6. **CONTRACTOR QUARTERLY SALES REPORT**

The Contractor must report the quarterly dollar value (in U.S. Dollars and rounded to the nearest whole dollar) of the sales under this contract by calendar quarter (i.e., January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the schedule user for the products and services on a schedule contract task or delivery order, as recorded by the Contractor.

The Contractor shall be required to report the quarterly dollar value of sales to the State on a form prescribed by DAS. If no sales occur, the Contractor must show zero. The report must be submitted thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close - out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last, outstanding task or delivery order of the Contract. The close - out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close - out report.

The Contractor must forward the Quarterly Sales Report to the Following address:

Department of Administrative Services
IT Governance Division
Acquisitions Management
30 East Broad Street, Suite 4099
Columbus, Ohio 43215 - 3414

If the Contractor fails to submit sales reports, falsifies sales reports or fails to submit sales reports in a timely manner the State may terminate or cancel this Contract.

7. **CONTRACTOR REVENUE SHARE**

The Contractor must pay the State a revenue share of the sales transacted under this Contract. The Contractor must remit the revenue share in U.S. dollars within thirty (30) days after the end of the quarterly sales reporting period. The revenue share equals 1% of the total quarterly sales reported. Contractors must include the revenue share in their prices. The revenue share is included in the award price(s) and reflected in the total amount charged to ordering activities.

The Contractor must remit any monies due as the result of the close - out report at the time the close - out report is submitted to DAS.

The Contractor must pay the revenue share amount due by check. To ensure the payment is credited properly, the Contractor must identify the check as a "Revenue Share" and include the following information with the payment:

Applicable Master Maintenance Agreement Number, report amount(s), and reporting period covered.

Contractor must forward the check to the following address:

Department of Administrative Services
Office of Finance
30 East Broad Street, Suite 4060
Columbus, Ohio 43215 - 3414

Please make check payable to: Treasurer, State of Ohio.

If the full amount of the revenue share is not paid within thirty (30) calendar days after the end of the applicable reporting period, the non-payment constitutes a contract debt to the State. The State may either initiate withholding or setting off of payments or employ the remedies available under Ohio law for the non-payment of the revenue share.

If the Contractor fails to pay the revenue share in a timely manner the State may terminate or cancel this Contract.

8. **INTEREST ON OVERDUE PAYMENTS**

Section 126.30 of the Ohio Revised Code (the "Code") applies to this Contract and requires payment of interest on overdue payments for all proper invoices. The interest charge will be at the rate per calendar month that equals one-twelfth of the rate per annum in Section 5703.47 of the Code.

9. **INVOICE REQUIREMENTS**

Invoices must be submitted in an original and three copies of the office designated in the purchase order "bill to address" to receive invoices. A proper invoice must include the following information and/or attached documentation:

- B. Federal Tax Identification Number of Contractor as designated in this Contract.
- C. Invoice remittance address as designated in this Contract.
- D. The purchase order number authorizing the delivery of equipment, materials, supplies or services.
- E. If the invoice is for lease purchase, the payment number, e.g., 1 of 36 shall also be indicated.

10. **IMPROPER INVOICES**

If an invoice contains a defect, impropriety or is not a proper invoice, as defined in this section, a written notification and the improper invoice will be sent to Contractor at the address designated for receipt of purchase orders within fifteen (15) calendar days after receipt of the invoice. The notice will contain a description of the defect or impropriety and any additional information necessary to correct the defect or impropriety. If this notice has been sent, the required payment date will be thirty (30) days after receipt of a proper invoice.

11. **NON-APPROPRIATION OF FUNDS**

Customer's funds are contingent on the availability of lawful appropriations by the Ohio General Assembly. If the Ohio General Assembly fails at any time to continue funding for the payments due hereunder, this Contract will terminate as of the date that the funding expires without further obligation of the Customer. Since the current General Assembly cannot commit a future General Assembly to expenditure, if any term of this Contract crosses a State biennium this Contract will automatically expire at the end of the current biennium, which is June 30, 2005. **The State, however, may renew this Contract in the next biennium by issuing written notice to the Contractor of the decision to do so. This expiration and renewal procedure will also apply to the end of any subsequent biennium during which the Project continues.**

12. **OBM CERTIFICATION**

This notification must specify, when applicable, the product serial number, location, current price, increased price and purchase order number. The annual maintenance fee will not increase from year to year by more than ten (10) percent over the prior year's annual maintenance fee.

