Re: ODMR-2021-0024 REQUEST FOR APPLICATIONS Ohio Medicaid Managed Care Organizations Addendum 3

Addendum Regarding Section 2.1., Anticipated RFA Schedule, and Section 2.8, Submission of Applications

Franklin County Public Health (FCPH) has issued a stay-at-home advisory for people in Columbus and Franklin County, Ohio, which takes effect at 6:00 PM ET, Friday November 20. The FCPH Advisory does not affect the following deadlines set forth in Section 2.1., “Anticipated RFA Schedule:”

November 20, 2020, 3:00 p.m., ET—Deadline to file protest related to information contained in or known from the RFA or other event preceding deadline for submission of Applications

November 20, 2020, 4:00 p.m., ET—Deadline for submission of Applications to ODM.

These deadlines remain unchanged.

As stated in Section 2.8, Submission of Applications,

Faxed or e-mailed submissions will not be accepted. Submissions must be addressed, for hand delivery or delivery by a private delivery company, as described below:

Office of Contracts and Procurement, RFP/RLB Unit
Ohio Department of Medicaid
50 West Town Street
Columbus, Ohio 43215

Applicants are strongly encouraged to use a delivery company capable of hand-delivering their Application directly to ODM’s security desk and obtaining a date and time stamp. All Applications must be received by ODM by the date and time specified in Section 2.1, Anticipated RFA Schedule. A postmark date prior to this deadline does not satisfy the requirement that the Application must be received by ODM prior to the deadline. No exceptions will be made. In accordance with Section 4.2, Phase I: Review of Mandatory Applications, a potential Applicant’s failure to submit an Application before the deadline will cause the Application to be disqualified.
