STATE AND LOCAL MPA TERMS AND CONDITIONS
(E500 February 5, 2018)

ARTICLE 1—DEFINITIONS

All definitions in other parts of the MPA shall have the same meaning in this MPA Terms and Conditions. In addition to the definitions within the Master Agreement and in other parts of this MPA, the following definitions apply to this MPA:

- a. **"Authorized Entity"** means a Political Subdivision, or an agency, department, or division of the governmental entity authorized by Signing Entity to order and acquire Esri Offerings under this MPA.
- b. **"Customer"** means the Signing Entity or an Authorized Entity that places orders pursuant to this MPA.
- c. **"Master Agreement"** means the attached signed license agreement, Master Agreement No. 324532.
- d. **"Political Subdivision"** means political subdivisions, such as cities, counties, and townships ("Political Subdivisions") as defined in Section 125.04(B) of the Ohio Revised Code, that may rely on this MPA. Whenever a Political Subdivision relies on this MPA to issue a purchase order, the Political Subdivision will step into the shoes of the Signing Entity under this MPA for purposes of its order, and, as to the Political Subdivision's order, this MPA will be between Esri and the Political Subdivision. Esri must look solely to the Political Subdivision for performance, including but not limited to payment, and must hold the Signing Entity harmless with regard to such orders and the Political Subdivision's performance. But the Signing Entity will have the right to terminate this MPA in accordance with Article 5 – Termination; Cancellation should Esri fail to honor its obligations under an order from a Political Subdivision. Nothing in this MPA requires Esri to accept an order from a Political Subdivision, if Esri reasonably believes that the Political Subdivision is or will be unable to perform its obligations in relation to that order.

ARTICLE 2—TERM OF AGREEMENT

Customer's right to purchase under this MPA shall remain in effect for the initial term of July 1, 2018 through June 30, 2019, and the second term of July 1, 2019 through June 30, 2021, unless terminated earlier as set forth in Article 5—Termination; Cancellation. The term may be extended upon mutual written agreement. The term of any Esri Offering licenses ordered through this MPA shall be as stated in the Master Agreement.

ARTICLE 3—PRODUCT OFFERINGS

3.1 Discontinued and New Items. Esri may, at its sole discretion, discontinue offering any Esri Offerings included in this MPA upon the submittal of an updated MPA Price List. Esri may, at its sole discretion, offer new Esri Offerings, or larger quantity discount pricing by the submittal of an updated MPA Price List.

3.2 Master Agreement. Esri may require additional or different license terms prior to the use of new Esri Offerings. Such additional terms shall be available at <http://www.esri.com/legal>, included with a quote, or included with the deliverable Esri Offerings. To the extent such additional terms should conflict with this Agreement, this Agreement shall prevail. The attached Master Agreement shall become part of this MPA upon (i) ordering Esri Offerings or (ii) thirty (30) days after Customer's receipt of Esri Offerings, whichever is sooner.

3.3 Enterprise Agreement. An Enterprise Agreement is a multiyear offering for a package of Esri Offerings and additional license deployment grants, tailored to the Authorized Entity. When an Enterprise Agreement is requested, Esri will prepare a proposal letter for the Authorized Entity, which will include the Esri Offerings package, price, duration, and quantity. The Authorized Entity may purchase an Enterprise Agreement under the terms and conditions of this MPA and the additional terms and conditions for the Enterprise Agreement. The additional terms and conditions for the Enterprise Agreement will be between the Authorized Entity and Esri. The Enterprise Agreement option is included in the MPA Price List.

ARTICLE 4—GRANT OF LICENSE AND SCOPE OF USE

The license grant and permitted uses specified in the Master Agreement are restricted to use within the continental United States; Hawaii; Alaska; and US territories, excluding Puerto Rico and the US Virgin Islands.

ARTICLE 5—TERMINATION; CANCELLATION

5.1 Termination

- a. **Termination for Convenience.** This MPA may be terminated by either party upon forty-five (45) days' written notice. Esri, at its sole election, may terminate the right of any Authorized Entity to participate in this MPA in accordance with this provision without terminating this MPA with respect to Signing Entity or any other Authorized Entity.
- b. **Termination for Material Breach.** Without prejudice to any other right or remedy available, this MPA may be terminated for material breach, provided the breaching party is given thirty (30) days' written notice. Termination of this MPA shall be effective upon written notice to Customer if Customer discloses any trade secret or other information proprietary to Esri in breach of this MPA.
- c. **Termination for Non-Appropriation of Funds.** Customer obligation to pay the amounts due under this MPA may be contingent upon appropriation of funds for this MPA ("Lack of Funds"). Customer may terminate this MPA for Lack of Funds by providing a written termination for Lack of Funds notice in accordance with Section 9.2 Legal Notices in this Agreement. In all such cases, Customer will comply with subpart c. Customer Obligations upon Termination, and will not be entitled to receive a refund of fees paid for Esri Offerings and Maintenance.
- c. **Customer Obligations upon Termination.** On termination of this MPA, all accounts and payments will be processed according to financial arrangements set forth herein for performance rendered to the date of termination. After termination, Customer shall no longer be permitted to place orders under this MPA.
- d. **License Survival.** Upon expiration of this MPA or voluntary termination of this MPA, Customer may continue to retain and use such licensed Products in accordance with the Master Agreement. Customer may then directly and separately contract for Maintenance.

5.2 Cancellation of an Order. Purchase orders, other than for the initial purchase, may be canceled by Customer in whole or in part, upon forty-five (45) days' written notice to Esri. There will be no cancellation charge for canceled Products unless such Products have been delivered. If Products have been shipped, the cancellation will require Customer payment of return shipping costs. There are no refunds for cancellation of a subscription or Maintenance if the term for the subscription or Maintenance has started.

ARTICLE 6—NO MINIMUM PURCHASE

Customer does not guarantee to purchase any certain quantity under this MPA.

ARTICLE 7—ORDERS

7.1 Customer Purchase Orders. Customer shall issue purchase orders to Esri for Esri Offerings based on the pricing specified in this MPA. The terms and conditions of this MPA shall govern all orders issued by Customer. Any additional or different terms included with an order are void and of no legal effect even if Esri processes the order without taking exception to such additional or different terms.

