

**STATE OF OHIO
DEPARTMENT OF ADMINISTRATIVE SERVICES
GENERAL SERVICES DIVISION
OFFICE OF PROCUREMENT SERVICES
INSTRUCTIONS, TERMS AND CONDITIONS FOR BIDDING**

I-1. Complete Competitive Sealed Bid with Authorized Signature. Bidders must submit a complete, signed competitive sealed bid, which at a minimum, should include all of the pages of the Invitation to Bid that require the Bidder to respond and any additional information or samples required by the Invitation to Bid. Bids should be signed, in ink (blue is preferred), on the front page of the Invitation to Bid. Bidders are requested not to use black ink to sign the Bid.

I-2. When Bids May Be Delivered. The Department of Administrative Services ("DAS") must receive bids no later than 1:00 p.m. the day the bids are scheduled for opening. Bids received after 1:00 p.m. on the scheduled date for opening will be considered as late and will not be opened. DAS receives bids during the hours of 8:00 a.m. through 4:30 p.m., Monday through Friday, except state observed holidays. DAS does not accept bids with insufficient postage or collect on delivery.

I-3. Where Bids Must Be Delivered. Bids must be delivered to the following address:

Department of Administrative Services
General Services Division, Office of Procurement Services
ATTN.: Bid Desk
4200 Surface Rd.
Columbus, OH 43228-1395

I-4. How Bids May Be Delivered. Each bid must be submitted in a sealed envelope or similar container with the bid number clearly marked on the exterior. If a bidder uses an express mail or courier service, the bid number must be clearly marked on the exterior of the express mail or courier service envelope or must be enclosed in a sealed envelope inside the express mail or courier service envelope with the bid number clearly marked on the inside envelope. A bid that is not properly and clearly marked and is inadvertently opened, before the scheduled bid opening time, may be disqualified without additional consideration.

I-5. Bids are a Public Record. Interested bidders may attend the opening of the bids. After bids are opened and certified by the Auditor of State, they are available for public review by interested parties who have registered with the bid desk to review the bids. Once bids have been reviewed, they will be forwarded to the contract analyst to begin the evaluation and award process. After bids are opened they are public records as defined in Ohio Revised Code 149.43 and are subject to all laws appurtenant thereto. Bidder may request that certain information, such as trade secrets or proprietary data, be designated as confidential and not considered as public records. Material so designated shall accompany the bid and be in a sealed container duly marked, and shall be readily separable from the bid in order to facilitate public inspection of non confidential portion. Prices, makes, models, catalog numbers of items offered, deliveries and terms of payment shall not be considered as confidential. The decision as to whether or not such trade secrets or proprietary data shall be disclosed at the bid opening rests solely with DAS.

I-6. Withdrawal of Bid before Bid Opening. A bidder may withdraw its bid, by written request, any time after DAS receives the bid and before bid opening.

I-7. Withdrawal of Bid after Bid Opening. A bidder may by written request withdraw its bid after bid opening, if there is reasonable proof that an inadvertent mistake was made and the correction cannot be determined with reasonable certainty. "Inadvertent" means inattentive or unobservant; heedless; due to oversight; unintentional. If DAS suspects that the lowest bid contains a mistake, DAS may ask the Bidder for written confirmation of its bid.

I-8. Correction of Bid before Bid Opening. If a bidder withdraws its bid and resubmits it with revisions, the revisions should be clearly identified and signed or initialed by the Bidder. The omission of a bidder's signature or initials to a modification may result in the bid being determined to be not responsive. Any corrections must be completed off the premises.

I-9. Correction after Bid Opening. DAS may permit a bidder alleging an inadvertent error to correct its bid, after opening, only if the mistake and the correction are clearly evident from the bid and correction does not affect the amount of the bid or otherwise give the Bidder an unfair competitive advantage.

I-10. Bids are Firm for 90 Days. Unless stated otherwise, once opened all Bids are irrevocable for ninety (90) days. Beyond ninety (90) days, bidder will have the option to honor their Bid or make a written request to withdraw their Bid from consideration.

