# In business for FUN & SAFETY

**Service Supply LTD., Inc.** has provided unique and inclusive play environments that enrich children's lives and the communities that surround them since 1959. We are the exclusive playground consultant throughout Ohio for **Landscape Structures**, the leader in innovative and inclusive playground equipment. We are proud to contribute to Ohio's reputation as a flagship state for quality recreation in its parks and schools.

Landscape Structures is committed to enriching children's lives while honoring the environment. Pride is taken in manufacturing and producing all playstructures under one roof. The products available accommodate any budget and space requirements while maintaining a level of quality that far exceeds companies that rely on outside production resources.

Organizations affiliated with the state of Ohio can use this catalog to secure competitive prices and avoid the bid process. We are confident you will be happy with what you see, from traditional playgrounds for all age groups to freestanding play activities to custom playground designs. Take a look to get inspired, and then contact Service Supply to get started on your next playground project at **800.282.1900** or **servicesupplyltd.com**.

## Inclusive Play

**More ways to play together** The best inclusive playgrounds balance physical accessibility, age and developmental appropriateness, and sensory-stimulating play to create fun for individual exploration and group play. They also offer a mix of components that encourage children of all abilities to play together.

## Nature-Inspired

**Research shows that children who have opportunities to play in natural settings are typically healthier and more likely to become adults who respect and protect the environment.** Our Nature-Inspired products blend the wonder of nature with the latest in playground innovation and safety. Realistic bark and rock textures set our nature-inspired components apart. Durable concrete offers a natural look and feel, and contains embedded fossils for kids to explore.

## Fitness-Focused

**When it comes to healthy kids and healthy communities, it's not a question of wanting to do the right thing; it's a question of how to do it.** Statistics on obesity rates and negative lifestyle changes over generations illustrate the need for community changes and the importance of motivating kids to be active. These designs get and keep kids active and help participants make a positive, healthy impact on their communities. Kids gain physical benefits utilizing fun and challenging equipment.

Maximum fall height: 144"

Ages 5 to 12

PlayBooster®

Design No. 3633

Minimum area required: 71' x 68'

Maximum fall height: 72"

## Farmstead Theme

Design No. 3524

Plant this farm adventure in your playground and let kids begin “working” the fully imagined play environment. Raise the barn, silo and corn stalk climbers first. Then phase in the tractor and pig pen (complete with a pig!) as your budget allows.

Minimum area required: 56" x 32"

Maximum fall height: 96"

- Farmstead Theme (Complete)
- Farmstead Theme (Barn, Silo and Corn Stalk Climbers)
- Farmstead Theme (Tractor)
- Farmstead Theme (Pig Pen)

## ZipKrooz™

- Sufficient upper-body strength and coordination required
- 2-way ride
- Easy glide trolley
- Track available in 34', 50' or 66' lengths (50' length shown)
- Maximum fall height 105"
- Minimum area required 53' x 21' 6" for 34' length

- 194663A** ZipKrooz Single, 34Ft, Steel Posts, Direct Bury
- 194663B** ZipKrooz Single, 50Ft, Steel Posts, Direct Bury
- 194663C** ZipKrooz Single, 66Ft, Steel Posts, Direct Bury
- 195507A** ZipKrooz Additional Bay, 34Ft, Steel Posts, Direct Bury
- 195507B** ZipKrooz Additional Bay, 50Ft, Steel Posts, Direct Bury
- 195507C** ZipKrooz Additional Bay, 66Ft, Steel Posts, Direct Bury

## ZipKrooz™ Assisted

- Molded bucket seat with harness provides stability for kids with limited upper-body mobility
- 2-way ride
- Easy glide trolley
- Track available in 34', 50' or 66' lengths
- Maximum fall height 105"
- Minimum area required 53' x 21' 6" for 34' length

- 196212A** ZipKrooz Assisted, 34Ft, Steel Posts, Direct Bury
- 196212B** ZipKrooz Assisted, 50Ft, Steel Posts, Direct Bury
- 196212C** ZipKrooz Assisted, 66Ft, Steel Posts, Direct Bury
- 196213A** ZipKrooz Assisted Additional Bay, 34Ft, Steel Posts, Direct Bury
- 194663B** ZipKrooz Assisted Additional Bay, 50Ft, Steel Posts, Direct Bury
- 194663C** ZipKrooz Assisted Additional Bay, 66Ft, Steel Posts, Direct Bury

