Exhibit I

PRICELIST January 1, 2015

Product Name	Manufacturer	Manufacturer Part No.	Vendor Part No.	Description	Unit of Measure	State Price	List Price
Automated Station Review	Advocate Technical Services	ASR	ASR	Automated Station Review (ASR) Client software is designed to automate the process of populating 3rd party customized 'Technical Assessment Workbooks', or TAWs, when converting from premise based to hosted Cisco Call Manager Environments. ASR leverages Cisco's standard export format executed from Call Manager Bulk Administration Tool (BAT) to import existing stations and users, then populates and exports a hosted Call Manager provider's customized TAW. The solution requires the consumer have administrative access to their Call Manager environment to execute and provide the BAT export to the ASR software for import and processing. The export format can be customized depending on the TAW format of the hosted provider.	Per Unit	$ 1,500.00	$ 2,000.00
Automated Station Review Maintenance	Advocate Technical Services	ASR-Mtc	ASR-Mtc	Annual maintenance includes periodic updates to the software as produced by ATS LLC. Updates may include patches, enhancements, new features and functionality. Additionally, maintenance includes access to technical notes and notices produced by ATS LLC. Also included is technical advice provided in response to email requests on a best efforts basis.	Per Unit	$ 225.00	$ 300.00
Senior Consultant	Advocate Technical Services	SC	SC	Develops, maintains and monitors second-tier task design using standard project management methods. Assigns work tasks to team members. Employs product and project methodologies, following industry best practices (i.e. PMBOK, CMM, RUP). Monitors and maintains initial quality assurance for ongoing and intermediate tasks, procedures and deliverables. Works with the management to resolve staffing and business matters. Applies knowledge of industry best practices, business process re-engineering or change management methods. Provides subject matter knowledge. Can be leveraged in a business or technical capacity, providing management oversight.	Per Hour	$ 193.50	$ 214.79
Consultant	Advocate Technical Services	C	C	Expert in business or technical core competency. May operate in a training, mentoring, business analyst, project management, and/or consulting capacity. Develops and implements technology and business solutions. Develops and implements technical or functional plans. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning, acquisition support, and risk assessment.	Per Hour	$ 172.00	$ 190.92
Project Manager Principle	Advocate Technical Services	PMP	PMP	Provides direction formulating short and long term goals, supervises lead staff in contract performance and daily operations, and provides client liaison on all progress and issues. Ensures program effectiveness and coordinates budgetary issues. Maintains liaison between client, program team and organization management. Monitors all phases of contract performance for compliance and quality.	Per Hour	$ 161.00	$ 178.71

Product Name	Manufacturer	Manufacturer Part No	Vendor Part No	Description	Unit of Measure	State Price	List Price
Portfolio Manager	Advocate Technical Services	PFM	PFM	Manage multiple projects and support multiple operational activities. Manages daily operations for assigned teams and reports daily progress.	Per Hour	$ 144.00	$ 159.84
Program Manager	Advocate Technical Services	PM	PM	Set daily project goals and ensures achievement of each goal. Fills in other positions when necessary. Manages daily operations for assigned teams and reports daily progress.	Per Hour	$ 135.00	$ 149.85
Architect	Advocate Technical Services	A	A	Develops and supports system implementations and configuration including databases for in house and customer use. Implements software development life cycle. Troubleshoots reported code bugs. Provides data documentation for all databases and updates documentation as necessary.	Per Hour	$ 112.50	$ 124.88
Field Application Engineer	Advocate Technical Services	FAE	FAE	A field application subject matter expert, possessing knowledge and firsthand experience with the current technologies relevant to the discipline. Demonstrated expertise in providing a strategic vision for project performance, while possessing the ability to decompose high level goals and objectives into relevant project tasks. A planner, capable of developing project as well as client plans, including budgets and performance milestones. Provides senior guidance and insight for project elements such as; systems definition, development and integration engineering in support of field applications. May also provide senior quality review and system validation testing expertise. Actively supports coordination of resources and plans to meet client overall requirements.	Per Hour	$ 108.02	$ 119.88
Configuration Management Specialist	Advocate Technical Services	CMS	CMS	Expert in business or technical core competency. May operate in a training, mentoring, business analyst, project management, and/or consulting capacity. Develops and implements configuration management solutions. Develops and implements technical or functional plans. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning, configuration management, and risk assessment.	Per Hour	$ 99.00	$ 109.89
Information System Principle	Advocate Technical Services	ISP	ISP	An experienced information system professional possessing knowledge and first hand experience with the current technologies relevant to the discipline. Possesses the ability to implement solutions that address high level goals and objectives in the performance of project tasks. Provides input and performs project tasks elements such as; systems definition, development and integration engineering in support of information systems. Performs initial quality review of developed plans, specifications, systems, programs, and documentation. Actively meets client technical requirements.	Per Hour	$ 92.00	$ 102.12
Quality Engineer	Advocate Technical Services	QE	QE	Expert in quality assurance as a core competency. May operate in a training, mentoring, business analyst, quality, and/or configuration management role. Develops and implements quality assurance solutions. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning and quality monitoring.	Per Hour	$ 90.00	$ 99.90

