

ADDENDUM #3 To ODJFS Diabetic Supplies and Rebate Program
RFP# JFS- R-1213-07-8035, September 24, 2012

ODJFS must temporarily suspend this RFP because of the State's need for certain project revisions. Until such revisions are made, and new responses have been received and reviewed, no awards will be made from the initial RFP. ODJFS expects to re-release the RFP within the coming few weeks; that announcement will be posted to <http://jfs.ohio.gov/rfp/>. As this project's competitive selection of vendors is still underway, proposals submitted in response to the original solicitation announcement are NOT yet public documents, and until the selection process is completed, ODJFS will not provide copies of any vendor proposals or related materials in response to any requests for public records.
