Supplement Two Cost Summary Workbook

Formatting issues were found in the Cost Summary Workbook MS Excel file which could cause confusion for Offerors. These issues have been addressed and a new Special Form has been uploaded as a replacement which should be used by Offerors:

CORRECTED_11_05_2013_Supplement_Two_Cost_Summary_Workbook

The corrected issues are:

- G106 – All referenced cells for the summation total are now correct;
- G107 – Now correctly pulls from the Printer Cost Summary Total Tab; and,
- All currency formats are now consistent and adhere to standard Excel USA currency formats (e.g., right justified with 2 decimal places).