ZipKrooz Assisted with ZipKrooz Additional Bay

# Freestanding Play

## A. OmniSpin® Spinner

- Our high-backed spinner provides valuable vestibular sensory stimulation and encourages interactive play
- For ages 5 to 12
- Easy to enter from a wheelchair or walker
- Back support, side walls and speed limiter make spinning safe and fun for all children
- Maximum fall height 18"
- Minimum area required: 19' x 19'

#173591A

## B. Oodle® Swing

- Encourages interactive play for oodles of kids
- For ages 5 to 12
- Molded from durable, colorfast polyethylene
- Maximum fall height 89"
- Minimum area required 30' x 26'

#173592A

**Note:** Not certified to ASTM F1487-07ae1.

A.

## A. Sway Fun® Glider

- Gentle swaying motion
- The first wheelchair-accessible glider to meet all safety standards
- Permalene® play table with cup holders and handholds
- Double-wall constructed benches available in any polyethylene color; deck in brown only; choose any two-color Permalene for side panel
- Requires accessible ramp or berm (sold separately) for wheelchair access to the 16" platform
- Maximum fall height 16"
- Minimum area required 25' x 13'

#138871A

## B. Sway Fun Glider, 12" Deck, Brown with Ramps and CoolTopper® Shade

Design No. 3879

### Includes:

- CoolToppers® Single Post Shade
- 12' 5" wide access ramp with guardrails and curb
- Bongo Panel® and Chimes Panel

B.

# Freestanding Play

## A. Chatter Noodle® Talk Tubes

- Wheelchair accessible
- Maximum of 40' between posts

#158106A

## B. Navigator Reach Panel

- Wheelchair accessible
- Rotating steering wheel with moveable gearshift knob

#184886A

## C. Trail Tracker® Reach Panel

- Wheelchair accessible
- Mazes on each side develop hand-eye coordination and decision-making skills

#184885A

## D. Cozy Dome®

- A climber on the outside; a quiet, cozy space on the inside
- Maximum fall height 46"
- Minimum area recommended 19' diameter

#168099A

## E. Roller Table™

- Great activity for kids with mobility impairments
- Helps develop "skin map" of tactile sensory receptors
- Maximum fall height 16-1/2"
- Minimum area required 26' x 15"

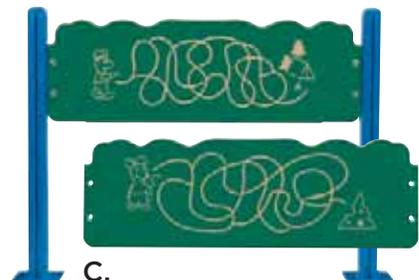

#176457A

Ages 5-12 A.

Poly Wall Panel  
#168101A  
Poly End Panel

## B. Color Splash Panel™

- Brilliant color-changing wheel on one side; black-and-gray optical illusion on the other

#177715A

## C. Fun Mirror Panel®

- Rotatable, two-sided concave/convex mirror engages peripheral vision and visual tracking

#168103A

## D. Kaleidospin Panel®

- Rotating prisms provide visual stimulation

#168108A

## E. Optigear Panel®

- Five rotating gears

#168104A

# Freestanding Play

## A. Imagination Table™

- Play station helps kids develop socially and creatively

#168105A

## B. Marble Panel®

- Spinning marbles offer a sensory-rich visual, auditory and tactile experience

#168662A

## C. Rain Sound Wheel Panel™

- Steel drum rotates to create soothing rain sound

- Different geometric designs on each side

#177721A

## D. Bongo Panel®

- Bongos provide deep auditory stimulation

#168107A

## E. Xylofun Panel®

- Musical scale promotes auditory stimulation

#168106A

## F. Alphamaze Panel® and Labyrinth Panel

- Two-sided panel promotes eye-hand coordination along with tactile fun

#168102A

## Bongo and Alphamaze Panel®

- Bongos on one side (panel D); letters, numbers and shapes on the other (panel F)

#168989A

## Bongo and Xylofun Panel®

- Bongos on one side (panel D); xylophone on the other (panel E)

## Pulse™

Three sensory-rich games bring interactivity to the playground in a whole new way. Pulse helps kids develop hand-eye coordination, action/reaction skills, and healthy sportsmanship through sounds, lights and touch.

