*See asterisks for changes.

*rank, and negotiate with the next highest-ranking Offeror. Lower-ranking Offerors do not have a right to participate in negotiations conducted in such a manner.

- a. Negotiation with Other Offerors. If DAS decides to negotiate with all the remaining Offerors, or decides that negotiations with the top-ranked Offeror are not satisfactory and negotiates with one or more of the lower-ranking Offerors, DAS will then determine if an adjustment in the ranking of the remaining Offerors is appropriate based on the negotiations. The Contract award, if any, will then be based on the final ranking of Offerors, as adjusted.

Negotiation techniques that reveal one Offeror's price to another or disclose any other material information derived from competing Proposals are prohibited. Any oral modification of a Proposal will be reduced to writing by the Offeror as described below.

- b. Post Negotiation. Following negotiations, DAS may set a date and time for the submission of best and final Proposals by the remaining Offeror(s) with which DAS conducted negotiations. If negotiations were limited and all changes were reduced to signed, writings during negotiations, DAS need not require the submissions of best and final Proposals.

It is entirely within the discretion of DAS whether to permit negotiations. An Offeror must not submit a Proposal assuming that there will be an opportunity to negotiate any aspect of the Proposal. DAS is free to limit negotiations to particular aspects of any Proposal, to limit the Offerors with whom DAS wants to negotiate, and to dispense with negotiations entirely.

DAS generally will not rank negotiations. The negotiations will normally be held to correct deficiencies in the preferred Offeror's Proposal. If negotiations fail with the preferred Offeror, DAS may negotiate with the next Offeror in ranking. Alternatively, DAS may decide that it is in the interests of the State to negotiate with all the remaining Offerors to determine if negotiations lead to an adjustment in the ranking of the remaining Offerors.

From the opening of the Proposals to the award of the Contract, everyone working on behalf of the State to evaluate the Proposals will seek to limit access to information contained in the Proposals solely to those people with a need to know the information. They will also seek to keep this information away from other Offerors, and the evaluation committee will not be allowed to tell one Offeror about the contents of another Offeror's Proposal in order to gain a negotiating advantage.

Before the award of the Contract or cancellation of the RFP, any Offeror that seeks to gain access to the contents of another Offeror's Proposal may be disqualified from further consideration.

The written changes will be drafted and signed by the Offeror and submitted to DAS within a reasonable period of time. If DAS accepts the change, DAS will give the Offeror written notice of DAS' acceptance. The negotiated changes to the successful offer will become a part of the Contract.

- c. Failure to Negotiate. If an Offeror fails to provide the necessary information for negotiations in a timely manner, or fails to negotiate in good faith, DAS may terminate negotiations with that Offeror and collect on the Offeror's proposal bond, if a proposal bond was required in order to respond to this RFP.
1. Best and Final Offer. If best and final proposals, or best and final offers (BAFOs), are required, they may be submitted only once; unless DAS makes a determination that it is in the State's interest to conduct additional negotiations. In such cases, DAS may require another submission of best and final proposals. Otherwise, discussion of or changes in the best and final proposals will not be allowed. If an Offeror does not submit a best and final proposal, the Offeror's previous Proposal will be considered the Offeror's best and final proposal.
 2. Determination of Responsibility. DAS may review the highest-ranking Offerors or its key team members to ensure that the Offeror is responsible. The Contract may not be awarded to an Offeror that is determined not to be responsible. DAS' determination of an Offeror's responsibility may include the following factors: the experience of the Offeror and its key team members; past conduct and past performance on previous contracts; ability to execute this contract properly; and management skill. DAS will make such determination of responsibility based on the Offeror's Proposal, reference evaluations, and any other information DAS requests or determines to be relevant.
 3. Reference Checks. DAS may conduct reference checks to verify and validate the Offeror's or proposed candidate's past performance. Reference checks indicating poor or failed performance by the Offeror or proposed candidate may be cause for rejection of the proposal. In addition, failure to provide requested reference contact information may result in DAS not including the referenced experience in the evaluation process.

*remove the letter c.

The description of the related service shows the Offeror's experience, capability, and capacity to develop this Project's deliverables and/or to achieve this Project's milestones. Details such as the size of the contracting organizations, duration of involvement, level of responsibility, significant accomplishments, as well as a thorough description of the nature of the experience will be required for appropriate evaluation by the committee.

