## GENWELD'S "STORM FORCE" 1-TON SNOW AND ICE CONTROL PACKAGE

ORDER NO.	"STORM FORCE" 1-TON SNOW AND ICE CONTROL BASE PACKAGE	LIST PRICE
CWS 400801	"Storm Force" snow and ice control base package, including 8' crossmemberless dump body, 2 to 3 yard capacity, and 3/16" one-piece floor. Integral cab protector (front headsheet and cab protector one piece). Three panel, double-acting tailgate with flush hardware. Entire body and cab protector painted with DuPont Imron or equal*. 6" double-acting underbody hoist that has a full length structural steel channel sub frame and over sized 1-1/2" rear hinge assembly reinforced with heavy-duty pintle plate at rear. Central hydraulic system with engine or transmission mounted hydraulic pump, pedestal-mounted in-cab lever/cable controls for dump and plow. Manual dual-knob spreader controller. 20-gallon hydraulic oil reservoir with in tank filter. Includes hoses to front and rear with stainless steel quick couplers for power reversing plow and spreader. Also includes standard FMVSS 108 LED lighting, in cab electrical control panel, rear poly fenders, and rubber mud flaps.	\$19,330
<b>BODY OPTIONS</b>		
CWS 400901	Storm Force 1-ton base package with 9' dump body.	\$19,599
CWS 401001	Storm Force 1-ton base package with 10' dump body.	\$19,868
CWS 401101	Storm Force 1-ton base package with 11' dump body.	\$20,138
CWS 429901	Additional for 10 gauge unpainted 304 stainless steel body and cab protector.	\$8,062
<b>HOOKLIFT SYSTEM OPTIONS</b>		
CWS 400802	Hooklift system capable of lifting 9,000 lbs. Handles 8 and 9 ft. dump bodies and up to 10 ft. flatbed bodies. 60 in. required cab to axle dimension, In cab manual controls. Mechanical rear body tie-down latches. A-frame, skid and rollers. Poly rear fenders. Bumper with accommodations for pintle/ball combination (pintle/ball hitch and body not included). LED Lighting. Hydraulics.	\$22,603
CWS 400803	Hook lift system capable of lifting 16,000 lbs. Handles 10 ft. to 12 ft. dump bodies and up to 13 ft. flatbed bodies. 84 in. to 96 in. required cab to axle dimension. In cab manual controls. Mechanical rear body tie-down latches. A-frame, skid, and rollers. Poly rear fenders. Bumper with accommodations for pintle/ball combination (pintle/ball hitch and body not included). Hydraulics.	\$24,495
<b>HYDRAULIC CONTROL OPTIONS</b>		
CWS 839901	Additional for electronic spreader control with two nine-position knobs for spinner and auger. Blast push button, adjustable minimum / maximum trims for both valves, and power switch that removes all power from both valves. Speed signal input for automatic start / stop feature and all necessary wiring and wiring harnesses.	\$2,057
<b>SNOW PLOW OPTIONS</b>		
CWS 518001	LP-8.0 plus mounting system snow plow package for central hydraulics.	\$4,886
CWS 518501	LP-8.5 plus mounting system snow plow package for central hydraulics.	\$4,982
CWS 519001	LP-9.0 plus mounting system snow plow package for central hydraulics.	\$5,173
CWS 519901	Additional for polyethylene moldboard.	\$389
CWS 519902	Additional for either plow package above with 12 volt electric hydraulic power pack in lieu central hydraulics.	No Charge

## CENWELD'S "STORM FORCE" 1-TON PACKAGE - Continued

ORDER NO.	SALT SPREADER OPTIONS	LIST PRICE
CWS 559001	9' x 32" heavy duty power-reversing snow plow with 10 gauge steel moldboard, paneled design for extra strength and 3/8" ribs that have 2-1/2 top tapered to 3" bottom for extra support. Four adjustable extensions springs for a cushioned trip. Tubular steel push frame, integral snow deflector, 1/2" x 6" AASHO-punched cutting edge, heavy duty adjustable caster wheels or skid shoes, blade markers, hook-up hoses with stainless steel hydraulic couplers and truck half of plow hitch and quick coupler to match.	\$13,349
CWS 551001	10' x 32" heavy duty power-reversing snow plow as above.	\$13,529
CWS 559002	9' x 36" heavy duty power-reversing snow plow with 10 gauge steel moldboard, paneled design for extra strength and 1/2" x 3" ribs for extra support. Cannon trip with adjustable spring that allows moldboard to trip forward over obstructions and then return to plowing position. Tubular steel push frame that has three heavy-duty 1-1/4" hinge pins and 2" of bearing surface at each hinge, integral snow deflector, 5/8" x 6" AASHO-punched cutting edge, heavy duty adjustable caster wheels or skid shoes, blade markers, hook-up hoses with stainless steel hydraulic couplers and truck half of plow hitch quick coupler to match.	\$14,342
CWS 551002	10' x 36" heavy duty power-reversing snow plow as above.	\$14,522
ORDER NO.	SALT SPREADER OPTIONS	LIST PRICE
CWS 570801	304 stainless steel under tailgate spreader. 9" bi-directional auger with direct drive hydraulic motor, 18" polyurethane spinner disk, pivoting dump-over cover, swing-away trough, and hook-up hoses with stainless steel quick couplers.	\$6,394
CWS 580801	8' 2.7 yard 304 stainless steel slide-in hopper spreader with drag-chain conveyor, polyurethane spinner disk, heavy duty top grate screens, inverted vee above conveyor, Cenweld "one minute" quick mount spreader hold down system, and hook-up hoses with stainless steel quick couplers.	\$8,929
CWS 580901	9' 3.1 yard 304 stainless steel slide-in hopper spreader with drag-chain conveyor, polyurethane spinner disk, heavy duty top grate screens, inverted vee above conveyor, Cenweld "one minute" quick mount spreader hold down system, and hook-up hoses with stainless steel quick couplers.	\$9,617
CWS 581001	10' 3.4 yard 304 stainless steel slide-in hopper spreader with drag-chain conveyor, polyurethane spinner disk, heavy duty top grate screens, inverted vee above conveyor, Cenweld "one minute" quick mount spreader hold down system, and hook-up hoses with stainless steel quick couplers.	\$10,275
WARNING LIGHT OPTIONS		
CWS 1S9901	Strobe light package with one 6" round amber strobe on cab roof or cab guard bracket and two recessed amber LED strobes in rear body post wired to in-cab integrated control console and power distribution panel.	\$536
CWS 1S9902	Strobe light package with one 6" round amber strobe on cab roof or cab guard bracket, two recessed amber LED strobes in rear body post, and two amber LED oval strobes on sides of cab protector facing rear all wired to in-cab integrated control console and power distribution panel.	\$817
CUSTOM OPTIONS		
CWS 400000	Custom options will be billed at \$75.00 per hour net, plus materials at list less 12 percent.	N/A