I-11. Bidder May Request Clarification. If a bidder discovers an inconsistency, error or omission in this Invitation to Bid, the Bidder should request clarification from DAS, Office of Procurement Services (DAS-Procurement Services) as indicated on the front page of the Invitation to Bid. Such clarification may be made only through the internet. Bidders should make their requests for clarification a minimum of five (5) working days before the date of bid opening unless otherwise noted on Page 1 of the ITB. No other form of clarification is acceptable. Failure of bidder to comply may result in the Bidder being deemed not responsive.

I-12. Requests for Revisions or Additions to the Bid: Bidders are required to comply with all of the terms and conditions of the Invitation to Bid, whether the Bidder had actual knowledge of the terms and conditions of the Invitation to Bid and regardless of any statement or omission in the bid that might indicate a bidder's contrary intention. DAS will not agree to any additional or inconsistent terms or conditions proposed by the Bidder. The terms and conditions of the Invitation to Bid prevail over any inconsistent or additional terms or conditions of the bid proposed by the Bidder.

I-13. DAS Modifications to the Bid. When it is necessary to modify an Invitation to Bid, DAS does so by written addendum only.

I-14. Rejected Bids. DAS may reject any bid, in whole or in part, if any of the following circumstances are true:

- (A) bids offer supplies or services that are not in compliance with the requirements, specifications, terms or conditions stated in the Invitation to Bid,
- (B) the price of the lowest responsive and responsible bid is excessive in comparison with market conditions or with the purchasing agency's available funds, or
- (C) DAS determines that awarding any item is not in the best interest of the State of Ohio.

I-15. Bid Preparation. The State of Ohio assumes no responsibility for costs incurred by the Bidder prior to the award of any Contract resulting from this Bid. Total liability of the State is limited to the terms and conditions of a resulting Contract.

I-16. Damages Arising from Bid Specifications. A bidder may not be compensated for damages arising from inaccurate or incomplete information in the Invitation to Bid specifications or from inaccurate assumptions based upon the specifications.

I-17. Evaluation of Bids. The contract will be awarded to the lowest responsive and responsible bidder as determined by DAS under the Ohio Revised Code (the "ORC"). To protect the integrity of the competitive bid process, bids will be closed for public review once the evaluation and award process begins.

I-18. Unit Costs. Bidders shall not insert a unit cost of more than three (3) digits to the right of the decimal point. Digit(s) beyond three (3) will be dropped and not used in the evaluation of the Bid.

I-19. Lowest Bidder. A bidder is lowest if its bid offers the lowest-cost supply or service in comparison to all other bidders as set forth in the evaluation paragraph in the bid. While bidders may offer discounts for prompt payment and other similar incentives, discounts and incentives will not be used to determine the lowest bidder.

I-20. Responsive Bidder. A bidder is responsive if its bid responds to the bid specifications in all material respects and contains no irregularities or deviations from the specifications that would affect the amount of the bid or otherwise give the Bidder an unfair competitive advantage.

I-21. Responsible Bidder. DAS' determination of a bidder's responsibility includes the following factors:

- (a) experience of the bidder,
- (b) bidder's financial condition,
- (c) bidder's conduct and performance on previous contracts,
- (d) the bidder's facilities,
- (e) the bidder's management skills,
- (f) the bidder's ability to execute the contract properly, and
- (g) review of Federal and the State debarment lists.

I-22. Estimated Usage. Unless otherwise stated, the usage indicated for each item(s) are to be considered as estimates only and should be considered as information relative to potential purchases that may be made from the contract. The State makes no representation or guarantee as to the actual amount of item(s) to be purchased by the participating agencies.

I-23. Preference for Ohio Products. The bid award may be subject to the domestic preference provisions of the Buy America Act, 41 U.S.C.A., 10a-10d, as amended, and to the preference for Ohio products under ORC Sections 125.09 and 125.11 and Ohio Administrative Code Rule 123:5-1-06.

