### General Terms and Conditions for Ordering

#### 1. Ordering Information:

##### Ordering Address

##### **SHARP ELECTRONICS CORPORATION CORPORATION**

c/o Local Authorized Dealer (Insert Name)  
Sharp Plaza, Box Q  
Mahwah, NJ 07495-1163  
Phone: (201) 529-8932  
Fax: (800) 245-2815  
Credit Card Orders: (866) 813-6126

##### Payment Address

##### **SHARP ELECTRONICS**

Remit to as indicated on invoice  
P.O. Box 10067  
Palatine, IL 60055-0067

2. **Payment Terms:** Net 30 days

3. **Federal I.D. No:** 13-1968872

4. **Delivery:** F.O.B. Destination, freight prepaid

5. **Rental Pricing** is based on the terms and conditions of the State of Ohio Contract.

#### 6. Credit Cards:

**Credit Card Orders:** Sharp accepts credit card orders for purchase and lease. To place a credit card order, call **(866) 813-6126**

Credit card orders must include the following information:

- \* Credit Card Number
- \* Expiration Date
- \* Type of Card (Visa, MasterCard, etc.)
- \* Name and telephone number of cardholder

#### 7. Sharp Point of Contact:

Kelly Haack  
Government Account Executive  
Phone: 612-810-2705  
E-mail: HaackK@Sharpsec.com

**B & W COPIERS**

The Sharp MX-M232D delivers the advanced performance needed for today's small office—all in a value-driven, multifunction document system. This 23 ppm versatile performer comes equipped with electronic sorting as well as 600-dpi speed-enhanced PC printing. But that's not all! The MX-M232D also offers full-color ledger-size PC scanning—enabling you to share or archive documents with just a few keystrokes. With up to 1,100-sheet paper capacity, this robust MFP can easily keep pace with even the most demanding offices. And, with flexible connectivity options such as PCL®6 and PS®3 network printing, network scanning and Super G3 faxing, the Sharp MX-M232D can easily help grow your business.

---

## Features at a glance

---

- ◆ 23 PPM Compact Digital Copier
- ◆ Standard 40-sheet Reversing Single Pass Feeder
- ◆ Electronic sorting
- ◆ Automatic duplexing
- ◆ Scan once, print many
- ◆ Continuous copy up to 999 and card shot copy feature
- ◆ 600 DPI host based PC printing system
- ◆ Paper capacity maximum: 1,100 sheets
  - Standard 2 x 250 sheet paper cassettes and 100 sheet bypass tray (600 sheets total)
  - Optional paper as one or two 250-sheet additional paper cassettes
- ◆ Full color 600 x 600 dpi PC scanning
- ◆ 128 MB standard memory upgradeable to 256 MB with options
- ◆ Reduction and enlargement: 25 - 400% with 8 preset ratios
- ◆ Cost efficient toner save mode
- ◆ First copy out time of 5.9 seconds
- ◆ Quick warm-up time 25 seconds or less
- ◆ Sharpdesk integrated desktop document management software
- ◆ Easy configuration of 6 one-touch scan-to-desktop keys
- ◆ Standard USB 2.0 port
- ◆ Dimensions: 23-1/2" (w) x 22-3/4" (d) x 27-1/4" (h)

On-site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact your Sharp Representative with any questions. A Digital Site Survey is required.

The Sharp MX-B201D Digital Multifunction Document System is big on performance, but compact in size. Designed for small offices and workgroups, the MX-B201D delivers all the required features for fast-paced, small office environments. With 20 page-per-minute copying/printing and integrated color scanning, your office workflow won't miss a beat. A 50-sheet document feeder provides standard 2-sided scanning for extra efficiency, as well as duplex printing and copying. The cost-effective, consumable system utilizes a three-component system that's easy to replace and easy on your wallet. And since business never stands still, the MX-B201D offers flexible options to add Super G3 faxing, networking and web-based management...so you'll be ready for anything.

In today's fast-paced business environment, you need to operate at peak efficiency. With Sharp's MX-M264N / M314N / M354N Monochrome Document Systems, you'll be able to raise office productivity to a new level. Offering enhanced versatility, Sharp's Monochrome Document Systems deliver everything your business needs to get ahead with up to 35-ppm copying and printing, color network scanning, and integrated multi-tasking capabilities - all this, while being easy to afford. Features include a high resolution touch-screen color display with graphical user navigation for easy operation. A powerful true multi-tasking controller offers quick processing of even complex print jobs. The MX-M264N / M314N / M354N Document Systems also produce crisp, clear documents in-house, helping you save time and money. Sharp's advanced device management tools make it simple for businesses to control access and usage. To make integration with network applications easy, the MX-M264N / M314N / M354N Document Systems support the Sharp OSA® development platform.