- a. Contact Information. The contact name, title, phone number, e-mail address, company name, and mailing address must be completely filled out. If the primary contact cannot be reached, the same information must be included for an alternate contact in lieu of the primary contact. Failure to provide requested contact information may result in the State not including the reference in the evaluation process.
- b. Project Name. The name of the project where the mandatory experience was obtained and/or service was provided.
- c. Dates of Experience. Must be completed to show the length of time the Offeror performed the experience being described, not the length of time the Offeror was engaged for the reference. The Offeror must complete these dates with a beginning month and year and an ending month and year.
- d. Description of the Related Service Provided. The State does not assume that since the experience requirement is provided at the top of the page that all descriptions on that page relate to that requirement. Offerors must reiterate the experience being described, including the capacity in which the experience was performed and the role of the Offeror on the Project. It is the Offeror's responsibility to customize the description to clearly substantiate the qualification.
- e. Description of how the related service shows the Offeror's experience, capability and capacity to develop this Project's deliverables and/or to achieve this Project's milestones.
- f. The Offeror's project experience must be listed separately and completely every time it is referenced, regardless of whether it is on the same or different pages of the form.

When contacted, each reference must be willing to discuss the Offeror's previous performance on projects that were similar in their nature, size, and scope to the Work.

6. Staffing Plan. The Offeror must provide a staffing plan that identifies all key personnel required to do the Project and their responsibilities on the Project. The State is seeking a staffing plan that matches the proposed Project personnel and qualifications to the activities and tasks that will be completed on the Project. In addition, the plan must have the following information:
 - a. A matrix matching each key team member to the staffing requirements in this RFP.
 - b. A contingency plan that shows the ability to add more staff if needed to ensure meeting the Project's due date(s).
 - c. A discussion of the Offeror's ability to provide qualified replacement personnel.
 - d. The Offeror must submit a statement and chart that clearly indicate the time commitment of the proposed work team, including the Project Manager, to the Project and any other, non-related work during the term of the Contract. The Offeror must also include a statement indicating to what extent, if any, the Project Manager may be used on other projects during the term of the Contract. The Evaluation Committee may reject any Proposal that commits the proposed Project Manager to other work during the term of the Contract if the committee believes that doing so will be detrimental to the Offeror's performance.
7. Personnel Profile Summary. This RFP includes Offeror Candidate Forms as Attachments Seven A, B and C. The Offeror must use these forms and fill them out completely for each key candidate referenced. The forms must be completed using typewritten or electronic means. The forms may be recreated electronically, but all fields and formats must be retained. Failure to recreate the forms accurately may lead to the rejection of the Offeror's Proposal.

All candidate requirements must be provided using the Offeror Candidate Forms (See Attachments Seven A, B and C.) The various sections of the form are described below:

- *a. Candidate References. If fewer than three (3) projects are provided, the Offeror must include information as to why fewer than three (3) projects were provided. The State may disqualify the proposal if fewer than three (3) projects are given. (Refer to Attachment Seven A.)

For each reference the following information must be provided:

1. Candidate's Name.
- *2. Contact Information. The contact name, title, phone number, e-mail address, company name, and mailing address must be completely filled out. If the primary contact cannot be reached, the same information must be included for an alternate contact in lieu of the primary contact. Failure to provide requested contact information may result in the State not including the reference experience in the evaluation process

*Under paragraph 7, change the 5 to an a. and the 6 to a 2.

- *3. Dates of Experience. Must be completed to show the length of time the candidate performed the technical experience being described, not the length of time the candidate worked for the company. The Offeror must complete these dates with a beginning month and year and an ending month and year.
- *4. Description of the Related Service Provided. The State does not assume that since the technical requirement is provided at the top of the page that all descriptions on that page relate to that requirement. Contractors must reiterate the technical experience being described, including the capacity in which the experience was performed and the role of the candidate in the reference project as it relates to this RFP Project. It is the Contractors' responsibility to customize the description to clearly substantiate the candidate's qualification.
- *b. Education and Training. This section must be completed to list the education and training of the proposed candidates and will demonstrate, in detail, the proposed candidate's ability to properly execute the Contract based on the relevance of the education and training to the requirements of the RFP. Must include copies of any pertinent licenses and or certificates. (Refer to Attachment Seven B.)
- *c. Required Experience and Qualifications. This section must be completed to show how the candidate meets the required experience requirements. If any candidate does not meet the required requirements for the position the candidate has been proposed to fill, the Offeror's Proposal may be rejected as non-responsive. (Refer to Attachment Seven C.)

The candidate's project experience must be listed separately and completely every time it is referenced, regardless of whether it is on the same or different pages of the form.

One of the criteria on which the State may base the award of the Contract is the quality of the Offeror's Work Team. Switching personnel after the award will not be accepted without due consideration. The Offeror must propose a Work Team that collectively meets all the requirements in this RFP. Additionally, each team member may have mandatory requirements listed in this RFP that the team member must individually meet. All candidates proposed must meet the technical experience for the candidate's position and be named.