I-24. Tie Bids. If two or more bidders offer the same cost and both are determined to be responsive and responsible, DAS may break the tie with the flip of a coin. DAS may assign "heads" and "tails" to the Bidders. The coin flip may be conducted in the presence of the Bidders, if they elect to be present, and is the final determination of the lowest, responsive and responsible bidder.

I-25. Information Requested. DAS may request additional information to evaluate a bidder's responsiveness to the Invitation to Bid or to evaluate a bidder's responsibility. If a bidder does not provide the requested information, it may adversely impact DAS' evaluation of the Bidder's responsiveness or responsibility.

I-26. Samples. DAS may require bidders, by Invitation to Bid or by request during evaluation, to provide sample supplies or equipment or examples of work, at the Bidder's expense. Samples must clearly identify the Bidder, the bid number, and the item the sample represents in the bid. DAS will return samples that are not destroyed by testing, at the Bidder's expense, upon the Bidder's timely request. DAS may keep the samples of the Bidder awarded the contract until the completion of the contract. Unsolicited samples submitted in response to this Invitation to Bid will not be evaluated and DAS may dispose of them in any way it chooses.

I-27. Suspension and Debarments. DAS will not award a contract for supplies or services, funded in whole or in part with Federal funds, to a person who has been suspended or debarred from doing business with the State of Ohio or who appears on the Federal List of Excluded Parties Listing System <http://www.epls.gov/>.

I-28. Protests and Communications During Evaluation. Any bidder, who is not in agreement with the competitive bidding process used to make the award may file a protest. The protest must be timely and submitted in writing to DAS-Procurement Services. Any attempt by the Bidder, the Bidder's agent(s), or any party representing the Bidder to file a protest with any entity of the State of Ohio other than the Administrator may result in the Bidder being deemed as not responsive. During the evaluation process, unless requested by DAS-Procurement Services as part of the evaluation process, any attempt on the part of the Bidder, the Bidder's agent(s), or any party representing the Bidder, to submit correspondence that is determined by DAS to be an attempt to compromise the impartiality of the evaluation or any attempt on the part of the Bidder, the Bidder's agent(s), or any party representing the Bidder to communicate with any member of the State regarding the evaluation process may be grounds for immediate disqualification of the Bidder. A determination to stay the proceedings or reverse an award determination will be at the sole discretion of the DAS-Procurement Services. The decision of the Administrator shall be final and conclusive unless any person adversely affected by the decision commences an action in a court of law.

I-29. Registration with the Secretary of State. By the signature affixed to this Bid, the Bidder attests that the Bidder is:

- (A) an Ohio corporation that is properly registered with the Ohio Secretary of State; or
- (B) a foreign corporation, not incorporated under the laws of the state of Ohio, but is registered with the Ohio Secretary of State pursuant to ORC Sections 1703.01 to 1703.31, as applicable.

Any foreign corporation required to be licensed under ORC Sections 1703.01 to 1703.31, which transacts business in the state of Ohio, without being so licensed, or when its license has expired or been canceled, shall forfeit not less than \$250 nor more than ten thousand dollars. No officer of a foreign corporation shall transact business in the state of Ohio, if such corporation is required by ORC Sections 1703.01 to 1703.31 to procure and maintain a license, but has not done so. Whoever violates this is guilty of a misdemeanor of the fourth degree.

I-30. Certification Regarding Contract Eligibility With Other Governmental Entities. By the signature affixed on Page 1, Bidder hereby certifies that Bidder has not, within the last seven (7) years been the subject of any government action to limit the Bidder's right to do business with the government. If the Bidder cannot so certify, the Bidder must provide a written explanation with the bid response.