- Multi-color LED lights
- Built-in speakers
- Touch activated sensors
- Durable, impact-resistant
- Tested to extreme demands of all climates
- Waterproof
- Operates on safe, low-voltage DC power
- Easy installation
- No surfacing required

### A. Pulse Table Tennis

- Wheelchair accessible
- A healthy dose of competition will motivate kids to beat the lights
- Multisensory
- 2-4 players
- Minimum area recommended 16' x 15'

#186568A

A.

### B. We-saw™

## A. Blender™ Spinner

- Kids stimulate their vestibular sense while developing motor-planning skills
- Maximum fall height 75"
- Minimum area required 18' x 16'
- **#172567A**

B.

## B. Blender™/Gyro Twister® Spinner

- For ages 5 to 12
- Two great spinners in one
- Choose a Blender/Gyro combination (shown), two Blenders or two Gyros
- Maximum fall height 75"
- Minimum area required 24' x 16'
- **#172569A Blender/Gyro Twister**
- **#172568A Double Blender**
- **#160316A Double Gyro Twister**

## C. Orbiter™ Spinners

- Kids learn about the cause-and-effect relationship of body position and movement as they spin into self-propelled fun
- Recommended for ages 5 to 12
- Available with one, two or three spinners
- Install spinners at different heights for different ages
- TenderTuff™-coated wheel and base provide a sure grip
- Enclosed bearings are durable and maintenance free
- Post and overhead support available in any ProShield® color

### Orbiter<sup>3</sup> Spinner (3 spinners)

- Maximum fall height 73" to 82"
- Minimum area required 19' x 19'
- **#154359A**

### Orbiter<sup>2</sup> Spinner (2 spinners)

- Maximum fall height 70" to 79"
- Minimum area required 20' x 14'
- **#154358A**

### Orbiter Spinner (1 spinner, not shown)

- Maximum fall height 67" to 76"
- Minimum area required 13' x 7"
- **#153589A**

## D. Saddle Spinner

- 5-degree angle
- Maximum fall height 12" for ages 2-5;  
16" for ages 5-12
- Minimum area required 14' diameter
- **#152179A**

C.

D. Ages 2-12

## A. Mushroom Steppers

- Use as comfy seats or fun steppers for deck heights up to 40"
- Hand painted for a realistic look
- Maximum fall height equals deck height
- Maximum fall height 30" when used as a Freestanding Play event
- Minimum area required 17' x 18'

**#171568A-171573A**

**Freestanding Play**

## B. Log Balance Beam

- For ages 2 to 12
- 8' split beam provides alternate paths at heights from 8" to 12"
- Width varies from 4" to 8" to challenge kids at different developmental stages
- Maximum fall height 12"
- Minimum area required 21' x 16'

**#173596A**

## C. Fossil Dig

- For ages 2 to 5
- 8" height; 27" diameter

**#170791A T-Rex Bones**

**#170792A Sea Shells**

**#170793A Dino Eggs**

## D. Log Crawl Tunnel

- For ages 2 to 12
- Made of durable, hand-painted concrete
- 5' long; 30" diameter
- Maximum fall height 41"
- Minimum area required 18' x 16'

**#173594A**

Samples of fossil imprints

A.

## A. Log Steppers

- Create woody clusters or pathways
- Logs provide a rugged climb up to a 28" height
- Durable concrete creates a realistic look and feel
- Recommended for 2- to 12-year-olds
- Maximum fall height equals log height
- Minimum area required 15' x 15'

**#173907A 8" Height**

**#173908A 18" Height**

**#173909A 28" Height**

## B. The Pinnacle™ Rock Climber

- Adventurous 5- to 12-year-olds love discovering new climbing routes and embedded plant and animal fossils
- Strategically placed handholds and footholds ensure safety
- Single-piece construction and built-in forklift pockets ensure easy installation; no footers required
- Size 102" x 87" x 86"  
Maximum fall height 74" with 12" surfacing
- Minimum area required 24' x 24'

**#156065A**

B.

