If immediate purging of all data storage components is not possible, Contractor certifies that any IRS data remaining in any storage component will be safeguarded to prevent unauthorized disclosures.
- (6) Any spoilage or any intermediate hard copy printout that may result during the processing of IRS data will be given to the agency or his or her designee. - b. The information system must protect audit information and audit tools from unauthorized access, modification, and deletion.

(12) IRS Publication 1075 compliance is mandatory. The aforementioned compliance items are a small selection of key elements contained within the requirements defined in IRS publication 1075. The State reserves the right to impose additional and more stringent requirements as deemed necessary to protect FTI (Federal Tax Information).

These penalties are prescribed by IRCs 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.

These penalties are prescribed by IRC 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.

(3) Additionally, it is incumbent upon Contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material

is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

(4) Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors must be advised of the provisions of IRCs 7431, 7213, and 7213A (see Exhibit 4 of Publication 1075, Sanctions for Unauthorized Disclosure, and Exhibit 5 of Publication 1075, Civil Damages for Unauthorized Disclosure). For both the initial certification and the annual certification, Contractor must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

### **III. INSPECTION**

The IRS and the Agency, with 24 hour notice, shall have the right to send its inspectors into the offices and plants of Contractor to inspect facilities and operations performing any work with FTI under this Agreement for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. On the basis of such inspection, corrective actions may be required in cases where Contractor is found to be noncompliant with Agreement safeguards.
