

FRAME COMPONENTS

RAFTERS: Constructed of 2-3/8 inch **12 gauge round Gatorshield® tube.**

RAFTERS AND PURLINS: easy to assemble; slip-together zinc plated joints—no taping of joints required. Easy shipping; each rafter has 4 sections and 3 rows of purlins.

RAFTER SPACING: Built with 6 foot spacing starting at 24' long.

PONY WALL MODELS: Designed to be set on wood or concrete. Flat base plates as standard. Walls must be at least 24-inches high to allow for tensioning, 6" minimum post or wall.

Optional: upgrade ratchets to 2" lashing winches.

mounting options: "L" brackets, oversize base plates.

Included: lag bolts, assembly bolts, 1" ratchets with mounting brackets.

Not included: posts, rub rail, baseboards or concrete anchors.

FABRIC COVER

FABRIC: 12.5 oz tear resistant high density polyethylene with reinforced corners and pockets.

COLORS: White, Blue, Green, Red, Tan, Silver, Frost/translucent.

Available as solid colors (some colors may be up charged), with colored canastoga ends, or stripes.

TENSIONING: Pipe with tie down ratchets at every bow and end flaps .

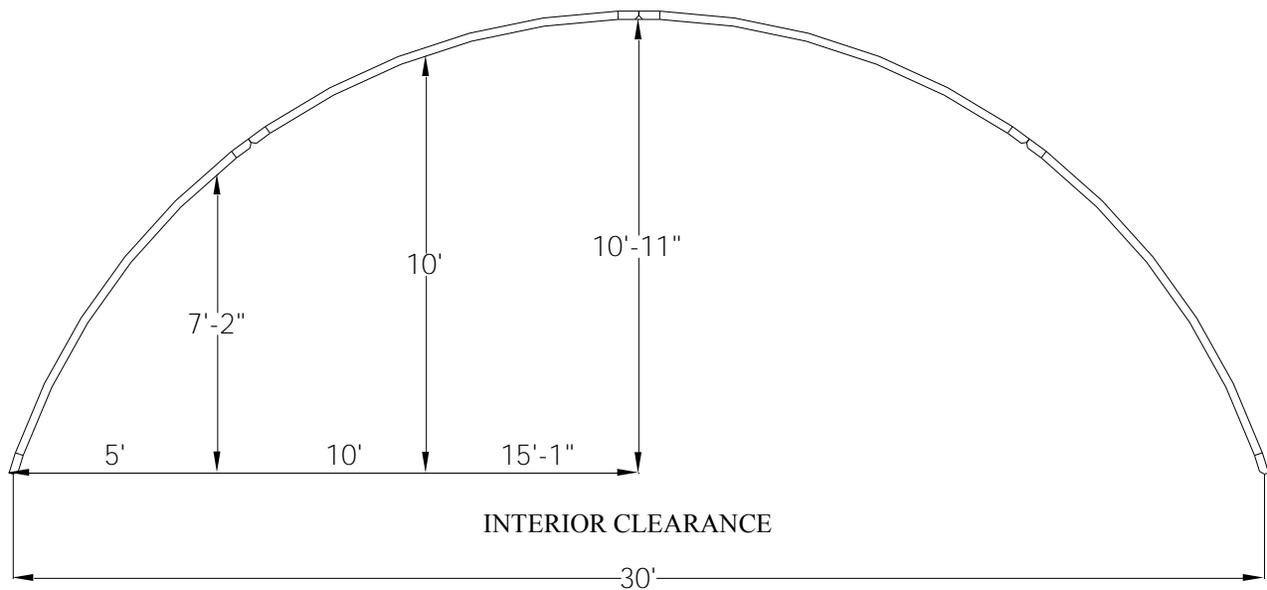

AVAILABLE OPTIONS

END WALLS: Steel uprights with fabric cover, includes standard D-Ring and lacing tensioning.

Optional: Upgrade 1" ratchet and pipe tensioning.

END WALL SUPPORTS: Heavy duty uprights with tabs for customer supplied girts and skin.

DOORS: Fabric roll-up or zippered doors available.

**FRAME COMPONENTS**

RAFTERS: Welded truss construction with 2 3/8-inch **12 gauge** top and bottom chords.

RAFTERS AND PURLINS: "X" and/or straight bracing configured to application.

RAFTER SPACING: 10-foot standard certified spacing; 8-foot and 14-foot spacing available.

PONY WALL MODELS: Designed to be set on wood or concrete.

Walls must be at least 24-inches high to allow for tensioning, 6" minimum post or wall.

Included: 1/2" X 3.5" wood lag screws, assembly bolts, lashing winches with mounting brackets.

