Ohio Attorney General Non-Employee Network Access Policy
Acknowledgement

This Ohio Attorney General (“AGO”) Non-Employee Network Access Policy Acknowledgement (the “Acknowledgement”) sets forth the policies and procedures for network use by all non-AGO personnel and their employers accessing the AGO’s network (each a “User”). Any violation of this Policy may result in, among other penalties and liabilities, immediate removal of User access to all AGO systems and notification to the User’s employer of the violation. Some circumstances may justify termination of this Agreement for cause by the AGO. The AGO may temporarily suspend or block a User’s access to an account when it appears reasonably necessary to do so to protect the security of the AGO network or to protect the AGO from liability. **All Users will be held personally responsible and liable, to the fullest extent of the law, for actions in violation of this Policy.**

I. NETWORK ACCESS POLICY

In order to comply with Ohio law and to ensure the security and integrity of AGO network resources (e.g. routers, switches, servers, workstations, printers, etc.), the User shall:

- Acknowledge he/she has been provided with and will comply with the provisions of this Policy;
- Utilize the AGO’s network resources and any information/data provided therefrom for authorized use only;
- Immediately notify the AGO of any proven or suspected unauthorized disclosure or exposure of any AGO data or of information or identity theft;
- Immediately notify the AGO if a Security Event has occurred or if suspicion of a Security Event has been identified. A Security Event includes, but is not limited to:
 - Any abnormality in the environment that could lead to a compromise of the system integrity or result in disclosure of data,
 - Hack attempts,
 - Malware,
 - Changes in security infrastructure,
 - System failures,
 - Compromised user accounts, and
 - Lost/stolen laptop or media.
- Promptly notify the AGO of the date of separation if User leaves the employer or if access to AGO networks, applications, systems, and/or AGO data is no longer required. Access to the AGO network may be rescinded for failure to provide such notice;
- Take all reasonable precautions to prevent the dissemination of User’s credentials by any means, including, but not limited to, not sharing the User’s username and password, not writing down the username and password, etc.;
- Create a password in compliance with the AGO password criteria set forth below. The AGO reserves the right to change the password criteria from time to time. Compliance with the AGO password criteria will be enforced via automated password authentication or public/private keys with strong pass-phrases. The AGO password criteria are as follows:
 - Minimum 12 characters,
 - Must include 3 of the 4: a-z, A-Z, 0-9, and special characters,
 - Passwords will require being reset based on level of access at the AGO’s discretion,
 - Passwords must be kept securely by the account owner, and never be shared,
 - Passwords must not contain sequences 01, 123, abc, etc.,
 - Passwords must not contain properly spelled dictionary words, and
 - Passwords must not be directly identifiable to the user (e.g. social security number, date of birth, spouse’s name, username, etc.).

Password history will be retained for 24 changes to ensure unique passwords. Inactive accounts will be disabled at 90 days, and removed at 120 days. Users of accounts that reach 120 days of inactivity must reapply for an account.

- Comply with all applicable network or operating system restrictions, whether or not they are built into the operating system or network, and whether or not they can be circumvented by technical means;
- Comply with all federal, Ohio, and any other applicable law, including, but not limited to: Internal Revenue Service Publication 1075 which is based on United States Code Title 26, Section 6103; Ohio Revised Code Chapter 1347; the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and the associated omnibus rule to modify the HIPAA Privacy, Security and Enforcement Rules; and the Health information Technology for Economic and Clinical Health (“HITECH”) Act; and
- Comply with all applicable contracts and licenses.

User shall not:

- Move, alter, delete, copy, or otherwise change any information/data stored or contained on the AGO network without express, written authorization by the AGO (e.g. a written agreement, scope of work, or approved vendor quotation);
- Leave a computer that is logged into the AGO network unattended for any period of time unless it is secured in such a way that the computer cannot be used by any other individual (e.g. sign-off procedure, password protected screen saver, etc.);
- Make paper, electronic, or any other copies or reproductions of any AGO information/data or licensed materials, regardless of how the information/data or materials were obtained, without prior authorization from the AGO;
- Use a username other than the User’s own;
- Share any information/data gained through use of AGO networks with anyone outside the AGO without prior authorization from the AGO.

II. USER’S UNDERSTANDINGS

- User understands that any User who engages in electronic communications with people or entities in other states or countries, or on other systems or networks, are on notice that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. User is responsible for obtaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- User understands that the confidentiality and privileged nature of AGO files and information/data must be respected and protected. User understands that the AGO retains the right and has the capability, among other security measures, to review, audit, or monitor the User’s directories, files, e-mails (both sent and received) to ensure maintenance of information/data integrity. User also understands that the AGO has the right to remove or destroy unauthorized materials found on AGO networks and to terminate the User’s relationship with the AGO for breach of this Policy.
- User understands that, among other security measures, the AGO makes backup copies and stores User information. User activities are therefore not private and User content is potentially stored on AGO servers. User also understands that the AGO is subject to public records disclosure and to discovery requests and that the User’s activities and information may be released pursuant to a public records or discovery request.
- User understands that all Users and their employers will be held responsible and liable to the fullest extent of the law for actions while using the AGO’s network resources.

User Acknowledgement

By signing below, you, as a User, acknowledge that you have read and understand this Policy, and you, the User, agree to comply with the terms of this Policy.
