

DNR – LAWN CARE

Scope of Work

Metzger Marsh Fishing Access:

1. Metzger Boat Ramp Area

1. Mow and trim around parking lot on Friday each week.
2. Pick-up all visible litter from boat ramp and parking lot area on Monday and Friday each week.

2. Metzger Road back to the Pier

1. Mow along both sides of the road where possible on Friday each week.
2. Pick-up all visible litter from the road on Monday and Friday each week.

3. Metzger Pier Parking Area

1. Mow and trim all grass around the parking lot on Friday each week.
2. Pick-up all visible litter from the parking lot including back into the surrounding weeds and on the fishing pier on Monday and Friday each week.

Toussaint River Access:

1. Mow two swaths along parking area from entrance to the river on Friday each week.
2. Pick-up all visible litter including back in weed beds and fishing spots along the water's edge on Monday and Friday each week.
3. Do not attempt to mow through standing water (mow around those areas until they dry)

Turtle Creek Access:

1. Mow and trim around roads and parking areas on Friday each week.
2. Routinely prune any tree branches that are growing in the way of mowing. Contact Mike or Luke if a large tree falls down or is causing you problems. You are only expected to prune smaller branches.
3. Pick-up all visible litter especially in fishing areas near the water's edge on Monday and Friday each week.

Aldrich Pond:

1. Mow and trim existing mowed areas on Friday each week.
2. Pick-up any litter visible from mowed areas and along the water's edge of parking areas on Monday and Friday each week.

Bayshore Fishing Access (First week of each month)

1. Also mow at least 1 swath along walking path during the first week of each month
2. Pick-up all visible trash along both sides of the walking path to the water's edge.
3. This area will all also require an extra thorough spring cleaning of litter on the area. This should be completed in late March.