## A. The Pointe™ Rock Climber

- Kids love discovering the cool embedded fossils and a rock-climbing experience that only nature can match
- Recommended for 5- to 12-year-olds
- Single-piece construction and built-in forklift pockets ensure easy installation; no footers required
- Size 84" x 78" x 68"
- Maximum fall height 56" with 12" surfacing
- Minimum area required 24' x 23'

#156067A

## B. The Peak™ Rock Climber

- Our realistic-looking rock climber with embedded fossils features prominent hand- and footholds for confident climbing
- Recommended for 2- to 12-year-olds
- Size 68" x 58" x 42"
- Maximum fall height 36" with 6" surfacing
- Minimum area required 18' x 17'

#160418A

## C. The Stepper™ Rock Climber

- This natural-looking stone with embedded fossils creates a rustic pathway to fun
- Recommended for 2- to 12-year-olds
- Size 44" x 37" x 26"
- Maximum fall height 20" with 6" surfacing
- Minimum area required 16' x 15'

#160419A

# Freestanding Play

## A. Hemisphere Climber™

- Challenges kids with limitless climbing routes and angles
- Recommended for ages 5 to 12
- Made from durable, vandal-resistant steel-reinforced climbing cables (black only)
- Choose any ProShield® color for the arch
- Maximum fall height 105"
- Minimum area required 32' x 18'

#156435A

## B. Cascade Climbers

- An affordable way to add visual interest and challenge to your playground
- Recommended for ages 5 to 12
- Cutout hand- and footholds provide an easy grip and clear sightlines for supervision
- Choose any ProShield® post color and any two solid Permalene® colors for panels
- Direct bury only

## B. 6-Panel

- Maximum fall height 93"
- Minimum area required 22' x 24'

#150976A

## Freestanding Play

### Eclipse® Net Plus

Dimensions 50' x 41'-2"

Maximum fall height 8'

#189329A

The modern Eclipse® Net is designed to encourage creativity and imagination via geometric cable and limitless play routes. Select from more than 20 components available in a variety of colors to create your own unique playstructure.

### 3-Panel Mobius® Climber

- Smaller configuration perfect for ages 2 to 5
- Helps build hand-eye coordination
- Actual size 9' 4" x 9' 4" x 4'
- Maximum fall height 48"
- Minimum area required 22' x 22'

#150635A

### 6-Panel Mobius Climber

- Recommended for ages 5 to 12
- Actual size 13' 8" x 11' x 10'
- Maximum fall height 120"
- Minimum area required 26' x 23'

#150636A

A.

## A. SpyroSlide™

- Extra-long exit allows children above to see when it's clear to go
- Recommended for ages 5 to 12
- One-piece 360-degree slide bedway for easy installation and a seamless slide
- 72" SpyroSlide features a full 360-degree turn
- Special safety hood has built-in handbar to channel kids into a safe seated position
- TenderTuff™-coated steps and deck are easy on little fingers and toes
- Maximum fall height 72"
- Minimum area required 24' x 17'

#115366A

## B. Wave Poly Slide

- Unique tongue-shaped end positions kids' legs underneath them for a safer exit
- Recommended for ages 5 to 12
- One-piece slide bedway for added protection and easy installation
- TenderTuff-coated steps and deck are easy on little fingers and toes
- Maximum fall height 72"
- Minimum area required 14' x 29'

#100046C

## C. 40" Poly Slide

- One-piece slide bedway is simple to use and even simpler to install
- Recommended for ages 2 to 5
- TenderTuff-coated steps and deck are easy on little fingers and toes
- Maximum fall height 40"
- Minimum area required 15' x 23'

#100046A

# Sport and Fitness

## HealthBeat® Outdoor Fitness System

Health and wellness, family fun and a sense of community come together with this comprehensive system. Count on a balanced workout for everyone ages 13+, regardless of fitness level.

