prevent further Disclosure and/or Intrusion.

6.3. Unapproved Disclosures and Intrusions: Contractor Responsibilities

- The Contractor must, as soon as is reasonably practicable, make a report to the State including details of the Disclosure and/or Intrusion and the corrective action Contractor has taken to prevent further Disclosure and/or Intrusion. Contractor must, in the case of a Disclosure cooperate fully with the State to notify the effected persons as to the fact of and the circumstances of the Disclosure of the PII/SSI. Additionally, Contractor must cooperate fully with all government regulatory agencies and/or law enforcement agencies having jurisdiction to investigate a Disclosure and/or any known or suspected criminal activity.
- Where the Contractor identifies a potential issue in maintaining an “as provided” State infrastructure element with the more stringent of an Agency level security policy (which may be Federally mandated or otherwise required by law), identifying to Agencies the nature of the issue, and if possible, potential remedies for consideration by the State agency.
- If over the course of delivering services to the State under this Statement of Work for in-scope environments the Contractor becomes aware of an issue, or a potential issue that was not detected by security and privacy teams the Contractor is to notify the State within two (2) hour. This notification shall not minimize the more stringent Service Level Contracts pertaining to security scans and breaches contained herein, which due to the nature of an active breach shall take precedence over this notification. Dependent on the nature of the issue the State may elect to contract with the Contractor under mutually agreeable terms for those specific resolution services at that time or elect to address the issue independent of the Contractor.

6.4. Security Breach Reporting and Indemnification Requirements

- In case of an actual security breach that may have compromised State Data, the Contractor must notify the State in writing of the breach within two (2) hours of the Contractor becoming aware of the breach. In the case of a suspected breach, the Contractor must notify the State in writing of the suspected breach within twenty-four (24) hours of the Contractor becoming aware of the suspected breach.
- The Contractor must fully cooperate with the State to mitigate the consequences of such a breach/suspected breach. This includes any use or disclosure of the State Data that is inconsistent with the terms of this Contract and of which the Contractor becomes aware, including but not limited to, any discovery of a use or disclosure that is not consistent with this Contract by an employee, agent, or subcontractor of the Contractor.
- The Contractor must give the State full access to the details of the breach/suspected breach and assist the State in making any notifications to potentially affected people and organizations that the State deems are necessary or appropriate. The Contractor must document all such incidents/suspected incidents, including its response to them, and make that documentation available to the State on request.
In addition to any other liability under this Contract related to the Contractor’s improper disclosure of State Data, and regardless of any limitation on liability of any kind in this Contract, the Contractor will be responsible for acquiring one year’s identity theft protection service on behalf of any individual or entity whose personally identifiable information is compromised while it is in the Contractor’s possession. Such identity theft protection must provide coverage from all three major credit reporting agencies and provide immediate notice through phone or email of attempts to access the individuals’ credit history through those services.

7. Security Review Services

As part of a regular Security Review process, the Contractor will include the following reporting and services to the State:

7.1. Hardware and Software Assets

The Contractor will support the State in defining and producing specific reports for both hardware and software assets. At a minimum this should include:

- Deviations to hardware baseline
- Inventory of information types by hardware device
- Software inventory against licenses (State purchased)
- Software versions and then scans of versions against patches distributed and applied

7.2. Security Standards by Device and Access Type

The Contractor will:

- Document security standards by device type and execute regular scans against these standards to produce exception reports
- Document and implement a process for deviation from State standards

7.3. Boundary Defenses

The Contractor will:

- Work with the State to support the denial of communications to/from known malicious IP addresses*
- Ensure that the System network architecture separates internal systems from DMZ and extranet systems
- Require remote login access to use two-factor authentication
- Support the State’s monitoring and management of devices remotely logging into internal network
- Support the State in the configuration firewall session tracking mechanisms for addresses that access System

7.4. Audit Log Reviews

The Contractor will:

- Work with the State to review and validate audit log settings for hardware and software
- Ensure that all systems and environments have adequate space to store logs
- Work with the State to devise and implement profiles of common events from given systems to both reduce false positives and rapidly identify active access
- Provide requirements to the State to configure operating systems to log access control events
- Design and execute bi-weekly reports to identify anomalies in system logs
- Ensure logs are written to write-only devices for all servers or a dedicated server managed by another group.
7.5. **Application Software Security**

The Contractor will:

- Perform configuration review of operating system, application and database settings
- Ensure software development personnel receive training in writing secure code

7.6. **System Administrator Access**

The Contractor will

- Inventory all administrative passwords (application, database and operating system level)
- Implement policies to change default passwords in accordance with State policies, particular following any transfer or termination of personnel (State, existing MSV or Contractor)
- Configure administrative accounts to require regular password changes
- Ensure service level accounts have cryptographically strong passwords
- Store passwords in a hashed or encrypted format
- Ensure administrative accounts are used only for administrative activities
- Implement focused auditing of administrative privileged functions
- Configure systems to log entry and alert when administrative accounts are modified
- Segregate administrator accounts based on defined roles

7.7. **Account Access Privileges**

The Contractor will:

- Review and disable accounts not associated with a business process
- Create daily report that includes locked out accounts, disabled accounts, etc.
- Implement process for revoking system access
- Automatically log off users after a standard period of inactivity
- Monitor account usage to determine dormant accounts
- Monitor access attempts to deactivated accounts through audit logging
- Profile typical account usage and implement or maintain profiles to ensure that Security profiles are implemented correctly and consistently

7.8. **Additional Controls and Responsibilities**

The Contractor will meet with the State no less frequently than annually to:

- Review, Update and Conduct Security training for personnel, based on roles
- Review the adequacy of physical and environmental controls
- Verify the encryption of sensitive data in transit
- Review access control to information based on established roles and access profiles
- Update and review system administration documentation
- Update and review system maintenance policies
- Update and Review system and integrity policies
- Revised and Implement updates to the System security program plan
- Update and Implement Risk Assessment Policies and procedures
- Update and implement incident response procedures