14. INDEMNITY

The Contractor will indemnify the State against all liability or expense resulting from bodily injury to any person (including injury resulting in death) or damage to real property or tangible personal property arising out of the performance of this Contract, providing such bodily injury or property damage is due to the negligence of the Contractor, its employees, agents, or subcontractors. The Contractor will also indemnify the State against any claim of infringement of a copyright, patent, trade secret, or similar intellectual property rights based on the State's proper use of any Deliverable under this Contract. This obligation of indemnification will not apply where the State has modified the Deliverable and the claim of infringement, is based on the modification. The state agrees to give the Contractor notice of any such claim as soon as reasonably practicable. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will do one, (1) of the following four (4) things:

- (1) Modify the Deliverable so that is no longer infringing.
- (2) Replace the Deliverable with an equivalent or better item.
- (3) Acquire the right for the State to use the infringing Deliverable as it was intended for the State to use under this Contract; or
- (4) Remove the Deliverable and refund the fee the State paid for the Deliverable and the fee for any other Deliverable that required the availability of the infringing Deliverable for it to be useful to the State.

The State agrees that this Contract does not create any right or cause of action for any third party against the Contractor except for third party claims that fit within the indemnification provision of this Contract. The State further agrees not to initiate a cause of action against the Contractor for the asserted claims by any third party for damages that may result from breach of contract.

15. GENERAL WARRANTIES

Contractor further warrants that all such parts will be installed in a workmanlike manner using reasonable care and skill and according to its current description contained in the contract. Contractor warrants that trained, qualified maintenance personnel will perform all Maintenance Services in a professional and workmanlike manner. By payment of the first amount due under this Contract, Customer represents that it has inspected the Equipment and found it to be in good operating condition as of the Commencement Date of this Contract.
- B. If Contractor breaches any obligation under this Contract, or the maintenance fails to comply with these warranties and the Contractor is so notified in writing, the Contractor will correct such failures with all due speed in accordance with its standard warranties as follows. The Contractor will remain liable to the State for any direct damages and claims based on breach of these warranties in accordance with the Limitation of Liability provision of this Contract.
- C. THESE WARRANTIES ARE THE CUSTOMER'S EXCLUSIVE WARRANTIES AND REPLACE ALL IMPLIED WARRANTIES.
- D. Subject to the Limitation of Liability clause contained herein, the Contractor shall be liable for the actual direct cost incurred by the State in replacing data that is lost or Damaged due to the Contractor's fault or negligence, provided however, that the Contractor shall only be liable for such costs if the State has maintained back-up systems and the necessary data and source materials are available to enable the restoration. If certain data is lost or damaged due to the Contractor's fault or negligence and the State was not able to back-up such data in advance, the Contractor shall provide reasonable assistance, as mutually agreed by the State and the Contractor, in identifying and providing other options for restoring such data.

16. **CONFIDENTIALITY**

The State may disclose to the Contractor written material or oral or other information that the State treats as confidential ("Confidential Information"). Title to the Confidential Information and all related materials and documentation the State delivers to the Contractor will remain with the State. The Contractor agrees to treat such Confidential Information as secret if it is so marked, otherwise identified as such, or when, by its very nature, it deals with matters that, if generally known, would be damaging to the best interests of the public, other contractors or potential contractors with the State, or individuals or organizations about whom the State keeps information. The Contractor agrees not to disclose any Confidential Information to third parties and to use it solely to perform under this Contract. The parties agree that the disclosure of the Confidential Information of the Disclosing Party in a manner inconsistent with the terms of this provision may cause the Disclosing Party irreparable damage for which remedies other than injunctive relief may be inadequate, and each Receiving Party agrees that in the event of a breach of the Receiving Party's obligations hereunder, the Disclosing Party shall be entitled to temporary and permanent injunctive relief to enforce the provisions hereof without the necessity of proving actual damages. This provision shall not, however, diminish or alter any right to claim and recover damages.