### Health benefits of the HealthBeat system:

- Cardiovascular fitness and health
- Muscle strength and endurance
- Core strength
- Balance and flexibility
- Psychological and social well-being
- Reduced risk of osteoporosis
- Improved quality of life

### Complete HealthBeatsystem with Welcome Sign Design No. #2158

#### A. Welcome Sign

#161437A-B

#### B. Stretch

- Provides structured stretching of multiple muscles in one fitness station
- Promotes flexibility and range of motion
- Minimum area required 6' x 14'

#177723A-B

#### C. Mobility

- Exercises both the balancing area of the brain and the nervous system
- Great exercise for joint replacement rehabilitation
- TenderTuff™-coated platform in gray only
- Minimum area required 14' x 6'

#177722A-B

E.

## A. Balance Steps

- Use as a balance beam or for step aerobics
  - Builds coordination and balance
  - Minimum area required 12' x 6'
- #161315A-B**

## B. Squat Press

- Builds leg and hip muscle endurance
  - Adjustable dial offers six resistance levels
  - Minimum area required 9' x 4'
- #161310A-B**

## C. Plyometrics

- Increases muscle power
  - Develops strength for explosive motions such as running and jumping
  - Minimum area required 8' x 8'
- #161317A-B**

## D. Cardio Stepper

- Provides a cardiovascular/step aerobic workout
  - Adjustable dial offers six resistance levels
  - Minimum area required 8' x 5'
- #161312A-B**

## E. Assisted Row/Push-Up

- Great upper-body workout
  - Exercises multiple muscles
  - Provides several activities in one station
  - Minimum area required 8' x 14'
- #161316A-B**

# Sport and Fitness

## A. Pull-Up/Dip

- Highly effective upper-body workout
- Allows for multiple strength-building exercises
- Minimum area required 7' x 5'

#161313A-B

## B. Tai Chi Wheels

- Promotes flexibility
- Enhances relaxation and meditation
- Evenly tones muscles without strain
- Minimum area required 5' x 5'

#161311A-B

## C. Chest/Back Press

- Builds equal endurance for opposing muscle groups
- Adjustable dial offers six resistance levels
- Minimum area required 8' x 6'

#161309A-B

## D. Ab Crunch/Leg Lift

- Works both upper and lower abdominals
- Provides two different activities in one fitness station
- Builds core strength
- Minimum area required 10' x 4'

#161314A-B

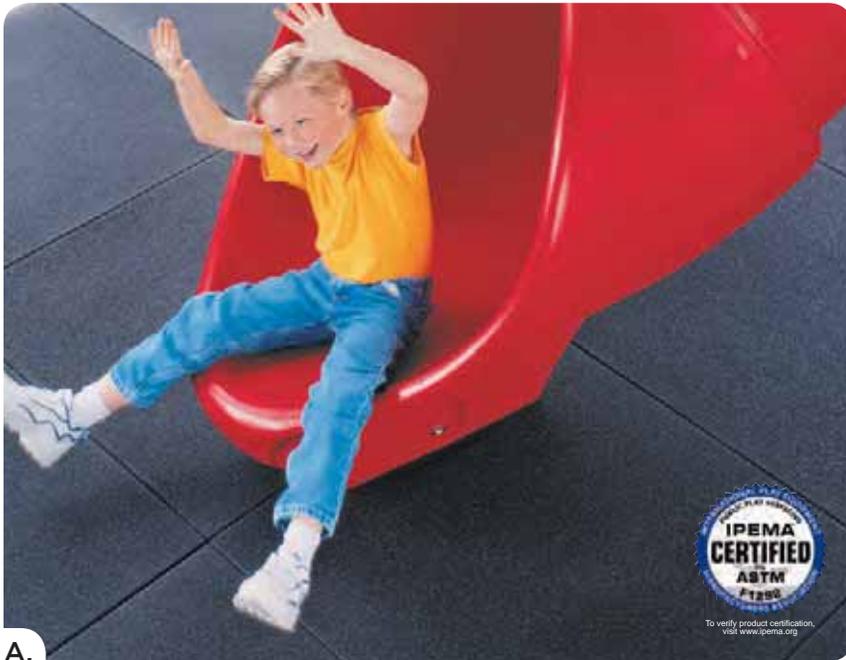

## E. Basketball Outfit

- Our stylish, curved-steel post is hot-dip galvanized for extreme durability
- 1"-thick, heavy-duty Permalene® backboard for steady performance on the court
- Features heavy-duty 6' offset basketball standard
- Twin-rim goals with nylon nets

#116947D

# Surfacing

A.