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to simplify data entry are just two of the many advanced features offered on this model. The powerful 800 MHz true multi-tasking controller enables users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

### Features at a glance

- ◆ 62 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
  - Standard 2,000 sheet paper drawer, 2 X 500 sheet paper drawers and 100 sheet bypass tray
  - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display with graphical navigation
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150-sheet duplexing single pass feeder with color Scan<sup>2</sup> Technology minimizes paper misfeeds and enhances reliability
- ◆ 800 MHz true multi-tasking controller
- ◆ Standard retractable keyboard
- ◆ ImageSEND™ function with blank-page skip scans documents to e-mail, network folders and USB devices
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Sharp OSA® development platform with standard application communication module and external accounting module
- ◆ Standard PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

## MX-M850 Digital Duplicator High Volume Multifunction Duplicator

Designed for high-volume production environments, the MX-M850 document system delivers lightning-fast output with robust multi-tasking performance, so your workflow never misses a beat. With a standard paper capacity of 3,000 sheets, expandable to 8,050 sheets, the MX-M850 document system can manage large scale jobs with incredible efficiency. Plus, a flexible paper handling system combined with a wide range of supported media allows this powerful performer to meet the needs of any high-volume production environment from walk-up office environments and corporate data centers to high-volume CRD and service bureaus. For large volume jobs or print jobs, choose from either the 4,500-sheet letter-size triple paper tray or the 4,000-sheet ledger-size triple paper tray - which supports paper weights up to 170 lb. index! For even more flexibility add the optional 500-sheet Auto-Bypass Tray.

Sharp's MX-M850 document system with flexible and versatile options from paper feed to finishing, as well as highly customizable software architecture, adhere to principles that have made Sharp the award-winning choice.

---

### Features at a glance

---

- ◆ 85 PPM Digital Duplicator
- ◆ High volume print production capability
- ◆ Paper capacity maximum: 8,050 sheets
  - Standard 3,000 sheet large capacity tray with three drawers Includes 2,000 sheet letter size tandem tray (drawer 1) 500 sheet multi purpose tray (drawer 2) and 500-sheet multi-purpose tray (drawer 3)
  - Optional: 4,550-sheet tray with three drawers, 2,000-sheet multi-purpose tray with three drawers, 3,500 sheet letter size large capacity tray, 3,000 sheet ledger size multipurpose large capacity tray
  - 500- sheet bypass tray or 100-sheet bypass tray
- ◆ Standard Duplexing Single Pass Feeder with Scan<sup>2</sup> technology
- ◆ Duplexing on stocks up to 110# index from three different paper trays
- ◆ Standard 80 GB hard drive
- ◆ Open Systems Architecture enables users to access network applications directly from LCD display
- ◆ Easy serviceability due to the long life drum and non-detachable maintenance
- ◆ Secure network interface with IPv6 and SNMPv3
- ◆ FTP Server printing allows users to browse an FTP server from the LCD to access files for pull printing or forward data from a client PC
- ◆ TIFF and PDF Direct Printing
- ◆ Permanent font and form storage
- ◆ Customizable with a variety of input options including optional color scanning to professional-looking output such as pamphlets, newsletters and booklets
- ◆ Standard IEEE1284 and USB 2.0 ports
- ◆ Energy Star compliant

From walk-up office environments and corporate data centers to high-volume CRD and copy rooms, Sharp's top-of-the-line MX-M904, MX-M1054 and MX-M1204 High-Speed Light Production Monochrome Series provide advanced technology and features that will streamline your document workflow like never before. The MX-M904, MX-M1054 and MX-M1204 have been designed from the ground up to handle the rigorous demands of high volume environments. With three engine speeds (90ppm, 105ppm and 120ppm), standard networking and flexible configurations these high volume workhorses are a perfect fit where productivity and reliability are essential.

A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking monochrome documents with razor-sharp image quality that is also economical. A paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.

Built on the latest Sharp OSA® development platform, the MX-M904, MX-M1054 and MX-M1204 make integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data.

