OHIO DEPARTMENT OF REHABILITATION AND CORRECTION
STANDARDS OF CONDUCT
FOR CONTRACTORS /VOLUNTEERS

Definition

Non-Employee – Anyone who enters a DRC facility (institution, APA Office, etc.) or representing the Department in other official capacities who is either: contracted for their professional services, paid for uncontracted services rendered to the institution, or serves as a volunteer (e.g., intern, community group member, etc) and is not an employee of the Ohio Department of Rehabilitation and Correction.

Purpose

The purpose of this document is to provide guidance to non-employees entering the facilities of the Ohio Department of Rehabilitation and Correction as volunteers, contract workers, and vendors.

In view of the nature and purpose of the various facilities of the Ohio Department of Rehabilitation and Correction, it is necessary that all non-staff who enter the facilities understand the rules and security needs. Persons entering a correctional facility have certain obligations under law to insure that the safe and secure operation of the facility is not jeopardized.

Responsibilities

The APA regional, appropriate Section Manager, or Warden of each facility/region has the responsibility to insure that all contractors, volunteers, and vendors understand the guidelines necessary for their safe entrance and operation while in a correctional setting. Staff will be assigned by the APA regional, appropriate Section Manager, or Warden to insure that all such persons are properly trained and supervised.

Volunteers, vendors, contract workers, and other non-employees must realize their responsibility to follow the rules of conduct, ethics, policies, and law relating to their assignments.

The APA regional, appropriate Section Manager, or Warden/designee will approve entrance and training of all such non-employees. The APA regional, appropriate Section Manager, or Warden/designee has the authority to terminate entrance authorization for any such person who has demonstrated an inability to follow the approved guidelines. In addition, violations may result in termination of contracts/services and/or prosecution.

Personal Conduct

It is essential to the orderly operation of a correctional system that all persons conduct themselves in a professional manner. Below are several types of behavior that cannot be tolerated within a Correctional environment. (This is not intended to be an all-inclusive list).

Responsiveness

1. Inattentiveness to job responsibilities and procedures in a correctional environment can result in escapes, assaults, and other incidents. Therefore, volunteers, contract workers, vendors, and other non-employees must remain fully alert and attentive during the time they are on institution, DRC or APA property.

However, they must be carried out as instructed. In the event of such a discrepancy, the staff member's instructions should be adhered to first, and then the civilian supervisor should be contacted.

STANDARDS OF CONDUCT FOR CONTRACTORS/VOLUNTEER (CONT)

In all cases, you must show identification to verify that you are the person who has been authorized to enter. Generally, a driver's license or state picture identification is appropriate for this identification process. You will be issued either a temporary badge or a temporary picture identification badge. In any case, these must be turned in at the conclusion of your activities as you leave the facility each day. Such identifications are government property and may only be used at the institution/APA District Office for identification purposes. They must be worn at all times. Do not leave them unattended.

It is standard practice that you will be signed in when you arrive and signed out when you leave. Therefore, it is important that you always leave from the same area from which you entered. As an APA Office or Correctional Institution is a professional law enforcement organization, the institution/APA District Office will have standards of attire. Generally, men should wear a shirt and slacks. Women may wear a dress or pants, and a blouse or sweater. Shoes are required. Sandals, jeans, shorts, short skirts, see-through blouses, men's sleeveless shirts, and clothing with vulgar symbols or statements are examples of items of clothing not permitted.

In some cases, you may be contracted to do maintenance or construction work. In those cases, normal work clothing will be permitted.

You should only bring with you those items that you will need during your activity in the institution/APA District Office. Large sums of money, pocket knives, etc., are discouraged. You will be asked to store the items either in your car or available lockers in the entrance area. If you require medication, take only that amount that is necessary for the day. You must sign the medication log if you require a dosage during your stay at the time you enter. This log will identify your medication and the amounts. The institution cannot be responsible for loss of your property. If you are a tradesman and require tools, all tools must be inventoried and a copy supplied to the Major. The Major may wish to review institution tool control policy and discuss security of your equipment. A written authorization for all tools from the Deputy Warden of Operations or Major will be required before you are authorized to enter the institution.

Your activity may or may not require contact with inmates/offenders. In any case, you should not develop any relationship with inmates outside of your activity. Do not mail letters or make telephone calls to them or for them. If you receive mail or telephone calls from inmates or their families, you should report this to your Staff Supervisor or the Deputy Warden, or APA Administrative Assistant. Never disclose personal information about yourself. Never give an inmate your address, telephone number, or any personal information about your family or friends. There is no instance where sharing such information will serve a useful purpose.

If at any time you have questions, do not hesitate to contact your Staff Supervisor, APA Administrative Assistant, the Shift Captain, or the Deputy Warden of Operations.

I have read and understand the Standards of Conduct for Volunteers, Contract Workers, and Other Non-Employees, including the rules and guidelines listed above. I understand that entering a correctional institution or APA District Office carries responsibilities necessary to ensure safety and security to the facility and will abide by all rules and guidelines contained herein.

STEP BY STEP PROCEDURE FOR LTL SHIPMENTS FOR LECI

Deputy Registrar (DR) orders are designed to be shipped (LTL) during 48 of 52 weeks from the LeCI. Orders are generated on Friday mornings proceeding the shipment week. The following is an overview of the weekly processing of:

Friday:

- ODPS prints weekly orders for a particular region (cycle) of Ohio. Please see attached map for a breakdown of weekly regions.
- Once orders are printed and organized the carrier method is determined according to the weight of individual orders.
- A detailed list of orders is created within a spreadsheet and emailed to the LTL carrier that Friday morning (see bottom of page for example of the). Information included in the spreadsheet is amount of orders, weight of each order and the address of the intended DRs. Projected pallet placement within the trailer is indicated by the “#” of the order.
- The purpose of the above mentioned email is to give the LTL carrier an opportunity to alter the placement of pallets. The LTL carrier has the option to change any and/or all pallet placement to enhance delivery or preference. The only criteria is to respond to the email with the preferred pallet placement by 10:00am on the following Monday.
- Additionally, this spreadsheet allows the LTL carrier ample time to notify all DRs of when to expect to receive their weekly orders, and to contact all DRs at least 24 hours prior of delivery.
- Some shipping weeks have a smaller amount of pallets being shipped through LTL carrier. If this occurs ODPS may give the LTL carrier the opportunity to bring a smaller (straight) truck if it is beneficial to the LTL carrier.
- Warren County DRs are part of B cycle weeks. These orders are strategically placed at the end of the trailer to allow immediate delivery upon Tuesday morning pick-up.

Tuesday:

- Every Tuesday LTL shipment is picked up at 6:45am. The pick-up time must be 6:45am due to restrictions of Lebanon Correctional.

Example of spreadsheet that is sent to trucking company:

#	Customer #	Ship To: (Address)	# of Boxes	# of Pallets on Order	Order Weight
1	B2503005	Guernsey Co. Cambridge Deborah S. Carpenter 224 Dewey Avenue	38	1	794.00
2	B2504107	Jefferson Co. Steubenville Joan M. Rose 4150 Sunset Boulevard	40	1	844.00
Note: Above are two examples of what a typical weekly spreadsheet would look like. There is potential of 22 customers (orders) per scheduled pick up.
