ERP/COTS/SME Consultant I	SRISYS, INC	ERP I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Works with higher-level consultants to provide technical Subject Matter and or Functional expertise and guidance in areas such as ERP, Financials, SCM and CRM. Has specialized training and expertise using products such as Oracle Financials, Siebel, SAP and PeopleSoft. Applies methods, theories, and research techniques in the investigation and solution of problems</p>	Per Hour	\$76.57
ERP/COTS/SME Consultant II	SRISYS, INC	ERP II	<p>experience and training.</p> <p><b>Experience:</b> 6-10 years</p> <p><b>Functional Responsibility:</b> Provides highly technical, Subject Matter and or Functional expertise and guidance in areas such as ERP, Financials, SCM and CRM. Has specialized training and expertise using products such as Oracle e-Business Suite (Oracle Applications), Siebel, SAP and PeopleSoft. Develops</p>	Per Hour	\$119.64
ERP/COTS/SME Consultant III	SRISYS, INC	ERP III	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Provides highly technical expertise and guidance in areas such as ERP, SCM and CRM. Has specialized training and expertise using products such as Oracle Financials, Siebel, SAP, PeopleSoft, and Avaya. Develops and applies advanced methods, theories, and research techniques in the investigation and solution of complex and difficult requirements and problems requiring the expert application of advanced knowledge. Provides technical consultation to other organizations.</p>	Per Hour	\$143.57
Program Manager	SRISYS, INC	PGM I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Manages programs/projects. Responsible for overall direction, control and reporting of projects. Provides technical and management guidance to ensure all technical, schedule and cost objectives are achieved successfully. Responsible to provide client interface. Responsible to develop project documentation including budgets, project schedules and various planning and implementation documents. Responsible to manage project teams. Responsible to determine and acquire project resources to complete projects including personnel, computers, and materials. Ability to lead multiple project teams consisting of in-house staff and external subcontractors and consultants. Possesses excellent oral and written communication skills</p>	Per Hour	\$167.50
Database Administrator I	SRISYS, INC	DBA I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Designs, develops, and implements database applications. Analyzes and determines informational needs and elements, data relationships and attributes, proposed manipulation, data flow and storage requirements, and data output and reporting capabilities. Defines logical attributes and inter-relationships and designs data structures to accommodate database production, storage, maintenance, and accessibility. Tests designed applications using database management software or general programming software. Performs system level database maintenance.</p>	Per Hour	\$76.57
Database Administrator II	SRISYS, INC	DBA II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6-10 years</p> <p><b>Functional Responsibility:</b> Designs, develops, and implements moderately complex database applications. Analyzes and determines informational needs and elements, data relationships and attributes, proposed manipulation, data flow and storage requirements, and data output and reporting capabilities. Defines logical attributes and interrelationships and designs data structures to accommodate database production, storage, maintenance, and accessibility. Tests designed applications using database management software or general programming software. Performs system level database maintenance.</p>	Per Hour	\$114.86

Product Name	Manufacturer	Vendor Part No	Description	Unit of Measure	State Price
Database Administrator III	SRISYS, INC	DBA III	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Designs, develops, and implements highly complex database applications. Analyzes and determines informational needs and elements, data relationships and attributes, proposed manipulation, data flow and storage requirements, and data output and reporting capabilities. Defines logical attributes and interrelationships, and designs data structures to accommodate database production, storage, maintenance, and accessibility. May provide task direction to team members.</p>	Per Hour	\$143.57
Quality Assurance/Quality Engineer/Testing Technician Jr	SRISYS, INC	QAE I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Performs tasks related to specialized inspection and testing of project output to ensure that quality standards are met. Uses existing systems/processes and participates in the development of new systems to identify project failure trends and to verify consistency of various design standards. Recommends corrective action for procedural, product, or process deficiencies. May interface with customers, vendors, and various company departments to resolve quality problems and provide information. Participates in audits. Provides technical support to inspection personnel.</p>	Per Hour	\$62.21
Quality Assurance/Quality Engineer/Testing Technician Sr	SRISYS, INC	QAE II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6+ years</p> <p><b>Functional Responsibility:</b> Performs highly complex tasks related to specialized inspection and testing of project output to ensure that quality standards are met. Develops and refines processes related to quality control and project failure identification and design standards verification. Reviews project development documentation to ensure specifications are designed to meet inspection and testing standards. Initiates corrective action for procedural, product, or process deficiencies. Provides feedback on inspection and test trends, returns, and vendor performance. May participate in and may lead audits. May provide task direction to team members</p>	Per Hour	\$76.57