## Features at a glance

- ◆ 90 / 105 / 120 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
  - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
  - Optional 3,000 sheet letter / legal / ledger size large capacity cassette - only for MX-M904
  - Optional 3,500 sheet letter size large capacity cassette
  - Optional 5,000 sheet letter / legal / ledger size large capacity tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 250-Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 208 images per minute (Monochrome or Color)
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 46-3/4" (w) x 31-1/4" (d) x 48-3/4" (h)  
(Measurements for base model without stand)

COLOR COPIERS

A full color ledger-size document system that will meet virtually all of your business needs. Boost workgroup efficiency and productivity with Sharp's new MX-2615N/MX-3115N full color Multi-Function Document Systems, designed to deliver amazing image quality and consistent day-to-day performance while also being easy to afford. Features include Standard PCL®6 compatible printing language, a high resolution touch screen color display with graphical user navigation for easy operation, and a total paper capacity up to 3,100 sheets. Equipped with a powerful true multi-tasking controller that allows quick processing of even complex print jobs, the MX-2615N/MX-3115N produces high quality, vibrant color documents in-house, helping you save time and money. Sharp's advanced device management tools make it simple for businesses to control system access, color usage and costs. To make integration with network applications easier than ever, the MX-2615N/MX-3115N supports the Sharp OSA® Development Platform. Sharp's industry-leading security helps assure the confidentiality of your intellectual property. That's the Sharp Difference.

## Features at a glance

- ◆ 26 / 31 PPM Black & White / 26 / 31 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 3,100 sheets
  - 600 Sheets Standard: one 500-sheet paper cassette and one 100-sheet bypass tray
  - Optional single, double or triple 500-sheet paper drawer
  - Optional 2,500-sheet tandem paper drawer for maximum paper capacity of 3,100 sheets
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ Powerful true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Enhanced second generation micro-fine toner technology offers sharp, high-quality images page after page
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ Advanced ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 320 GB HDD with Document Filing System with thumbnail view and image preview features
- ◆ Network ready PCL®6 printing system with direct print function and available PS®3 and XPS options\*
- ◆ Supports the Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity with speed and efficiency\*
- ◆ Remote Front Panel feature allows users and administrators to view and control machine operations from a PC workstation\*
- ◆ Environmentally friendly design offers low power consumption, fast warm up, compact design and long-life parts and supplies
- ◆ Dimensions 24" (w) x 25-1/2" (d), x 33" (h)

Sharp's MX-2640N/3140N/3640N color series document systems combine the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can help virtually any office accomplish more in less time. A large 10.1" (diagonally measured) high-resolution, tilting touch-screen display offers real-time image preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. This series also offers many advanced features such as a fully customizable home screen, dynamic action menus that provide feature-specific guidance, and a standard full-size retractable keyboard for easy data entry. Plus, with Pantone licensing, these models offer unprecedented levels of color fidelity – combined with true 1200 x 1200 dpi print resolution, they can help your business produce professional-looking color documents in-house with breathtaking image quality that is also economical. The MX-2640N/3140N/3640N color series has been built on the latest Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. And with Sharp's industry-leading security platform with standard 256-bit data encryption and overwrite protection, you can rest assured that your intellectual property is well protected. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

## Features at a glance

- ◆ 26 / 31 / 36 PPM Black & White - 26 / 31 / 36 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,600 sheets
  - 600 Standard - One 500 sheet paper drawer and 100 sheet bypass tray

Sharp's MX-4111N color document system combines the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can elevate your office productivity to new levels. A built-in retractable keyboard allows for easy data entry and the large 10.1" (diagonally measured) high-resolution tilting, touch-screen display offers groundbreaking real-time image preview with intuitive flick and tap editing to help ensure your documents are produced accurately and without waste. The MX color series also offers many advanced features such as a fully customizable home screen and dynamic action menus that provide feature-specific guidance. Plus, with Sharp's enhanced second-generation micro-fine toner technology and true 1200 x 1200 dpi print resolution, the MX series can help your organization produce professional looking color documents in-house with breathtaking image quality that is also economical. The MX-4111N color copier has been built on the latest Sharp OSA® Development platform, making integration with network applications and cloud services easier than ever. And, with Sharp's Industry leading security platform with standard 256 bit data encryption and overwrite protection, you can rest assured that your intellectual property is well protected.

