

Don't let another chair go empty!

The Donate Life Ohio Green Chair represents hope – that the more people who register as organ, eye and tissue donors, the more lives that will be saved and healed. And the fewer empty chairs there will be.

Whenever you see the Green Chair, think of those who received a second chance at life because someone made the decision to be a donor.

Think of those on the waiting list hoping for their chance ... to work, to read, to live.

“I was at the point before my cornea transplant where I thought I was going to have to quit my job.”

— Maisha

Think of those on the waiting list hoping for their chance ... to grow, to play, to live.

“I'm grateful every day. To hear his voice. To see him grow. To have him be a part of our life.”