Product Name	Manufacturer	Manufacturer Part No	Vendor Part No	Description	Unit of Measure	State Price	List Price
Senior Programmer	Advocate Technical Services	SP	SP	Develops and supports data entry, scanning, data conversion, and other various programs for in house and customer use. Implements software development life cycle. Troubleshoots reported code bugs. Provides programming documentation and updates documentation as necessary.	Per Hour	$ 81.00	$ 89.91
Programmer	Advocate Technical Services	P	P	Develops and supports data entry, scanning, data conversion, and other various programs for in house and customer use. Implements software development life cycle. Troubleshoots reported code bugs. Provides programming documentation and updates documentation as necessary.	Per Hour	$ 76.50	$ 84.92
System Administrator	Advocate Technical Services	SA	SA	An experienced Information system professional possessing knowledge and first hand experience with the current technologies relevant to the discipline. Performs initial quality review of developed plans, specifications, systems, programs, and documentation. Actively meets client technical requirements.	Per Hour	$ 72.00	$ 79.92
Technical Support	Advocate Technical Services	TS	TS	An Information system professional with practical knowledge of current technologies relevant to the discipline. Possesses the ability to work as a team member to implement solutions that address pre-defined goals and objectives in the performance of project tasks. Provides analysis, systems design & development to develop or address project or task specifications.	Per Hour	$ 63.00	$ 69.93
Administrative Support	Advocate Technical Services	AS	AS	Support project activities as directed by the project manager.	Per Hour	$ 58.50	$ 64.94
Domain Specialist	Advocate Technical Services	DS	DS	Domain specialist in business or technical core competency. May operate in a training, mentoring, business analyst, project management, and/or consulting capacity. Develops and implements technology and business solutions. Develops and implements technical or functional plans. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning, acquisition support, and risk assessment.	Per Hour	$ 247.50	$ 275.00
Senior Domain Specialist	Advocate Technical Services	SDS	SDS	Senior Domain specialist in business or technical core competency. May operate in a training, mentoring, business analyst, project management, and/or consulting capacity. Develops and implements technology and business solutions. Develops and implements technical or functional plans. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning, acquisition support, and risk assessment.	Per Hour	$ 292.50	$ 325.00
Principal Domain Specialist	Advocate Technical Services	PDS	PDS	Principal Domain specialist in business or technical core competency. May operate in a training, mentoring, business analyst, project management, and/or consulting capacity. Develops and implements technology and business solutions. Develops and implements technical or functional plans. Supports teams in implementation and testing. Supports lifecycle systems efforts including planning, acquisition support, and risk assessment.	Per Hour	$ 337.50	$ 375.00
Portfolio Manager 2	Advocate Technical Services	PRTM2	PRTM2	Portfolio Manager 2	Per Hour	$ 200.00	$ 240.00