## Features at a glance

- ◆ 41 PPM Black & White / 41 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 5,600 sheets
  - 1,100 Standard - Two 500 sheet paper drawers and 100 sheet bypass tray
  - Optional (1) x 500 sheet paper drawer / Stand
  - Optional (2) x 500 sheet paper drawers / Stand
  - Optional 3,500 sheet large capacity tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Standard 256 bit data encryption and up to 7 times overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150-Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Action menus to provide users with feature-specific guidance
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Industry leading ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Scans documents at up to 75 images per minute in both Black and Color
- ◆ Network ready PCL®6/PCL5c/PS3 printing system with direct print function and available XPS options
- ◆ Robust 86 GB document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system feeds up to 110 lb index through paper trays and up to 140 lb index through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 25-1/2" (w) x 30" (d), x 38" (h)

## MX-6240N Networked Digital Color Copier

Unleash the potential of Sharp's advanced technology with the MX-6240N High-Speed Color Document System. The MX-6240N combine a flexible, modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Built for high-volume office environments, small CRDs and copy rooms, the MX-6240N is a perfect fit where productivity and reliability are essential.

A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency System helps ensure brilliant, high-quality color output page after page. A paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.

### Features at a glance

- ◆ 62 PPM Black & White - 62 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 8,500 sheets
  - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
  - Optional 3,500 sheet letter-size large capacity cassette
  - Optional 3,000 sheet ledger-size large capacity cassette
  - Optional 5,000 sheet large capacity tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150-Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 150 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 48" (h)

## MX-7040N Networked Digital Color Copier

Unleash the potential of Sharp's advanced technology with the MX-7040N High-Speed Color Document System. The MX-7040N combine a flexible, modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Built for high-volume office environments, small CRDs and copy rooms, the MX-7040N is a perfect fit where productivity and reliability are essential.

A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency System helps ensure brilliant, high-quality color output page after page. A paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.

A4 COPIERS

Sharp combines the simplicity and convenience of network printers with the multi-tasking productivity of color MFPs to achieve the best of both worlds. The MX-C312 is an exciting example of the Sharp® Frontier Series, bringing brilliant color output closer to your workgroup with hybrid design that has a small footprint to fit into environments others won't, yet isn't small on functionality. The large 7" diagonal color touch-screen simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. Incorporating next-generation common controller architecture, the Frontier Series provides uniform functionality and operability as found in Sharp's award-winning MFP product line. Engineered to help reduce operating costs and downtime, the MX-C312 is easier than ever to set up, monitor, and maintain. Offers modular expandability, remote-access capabilities, and a value-added approach to network and software integration.

### Features at a glance

- ◆ Vivid color and crisp black-and-white at speeds up to 31 pages per minute
- ◆ Paper capacity maximum: 2,100 sheets
  - Standard 500 sheet paper drawer and 100 sheet bypass tray
  - Optional: up to 3 additional 500-sheet paper drawers
- ◆ Large 7" diagonal high resolution, wide-screen color touch display with intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use.
- ◆ Powerful 800 MHz controller for true multi-tasking performance.
- ◆ Direct USB scanning and printing provides a whole new level of convenience.
- ◆ Powerful ImageSEND™ technology securely scans documents to up to seven destinations, including: USB devices, network folders, email, fax machines and desktop PCs, at speeds up to 35 images per minute.
- ◆ Easy to use Document Filing System provides high-capacity 38 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files.
- ◆ PCL® 5c/PCL 6/Postscript® 3 network printing
- ◆ Third-generation Sharp OSA development platform enables users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow.
- ◆ Cutting-edge Sharp Remote Front Panel feature allows administrators and helpdesk professionals to access and control the device from a remote PC workstation.
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Power consumption is among the lowest in its class. Complies with the EnergyStar™ Program and the RoHS program to minimize energy consumption and the use of chemicals and materials that can harm the environment.
- ◆ Dimensions 22-3/64" x 17 x-1/4" x 28-7/64"

\* Customer site installation/training includes set-up as printer/copier ready for network installation by customer Network Administrator, with customer telephone assistance available from Sharp for network installation. On-site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact your Sharp Representative with any questions. A Digital Site Survey is required.