Business/Systems Analyst I	SRISYS, INC	BA I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Analyzes and evaluates user requirements by coordinating with the user to define the problem, data availability, report requirements, and system design problems. Defines system objectives and prepares system design specifications. Analyzes alternative means of deriving input data to select the most accurate, feasible, and economical methods. Defines input and output file specifications including file organization. Defines controls, conversion procedures, and system implementation plans. May provide task direction to team members</p>	Per Hour	\$62.21
Business/Systems Analyst II	SRISYS, INC	BA II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6-10 years</p> <p><b>Functional Responsibility:</b> Senior staff professional with general knowledge of the domain area. Performs tasks requiring little independent judgment. Works at the task level with supervision and guidance from senior staff. Analyzes and evaluates moderately complex user requirements by coordinating with the user to define the problem, data availability, report requirements, and system design problems. Defines system objectives and prepares system design specifications. Analyzes alternative means of deriving input data to select the most accurate, feasible, and economical methods. Defines input and output file specifications including file organization. Defines controls, conversion procedures, and system implementation plans. May provide task direction to team members.</p>	Per Hour	\$86.14

Product Name	Manufacturer	Vendor Part No	Description	Unit of Measure	State Price
Architect Jr.	SRISYS, INC	ARC I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 5-10 years</p> <p><b>Functional Responsibility:</b> Designs systems, database, and/or network architectures that include software, hardware, and communications solutions to support the total requirements, as well as provide for present and future cross-functional requirements and interfaces. Evaluates compatibility of information system development efforts with agency architectures and recommends appropriate adjustments. May provide task direction to team members.</p>	Per Hour	\$119.64
Architect Sr.	SRISYS, INC	ARC II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Establishes information requirements for enterprise-wide or large-scale information systems, databases, and/or networks. Designs architectures that include software, hardware, and communications solutions to support the total requirements, as well as provide for present and future cross-functional requirements and interfaces. Evaluates compatibility of information system development efforts with agency architectures and recommends appropriate adjustments. May provide consulting support and task direction to team members.</p>	Per Hour	\$143.57
System Administrator Jr.	SRISYS, INC	SYS AD I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 1-4 years</p> <p><b>Functional Responsibility:</b> Maintains data files and control procedures for business systems that may be mainframe-, mini-, or client/server-based. Assigns passwords and monitors use of resources. Troubleshoots computer-related problems and, as necessary, contacts appropriate service representatives to resolve systems problems. Installs hardware and software. Performs backups, database administration, and file recovery. Provides assistance to users in accessing and using business systems</p>	Per Hour	\$57.43
System Administrator Sr.	SRISYS, INC	SYS AD II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6+ years</p> <p><b>Functional Responsibility:</b> Maintains data files and control procedures for complex business systems that may be mainframe-, mini-, or client/server-based. Responsible for system security and data integrity. Assigns passwords and monitors use of resources. Applies extensive knowledge of the business applications and expertise in commercial software programs and unique applications in resolving problems. Troubleshoots computer-related problems and contacts appropriate service representatives to resolve systems problems. Installs hardware and software. Performs backups, database administration, and file recovery. Optimizes system operation and resource utilization and performs system-capacity analysis and planning. Provides assistance to users in accessing and using business systems. May provide task direction to team members.</p>	Per Hour	\$76.57
Technical Writer/Editor Jr.	SRISYS, INC	TECH RITE I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Researches, writes, edits, and proofreads technical data for use in documents or sections of documents such as manuals, procedures, and specifications. Ensures technical documentation is accurate, complete, meets editorial and government specifications and adheres to standards for quality, graphics, coverage, format, and style. Assists in establishing style guidelines and standards for text and graphics.</p>	Per Hour	\$57.43

Product Name	Manufacturer	Vendor Part No	Description	Unit of Measure	State Price
Technical Writer/Editor Sr.	SRISYS, INC	TECH RITE II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6+ years</p> <p><b>Functional Responsibility:</b> Researches, organizes, writes, edits, and produces data for a wide variety of highly complex technical publications. Recommends overall organization and layout, editorial standards, and publication methods. Coordinates publication with outside sources and vendors as needed. Develops department editing standards and styles. Checks document for spelling, grammar, and content problems. Interviews engineers and other technical personnel, as needed. May provide task direction to team members</p>	Per Hour	\$71.78