7.2 Purchase Order Requirements. The following information shall be included in each purchase order:

- a. Name or identification of Customer, place of delivery, and the end-user name and contact information
- b. Purchase order number
- c. Quantity, description, and unit price
- d. On the face of the purchase order, the following printed statement: "Subject to Master Purchase Agreement No. (324532) / State of Ohio MLA No. (MLA0064)"

7.3 Additional Quotes. Customer may request a quote for any new or unlisted Esri Offerings and issue a purchase order under this MPA.

7.4 Authorized Entity. An Authorized Entity may order or acquire Esri Offerings subject to the terms and conditions of this MPA. An Authorized Entity will be required to incorporate by reference the terms of this MPA into any purchase order or other related ordering document. Esri shall not fill any purchase orders that do not adequately provide the information identified in Section 7.2.

ARTICLE 8—PRICING

8.1 Pricing. Esri will provide Esri Offerings specified in the incorporated MPA Price List, which are exclusive of shipping and installation. Esri may update the MPA Price List by email notice no more than once each calendar quarter except prices for individual items, which may be updated by email at any time if they fall below Esri's GSA pricing.

8.2 Reserved.

8.3 Training Services. Training will be provided in accordance with the policies defined at <https://www.esri.com/training/> and the training terms and conditions incorporated within the Master Agreement. Training prices are subject to annual escalation, in January of each year.

ARTICLE 9—GENERAL PROVISIONS

9.1 Order of Precedence. The General Provisions and Limitations of Liability provisions of the Master Agreement shall apply to the entire MPA unless specifically stated otherwise and are supplemented by the provisions set forth in this Article 9. In the event of a conflict between the terms of documents in this MPA, the documents will have the following precedence: (i) MPA Terms and Conditions, (ii) the Master Agreement, (iii) State of Ohio MLA No. (MLA0064).

9.2 Legal Notice. Legal notice required or contemplated by either party must be delivered in person or by courier, express mail, facsimile, or postage-prepaid certified or registered airmail addressed to the party for whom it is intended at the address specified herein. 9.3 Audits and Reports. During the term of this Agreement and for three years after its termination, Esri will maintain accurate records of the fees paid by Customer for Esri Offerings under this Agreement. If Esri or Customer believes there may have been an underpayment or overpayment of fees, the Parties shall enter good faith discussions to verify the fees charged and payments made during the term of this Agreement. Esri and Customer will share applicable documents and records and if such review reveals a discrepancy in payment, the Parties will agree on a date the outstanding amounts will be adjusted and paid by the owing Party.

After conclusion of such discussions and payment adjustments, if any, and on reasonable notice and during customary business hours, the State may audit Esri's records and other materials that relate to this Agreement, at no cost to Esri. This audit right also will apply to the State's duly authorized representatives.

Esri must make such records and materials available to the State within 15 business days after receiving the State's written notice of its intent to audit Esri's records and must notify the State as soon as the records are ready for audit.

If any audit reveals an overcharge to the Customer by Esri under this Agreement, the Customer will be entitled to a refund of fees paid that are more than the actual fees due and payable under this Agreement, and will also be entitled to a refund for the cost of the audit. If an audit reveals underpayment by the Customer to Esri, Customer shall remit payment for the outstanding amount within forty five (45) days after the conclusion of the audit and receipt of a proper invoice.

Upon Customer's request, but not to exceed quarterly during the term of this Agreement, the Customer also may request reports from Esri related to the quantity and type of Esri Offerings licensed under this Agreement. The State's rights under this section will apply to all orders placed by Authorized Entities under this Agreement, but an

Authorized Entity's rights to reports will apply solely to the Esri Offerings it orders or receives under this Agreement.

9.4 Non-Exclusivity. This Agreement is non-exclusive and is not a requirements contract. Nothing herein prevents either Party from entering into similar agreements with other entities.

- a. Provides Services as set forth in this Agreement;

1.2 Consultant or Contractor Access. Customer may authorize its consultants or contractors to (i) host Esri Offerings for Customer's benefit and (ii) use Esri Offerings exclusively for Customer's benefit. Access to or use of Esri Offerings by consultants or contractors that is not exclusively for Customer's benefit is prohibited.

1.3 Reservation of Rights. All Esri Offerings are the copyrighted works of Esri or its licensors; all rights not specifically granted in this Agreement are reserved.

1.4 Trial, Evaluation, and Beta Licenses. Products acquired under a trial or evaluation license or subscription or under a Beta program are intended for evaluation and testing purposes only and not for commercial use. Any such use is at Customer's own risk, and the Products do not qualify for Maintenance. If Customer does not convert to a purchased license or subscription prior to the expiration of the evaluation term, Customer may lose any Customer Content and customizations made during the evaluation term. If Customer does not wish to purchase a license or subscription, Customer should export such Customer Content before the end of Customer's evaluation period.

1.5 Educational Programs. Customer agrees to use Esri Offerings provided under an educational program solely for educational purposes during the educational use Term. Customer shall not use Products for any Administrative Use unless Customer has acquired an Administrative Use license. "Administrative Use" means administrative activities that are not directly related to instruction or education, such as asset mapping, facilities management, demographic analysis, routing, campus safety, and accessibility analysis. Customer shall not use Products for revenue-generating or for-profit purposes.

1.6 Grant Programs. Customer may use Esri Offerings provided under a grant program for noncommercial purposes only. Except for cost recovery of using and operating the Esri Offerings, Customer shall not use Esri Offerings for revenue-generating or for-profit purposes.

1.7 Other Esri Limited-Use Programs. If Customer acquires Esri Offerings under any limited-use program not listed above, Customer's use of the Esri Offerings may be subject to the terms set forth in the applicable launching page or enrollment form or as described on Esri's website in addition to the nonconflicting terms of this

Except for system maintenance and updating of databases, the redundant Software installation(s) will remain dormant while the primary site (or any other redundant site) is operational.
- h. **Redistribution License.** Customer may reproduce and distribute the Software provided that

This concurrent use right does not apply to Software licensed for Development Use.
 4. Move the Software in the licensed configuration to a replacement computer;
 5. Distribute Software and any associated Authorization Codes required for use of a Deployment License to third parties; and

3.3 Access to Value-Added Applications

- a. Named Users have unique, individual login credentials. Named Users have private access to features of Online Services that are not publicly accessible to Anonymous Users.
- b. Customer may use its Online Services subscription to build Value-Added Applications for internal use by Named Users in accordance with the published Online Services descriptions.
- c. Customer may transfer Value-Added Applications to any third party for use in conjunction with the third party's own Online Services subscription.
- d. Customer may not add third parties as Named Users to Customer's Online Services subscription. This restriction does not apply to third parties included within the definition of Named Users.
- e. Customer may not provide a third party with access to ArcGIS Online Services enabled through Customer's ArcGIS Online subscription other than through Customer's Value-Added Applications. This restriction does not apply to third parties included within the definition of Named Users.