Sharp combines the simplicity and convenience of network printers with the multi-tasking productivity of MFPs. The MX-B402 is an exciting example of the SHARP® Frontier Series, bringing exceptionally crisp output closer to the workgroup with a hybrid design that has a small footprint to fit into environments others won't. The large 7" wide-screen color touch-panel simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. Incorporating common controller architecture, this model provides uniform functionality and operability as found in Sharp's award-winning MFP product line. Engineered to help reduce operating costs and downtime, the MX-B402 is easier than ever to set up, monitor, and maintain. This model offers modular expandability, remote-access capabilities, and a value-added approach to network and software integration. It also offers Sharp's award-winning SHARP OSA® platform and the optional industry-leading Sharp security suite to help protect data and control access. More power, less complexity...that's work without limits.

### Features at a glance

- ◆ Crisp black-and-white at speeds up to 40 pages per minute
- ◆ Paper capacity maximum: 2,100 sheets
  - Standard 500 sheet paper drawer and 100 sheet bypass tray
  - Optional: up to 3 additional 500-sheet paper drawers
- ◆ Large 7" high resolution, wide-screen color touch display with intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use
- ◆ Powerful 800 MHz controller for true multi-tasking performance
- ◆ Standard 50-sheet reversing single pass feeder supports full-color scanning
- ◆ Lower Cost Per Copy and Total Cost of Ownership
- ◆ The refillable developer system helps lower cost per copy and increase environmental sustainability
- ◆ Direct USB scanning and printing provides a whole new level of convenience
- ◆ Powerful ImageSEND™ technology securely scans documents in color or monochrome to up to seven destinations, including: USB devices, network folders, email, fax machines and desktop PCs, at speeds up to 35 images per minute
- ◆ Easy to use Document Filing System provides high-capacity 80 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files
- ◆ PCL® 5e/PCL 6/Postscript® 3 network printing
- ◆ Third-generation Sharp OSA development platform enables users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow
- ◆ Cutting-edge Sharp Remote Front Panel feature allows administrators and helpdesk professionals to access and control the device from a remote PC workstation
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Dimensions 22-3/64" x 19 13/32" x 28-7/64"

## HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

"Most Secure MFP Range"  
2009 Award  
6th Consecutive Year

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

### Authority Groups and Access Control

Advanced account management enables administrators to set authority groups for access to features of the new Frontier workgroup laser printers. Administrators can control which department, for instance, has full printing access. Walk up users enter a code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group. Users can also login utilizing a USB enabled card reader for magnetic stripe cards or proximity cards.\*

### Data Erase and Encryption\*

To help protect your data, Sharp MFPs offer an optional data security kit that encrypts document data using **AES** (Advanced Encryption Standard) **encryption**. The data security kit erases the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance. Additionally, the data security kits for these models comply to the new IEEE 2600TM-2008 security standard for hardcopy devices. This new standard specifies security requirements and provides a new international reference to assess contemporary MFP security.

### Control Device Access Over the Network

To help restrict access to the device over the network, Sharp MFPs offer IPsec, SMB and extended support for **SSL Encryption** (Secure Sockets Layer), **IP/MAC address filtering**, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

### Documents Remain Confidential

To help protect your printed documents from unauthorized viewing, Sharp MFPs offer encrypted PDF files for printing, as well as **Confidential Printing** that requires users to authenticate to the device in order to print a queued document. So compliance with security standards and industry regulations is easier.

### Tracking and Auditing Information

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access, and track usage of each device on the network.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm Leach Bliley Act (GLB).

For additional information visit: [www.sharppusa.com/security](http://www.sharppusa.com/security).

### Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

## ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

Sharp's commitment to the environment sets a high standard for the industry.

### Designed with a Strong Commitment to Protecting the Environment

Our document systems utilize Sharp's second generation micro-fine toner technology, which offers a lower consumption rate than conventional toners. This also results in less packaging material and longer replacement intervals. Additionally, all Sharp supplies are packaged using fully recyclable materials. Power consumption on the Sharp MFPs is among the lowest in the industry and supports two different energy saving modes to reduce or shut off power after a set interval. All Sharp document systems belong to the EnergyStar® program, and RoHS program.

### An Economical, Low Maintenance Color Document System That Makes Sense

Sharp MFPs are designed to accommodate both large and small office environments. With a compact wingless design, the footprint of each base model is less than 25" x 27". Our new long-life consumable parts and supplies minimize service intervals and down time, helping result in lower operating costs.

### Sharp's Environmental Leadership

As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit [www.sharppusa.com/environment](http://www.sharppusa.com/environment) to learn more about our environmental leadership.

### Toner Recycling Program

As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: [www.sharppusa.com/recycle](http://www.sharppusa.com/recycle).