Programmer/Developer I	SRISYS, INC	PROG I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Analyzes the problem and the information to be processed and develops detailed plans for the development of a new or modified automated system. Designs, develops, and maintains computer software for moderately complex to highly complex computer systems. Duties relate to the large systems, distributed systems, real time systems, or network applications that are currently used or announced for use at client. Translates detailed design into computer software, preparing detailed flow charts, writing program code, and testing and implementing systems. Prepares test data and systems, user and program documentation. Duties may include the creation or modification of administrative, scientific, or systems software, on central and distributed systems; and development, testing, maintenance, and problem resolution for security systems (firewalls, network access control mechanisms, encryption devices, etc.) for host and distributed systems, and security product evaluation.</p>	Per Hour	\$71.78
Programmer/Developer II	SRISYS, INC	PROG II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6-10 years</p> <p><b>Functional Responsibility:</b> Develops application &amp; system software using modeling, sequence analysis, structural analysis &amp; time series analysis. Duties include development of information technology applications and systems software. Computing platforms include the agency scientific computing environment including, but not limited to, parallel processing systems, supercomputers, real time systems, and scientific workstations. Project areas will include, but are not limited to, modeling, sequence analysis, structural analysis, time series analysis, network, prototyping, simulation, and database interface and image processing.</p>	Per Hour	\$95.71
Programmer/Developer III	SRISYS, INC	PROG III	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Develops application &amp; system software using modeling, sequence analysis, structural analysis &amp; time series analysis. Duties include development of information technology applications and systems software. Computing platforms include the agency scientific computing environment including, but not limited to, parallel processing systems, supercomputers, real time systems, and scientific workstations. Project areas will include, but are not limited to, modeling, sequence analysis, structural analysis, time series analysis, network, prototyping, simulation, and database interface and image processing.</p>	Per Hour	\$114.86
Network Administrator/Engineer Jr.	SRISYS, INC	NT AD I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Installs, maintains, and coordinates the customer's area network. Evaluates hardware and software, including peripheral, output, and telecommunications equipment. Enforces security procedures, installs network software, and manages network performance. Troubleshoots and resolves problems. Implements and coordinates network policies, procedures, and standards. Minimum Education: Recommended Education: Bachelor's degree OR equivalent experience and training.</p>	Per Hour	\$57.43

Product Name	Manufacturer	Vendor Part No	Description	Unit of Measure	State Price
Network Administrator/Engineer Sr.	SRISYS, INC	NT AD II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6+ years</p> <p><b>Functional Responsibility:</b> Installs and maintains extremely complex networks that typically link numerous computing platforms, operating systems, and network topologies across widely dispersed geographic areas. Evaluates hardware and software. Tests and implements interface programs. Develops security procedures. Manages network performance. Troubleshoots and resolves complex problems. May require certification and require extensive expertise across hardware and systems supplied by multiple vendors. May provide task direction to team</p>	Per Hour	\$76.57
Software/Systems Engineer Jr.	SRISYS, INC	SE I	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 2-5 years</p> <p><b>Functional Responsibility:</b> Designs, develops, troubleshoots, and analyzes software programs. Performs systems modeling, simulation, and analysis. Designs and develops compilers, assemblers, utility programs and operating systems. Advises hardware design engineers on machine characteristics that affect software systems, such as storage capacity, processing speed, and input/output requirements. As required, provides inputs for documentation of new or existing programs. May provide task direction to team members. Excludes individuals whose responsibilities are primarily in applications programming.</p>	Per Hour	\$71.78
Software/Systems Engineer Sr.	SRISYS, INC	SE II	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 6+ years</p> <p><b>Functional Responsibility:</b> Develops and applies advanced methods, theories, and research techniques in the investigation and solution of complex and advanced software applications and problems. Plans, conducts, technically directs, and evaluates projects or major phases of significant projects, coordinating the efforts of engineers and technical support staff in the performance of assigned projects. Recommends corrections in technical applications and analysis. Evaluates vendor capabilities to provide required products or services. Provides technical consultation to other organizations. Excludes individuals whose responsibilities are primarily in applications programming.</p>		\$95.71
Technical Training Instructor	SRISYS, INC	TTI	<p><b>Education:</b> Bachelors Degree or equivalent experience and training.</p> <p><b>Experience:</b> 10+ years</p> <p><b>Functional Responsibility:</b> Organize, prepare and conduct complex training and educational programs for information systems or user personnel. May design and develop programs, maintain records of training activities, employee progress and program effectiveness. Competent to work at the highest level of all phases of information systems training including traditional classroom instruction, computer assisted instruction, interactive computer assisted instruction and interactive video. Develop, maintain, and enhance training curriculum. Provide scheduled formal and/or informal training classes to system users to increase user competence and minimize user problems.</p>	Per Hour	\$143.57