Not included: posts, rub rail, or concrete anchors.

FABRIC COVER

FABRIC: 12.5 oz tear resistant high density polyethylene with reinforced corners and pockets.

COLORS: White, Blue, Green, Red, Tan, Silver, Frost/translucent.

Available as solid colors (some colors may be up charged), with colored canastoga ends, or stripes.

TENSIONING: Pipe and 2" lashing winch at each truss.

Standard end tension kit with ratchets spaced at 36"; high tension kit available.

AVAILABLE OPTIONS

END WALLS: Steel uprights with fabric cover; pipe and 2" lashing winch tensioning.

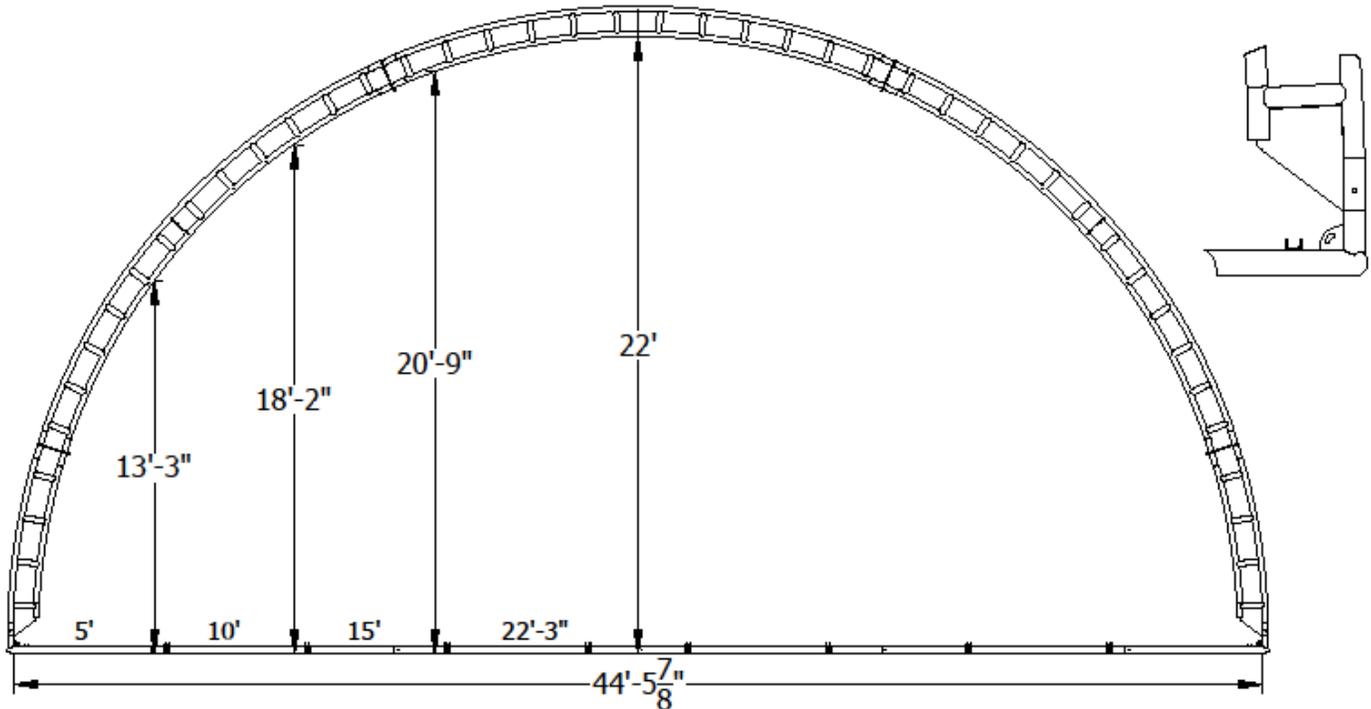

END WALL SUPPORTS: Our standard uprights with tabs for customer supplied girts and skin.

HEADERS & DOORS: Door headers up to 16ft. Fabric roll-up doors available.

RIDGE VENTS: 8X16 top vent holes, partial or entire length of building.

AWNING: 5ft awning greatly extends weather protection for buildings with feed-bunks or open sides.

SIDE CURTAINS: Roll-Up curtain to allow ventilation or wind protection.

FRAME COMPONENTS

RAFTERS: Welded truss construction with 2 3/8-inch **12 gauge** top and bottom chords.

RAFTERS AND PURLINS: "X" and/or straight bracing configured to application.

RAFTER SPACING: 10-foot standard.

GROUND MOUNT MODELS: Designed to be installed on any solid flat surface. Building utilizes a 3" track (round tube) around the perimeter with 8" x 3' auger ground anchors for fastening.

