re: Addressing energy policy proposals

Purpose of Addenda: Clarification of RFP 2012-08

This is to clarify the correct RFP number for this opportunity. The RFP number on the first page of the RFP shows the number to be 2012-07 which is incorrect. The correct RFP number is 2012-08 as demonstrated in the email as well as the attachment file name.

If you are placing a bid for this opportunity, please use 2012-08 as the reference number.

Thank You for your kind consideration.