I-31. Non-Collusion Certification. By the signature affixed on Page one (1) of the Bid, the Bidder certifies that he/she is (sole owner, partner, president, secretary, etc.) of the party making the forgoing bid; that such bid is genuine and not collusive or sham; that bidder has not colluded, conspired or agreed, directly or indirectly, with any bidder or person, to put in a sham bid; or colluded or conspired to have another not bid and has not in any manner, directly or indirectly, sought by agreement or collusion, or communication or conference, with any person to fix the bid price of its bid or any other bidder, or to fix any overhead, profit or cost element of the bid price, or of that of any other bidder, or to secure any advantage against any bidder or any person or persons interested in the proposed contract and that all statements contained in the bid are true; and further, that the Bidder has not, directly or indirectly, submitted this bid, or the contents thereof, or divulged any related information or data to any association or to any member or agent of any association.

I-32. Specifications. DAS is authorized to prepare specifications to obtain supplies and services. The purpose of the specification is to describe the supplies or services to be purchased and will serve as a basis for comparison of bid responses. The department may use any form of specification it determines to be in the best interest of the State and that best describes the supplies or services to be purchased. Specifications may be in the form of a design specification, a performance specification or a combination thereof. If the department determines that a design, performance or combination specification is not in the best interest of the State, it may use brand name or equal specifications. Where a brand name or equal specification is used, use of the brand name is for the purpose of describing the base standard of quality, performance and characteristics desired and is not intended to limit or restrict competition. Substantially equivalent supplies or services to those designated will be considered for award. The department may also use a qualified products list of the federal government or may develop a qualified products list applicable to the State of Ohio. When developing a qualified products list, the department shall solicit a sufficient number of suppliers to ensure maximum coverage with providers of the supplies or services. Any supplier, not solicited, may request inclusion on the qualified products list. Potential suppliers will be required to furnish exact samples of the supplies or services to be

provided for testing and examination by the State. Only those supplies or services that conform to the state's requirements will be considered for inclusion on a qualified products list. The department may also use a brand specific specification when it is determined that the identified brand name supplies or services will satisfy the State's need in the most cost-efficient manner, when the identified brand name supplies or services are necessary to protect the health and well-being of clients of the state, when emergency conditions will not permit acceptance of alternate brand name supplies or services, and when there are two or more authorized stocking distributors available to provide the required brand specific supplies or services. Final approval of, revisions to, and cancellation of the specifications for supplies and services or the proposed criteria and methodology for establishing and maintaining a qualified products list shall be the responsibility of DAS.

I-33. FDA Registration. In accordance with the Public Health Security and Bioterrorism Preparedness Response Act of 2002, all domestic and foreign facilities that manufacture, process, pack or hold food for human or animal consumption in the United States are required to be registered with the Food and Drug Administration (FDA). This registration includes owners, operators, or agents in charge of domestic or foreign facilities that manufacture/process, pack, or hold food for human or animal consumption in the United States. All domestic facilities, whether or not food enters interstate commerce, are required to register. Facilities may complete their registration with the FDA online at: <http://www.cfsan.fda.gov/~furl/ovffreg.html>. By the signature affixed to Page 1 of this ITB, Bidder certifies that Bidder, or his supplier(s) are properly registered with the FDA, unless otherwise exempted from such registration by the FDA.

I-34. Elections Law. The Bidder hereby certifies that neither Bidder nor any of Bidder's partners, officers, directors or shareholders, nor the spouse of any such person, has made contributions in excess of the limitations specified in R.C. 3517.13.

The Bidder is solely responsible to know the requirements and limitations set forth in ORC Section 3517.13, and to comply with those requirements and restrictions. The Bidder shall not accept a Contract and/or any purchase order issued under the Contract if the Bidder is unable to certify compliance with ORC Section 3517.13. If the Bidder is unable to certify such compliance and accepts a Contract and/or purchase order issued under the Contract, DAS shall deem the Bidder in breach. As such, DAS may deem the Contract invalid and immediately cancel the Contract. If DAS cancels the Contract and applicable purchase order(s), the Bidder will be subject to all legal remedies available to DAS up to and including debarment from doing business with the State of Ohio. Also, any bidder unable to certify compliance with ORC Section 3517.13, that accepts the Contract and any purchase orders issued under the Contract, will be held financially liable for any additional costs incurred by the DAS or other governmental entities placing orders under the Contract. These additional costs include those costs associated with re-awarding the Contract and/or seeking replacement items related to the cancellation of the Contract and/or related purchase orders.