Included: assembly bolts, lashing winches with mounting brackets, etc.

Not included: posts, rub rail, or concrete anchors.

FABRIC COVER

FABRIC: 12.5 oz tear resistant high density polyethylene with reinforced corners and pockets.

COLORS: White, Blue, Green, Red, Tan, Silver, Frost/translucent.

Available as solid colors (some colors may be up charged), with colored canastoga ends or stripes.

TENSIONING: Pipe and 1" ratchet every 5'

Standard wind tension kit (first and last bay of building) includes PVC pipe with ratchet every 36"

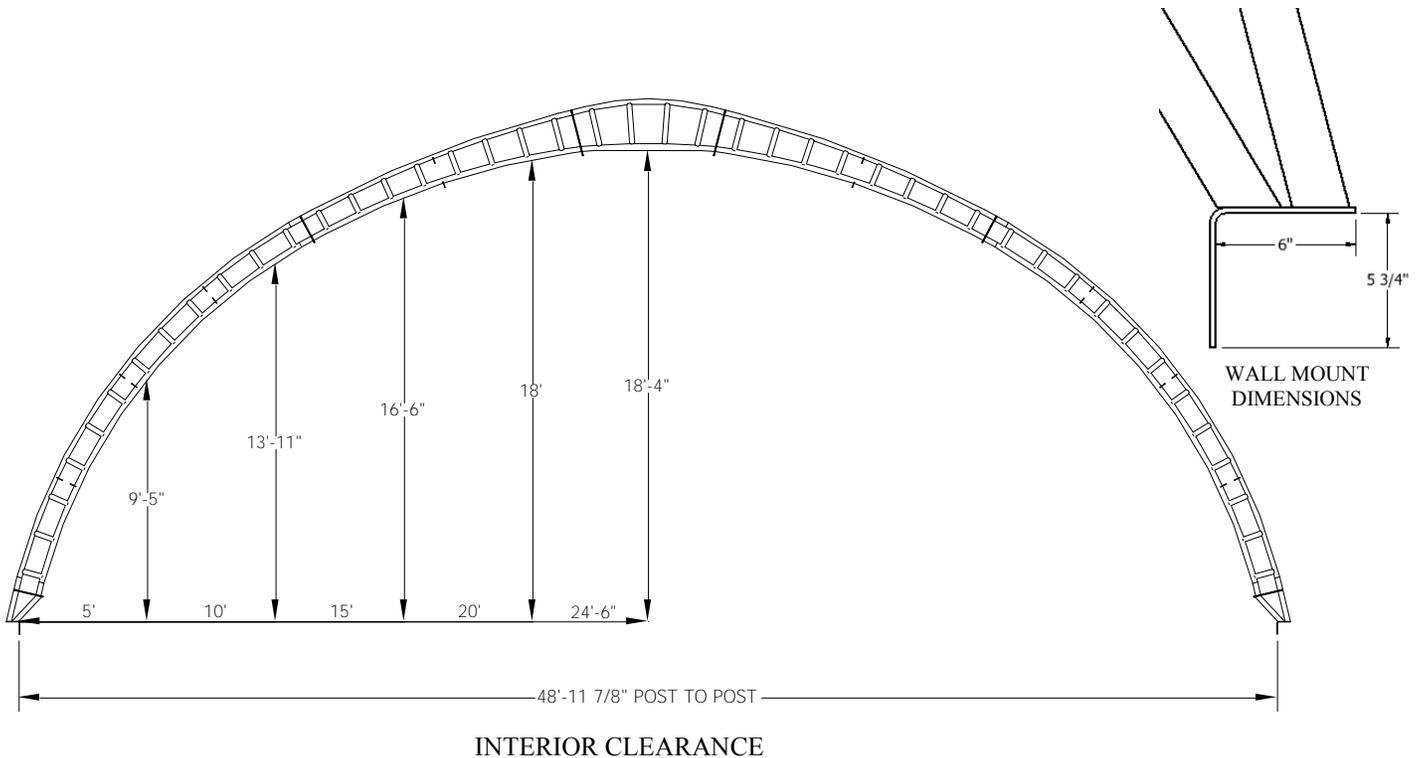

AVAILABLE OPTIONS

END WALLS: Steel uprights with fabric cover; pipe and 1" ratchets for tension

END WALL SUPPORTS: Includes framework for overhead door and walk-thru door

HEADERS & DOORS: Door headers up to 20'. Fabric doors available (call for price)

END WALL VENTS: 4' x 2' mesh vents with weather flap available for end walls

**FRAME COMPONENTS**

RAFTERS: Welded truss construction with 2 3/8-inch **12 gauge** top and bottom chords.