## A. TuffTurf® Tiles

- “Waffle feet” help cushion falls while letting air and water flow freely beneath
- 3’ x 3’ x 1-1/2” tiles are available in a variety of bevel styles
- Polyurethane resin-bound recycled rubber
- Easy to install
- Cushions falls from a maximum fall height of 4’
- Smooth surface for wheelchairs
- Meets ASTM F1951 requirements for ADA accessibility

## B. TuffTimbers™ Edging

- Features a unique interconnectivity that allows you to build play borders of many shapes and sizes to define play areas and keep loose surfacing in place
- 4’ x 12” x 4” TuffTimbers sections with 30”-long galvanized-steel stakes to hold timbers in place; stakes sold separately
- High-density polyethylene with UV stabilizer added to prevent fading and weathering
- Maintenance free
- Available in black only

- #119214A TuffTimbers Edging
- #100626A 30” Stake

## C. TuffTimbers Access Wedge

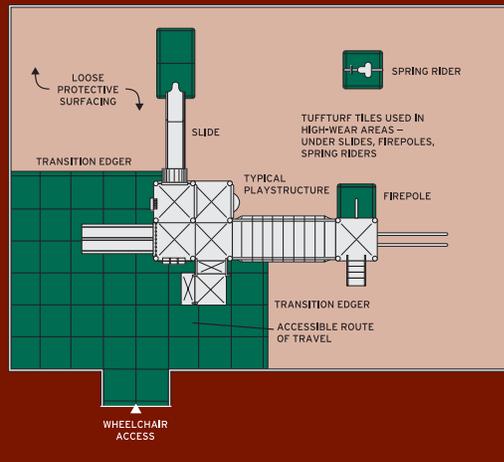

- The heavy-duty Access Wedge attaches to standard TuffTimbers edging, allowing everyone, including wheelchair users, to enjoy your play area
- Black Access Wedge is made from rotationally molded polyethylene to ensure strength and durability

Skatewave modular above-ground skateparks feature precision equipment engineering, innovative design and the highest-quality materials.

## Think independently

Freedom of choice: That's what our independent skate obstacles are all about. Choose one obstacle to test the waters. Choose several to update your current skatepark. Or, work with our designers to choose a bunch to create a challenging street obstacle course that will thrill the riders in your community. Flexible, affordable and highly configurable. It's all about choice.

### Roller Rail

20"H x 168"L  
Weight: 90 lbs.

#146123

*Standalone.*

## Urban obstacles add a little rock 'n' roll

These realistic obstacles are created to stand up to whatever riders dish out, unlike their real-life counterparts. The tables, hydrants and other obstacles are ready for your design, or you can add them on later as an affordable way to freshen things up.

**Grind Edge Angle**

8' Long  
Weight: 30 lbs.

## CoolToppers® Shade Systems

Our cool-looking CoolToppers shade systems feature durable, breathable, weather-resistant polyethylene material. The fabric is designed to block up to 90% of UV rays and keep playground temperatures 30 degrees cooler. Available in seven colors: Navy, Classic Silver, Café Brown, Rain Forest Green, Sunflower Yellow, Royal Blue and Arizona Tan.

### A. CoolToppers® Pyramid

- Add a shady oasis to any outdoor gathering area
- Add play panels to the four posts for a fun, interactive experience
- Shade dimension comes in three sizes with 8', 10' and 12' entry heights
- Playstructures not included
- Remove fabric when wind speed is expected to exceed 90 mph and, in heavy snow-belt areas, during snow season
- Not IPEMA™ certified

**#159881A-C 18' x 18'**

**#159882A-C 24' x 24'**

**#159883A-C 28' x 28'**

### B. CoolToppers® Single Post

- This angled shade panel creates a welcome cool-down space anywhere you need it
- Generous 12' x 12' size provides a large area of shade to block out harmful UV rays
- Easy to install; a moveable clamp allows you to adjust tension after the post is set
- Remove fabric when wind speed is expected to exceed 90 mph and, in heavy snow-belt areas, during snow season
- Not IPEMA certified