 1. Customer may charge for such access under subscription types that permit use for commercial retail business purposes.

 3. Customer is responsible for all Service Credits consumed in Anonymous Users' use of Customer's Value-Added Applications.
 4. Customer is solely responsible for providing technical support for Customer's Value-Added Application(s).
 5. Customer may not enable Anonymous Users to access Value-Added Applications that are intended for Customer's internal use only; Value-Added Applications used internally require each user to use Named User login credentials.

3.4 Customer's Responsibilities

- a. Customer is solely responsible for the development and operation of Customer Content and Value-Added Applications and for its Named Users' compliance with this Agreement. Customer and its Named Users or Anonymous Users (if applicable) are the only persons authorized to access Online Services through Customer's subscription. Named Users' login credentials are for designated Named Users only and may not be shared with other individuals. Customer may reassign a Named User License if the former Named User no longer requires access to Online Services.

- c. Customer will ensure that Customer Content is suitable for use with Online Services and will maintain regular offline backups using the Online Services export and download capabilities

3.5 Modifications of Online Services. Esri may change Online Services and associated APIs at any time, subject to 30 days' notice of material changes and 90 days' notice for deprecations. If any modification, discontinuation, or deprecation of Online Services causes a material, adverse impact to Customer's operations, Esri may, at its discretion, attempt to repair, correct, or provide a workaround for Online Services. If a viable solution is not commercially reasonable, Customer may cancel its subscription to Online Services, and Esri will issue a prorated refund.

3.6 Subscription Fee Changes. Esri may change fees for subscriptions with a term greater than 1 month by notifying Customer at least 60 days prior to expiration of the then-current subscription term. Esri may change monthly subscription fees upon 30 days' notice.

3.7 Sharing Customer Content. If Customer elects to share Customer Content using Sharing Tools, then Customer acknowledges that Customer has enabled third parties to use, store, cache, copy, reproduce, (re)distribute, and (re)transmit Customer Content through Online Services. Esri is not responsible for any loss, deletion, modification, or disclosure of Customer Content resulting from use or misuse of Sharing Tools or Online Services, Customer Content, ArcGIS Website, Documentation, or related materials. Customer's use of Sharing Tools is at Customer's sole risk.

3.8 Limits on Use of Online Services, Service Credits. Each Online Services subscription includes Service Credits as described in the applicable Ordering Document. Each Service Credit entitles Customer to consume a set amount of Online Services, the amount varying depending on the Online Services that Customer is using. As Customer consumes Online Services, Service Credits are automatically debited from Customer's subscription, up to the maximum number of Service Credits available. Customer may purchase additional Service Credits as needed. Esri will notify Customer's subscription account administrator when Customer's Service Credit consumption reaches approximately 75 percent of the Service Credits allocated to Customer through Customer's subscription. Esri reserves the right to suspend Customer's access to Online Services that consume Service Credits when Customer has consumed all its Service Credits. Esri will promptly restore Customer's access to its Online Services once Customer has purchased additional Service Credits.

Esri does not warrant that Esri Offerings, or Customer's operation of the same, will be uninterrupted, error free, fault tolerant, or fail-safe or that all nonconformities can or will be corrected. Esri Offerings are not designed, manufactured, or intended for use in environments or applications that may lead to death, personal injury, or physical property or environmental damage. Customer should not follow any navigational route suggestions that appear to be hazardous, unsafe, or illegal. Any such uses will be at Customer's own risk and cost.

4.3 Applicability of Disclaimers and Limitations. Esri has set its fees and entered into this Agreement in reliance on the disclaimers and limitations in this Agreement; the fees reflect an allocation of risk that is an essential basis of the bargain between the parties. **These limitations will apply whether or not a party is aware of the possibility of any damage and notwithstanding any failure of essential purpose of any exclusive, limited remedy.**

4.4 The foregoing disclaimers, limitations, and exclusions may be invalid in some jurisdictions and apply only to the extent permitted by applicable law or regulation in Customer's jurisdiction. Customer may have additional rights that may not be waived or disclaimed. Esri does not seek to limit Customer's warranty or remedies to any extent not permitted by law.

Upon approval by the Ohio Attorney General, Esri will have sole control of the defense of any action and negotiations related to the defense or settlement of any claim, and will provide updates to the Ohio Office of Attorney General, as may be reasonably requested by Customer. Esri will not be responsible for material prejudice arising out of Customer's failure to timely tender the defense of a Claim to Esri.

Customer will promptly correct any noncompliance identified during the compliance review. Esri may conduct a compliance review of Customer within 12 months after the conclusion of any prior compliance review that does not reveal any material Customer noncompliance.

9.7 No Implied Waivers. The failure of either party to enforce any provision of this Agreement is not a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.

9.8 Severability. If any provision of this Agreement is held to be unenforceable for any reason, (i) such provision will be reformed only to the extent necessary to make the intent of the language enforceable, and (ii) all other provisions of this Agreement will remain in effect.

- d. **Reserved**

9.14 Force Majeure. 9.15 Independent Contractor. Esri is and at all times will be an independent contractor. EXHIBIT 2

STATE OF OHIO ADDITIONAL TERMS

Ohio MLA0064 / Esri Master Purchase Agreement No. 324532

Fees. The State will pay to the Contractor the fees for licensing the Software identified in each Schedule under this Contract ("License Fees"), as well as all applicable fees for Support of the Software ("Support Fees") that are identified in any Schedule under this Contract. The License Fee for each license is due and payable on the 30th day after the later of the date on which the applicable license starts (the "Start Date") or the date the State receives a proper invoice for the License Fee at the office designated in the applicable purchase order. A Support Fee will be due payable on the 30th day after the later of the date on which the applicable period of Support (the "Support Period") begins or the date the State receives a proper invoice for the Support Fee at the office designated in the applicable purchase order. The State will not be obligated to acquire or renew Support for any Software unless it issues a purchase order for such.