I-35. Electronic Commerce Program. The State of Ohio is an active participant in E-Commerce to include Electronic Data Interchange (EDI). This program will benefit both the State and the Contractor by reducing time delays in receiving invoices and making payments that are associated with the existing manual processes. The Contractor is encouraged to move toward compliance with electronic commerce

technologies, as this will be the preferred method of doing business with the State of Ohio. Information regarding E-Commerce is available on the Office of Budget and Management's website at <http://obm.ohio.gov/sectionpages/electroniccommerce/>.

I-36. Use of Social Security Numbers as Federal Tax Identification Numbers. DAS requires vendors and contractors wishing to do business with the State to provide their Federal Taxpayer Identification Number to the Department. The Department does this so that it can perform statutorily required "responsibility" analyses on those vendors and contractors doing business with the State and, under limited circumstances, for tax reporting purposes. If you are a vendor or contractor using your Social Security Number as your Federal Taxpayer Identification Number, please be aware that the information you submit is a public record, and the Department may be compelled by Ohio law to release Federal Taxpayer Identification Numbers as a public record. If you do not want to have your Social Security Number potentially

disclosed as a Federal Taxpayer Identification Number, the Department encourages you to use a separate Employer Identification Number (EIN) obtained from the United States Internal Revenue Service's to serve as your Federal Taxpayer Identification Number.

I-37. EXPENDITURE OF PUBLIC FUNDS ON OFFSHORE SERVICES. When the Contract includes services, the Bidder must complete a Contractor/Subcontractor Affirmation and Disclosure form to abide with Executive Order 2011-12K, affirming no services of the Contractor or its subcontractors under this Contract will be performed outside the United States. During the performance of this Contract, the Contractor must not change the location(s) of the country where the services are performed, change the location(s) of the country where the data are maintained, or made available unless a duly signed waiver from the State has been attained to perform the services outside the United States.

**STATE OF OHIO
DEPARTMENT OF ADMINISTRATIVE SERVICES
GENERAL SERVICES DIVISION
OFFICE OF PROCUREMENT SERVICES
STANDARD CONTRACT TERMS AND CONDITIONS**

I. CONTRACT TERM PROVISIONS:

- A. APPROPRIATION OF FUNDS.** The State of Ohio's funds are contingent upon the availability of lawful appropriations by the Ohio General Assembly. If the Ohio General Assembly fails at any time to continue funding for the payments or obligations due hereunder, the Work under this Contract that is affected by the lack of funding will terminate and the State will have no further obligation to make any payments and will be released from its obligations on the date funding expires.
- B. OBM CERTIFICATION.** None of the rights, duties, or obligations in this Contract will be binding on the State, and the Contractor will not begin its performance, until all of the following conditions have been met:
1. All statutory provisions under the ORC, including Section 126.07, have been met.
 2. All necessary funds are made available by the appropriate state agencies.
 3. If required, approval of this Contract is given by the Controlling Board of Ohio; and
 4. If the State is relying on Federal or third-party funds for this Contract the State gives the Contractor written notice that such funds have been made available.
- C. TERMINATION / SUSPENSION.**
1. **Contract Termination.** If Contractor fails to perform any one of its obligations under this Contract, it will be in default and the State may terminate this Contract in accordance with this section. The termination will be effective on the date delineated by the State.
 - a. **Termination for Default.** If Contractor's default is unable to be cured in a reasonable time, the State may terminate the Contract by written notice to the Contractor.
 - b. **Termination for Unremedied Default.** If Contractor's default may be cured within a reasonable time, the State will provide written notice to Contractor specifying the default and the time within which Contractor must correct the default. If Contractor fails to cure the specified default within the time required, the State may terminate the Contract. If DAS does not give timely notice of default to Contractor, the State has not waived any of the State's rights or remedies concerning the default.
 - c. **Termination for Persistent Default.** The State may terminate this Contract by written notice to Contractor for defaults that are cured, but are persistent. "Persistent" means three or more defaults. After the State has notified Contractor of its third default, the State may terminate this Contract without providing Contractor with an opportunity to cure, if Contractor defaults for a fourth time. The four defaults are not required to be related to each other in any way.
 - d. **Termination for Endangered Performance.** The State may terminate this Contract by written notice to the Contractor if the State determines that the performance of the Contract is endangered through no fault of the State.
 - e. **Termination for Financial Instability.** The State may terminate this Contract by written notice to the Contractor if a petition in bankruptcy or similar proceeding has been filed by or against the Contractor.
 - f. **Termination for Delinquency, Violation of Law.** The State may terminate this Contract by written notice, if it determines that Contractor is delinquent in its payment of federal, state or local taxes, workers' compensation, insurance premiums, unemployment compensation contributions, child support, court costs or any other obligation owed to a state agency or political subdivision. The State also may cancel this Contract, if it determines that Contractor has violated any law during the performance of this Contract. However, the State may not terminate this Contract if the Contractor has entered into a repayment agreement with which the Contractor is current.

