## BACKGROUND

Ohio Penal Industries (OPI) is a training program for offenders in manufacturing, service industries, agriculture, private industry/agriculture and public works under the control of the Ohio Department of Rehabilitation and Correction (DRC) located within or outside DRC's institutions. As of 2011, OPI had 24 operations in 16 different locations, 15 of which are prisons. The Southeastern Correctional Institution specializes in the manufacture of high-quality, institutional janitorial, laundry and personal care products.