Taxes. The State is exempt from all sales, use, excise, property, and similar taxes ("Taxes"). To the extent any Taxes are imposed on the Contractor in connection with this Contract or the Software, the Contractor must pay such Taxes, together with any interest and penalties not properly disputed with the appropriate taxing authority. At the request of the Contractor, but no more than once annually, the State will provide Contractor with a copy of the current tax exemption certificate.

Invoices. The Contractor must submit an original invoice with three copies to the office designated in the purchase order as the "bill to" address. To be a proper invoice, the invoice must include the following information:

- (1) Name and address of the Contractor, as designated in this Contract.
- (2) The Contractor's federal tax identification number, as designated in this Contract.
- (3) The Contractor's invoice remittance address, as designated in this Contract.
- (4) The purchase order number authorizing the delivery of the Software or Support.
- (5) A description of what the Contractor delivered, including, as applicable, the time period, serial number, unit price, quantity, and total price of the Software and Support. If the invoice is for Software with multiple installments of the License Fee, the Contractor also must include the payment number (e.g., 11 of 36).

If an invoice does not meet this section's requirements, or if the Contractor fails to comply with Section 8.1 Pricing in Master Purchase Agreement No. 324532, the State will send the Contractor written notice. The State will send the notice, along with the improper invoice, to the Contractor's address designated for receipt of purchase orders within 15 days. The notice will contain a description of the defect or impropriety and any additional information the Contractor needs to correct the invoice. If such notification has been sent, the payment due date will be 30 days after the State receives a corrected and proper invoice or the applicable Start Date in the Schedule, whichever is later.

The date the State issues a warrant (the State's equivalent to a check) in payment of an invoice will be considered the date payment is made. Without diminishing the Contractor's right to timely payment, the payment will be overdue only if it is not received by the 30th day after the payment's due date. If the State has not issued payment by then, interest will begin to accrue under Ohio Revised Code ("Code") Section 126.30.

Insurance.

Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit. Defense costs shall be outside the policy limit.
2. Automobile Liability: covering Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with a limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. Workers' Compensation insurance as required by the State of Ohio, or the state in which the work will be performed, with Statutory Limits, and Employer's Liability Insurance with a limit of no less than \$1,000,000 per accident for bodily injury or disease. If Contractor is a sole proprietor, partnership or has no statutory requirement for workers' compensation, Contractor must provide a letter stating that it is exempt and agreeing to hold Entity harmless from loss or liability for such.
4. Cyberfirst Professional Liability (Errors and Omissions) Insurance appropriate to the Contractor's profession, with limits not less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Contractor in this agreement and shall cover all applicable Contractor personnel or subcontractors who perform professional services related to this agreement.
5. Cyber liability (first and third party) with limits not less than \$5,000,000 per claim, \$10,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Contractor in this agreement and shall include, but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The coverage shall provide for breach response costs as well as regulatory fines and penalties and credit monitoring expenses with limits sufficient to respond to these obligations.

The Insurance obligations under this agreement shall be the minimum Insurance coverage requirements and/or limits shown in this agreement. Any insurance proceeds in excess of or broader than the minimum required coverage and/or minimum required limits, which are applicable to a given loss, shall be available to the State of Ohio. No representation is made that the minimum Insurance requirements of this agreement are sufficient to cover the obligations of the Contractor under this agreement.

The insurance policies are to contain, or be endorsed to contain, the following provisions:

Additional Insured Status

Except for Workers' Compensation, Employer's Liability, and Professional Liability insurance, the State of Ohio, its officers, officials and employees are to be covered as additional insureds with respect to liability arising out of work or operations performed by or on behalf of the Contractor. Coverage can be provided in the form of an endorsement to the Contractor's insurance.

Primary Coverage

For any claims related to this contract, the Contractor's insurance coverage shall be primary insurance. Any insurance or self-insurance maintained by the State of Ohio, its officers, officials and employees shall be excess of the Contractor's insurance and shall not contribute with it.

Umbrella or Excess Insurance Policies

Umbrella or excess commercial liability policies may be used in combination with primary policies to satisfy the limit requirements above. Such Umbrella or excess commercial liability policies shall apply without any gaps in the limits of coverage and be at least as broad as and follow the form of the underlying primary coverage required above.

Notice of Cancellation

State of Ohio will receive prompt notice of cancellation or nonrenewal for the Comprehensive General Liability, Automobile Liability, Professional Liability, and/or Workers Compensation/Employers Liability policy(ies), provided that no such notice is required if Esri buys a replacement policy that ensures continuous coverage and otherwise complies with the requirements of this paragraph.

Waiver of Subrogation

Reserved.

Deductibles and Self-Insured Retentions

Reserved.

Claims Made Policies

If any of the required policies provide coverage on a claims-made basis:

1. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
2. Insurance must be maintained and evidence of insurance must be provided for at least two (2) years after completion of the contract of work.
3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of two (2) years after completion of contract work. The Discovery Period must be active during the Extended Reporting Period.

Verification of Coverage

Contractor shall furnish the State of Ohio with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the State of Ohio before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State of Ohio reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance that comply with all applicable laws, and Contractor shall ensure that State of Ohio is an additional insured on insurance required from subcontractors for work performed on State premises.

Special Risks or Circumstances

State of Ohio reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances, and will provide Contractor with written notice of such modifications.

Excusable Delay. Neither party will be liable for any delay in its performance under this Contract that arises from causes beyond its control and without its negligence or fault. The delayed party must notify the other promptly of any material delay in performance and must specify in writing the proposed revised performance date as soon as practicable after notice of delay. For any such excusable delay, the date of performance or delivery will be extended for a period equal to the time lost by reason of the excusable delay. The delayed party must also describe the cause of the delay and what steps it is taking or will take to remove the cause. The delayed party may not rely on a claim of excusable delay to avoid liability for a delay if the party has not taken commercially reasonable steps to mitigate or avoid the delay.

Non-Appropriation of Funds. The State's funds are contingent on the availability of lawful appropriations by the Ohio General Assembly. If the Ohio General Assembly fails to continue funding for the Fees due hereunder, as determined by the Director of the Office of Information Technology, this Contract will terminate with respect to the Software or Support affected by the non-appropriation as of the date that the funding expires, and the State will have no further obligation to make any payments. This provision will not alter the rights of the State in any Software or to any Support for which the State already has made payment at the time of the non-appropriation.