- 8. Work Plan. Offeror must fully describe its current capacity, approach, methods, and specific work steps for doing the Work on this Project. The State encourages responses that demonstrate a thorough understanding of the nature of the Project and what the Contractor must do to complete the Project satisfactorily. To this end, the Offeror must submit for this section of the Proposal the Project plan that will be used to create a consistent, coherent management plan of action that will be used to guide the Project. The Project plan should include detail sufficient to give the State an understanding of the Offeror's knowledge and approach, including Gantt charts documenting the successful completion of all of the deliverables to complete the Project.

The Work Plan must demonstrate an understanding of the requirements of the project as described in Attachment One Part One Work Requirements. Describe the methodologies, processes and procedures it will utilize in the implementation and production of the Scope of Work. Provide a comprehensive Work Plan that gives ample description and detail as to how it proposes to accomplish this project and what resources are necessary to meet the deliverables.

The State seeks insightful responses that describe proven state-of-the-art methods. Recommended solutions should demonstrate that the Offeror would be prepared to immediately undertake and successfully complete the required tasks. The Offeror's Work Plan should clearly and specifically identify key personnel assignments. (NOTE: The staffing plan should be consistent with the Work plans).

Additionally, the Offeror should address potential problem areas, recommended solutions to the problem areas, and any assumptions used in developing those solutions.

- 9. Support Requirements. The Offeror must describe the support it wants from the State other than what the State has offered in this RFP. Specifically, the Offeror should address the following:
 - a. Nature and extent of State support required in terms of staff roles, percentage of time available, etc.;
 - b. Assistance from State staff and the experience/qualification level required; and
 - c. Other support requirements.

The State may not be able or willing to provide the additional support the Offeror lists in this part of its Proposal. The Offeror must therefore indicate whether its request for additional support is a requirement for its performance. If any part of the list is a requirement, the State may reject the Offeror's Proposal if the State is unwilling or unable to meet the requirements.

*Top of the page, change the 7 and 8 to 3 and 4, and change 9 and 10 to b and c.

10. Conflict of Interest Statement. Each Proposal must include a statement indicating whether the Offeror or any people that may work on the Project through the Offeror have a possible conflict of interest (e.g., employed by the State of Ohio, etc.) and, if so, the nature of that conflict. The State has the right to reject a Proposal in which a conflict is disclosed or cancel the Contract if any interest is later discovered that could give the appearance of a conflict.
11. Assumptions. The Offeror must provide a comprehensive listing of any and all of the assumptions that were made in preparing the proposal. If any assumption is unacceptable to the State, it may be cause for rejection of the Proposal. No assumptions shall be included regarding negotiation, terms and conditions, and requirements.
12. Proof of Insurance. In this section, the Offeror must provide the certificate of insurance required by the General Terms & Conditions, Attachment Three, Part Two. The policy may be written on an occurrence or claims made basis.
13. Payment Address. The Offeror must provide the address to which payments to the Offeror will be sent.
14. Contract Performance. The Offeror must complete Attachment Eight, Offeror Performance Form.
15. W-9 Form and Vendor Information Form. The Offeror must complete Federal Form W-9, Request for Taxpayer Identification Number and Certification form and the Vendor Information Form (OBM-5657) in their entirety. At least one (1) original of each form (signed in blue ink) must be submitted in the "original" copy of the Proposal. All other copies of the Proposal may contain duplicates of these completed forms. If a subsidiary company is involved, Offerors must have an original W-9 and OBM-5657 for both the parent and subsidiary companies. These documents and directions can be found on the OBM Web site under the heading "Vendor Forms" at <http://www.ohiosharedservices.ohio.gov/Vendors.aspx>
- *16. Affirmative Action. Before a contract can be awarded or renewed, an Affirmative Action Program Verification Form must be completed using:

<http://das.ohio.gov/Divisions/EqualOpportunity/AffirmativeActionProgramVerification/tabid/133/Default.aspx>.

Approved Affirmative Action Plans can be found by going to the Equal Opportunity Department's Web site:

<http://eodreporting.oit.ohio.gov/searchAffirmativeAction.aspx>

Copies of approved Affirmative Action plans shall be supplied by the Offeror as part of its Proposal or inclusion of an attestation to the fact that the Offeror has completed the process and is pending approval by the EOD office.

- *17. Governing The Expenditure Of Public Funds For Offshore Services. The Contractor affirms to have read and understands Executive Order 2011-12K and shall abide by those requirements in the performance of this Contract. Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights and remedies provided the State in this Contract.

The Offeror must complete the attached Contractor/Subcontractor [Affirmation and Disclosure](#) to abide with Executive Order 2011-12K affirming no services of the Contractor or its subcontractors under this Contract will be performed outside the United States. During the performance of this Contract, the Contractor must not change the location(s) of the country where the services are performed, change the location(s) of the country where the data are maintained, or made available unless a duly signed waiver from the State has been attained to perform the services outside the United States.