- g. **Termination for Subcontractor Default.** The State may terminate this Contract for the default of the Contractor or any of its subcontractors. The Contractor will be solely responsible for satisfying any claims of its subcontractors for any suspension or termination and will indemnify the State for any liability to them. Subcontractors will hold the State harmless for any damage caused to them from a suspension or termination. The subcontractors will look solely to the Contractor for any compensation to which they may be entitled.
 - h. **Termination for Failure to Retain Certification.** Pursuant to ORC Section 125.081, the State may set aside a bid for supplies or services for participation only by minority business enterprises (MBE's) certified by the State of Ohio, Equal Opportunity Coordinator. After award of the Contract, it is the responsibility of the MBE Contractor to maintain certification as a MBE. If the Contractor fails to renew its certification and/or is de-certified by the State of Ohio, Equal Opportunity Coordinator, the State may immediately cancel the Contract.
 - i. **Termination for Convenience.** The State may terminate this Contract for its convenience after issuing written notice to the Contractor. If the termination is for the convenience of the State, the Contractor will be entitled to compensation for any supplies or products that the Contractor has delivered or services rendered before the termination. Such compensation will be the Contractor's exclusive remedy in the case of termination for convenience and will be available to the Contractor only after the Contractor has submitted a proper invoice for the services, products or supplies, with the invoice reflecting the amount determined by the State to be owing to the Contractor.
 - j. **Termination, Effectiveness, Contractor Responsibilities.** The notice of termination whether for cause or without cause will be effective as soon as Contractor receives it. Upon receipt of the notice of termination, Contractor will immediately cease all work on the Project, if applicable, and refuse any additional orders and take all steps necessary to minimize the costs the Contractor will incur related to this Contract. The Contractor will immediately prepare a report and deliver it to the State. The report must detail either the work completed at the time of termination or the orders received and not processed prior to termination, and if applicable, the percentage of the Project's completion, estimated time for delivery of all orders received prior to termination, any costs incurred by the Contractor in doing the Project to date and any services completed or partially completed but not delivered to the State at the time of termination. Any and all work, whether completed or not, will be delivered to the State along with the specified report. However, if delivery in that manner would not be in the State's interest, then the Contractor will propose a suitable alternate form of delivery.
2. **Contract Suspension.** If Contractor fails to perform any one of its obligations under this Contract, it will be in default and the State may suspend rather than terminate this Contract where the State believes that doing so would better serve its interest.

In the case of a suspension for the State's convenience, the amount of compensation due to the Contractor for work performed before the suspension will be determined in the same manner as provided in this section for termination for the State's convenience or the Contractor may be entitled to compensation for work performed before the suspension, less any damage to the State resulting from the Contractor's breach of this Contract or other fault.

The notice of suspension, whether with or without cause will be effective immediately on the Contractor's receipts of the notice. The Contractor will immediately prepare a report and deliver it to the State as is required in the case of termination.