OBM Certification. This Contract is subject to Code Section 126.07. All orders and Schedules under this Contract are void until the Director of the Office of Budget and Management for the State certifies that there is a balance in the appropriation available to pay for the order.

Currency. The State will make all payments under this Contract by warrant (the State's equivalent to a check) in US Dollars, regardless of the location where the Support is provided or the Software is located.

Disputed Amounts. The parties will resolve any amounts disputed under this Contract expeditiously and in good faith by having the representatives of the parties who signed this Contract enter into informal discussions. Once resolved through the dispute resolution process, the amount must be paid within 30 days of the resolution. If the State disputes any amount under this Contract in good faith, the State may withhold its payment pending resolution notwithstanding anything to the contrary elsewhere in this Contract.

Entire Document. This Contract will apply to all Software that the State acquires from the Contractor during the term of this Contract, unless the parties expressly agree otherwise in a written document signed by the duly authorized representatives of the parties. Furthermore, this Contract, along with the Schedules and Addenda entered into under it, is the entire agreement between the parties with respect to its subject matter, and it supersedes any previous statements or agreements, whether oral or written.

Additional Documents. All terms and conditions contained in any document not signed by both parties, such as a purchase order, invoice, or a click-wrap license, are excluded from this Contract and will have no legal effect.

Binding Effect. Subject to the limitations on assignment provided elsewhere in this Contract, this Contract will be binding upon and inure to the benefit of the respective successors and assigns of the State and the Contractor.

Amendments. No amendment or modification of any provision of this Contract will be effective unless it is in writing and signed by both parties.

Waiver. The failure of either party at any time to demand strict performance by the other party of any of the terms of this Contract will not be construed as a waiver or a relinquishment of any such term. Either party may at any later time demand strict and complete performance by the other party of such a term.

Severability. If any provision of this Contract is held by a court of competent jurisdiction to be contrary to applicable law, the remaining provisions of this Contract will remain in full force and effect to the extent that such does not create an absurdity or material injustice.

Plain Meaning. This Contract must be construed in accordance with the plain meaning of its language and neither for nor against the drafting party.

Headings. The headings used herein are for the sole sake of convenience and may not be used to interpret any section.

Notices. For any notice under this Contract to be effective, it must be made in writing and sent to the address of the appropriate party first appearing above, unless that party has notified the other party, in accordance with the provisions of this section, of a new mailing address for notices.

Continuing Obligations. To the extent necessary to carry out their purpose, the terms of this Contract will survive the termination of this Contract. The Master Agreement shall survive termination of this Contract.

Counterparts. This Contract may be executed simultaneously in two or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

Compliance with Law. The parties will comply with all applicable federal, state, and local laws in all endeavors under this Contract.

Export Restrictions. The State may not directly or indirectly export or transmit the Software or Documentation to any country in violation of any applicable US regulation, order, or statute, and each party agrees to comply with Section 7.3 Export Compliance in Master Agreement No. 324532.

UCITA. The Uniform Computer Information Transactions Act ("UCITA") will not apply to this Contract. To the extent that UCITA, or any version of it that is adopted by any jurisdiction in any form, is applicable, the parties agree to opt out of it pursuant to the opt-out provisions contained therein. Likewise, the United Nations Convention on Contracts for the International Sale of Goods will not apply to this Contract.

Injunctive Relief. Nothing in this Contract is intended to limit either party's right to seek injunctive relief if such is necessary to protect its interests or to keep it whole.

Governing Law. The laws of Ohio will govern this Contract, excluding its laws dealing with conflict of law, and venue for any disputes will lie exclusively with the appropriate court in Franklin County, Ohio.

Conflict of Interest. No Contractor Personnel may voluntarily acquire any personal interest that conflicts with their responsibilities under this Contract. Further, the Contractor will not knowingly permit any Ohio public official or public employee who has any direct responsibilities related to this Contract to acquire any interest in anything or any entity under the Contractor's control, if such an interest would conflict with that official's or employee's duties. The Contractor will disclose to the State knowledge of any such person who acquires an incompatible or conflicting personal interest related to their direct work under this Contract. And the Contractor will take steps to ensure that such a person does not participate in any action affecting the work under this Contract. But this will not apply when the State has determined, in light of the personal interest disclosed, that the person's participation in any such action would not be contrary to the public interest.

Assignment. Except for a sale of all or substantially all of the assets of Contractor for which Contractor will provide notice, neither party may assign this Contract without the prior, written consent of the other party, which the other party will not withhold unreasonably. Any such assignment, unless otherwise agreed in writing, is contingent on the assignee assuming all the assignor's rights and obligations under this Contract.

Employees. The Contractor is an independent contractor and is not an agent, servant, or employee of the State. The Contractor is engaged as an independent business and has complied with all applicable federal, state, and local laws regarding business permits and licenses of any kind, including but not limited to any insurance coverage, workers' compensation, or unemployment compensation that is required in the normal course of business and will assume all responsibility for any federal, state, municipal, or other tax liabilities. Additionally, as an independent contractor, the Contractor is not a public employee and is not entitled to contributions from the State to any public employee retirement system or any other benefit of public employment.

Further, any individual providing personal Services under this Contract is not a public employee for purposes of Chapter 145 of the Ohio Revised Code. And unless the Contractor is a "business entity" as that term is defined in ORC 145.037 ("an entity with five or more employees that is a corporation, association, firm, limited liability company, partnership, sole proprietorship, or other entity engaged in business") the Contractor must have any individual performing work under this Contract complete and submit to the ordering agency the Independent Contractor/Worker Acknowledgement form found at the following link:

<https://www.opers.org/forms-archive/PEDACKN.pdf#zoom=80>

The Contractor's failure to complete and submit the Independent/Worker Acknowledgement form before providing any Service or otherwise doing any work hereunder will serve as the Contractor's certification that the Contractor is a "Business entity" as the term is defined in ORC Section 145.037.

Publicity. The Contractor will not advertise or publicize that it is doing business with the State or use this Contract as a marketing or sales tool, unless otherwise agreed to in writing by the State.

Cancellation. The State may cancel this Contract without cause and on 45 days written notice or at any time if the General Assembly or any other funding source fails to continue funding. But in the case of any license of Software entered before the effective date of the cancellation, the State will have the right to continue such license after termination in accordance with Master Agreement No. 324532.

Deliveries. All deliveries will be F.O.B. destination.