**#154397A**

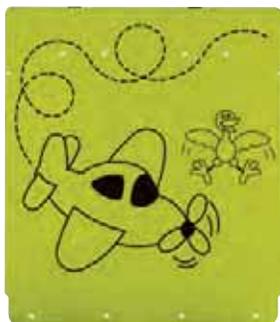

### C. Super CoolToppers® Pyramid

- Our largest CoolToppers shade system can cover a 30' x 30' area
- Durable fabric offers kids a cool place to play
- 13' 9" entry height
- Sturdy 11-gauge, 5" rafters and 7-gauge, 5" posts
- Support posts are oriented outside use zone
- Crane or lift recommended for installation
- Playstructures not included
- Remove fabric when wind speed is expected to exceed 90 mph and, in heavy snow-belt areas, during snow season
- Not IPEMA certified

**#159873A**

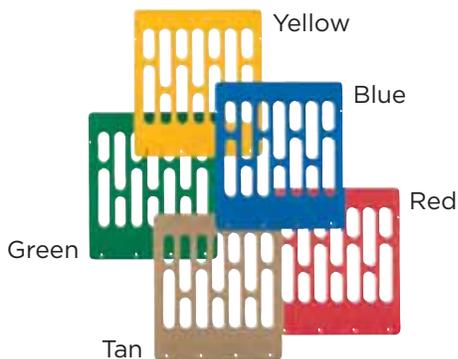

## Permalene® Color Panels

### Choose recycled at no extra charge.

You have the choice to use RECYCLED panels when building your new playstructure! Available in the 11 color combinations shown, the distinctive black core results from combining and recycling colored plastic household containers — waste that would otherwise end up in landfills. These panels offer a post-consumer recycled content of 73%.

The recycled color choices can be selected for ANY Permalene panel currently available as either a one-color or a two-color option.

One-color panels

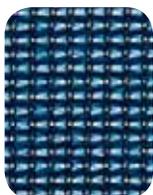

Two-color panels

### Standard

Two-color Permalene color combinations feature a design engraved in the top layer, exposing the color in the middle. Two-color panels available in the eight combinations shown. Architectural-grade pigments provide longest-lasting, UV-stable, vibrant color. 100% recyclable.

## CoolToppers® Fabrics

Protects kids from up to 90% of the sun's UV rays and keeps playground surface temperatures up to 30 degrees cooler. Custom colors available for an additional charge.

Navy

Classic Silver

Café Brown

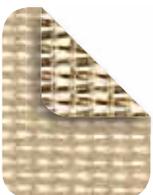

Rain Forest Green

Sunflower Yellow

Royal Blue

Arizona Tan

## ProShield® Colors

Specifically designed to withstand the demands of extreme heat, harsh climates, moisture and UV exposure. ProShield finish combines a specially formulated primer with a high-quality, architectural-grade, Super-Durable, TGIC polyester powdercoat. No lead-based paints.

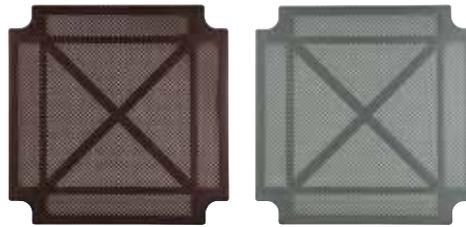

Black

Red

### Steel-Reinforced Cables

Made of tightly woven, polyester-wrapped, six-stranded galvanized-steel, these abrasion-resistant, color-stable cables are extremely durable and vandal resistant.

Brown

Gray

### Steel Decks

The heaviest, thickest decks for long-lasting safety: Flange-formed from 12-gauge steel with safe, rounded corners. Reinforced with .105" x 2" ribs welded on cross for superior strength and a consistently flat surface.

Blue

Tan

Red

Brown

Gray

### TenderTuff™ Coating

For swing chains, handholds, pipe barriers, wheels, rings, etc. Insulates against temperature extremes and provides a safer grip surface compared to painted metal. TenderTuff meets all safety standards and complies with Public Law No. 110-314, Consumer Product Safety Improvement Act of 2008.

### Polyethylene

For slides, tunnels, roofs, etc. Custom colors available for an additional charge. Architectural-grade pigments contain no heavy metals and provide longest-lasting, UV-stable, vibrant color. 100% recyclable.
