1. TERM

The term of the Contract starts on **July 1, 2003** and ends on the **last day of June, 2004**. Customer and Contractor may designate a shorter term of coverage for a particular item or items of Equipment on any Equipment Schedule. 2. DESCRIPTION OF MAINTENANCE

Except as otherwise provided in this Contract, the maintenance under this Contract will consist of:

Preventative maintenance service may be performed concurrently with remedial services.

All parts furnished by Contractor, except those excluded in Section 3, must be provided on an exchange basis, and must be new or warranted equivalent to new in performance when used in the Equipment. All parts removed for replacement will become the property of Contractor.

4. **RESPONSIBILITIES OF CUSTOMER**

- A. Customer will provide Contractor's personnel reasonable access at agreed times and availability to the Equipment to perform maintenance services (including preventive maintenance). Customer will also provide adequate working space and facilities, including heat, light, ventilation, electric current and outlets and the like for use by Contractor personnel. All such facilities will be within a reasonable distance from the Equipment to be serviced and will be provided at no charge to Contractor.
- B. Customer, at its own expense, will establish and maintain an environment consistent with the specifications furnished by Contractor for the Equipment.

5. **PAYMENT DUE DATE**

- A. Contractor will invoice Customer on the first day of each month (or each quarter or each year as designated on Equipment Schedule) during the term hereof for the unit amount for the Equipment in the attached Equipment Schedule. If the Commencement Date does not fall on the first day of the month, the amount of the first payment will be prorated based on the number of service days remaining in that month.
- B. Payments under this Contract will be due on the 30th calendar day after the later of:
 - 1. The date of actual receipt of a proper invoice in the office designated to receive the invoice, or
 - 2. The date the service is delivered and accepted in accordance with the terms of this Contract.
- C. The date of the warrant issued in payment will be considered the date payment is made.

6. **CONTRACTOR QUARTERLY SALES REPORT**

The Contractor must report the quarterly dollar value (in u.s. dollars and rounded to the nearest whole dollar) of the sales under this contract by calendar quarter (i.e., January-march, April-June, July-September and October-December). The dollar value of the sale is the price paid by the schedule user for the products and services on a schedule contract task or delivery order, as recorded by the Contractor.

The Contractor shall be required to report the quarterly dollar value of sales to the State on a form prescribed by DAS. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close - out report within one hundred and twenty (120) days after the expiration of this Contract. The contract expires upon the physical completion of the last, outstanding task or delivery order of the Contract. The close - out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close - out report.

The Contractor must forward the Quarterly Sales Report to the Following address:

Department of Administrative Services
Division of Computer and Information Services
Acquisitions Management
30 East Broad Street, Suite 4099
Columbus, Ohio 43215 - 3414

If the Contractor fails to submit sales reports, falsifies sales reports or fails to submit sales reports in a timely manner the State may terminate or cancel this Contract.

7. **CONTRACTOR REVENUE SHARE**

The Contractor must pay the State a revenue share of the sales transacted under this Contract. The Contractor must remit the revenue share in U.S. dollars within thirty (30) days after the end of the quarterly sales reporting period. The revenue share equals 1% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering activities.

The Contractor must remit any monies due as the result of the close - out report at the time the close - out report is submitted to DAS.

The Contractor must pay the revenue share amount due by check. To ensure the payment is credited properly, the Contractor must identify the check as a "Revenue Share" and include the following information with the payment:

Applicable State Term Schedule Number, report amount(s), and reporting period covered.

Contractor must forward the check to the following address:

Department of Administrative Services
Office of Finance
East Broad Street, Suite 4060
Columbus, Ohio 43215 - 3414

Please make check payable to: Treasurer, State of Ohio.

If the full amount of the revenue share is not paid within thirty (30) calendar days after the end of the applicable reporting period, the non-payment constitutes a contract debt to the State. The State may either initiate withholding or setting off of payments or employ the remedies available under Ohio law for the non-payment of the revenue share.

If the Contractor fails to pay the revenue share in a timely manner the State may terminate or cancel this Contract.

8. **INTEREST ON OVERDUE PAYMENTS**

Section 126.30 of the Ohio Revised Code (the "Code") applies to this Contract and requires payment of interest on overdue payments for all proper invoices. The interest charge will be at the rate per calendar month that equals one-twelfth of the rate per annum in Section 5703.47 of the Code.