EEO. The Contractor must comply with all Ohio laws, rules, and Executive Orders of the Governor of Ohio regarding equal employment opportunity, including Ohio Revised Code Section 125.111.

Drug Free Workplace. The Contractor must comply with all applicable Ohio laws regarding maintaining a drug-free workplace. The Contractor will make a good faith effort to ensure that all its employees, while working on the State's property, do not possess and will not be under influence of illegal drugs or alcohol or abuse prescription drugs.

Ohio Ethics Law. The Contractor certifies that it is currently in compliance with and will continue to adhere to the requirements of the Ohio ethics laws found in Sections 102.01 through 102.099 of the Ohio Revised Code. The Contractor also certifies that all applicable parties listed in Ohio Revised Code Section 3517.13 are in full compliance with that section.

Travel Expenses. Unless otherwise agreed to in a Task Order in the future, any travel or living expenses required by the Contractor to do its obligations under this Contract will be at the Contractor's expense. The State will pay for any additional travel that it requests only with prior, written approval. All additional travel and living expenses that the State requests in addition to what this Contract requires the Contractor to provide at the Contractor's expense will be paid in accordance with the Office of Budget and Management's Travel Rules in Section 126-1-02 of the Ohio Administrative Code.

Order of Priority. If there is any inconsistency or conflict between this Contract and any provision of anything incorporated by reference, this Contract will prevail.

Record Keeping. The Contractor must keep all financial records in accordance with generally accepted accounting principles consistently applied. The Contractor will file documentation to support each action under this Contract in a manner allowing it to be readily located. And the Contractor will keep all related records and documents at its principal place of business.

Safety and Security Rules. When on any property owned or controlled by the State, the Contractor must comply with all security and safety rules, regulations, and policies applicable to people on those premises.

Ohio Revised Code Section 9.24. Contractor warrants that it is not subject to an unresolved finding for recovery under Ohio Revised Code Section 9.24. If this warranty was false on the date the parties signed this Contract, the Contract is void. Further, if the Contractor is subject to an unresolved finding of the Auditor of State under Revised Code Section 9.24 on any date on which the parties renew or extend this Contract, the renewal or extension will be void.

Executive Order. The Contractor affirms it has read and understands Executive Order 2011-12K and will abide by those requirements in the performance of this Contract. Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for Services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights or remedies provided to the State in this Contract. The Contractor agrees to complete the attached Executive Order 2011-12K Affirmation and Disclosure Form, which is attached hereto and is incorporated and becomes a part of this Contract.

Trade. Pursuant to Section 9.76(B) of the Ohio Revised Code, Contractor warrants that Contractor is not boycotting any jurisdiction with whom the State of Ohio can enjoy open trade, including Israel, and will not do so during the Contract period.

Certification of Funds. None of the rights, duties, or obligations in this Agreement will be binding on the State or a Subscriber, and the Contractor will not begin its performance under any Order, until all the following conditions occur for that Order:

- i. All statutory provisions under the ORC, including Section 126.07, have been met.
- ii. All necessary funds are made available by the appropriate State agencies.
- iii. If required, approval of this Agreement or the applicable Order is given by the Controlling Board of Ohio.
- iv. If the Subscriber is relying on federal or third-party funds for its Order, the Subscriber gives the Contractor written notice that such funds have been made available.

Additional or alternate legal requirements may apply to a political subdivision that is a Subscriber for an Order to be binding on it.

Employment Taxes. Each Party will be solely responsible for reporting, withholding, and paying all employment related taxes, contributions, and withholdings for its own personnel, including, but not limited to, federal, state, and local income taxes, and social security, unemployment and disability deductions, withholdings, and contributions, together with any interest and penalties.

Campaign Contributions. By signing this document, the Contractor certifies that all applicable parties listed in ORC Section 3517.13 are in full compliance with ORC Section 3517.13.

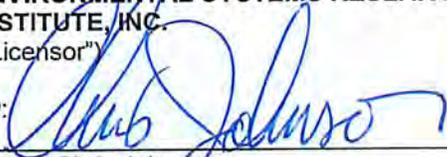

IN WITNESS WHEREOF, the parties have executed this License Agreement in several counterparts at the date first above written.

This Exhibit is incorporated into the Agreement and shall become a part hereof.

1.3. Subscribers

A “Subscriber” means an Authorized Entity as defined in Master Purchase Agreement No. 324532 and Ohio MLA No. 0064.

2. General Requirements for Online Services

2.1. Standards

Online Services shall be dependable and provide response rates that meet the Service Level Agreement (“SLAs”) provided in the applicable SLA attached hereto, and be supported with sufficient resources to handle reasonably anticipated peak demand, and

the Contractor must ensure that sufficient resources are dedicated to Online Services to meet peak demand times without material degradation in performance. Service interruption shall be handled in accordance with Section 8.2 in the Master Agreement.

The Online Services must also be consistent with Federal Information Security Management Act ("FISMA") Low requirements or better. Additionally, they must provide the State's systems administrators with 24x7 visibility into the Online Services through a real-time, web-based "dashboard" capability that enables them to monitor, in real or near real time, the Online Services' performance against the established SLAs and promised operational parameters.

User access to the Online Services must be capable of being integrated with a Subscriber's Active Directory or other Lightweight Directory Access Protocol (LDAP) service to support single sign-on capability for users and to ensure that every user is tied to an Active Directory or other LDAP account and to prevent user access when a user is disabled or deleted in the applicable Subscriber's Active Directory or other LDAP service.

2.2. Object Reassignment

Any Online Services subscriptions that are provided by the number of items that may be used by or in conjunction with it, such as nodes, users, or connections ("Objects"), may be reassigned to other, similar Objects within the Subscriber's organization at any time and without any additional fee or charge. For example, a Named User subscription may be assigned to another user. But any such reassignment must be in conjunction with termination of use by or with the previous Object, if such termination is required to keep the total number of licensed Objects within the scope of the applicable subscription. Should a Subscriber require a special code, a unique key, or similar item to reassign the subscription as contemplated by this section, the Contractor will provide such a code, key, or similar item to the Subscriber at any time and without a fee or charge.