II. CONTRACT REMEDIES:

- A. **ACTUAL DAMAGES.** Contractor is liable to the State of Ohio for all actual and direct damages caused by Contractor's default. The State may buy substitute supplies or services, from a third party, for those that were to be provided by Contractor. The State may recover the costs associated with acquiring substitute supplies or services, less any expenses or costs saved by Contractor's default, from Contractor.
- B. **LIQUIDATED DAMAGES.** If actual and direct damages are uncertain or difficult to determine, the State may recover liquidated damages in the amount of 1% of the value of the services, products or supplies that is the subject of the default, for every day that the default is not cured by the Contractor.
- C. **DEDUCTION OF DAMAGES FROM CONTRACT PRICE.** The State may deduct all or any part of the damages resulting from Contractor's default from any part of the price still due on the contract, upon prior written notice to being issued to the Contractor by the State.

III. PAYMENT PROVISIONS:

- A. **INVOICE REQUIREMENTS.** The Contractor must submit an original invoice to the office designated in the purchase order as the "bill to" address. To be a proper invoice, the invoice must include the following information:
 1. The purchase order number authorizing the delivery of products or services.

2. A description of what the Contractor delivered, including, as applicable, the time period, serial number, unit price, quantity, and total price of the products and services. If the invoice is for a lease, the Contractor must also include the payment number (e.g., 1 of 36).

If an authorized dealer has fulfilled the purchase order, then the dealer's information should be supplied in lieu of the Contractor's information.

B. PAYMENT DUE DATE. Payments under this Contract will be due on the 30th calendar day after the later of:

1. The date of actual receipt of a proper invoice in the office designated to receive the invoice, or the date the service is delivered and accepted in accordance with the terms of this Contract.

8. The Contractor has good and marketable title to any products or supplies delivered under this Contract and which title passes to the State.
9. The Contractor has the right and ability to grant the license granted in products or supplies in which title does not pass to the State.

If any services of the Contractor or any products or supplies fails to comply with these warranties, and the Contractor is so notified in writing, the Contractor will correct such failure with all due speed or will refund the amount of the compensation paid for the services, products or supplies. The Contractor will also indemnify the State for any direct damages and claims by third parties based on breach of these warranties.

C. INDEMNITY. The Contractor will indemnify the State for any and all claims, damages, lawsuits, costs, judgments, expenses, and any other liabilities resulting from bodily injury to any person (including injury resulting in death) or damage to property that may arise out of or are related to Contractor's performance under this Contract, providing such bodily injury or property damage is due to the negligence of the Contractor, its employees, agents, or subcontractors.

The Contractor will also indemnify the State against any claim of infringement of a copyright, patent, trade secret, or similar intellectual property rights based on the State's proper use of any products or supplies under this Contract. This obligation of indemnification will not apply where the State has modified or misused the products or supplies and the claim of infringement, is based on the modification or misuse. The state agrees to give the Contractor notice of any such claim as soon as reasonably practicable and to give the Contractor the authority to settle or otherwise defend any such claim upon consultation with and approval by the Office of the State Attorney General. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will take one (1) of the following four (4) actions:

1. Modify the products or supplies so that is no longer infringing.
 2. Replace products or supplies with an equivalent or better item.
 3. Acquire the right for the State to use the infringing products or supplies as it was intended for the State to use under this Contract;
- or

1. Neither party will be liable for any indirect, incidental or consequential loss or damage of any kind including but not limited to lost profits, even if the parties have been advised, knew, or should have known of the possibility of damages.
2. The contractor further agrees that the contractor shall be liable for all direct damages due to the fault or negligence of the contractor.

V. GENERAL PROVISIONS:

- A. AMENDMENTS.** No amendment or modification of this Contract will be effective unless it is in writing and signed by the State.
- B. ANTITRUST ASSIGNMENT TO THE STATE.** Contractor assigns to the State of Ohio, through DAS-Procurement Services, all of its rights to any claims and causes of action the Contractor now has or may acquire under state or federal antitrust laws if the claims or causes of action relate to the supplies or services provided under this Contract.