- *18. Cost Summary Form. The Cost Summary Form (Attachment Nine) must be submitted with the Offeror's Proposal. The Offeror's total cost for the entire Project must be represented as the firm fixed price, for a not-to-exceed fiscal year cost. Offerors shall provide a comprehensive cost analysis; this cost must include all ancillary costs. All costs for furnishing the services must be included in the Cost Proposals as requested. No mention of or reference to, the Cost Proposals may be made in responses to the general, technical, performance, or support requirements of this RFP.

All prices, costs, and conditions outlined in the proposal shall remain fixed and valid for acceptance for 120 days, starting on the due date for proposals. The awarded contractor must hold the accepted prices and/or costs for the entire contract period. No price change shall be effective without prior written consent from DAS, OPS.

NOTE: Offeror's should ensure Cost Proposals are submitted separately from the Technical Proposals, as indicated the Proposal Submittal paragraph of this RFP (see Part Three). This information should not be included in the Technical Proposal. The State shall not be liable for any costs the Offeror does not identify in its Proposal.

Notwithstanding any other terms of this Contract, the State reserves the right to recover any funds paid for services the Contractor performs outside of the United States for which it did not receive a waiver. The State does not waive any other rights and remedies provided the State in this Contract.

The Offeror must complete the attached Contractor/Subcontractor Affirmation and Disclosure form attachment to abide with Executive Order 2011-12K, affirming no services of the Contractor or its subcontractors under this Contract will be performed outside the United States. During the performance of this Contract, the Contractor must not change the location(s) of the country where the services are performed, change the location(s) of the country where the data are maintained, or made available unless a duly signed waiver from the State has been attained to perform the services outside the United States.

- *2. Termination, Sanction, Damages. If Contractor or any of its subcontractors perform services under this Contract outside of the United States, the performance of such services shall be treated as a material breach of the Contract. The State is not obligated to pay and shall not pay for such services. If Contractor or any of its subcontractors perform any such services, Contractor shall immediately return to the State all funds paid for those services. The State may also recover from the Contractor all costs associated with any corrective action the State may undertake, including but not limited to an audit or a risk analysis, as a result of the Contractor performing services outside the United States.

The State may, at any time after the breach, terminate the Contract, upon written notice to the Contractor. The State may recover all accounting, administrative, legal and other expenses reasonably necessary for the preparation of the termination of the Contract and costs associated with the acquisition of substitute services from a third party.

SUBCONTRACTING. The Contractor may not enter into subcontracts for the Work after award without written approval from the State. The Contractor will not need the State's written approval to subcontract for the purchase of commercial goods that are required for satisfactory completion of the Work. All subcontracts will be at the sole expense of the Contractor unless expressly stated otherwise in the RFP.

The State's approval of the use of subcontractors does not mean that the State will pay for them. The Contractor will be solely responsible for payment of its subcontractor and any claims of subcontractors for any failure of the Contractor or any of its other subcontractors to meet the performance schedule or performance specifications for the Project in a timely and professional manner. The Contractor will hold the State harmless for and will indemnify the State against any such claims.

The Contractor will notify the State in writing immediately upon the discovery of any breach of the warranties given above.

The Contractor's will do the following if any Equipment does not meet the above warranties:

The contractor also makes no warranties of merchantability or fitness for a particular purpose except as follows: If the Contractor has been engaged under the scope of work in the RFP to design something to meet a particular need for the State, then the Contractor does warrant that the contractor's work will meet the stated purpose for that work.

The Contractor will indemnify the State for any and all claims, damages, law suits, costs, judgments, expenses, and any other liabilities resulting from bodily injury to any person (including injury resulting in death) or damage to property that may arise out of or are related to Contractor's performance under this Contract, providing such bodily injury or property damage is due to the negligence of the Contractor, its employees, agents, or subcontractors.

The Contractor will also indemnify the State against any claim of infringement of a copyright, patent, trade secret, or similar intellectual property rights based on the State's proper use of any Deliverable under this Contract. 1. Modify the Deliverable so that is no longer infringing.
2. Replace the Deliverable with an equivalent or better item.
3. Acquire the right for the State to use the infringing Deliverable as it was intended for the State to use under this Contract.
4. Remove the Deliverable and refund the fee the State paid for the Deliverable and the fee for any other Deliverable that required the availability of the infringing Deliverable for it to be useful to the State.

LIMITATION OF LIABILITY. Notwithstanding any limitation provisions contained in the documents and materials incorporated by reference into this contract, the parties agree as follows:

- *1. Neither party will be liable for any indirect, incidental or consequential loss or damage of any kind including but not limited to lost profits, even if the parties have been advised, knew, or should have known of the possibility of damages.