2.3. Contractor Warranties

The Contractor warrants the following:

- i. It has validly entered into the Agreement and has the legal power to do so.
- ii. The Online Services will perform materially in accordance with the applicable Documentation and the Service Level Agreement.
- iii. Contractor will use commercially reasonable efforts to ensure that Online Services will not transmit software viruses; worms; time bombs; Trojan horses; or any other computer code, files, denial of service, or programs designed to interrupt, destroy, or limit the functionality of any computer software, hardware, or telecommunications equipment ("Malicious Code") to Subscriber, in accordance with the Master Agreement.

For any breach of a warranty above, the State's and individual Subscribers' remedies will be as provided in the Master Agreement.

Failure of the Contractor to meet the requirements of the SLA in respect of Online Services will not be considered a breach of this warranty section unless the State reasonably determines that the failure is persistent or extended in duration, in accordance with Section 2. of the SLA, which is the sole remedy for the State.

2.4. State and Subscribers Responsibilities

The State and each Subscriber will be responsible for their respective compliance with the Agreement. Additionally, each Subscriber will:

- i. Be responsible for the accuracy, quality, and legality of its data and of the means by which the data was acquired.
- ii. Use commercially reasonable efforts to prevent unauthorized access to or use of the Online Services to which it subscribes and notify the Contractor promptly of any unauthorized access or use of which it becomes aware, and comply with the requirements in the Master Agreement related to unauthorized access and system breach.
- iii. Use the Online Services only in accordance with the applicable user guide, to the extent it is not inconsistent with applicable laws, or government regulations.

In addition to the provisions in the Master Agreement, a Subscriber may not:

- i. Intentionally make the Online Services available to anyone other than its employees and contractors acting on its behalf.
- ii. Sell, resell, rent or lease the Online Services,
- iii. Use the Online Services to store or transmit infringing, libelous, or otherwise unlawful or tortious material, or to store or transmit material in violation of third-party privacy rights.

ArcGIS Online Service Level Agreement

This ArcGIS Online Service Level Agreement ("SLA") governs the availability of certain ArcGIS Online Services identified below as made available to Customer under the terms of the Esri License Agreement ("Agreement"). All terms previously defined in the Agreement shall have the same meaning in this SLA.

- a. **"Covered Downtime"** means all Downtime other than Excluded Downtime.
- b. **"Covered Services"** means the components of ArcGIS Online identified in Section 4 below.
- c. **"Downtime"** means periods during which material portions of the Covered Services are not available.
- d. **"Excluded Downtime"** includes Planned Downtime and any Downtime resulting from (i) events beyond Esri's reasonable control; (ii) any action taken under Customer's account; (iii) any termination or suspension of Customer's account in accordance with the terms of the Agreement; (iv) any third-party software or hardware used to access the Services; (v) use of the Services in a manner that is inconsistent with the Agreement or Esri's reasonable instructions; and (vi) use of Beta, evaluation, and free Services.
- e. **"Planned Downtime"** means Downtime for scheduled maintenance. Esri will use commercially reasonable efforts to announce Planned Downtime as early as possible but no less than eight (8) hours beforehand.
- f. **"Quarterly Uptime Percentage"** equals one hundred percent (100%) less the percentage of one (1)-minute intervals during the Service Quarter that constitute Covered Downtime. The Covered Services will be considered to have been one hundred percent (100%) available for any portion of a Service Quarter in which Customer did not maintain an active subscription.

For any Service Quarter that the Quarterly Uptime Percentage is less than Esri's Service Commitment and subject to Esri's minimum threshold for credit, Customer will receive an SLA Credit equivalent to the net Covered Downtime during the relevant Service Quarter in excess of the maximum Downtime permitted under the Service Commitment.

3. PROCEDURE. Once Esri has verified that the Quarterly Uptime Percentage for Customer's account fell below ninety-nine point nine percent (99.9%), and exceeds Esri's minimum criteria for providing an SLA Credit, the appropriate SLA Credit will be applied to Customer's paid renewal of its ArcGIS Online subscription at the time of renewal. SLA Credits are Customer's sole and exclusive remedy for any breach of this SLA. SLA Credits are nontransferable and will be applied to Customer's next annual renewal of ArcGIS Online. If Customer does not renew the subscription, Customer forfeits the SLA Credit.

If Customer has acquired multiple Qualifying Products throughout the course of a year, Esri will provide a single Renewal Quote with prorated fees and a common renewal term for all Qualifying Products and PSS (if applicable). The common renewal term will start on the earliest of the Qualifying Products' renewal dates.

2.4 Reinstatement Fee for Past Due Renewals. Esri will reinstate Maintenance and PSS (if applicable) if Customer sends a purchase order or payment within thirty (30) days of the expiration date. If Customer does not renew Maintenance or PSS (either as a stand-alone order or through the Esri Enterprise Advantage Program) within thirty (30) days of the expiration date but at a later date wants to reinstate Maintenance, Maintenance fees will include the Maintenance fees that Customer would have paid since the expiration date. Renewal Maintenance and PSS will be reinstated at the then-current pricing, in accordance with the pricing set forth in Master Purchase Agreement No. 324532 / Ohio MLA No. 0064.

ARTICLE 3—ESRI USER CONFERENCE REGISTRATION; SELF-PACED E-LEARNING

3.1 Esri User Conference Registration. During the Maintenance term, Customer may be eligible for complimentary registrations to attend the Esri User Conference. Unless otherwise agreed to in writing by Esri and Customer, Customer's eligibility will be dependent on the license type(s) and quantity of Qualifying Products. Customer may purchase additional registrations. Customer must submit a registration form for each individual attending the conference. Esri User Conference registrations are assigned in the order received and are nontransferable.

3.2 Self-Paced E-Learning. During the Maintenance term, Customers will receive access to Self-Paced E-Learning. Each individual must have an Esri account, a broadband Internet connection, and must be an employee, agent, consultant, or contractor of Customer. For education accounts, individuals may include registered students.

ARTICLE 4—TECHNICAL SUPPORT

4.1 Scope of Technical Support. During the Maintenance term, Qualifying Products will receive the level of technical support corresponding to the respective life cycle phase. Information on the Qualifying Product life cycle phase and the ArcGIS Product Life Cycle Support Policy can be found at <http://support.esri.com/en/content/productlifecycles>. Esri does not provide technical support for (a) sample applications; (b) patches received outside of a life cycle; or (c) third-party software, hardware, graphics cards, monitors, plotters, graphics printers, digitizers, modems, or similar peripherals that are not provided by Esri. However, Esri does answer questions about how to interface Esri products with supported devices.

