Clarification and Correction
From
Non-mandatory Pre-bid Conference

(Boilerplate) the standard terms and conditions within the solicitation document that do not apply to RFQ 18-101 (Electronic Title Service):

Any exceptions to the standard terms and conditions in bid opportunity 18-101 (Section 3 Terms and Conditions) must be documented on the response to the bid opportunity. ODPS may consider identified exceptions and recommendations prior to the award of the bid.

The information below is to correct a misstatement made during the non-mandatory pre-bid conference on Wednesday, August 2, 2017:

Attachment #2 Required Certification and Attachment #3 Certification Statements will need to be completed by the offerors claiming the preference. The Offeror will be subject to the following (pg. 23):

- **OHIO PREFERENCE (BUY OHIO):** Revised Code 125:09 and Administrative Code 123:5-1-06
  - This includes products/services. [This was incorrectly stated at the bid conference as products only.]
- **VETERANS PREFERENCE (BUY VETERAN):** Revised Code 9.318 and Administrative Code 123:5-1-16

All other language in RFQ 18-101 (Electronic Title Service) remains the same
