It provides a mobile, touch friendly, solution for dispatching work that installs on all tablets running a Windows OS.				########
IBML Integrator App	Agissar	IBML Integrator App	IBML Integrator App	Software	1 per IBML	$ 2,500.00	$2,500.00	N/A	This app was designed to run as a headless task that automatically ingests key information from the IBML database. The task can be scheduled so as to not interfere with any run time processing on the scanning transports. Batch, barcode, and session tables are ingested. INFOPoll barcodes captured on the IBML scanner will generate a new touchpoint for that tray/batch in the INFOPoll database for chain-of-custody reporting. The app can also automatically finalize that tray/batch in the INFOPoll system for SLA reporting and reconciliation.				$375.00