4.2 Authorized Callers. Customer may designate a limited number of Authorized Callers per Qualifying Product. Customer may replace Authorized Callers at any time by notifying Esri Support Services or through the My Esri site. If Customer has

an enterprise agreement, site license agreement, or paid PSS subscription with Esri, Authorized Callers will be identified by name in the corresponding agreement or documentation.

4.3 Telephone, Chat, and Web Form. If Customer needs help with a technical issue, Authorized Caller may contact Esri by phone, chat, or web form.

- a. *By Telephone.* Each technical support request will be logged as a Case. After a Case is logged, the caller will be connected to a technical specialist who will be dedicated to work on the technical issue. If a technical specialist is unavailable, the Case will be placed in a dispatch queue for the next available technical specialist.
- b. *By Chat.* To initiate a chat consultation, click the Chat with an Analyst button at <http://support.esri.com/en/webform-chat>. Chat-based requests can only be made during Esri Support Services operating hours, listed in Article 7 below. Each technical support request will be logged as a Case. After a Case is logged, Authorized Caller will be connected to a technical specialist. If a technical specialist is unavailable, Authorized Caller can opt to receive an email notification when the next technical specialist is available.
- c. *By Web Form.* Authorized Caller may request technical support by completing an online web form available at <http://support.esri.com/en/webform>. Requests made through this channel are received twenty-four (24) hours a day, seven (7) days a week, but are logged and assigned to a technical specialist the next business day. Esri will respond on a first come, first served basis. All Cases reported by web form are given the same priority and level of attention as those reported by telephone.

4.4 Esri Online Support Center and My Esri. Esri has created a self-help support website center for Authorized Caller to submit technical issues; chat with technical specialists; track technical support Cases through the Esri Customer Care portal; and view technical articles, updated product documentation, blogs, links to forums, and technology announcements. The Esri Support website can be found at <http://support.esri.com>. My Esri can be found at <https://my.esri.com>.

4.5 Technical Support Case Reporting/Logging. For most Qualifying Products, Authorized Caller may contact Esri as many times as needed. All requests for technical support must contain detailed information about the technical issue. Authorized Caller must be prepared to provide as much of the following information as possible:

- The Esri Customer Number
- The phone number and email address where Authorized Caller can be reached
- The version of the software and operating system in use
- The database in use, if applicable
- The Esri Global ID
- A description of what Customer was doing when the problem occurred
- The exact wording of any error messages that appear on the screen
- Any steps taken to resolve the problem

4.6 Standard Technical Support Response Time. Esri will respond to a technical support request during Esri Support Services operating hours. Esri will make commercially reasonable efforts to respond and provide status updates to Authorized Caller according to the severity level of the technical issue as shown in the table below. Authorized Caller may request that the technical specialist change a technical issue severity level, but requests for critical- and high-severity levels must be made via telephone.

Severity	Criteria	Response Time	Status Updates
Critical	<ul style="list-style-type: none"> ▪ Causes a severe impact to business operations (e.g., critical business processes are disabled) ▪ No workaround available 	Six (6) business hours	Esri will provide status every business day until closure of the Case.
High	<ul style="list-style-type: none"> ▪ Causes a noncritical impact to business operations (e.g., significant degradation of quality or handling of data) ▪ No stable workaround available 	Eight (8) business hours	Esri will provide status every business day until closure of the Case.
Medium	<ul style="list-style-type: none"> ▪ Causes a minor impact to business operations 	Two (2) business days	Esri will provide status every three (3) business days until closure of the Case.
Routine	<ul style="list-style-type: none"> ▪ Causes little or no impact to business operations 	Two (2) business days	Esri will provide status every five (5) business days until closure of the Case.

4.7 Resolution Time. After the Technical Support Case is logged, Esri will use commercially reasonable efforts to provide corrections to a technical issue or supply a workaround. While it is Esri's goal to provide an acceptable resolution to technical issues, Esri cannot guarantee that all technical issues can be fixed or resolved.

ARTICLE 5—PREMIUM SUPPORT SERVICES (US CUSTOMERS ONLY)

If Customer is current on Maintenance, pays for and utilizes Premium Support Services, in addition to all benefits described for in Article 4 above, Customer will receive (i) access to a designated TAM, (ii) the ability for Premium LAC to convert a Case into a PSS Case at any time, (iii) priority Case management, and (iv) additional enhanced support and services.

5.1 Technical Account Manager. Esri will assign a TAM to Customer to work directly with Premium LAC to oversee open Cases.

- a. TAM will (i) become familiar with Customer's geographic information system (GIS) software architecture and infrastructure; (ii) verify that all open PSS Cases are prioritized above Cases opened under Maintenance; (iii) work closely with Premium LAC and Esri senior support analyst toward the resolution of all open PSS Cases; (iv) provide Premium LAC with a daily status update on all PSS Cases or as agreed to by TAM and Customer; and (v) make reasonable efforts to be available from 5:00 a.m. to 5:00 p.m. (Pacific time), Monday through Friday, except on Esri holidays.
- b. Esri may replace TAM with another TAM of similar skill and background, by written notice to Customer.
- c. All communications will be conducted in the English language unless by written agreement of both parties.

5.2 Priority Case Management. Priority Case management will include the following protocol:

- a. Cases reported by Premium LAC and converted to a PSS Case will be given priority handling after the initial Case is created and documented (excluding chat Cases); and
- b. The Customer Advocacy Program within Esri support services, created to improve Esri's ability to understand and respond to technical issues, will give priority to Qualifying Product defects affecting Customer.

5.3 PSS Response Time. In addition to the response times outlined in Article 4.6, Esri will make commercially reasonable efforts to call or send an email response within one (1) business hour of receipt of a new PSS Case, regardless of its severity level. Esri will provide a status report every business day until closure of the PSS Case.

ARTICLE 6—CONFIDENTIALITY

All data, conversations, and Cases are confidential in nature. Esri will treat all Cases (including PSS Cases) as confidential, using the same degree of care, but no less than reasonable care, as Esri uses to protect its own confidential information. Within ninety (90) days of closing a Case, Esri will delete or destroy all information provided within a Case, unless otherwise requested by Licensee, in writing, to delete specific datasets more than ninety (90) days closing a Case. This obligation to delete or destroy excludes information retained in backup media or other archival records maintained in the ordinary course of business that are not readily accessible by Esri personnel, or information retained for future review by Esri's development team.