9. **INVOICE REQUIREMENTS**

Invoices must be submitted in an original and three copies of the office designated in the purchase order "bill to address" to receive invoices. A proper invoice must include the following information and/or attached documentation:

- C. Invoice remittance address as designated in this Contract.
- D. The purchase order number authorizing the delivery of equipment, materials, supplies or services.
- E. Description including time period, and serial number, when applicable, unit price, quantity and total price of equipment, materials, supplies or services actually delivered or rendered as specified in the purchase order. If the invoice is for lease purchase, the payment number, e.g., 1 of 36 shall also be indicated.

10. **IMPROPER INVOICES**

If an invoice contains a defect, impropriety or is not a proper invoice, as defined in this section, a written notification and the improper invoice will be sent to Contractor at the address designated for receipt of purchase orders within fifteen (15) calendar days after receipt of the invoice. The notice will contain a description of the defect or impropriety and any additional information necessary to correct the defect or impropriety. If this notice has been sent, the required payment date will be thirty (30) days after receipt of a proper invoice or product acceptance whichever is later.

11. **NON-APPROPRIATION OF FUNDS**

Customer's funds are contingent on the availability of lawful appropriations by the Ohio General Assembly. If the Ohio General Assembly fails at any time to continue funding for the payments due hereunder, this Contract will terminate as of the date that the funding expires without further obligation of the Customer. Since the current General Assembly cannot commit a future General Assembly to expenditure, if any term of this Contract crosses a State biennium this Contract will automatically expire at the end of the current biennium, which is June 30, 2005. **The State, however, may renew this Contract in the next biennium by issuing written notice to the Contractor of the decision to do so. This expiration and renewal procedure will also apply to the end of any subsequent biennium during which the Project continues.**

12. **OBM CERTIFICATION**

Under Section 126.07 of the Code, orders under this Contract will not be valid until the Director of the Office of Budget and Management first certifies that there is a balance in the appropriation not already obligated to pay existing obligations.

13. **NOTIFICATION OF PRICE INCREASE**

Notification of any price increases, if any are allowed by this Contract, must be submitted to the purchase order bill to address no later than sixty (60) days before the effective date of the price increase. This notification must specify, when applicable, the product serial number, location, current price, increased price and purchase order number. The annual maintenance fee will not increase from year to year by more than ten (10) percent over the prior year's annual maintenance fee.

14. **INDEMNITY**

The Contractor will indemnify the State against all liability or expense resulting from bodily injury to any person (including injury resulting in death) or damage to property arising out of the performance of this Contract, providing such bodily injury or property damage is due to the negligence of the Contractor, its employees, agents, or subcontractors. The Contractor will also indemnify the State against any claim of infringement of a copyright, patent, trade secret, or similar intellectual property rights based on the State's proper use of any Deliverable under this Contract. This obligation of indemnification will not apply where the State has modified the Deliverable and the claim of infringement, is based on the modification. The state

agrees to give the Contractor notice of any such claim as soon as reasonably practicable. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will do one, (1) of the following four (4) things:

- (1) Modify the Deliverable so that is no longer infringing.
- (2) Replace the Deliverable with an equivalent or better item.
- (3) Acquire the right for the State to use the infringing Deliverable as it was intended for the State to use under this Contract; or
- (4) Remove the Deliverable and refund the fee the State paid for the Deliverable and the fee for any other Deliverable that required the availability of the infringing Deliverable for it to be useful to the State.

15. **GENERAL WARRANTIES**

- A. Contractor warrants that it will have good title to, and the right to ship, deliver and install any and all parts supplied by Contractor under this Contract. Contractor further warrants that all such parts, will be delivered and installed in good operating condition, free from any defect and free from any security interest or other lien or encumbrance or the like. Contractor warrants that all parts shall be newly manufactured and may use remanufactured parts which are certified as new and merchantable and fit for their intended use. Contractor further warrants that all such parts will be installed in a workmanlike manner. Contractor warrants that trained, qualified maintenance personnel will perform all Maintenance Services in a professional and workmanlike manner. By payment of the first amount due under this Contract, Customer represents that it has inspected the Equipment and found it to be in good operating condition as of the Commencement Date of this Contract.
- B. If Contractor breaches any obligation under this Contract, or the Equipment fails to comply with these warranties the Contractor shall make all necessary adjustments, repairs and replacements to the Equipment in accordance with the terms of this Contract and replace any parts installed that are defective. The Contractor will correct such failure with all due speed or will refund the amount of the compensation paid for the Equipment.

16. **CONFIDENTIALITY**

The State may disclose to the Contractor written material or oral or other information that the State treats as confidential ("Confidential Information"). Title to the Confidential Information and all related materials and documentation the State delivers to the Contractor will remain with the State. The Contractor agrees to treat such Confidential Information as secret if it is so marked, otherwise identified as such, or when, by its very nature, it deals with matters that, if generally known, would be damaging to the best interests of the public, other contractors or potential contractors with the State, or individuals or organizations about whom the State keeps information. The Contractor agrees not to disclose any Confidential Information to third parties and to use it solely to perform under this Contract.

The State acknowledges that, in connection with this Agreement and its relationship with Contractor, it may obtain information relating to the Products or to Contractor that is of a confidential and proprietary nature ("Confidential Information"). Such Confidential Information may include, but is not limited to, trade secrets, know how, inventions, techniques, processes, programs, schematics, software source documents, data, financial information, and sales and marketing plans or information which the State knows or has reason to know is confidential, proprietary or trade secret information of Contractor. The parties' obligation to maintain the confidentiality of the Confidential Information will not apply where such: (1) was already in the possession of the Receiving Party before disclosure by the Disclosing Party, and was received by the Receiving Party without obligation of confidence; (2) is independently developed by the Receiving Party, provided documentary evidence exists to support the independent development; (3) is or becomes publicly available without breach of this Contract; (4) is rightfully received by the Receiving Party from a third party without obligation of confidence; (5) is disclosed by the Receiving Party with the written consent of the Disclosing Party; or (6) is released under a valid order of a court or governmental

agency, provided that the Receiving Party (a) notifies the Disclosing Party of the order immediately upon receipt of it and (b) makes a reasonable effort to obtain a protective order from the issuing court or agency limiting disclosure and use of the Confidential Information solely for the purposes intended to be served by the original order of production. The Receiving Party will return all originals of any Confidential Information and destroy any copies it has made for its own internal use on termination or expiration of this Contract or as requested by the Disclosing Party.

The parties agree that the disclosure of the Confidential Information of the Disclosing Party in a manner inconsistent with the terms of this provision may cause the Disclosing Party irreparable damage for which remedies other than injunctive relief may be inadequate, and each Receiving Party agrees that in the event of a breach of the Receiving Party's obligations hereunder, the Disclosing Party shall be entitled to temporary and permanent injunctive relief to enforce the provisions hereof without the necessity of proving actual damages. This provision shall not, however, diminish or alter any right to claim and recover damages.

NOTWITHSTANDING ANY LIMITATION PROVISIONS CONTAINED IN THE DOCUMENTS AND MATERIALS INCORPORATED BY REFERENCE INTO THIS AGREEMENT, THE PARTIES AGREE AS FOLLOWS:

24. **ENTIRE CONTRACT**

This contract document contains the entire Contract between Contractor and Customer relating to maintenance service on the Equipment and supersedes any other prior Contracts, written or oral.

25. **NOTICES**

Despite the foregoing, Contractor will work with Customer at no charge to provide access to such after termination or of this Contract to the extent that the use of such proprietary or confidential tools subsequently prevent Customer from getting maintenance through another Contractor on commercially reasonable terms.

32. **ADDITIONAL EQUIPMENT AND REMOVAL OF EQUIPMENT**

Upon expiration of such thirty (30) day period, Customer will not be liable for charges associated with such item of Equipment.

The dollar value of the sale is the price paid by the schedule user for the products and services on a schedule contract task or delivery order, as recorded by the Contractor.

The Contractor shall be required to report the quarterly dollar value of sales to the State on a form prescribed by DAS. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period.

Department of Administrative Services
Division of Computer and Information Services

The Contractor must remit the revenue share in U.S. dollars within thirty (30) days after the end of the quarterly sales reporting period. The revenue share equals 1% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering activities.

The Contractor must remit any monies due as the result of the close - out report at the time the close - out report is submitted to DAS.
